### NOTICES OF MOTION

7.1 Urgent Notice of Motion by Convener

That this Committee:

1. Thanks the Council staff, residents, community groups, businesses, and others for their actions in tackling the recent exceptional period of cold and snowy weather.
2. Notes that Council staff Teams worked around the clock to grit and clear roads and pavements during the recent cold weather.
3. Welcomes officers' action in hiring 31 private contractor diggers to assist with snow clearing in side streets.
4. Recognises the impact the snow had on Council services, including education and refuse collection, and the impact that in turn had on residents and businesses.
5. Recognises that, while it is too early to be able to make a link to this extreme weather event, climate change, including the increase in freeze / thaw cycles, has put additional pressure on the Council's winter maintenance operations.
6. Agrees to instruct the Chief Officer - Operations to report to the Net Zero, Environment, and Transport Committee to consider what resources would help Roads Operations meet extreme weather challenges, including what further support and assistance might be offered to local community resilience groups for all types of extreme weather events.
