## ABERDEEN LOCAL LICENSING FORUM

### PROGRESS STATEMENT – 31 January 2018

Remit of Local Licensing Forums as set out in the Licensing (Scotland) Act 2005 – keeping under review the operation of the Act in the Forum’s area and in particular the exercise by the Licensing Board of their functions including giving advice and making recommendations to the Board in relation to those matters where the Forum considers it appropriate. The Act does not enable a Forum to review or give advice or make recommendations in relation to the exercise by a Board of their function in relation to a particular case. “Case” is taken to mean an application before a Board and in the interests of natural justice is also taken to mean individual licensed premises. The preferred route for consideration of complaints about the running of licensed premises is to write directly to the Clerk or Depute Clerk to the Licensing Board.

The Licensing (Scotland) Act 2005 requires Licensing Boards in exercising any of their functions to have regard to any advice given or recommendations made to them by a Local Licensing Forum and where the Board decides not to follow the advice or recommendation to give the Forum reasons for that decision, the Board must provide copies of relevant statistical information to the Forum as it may reasonably require for the purposes of its general functions.

Licensing Standards Officers have a general function of providing to interested persons information and guidance concerning the operation of the Act, supervising compliance with the Act and the conditions of their licences by holders of Premises Licences and Occasional Licences and mediate between communities and the trade or between any two parties where there is a need to resolve a local problem and develop a local solution. LSOs do not act as “policemen” with regard to licensing but they will liaise with the police and other relevant officials such as Environmental Health Officers in pursuit of the objectives of the Act.

### POLICY

#### **Preventing Crime & Disorder**

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances
- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all polices are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

#### What the Board Will Expect of Licence Holders

- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.

#### What the Board Will Expect of Partner Agencies

- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort.

## **Securing Public Safety**

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass including toughened or safety glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

### **What the Board Will Do:**

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

### **What the Board Will Expect of Licence Holders/Applicants:**

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared.
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.
- Policies on crowd management and dispersal, both in the ordinary course of operation and in an emergency.
- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

**TYPE OF APPLICATION:** VARIATION OF PREMISES LICENCE

**PREMISES:** Victoria Bar, 1 Menzies Road, Aberdeen

### DESCRIPTION

- Amendment to the terminal hour for on consumption on Friday and Saturdays from 00:00 to 01:00
- Addition of dance facilities within and outwith core hours

### OBJECTIONS/REPRESENTATIONS

### POLICY

#### **Supplementary Policy – Licensed Hours**

Whilst all applications will be dealt with on their own merits the Board considers it necessary for the promotion of the licensing objectives to set parameters with respect to licensed hours. Any application seeking hours outwith those detailed below will be expected to satisfy the Board that there are legitimate grounds for departing from policy and demonstrate that the granting of such hours would not be contrary to the licensing objectives.

#### **Off-Sale Premises**

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

	<u>Earliest Opening Hour</u>	<u>Latest Terminal Hour</u>
All off-sales premises	1000	2200

#### **On-Sale Premises**

The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map.

The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters.

The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement.

The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

<u>Outwith City Centre</u>	<u>Earliest Opening Hour</u>	<u>Latest Terminal Hour</u>
Sunday to Thursday	1000	0000
Friday & Saturday	1000	0100

<u>City Centre</u>	<u>Earliest Opening Hour</u>	<u>Latest Terminal Hour</u>
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

### **Protecting Children and Young Persons from Harm**

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

#### What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

## ABERDEEN CITY LICENSING BOARD

---

LICENSING BOARD

DATE: 3 July 2019

CLERK TO THE LICENSING BOARD Jenni Wilson

TITLE OF REPORT: Aberdeen Licensing Board Financial Report 2018/19

---

### 1. PURPOSE OF REPORT

To invite the Board to approve the Annual Financial Report set out in Appendix One to this Report.

### 2. RECOMMENDATION(S)

That the Board

- (1) approve the annual financial report set out in Appendix One and;
- (2) authorise the Clerk to the Board to proceed with the publication of the annual financial report.

### 3. BACKGROUND

- (1) The Air Weapons and Licensing (Scotland) Act 2015 amended the Licensing (Scotland) Act 2005 (the “2005 Act”) to introduce a requirement that Licensing Boards produce and publish annual functions reports and annual financial reports. The Boards annual financial report must be prepared and published not later than 3 months after the end of each financial year. The July Board is the first available meeting at which the accounts can be considered.
- (2) The financial report must include-
  - (a) a statement of-
    - (i) the amount of relevant income received by the Licensing Board during the financial year, and
    - (ii) the amount of relevant expenditure incurred in respect of the Board’s area during the year, and
  - (b) an explanation of how the amounts in the statement were calculated.
- (3) In this context, “relevant income” means income received by the Board in

connection with the exercise of the Board's functions under or by virtue of the 2005 Act. This involves totaling all the fee income generated by 2005 Act licence applications received during the financial year.

- (4) "Relevant expenditure" means any expenditure-
- (a) which is attributable to the exercise of the Board's functions under or by virtue of the 2005 Act, and;
  - (b) which is incurred by the Board, the Council or the Licensing Standards Officers for the Board's area.
- (5) Calculation of relevant expenditure is more complicated to determine and requires the figures to be calculated upon estimates of the direct time spent by Legal Service staff as well as all costs in connection with the Licensing function to include central support costs and outlays. It is also worth noting that the Licensing Board income is not guaranteed to remain the same in any financial year and can vary significantly depending on the number and type of applications received. Also, in the event of any appeal against a Board decision, the cost of any appeal would require to be met from the Licensing Board income.

## ABERDEEN CITY LICENSING BOARD

---

LICENSING BOARD

DATE: 3 July 2019

CLERK TO THE LICENSING BOARD Jenni Wilson

TITLE OF REPORT: Aberdeen Licensing Board Annual Functions Report 2018/19

REPORT AUTHOR: Sandy Munro, Interim Licensing Team Leader

---

### 1. PURPOSE OF REPORT

To invite the Licensing Board (“The Board”) to approve this Annual Functions Report.

### 2. RECOMMENDATIONS

That the Board:

- (1) approve this Annual Functions Report and;
- (2) authorise the Clerk to the Board to proceed with the publication of this Annual Functions Report.

### 3. BACKGROUND

- (1) The Air Weapons and Licensing (Scotland) Act 2015 amended the Licensing (Scotland) Act 2005 (the “2005 Act”) to introduce a requirement that Licensing Boards produce and publish annual functions reports and annual financial reports. The Boards annual function report must be prepared and published not later than 3 months after the end of each financial year. The July Board was the first available meeting for the report to be considered.
- (2) This report should contain a statement explaining how the Board has had regard to the licensing objectives, their licensing policy statement, and any supplementary licensing policy statement in the exercise of their functions during the financial year.

### 4. HOW THE BOARD EXERCISES ITS FUNCTIONS

- (1) The Licensing (Scotland) Act 2005 as amended (“the Act”) sets out regulations for the sale of alcohol and regulations for licensed premises and other premises on which alcohol is sold.
- (2) The Act has five licensing objectives which the Board must have regard to when exercising its functions. These objectives are: -

- (i) Preventing crime and disorder
  - (ii) Securing public safety
  - (iii) Preventing public nuisance
  - (iv) Protecting and improving public health
  - (v) Protecting children and young persons from harm
- (3) The Board deals with all applications in accordance with the legislation, and in particular the five above objections, together with its Statement of Licensing Policy ("the Statement") which is based on the objectives.
- (4) The Board has determined all applications in line with the Statement. The Board has routinely applied additional conditions on the operation of outdoor drinking areas to ensure minimum disruption to the surrounding area and a condition that restaurants offering a delivery service can only supply alcohol alongside a food delivery. It has also determined all applications for licensed hours in line with the Statement.
- (5) The Board has also worked closely with partner agencies including Police Scotland, NHS Grampian, the local licensing forum and Licensing Standards Officers to ensure the satisfactory operation of licensed premises. As a result, problems can be identified and addressed at an early stage and reduces the need for Premises Licence Reviews after the fact.
- (6) The Board has also published a new Statement within the timescale of this report. As part of that process the Board undertook extensive consultation exercises to gauge opinion from all sectors and ensure that the Statement took account of all of the Licensing Objectives. The decision was taken to completely revamp the Statement rather than simply update what had gone before and the result is a succinct document which has attracted praise for its clarity and plain language.
- (7) The Board has taken steps to increase the scope of consultation and dissemination of information to licence holders, the general public and partner agencies. A representative of the Board also attends all Local Licensing Forum meetings.

## 5. SUMMARY OF DECISIONS OVER THE LAST FINANCIAL YEAR

- (1) A Summary of all decision made by the Licensing Board can be found on the Licensing Board's Website at <https://committees.aberdeencity.gov.uk/ieListMeetings.aspx?Committeeld=151>

FOR THE PERIOD

## NOT PROTECTIVELY MARKED

### Foreword

It gives me great pleasure to provide the Annual Licensing Report for 2018/19, in accordance with Section 12(A) Licensing (Scotland) Act 2005. During this year the Minimum Unit Pricing of Alcohol was introduced in Scotland. We will work through the Evaluation Advisory Group to assess the impact of this legislation.

Working in partnership is key to effective regulation in liquor licensing. Police Scotland remains committed to working closely with partners in the 32 Local Authorities across Scotland to ensure a fair and consistent approach. Preventing alcohol fuelled violence, disorder and antisocial behaviour is a priority and I believe that working together to achieve effective early intervention and enforcement is vital to this.

I would like to acknowledge the many active local partnerships that provide continued support, enabling Police Scotland and partners to drive improvement in licensing. I will ensure that all officers and staff continue to recognise the importance of working closely with key partners, including the Licensed Trade, to improve licensing standards nationally utilising the range of options available to them.

I am confident that through strong partnerships and collaborative working, we will meet any challenges that may arise and will continue to improve licensing standards for the communities of Scotland.

Mr Iain Livingstone QPM  
Chief Constable  
Police Service of Scotland

## **Police Scotland Licensing Overview**

The Violence Prevention and Licensing Co-ordination Unit (VPLCU) sits within Safer Communities based at Dalmarnock Police Station, Glasgow.

The VPLCU upholds the two tier structure for licensing which supports both national and local priorities through service delivery. They have overall responsibility for determining and delivering national licensing strategy and policy, by providing advice, guidance and support to divisional licensing teams as well as undertaking other specialist functions.

The Violence Prevention and Licensing Co-ordination Unit is a specialist department which consists of a small team of officers, based in Glasgow. The officers within the unit work with divisional licensing teams and partner agencies to help shape policy and strategy around the police licensing function. They provide practical and tactical advice to police licensing practitioners, operational officers, supervisors and policing commanders.

The VPLCU seek to ensure that legislation governing the sale and supply of alcohol is applied consistently across the country and all opportunities are taken to stop the illegal or irresponsible sale, supply or consumption of alcohol with the intention of preventing and reducing crime and disorder.

During 2018/2019, from a licensing perspective, our particular focus will be on the following;

- Scrutiny of the serious incidents of violence, disorder and antisocial behaviour linked to licensed premises.
- Continuous professional development training and guidance for staff to harmonise licensing practice across the country.
- Working closely with statutory partners within a National Licensing Trade Forum to identify licensing related issues and prevent/reduce associated crimes.
- Governance and ongoing development of the National ICT Licensing System, known as “Inn Keeper”, to increase the efficiency and effectiveness of liquor and civic licensing administration and management.
- The implementation and ongoing development of the Licensing Admin tool provides divisional licensing officers with a single ICT product negating the need to research police systems independently. Through accurate recording, the licensing admin tool assists Police Scotland in deploying our resources to the right places and the right time to keep people safe.

Each of the 13 Local Policing Divisions have a licensing team responsible for the day to day management of licensing administration, complying with statutory requirements as well as addressing any issues that may arise within licensed premises in their local area.

## **LICENSING BOARD AREA**

The Aberdeen City Licensing Board area is policed by North East Division.

Chief Superintendent Campbell Thomson is the Local Police Commander who has the responsibility for all day-to-day policing functions.

### **Local Policing Priorities**

Following our public consultation process, the policing priorities for North East Division, as set out in our Local Policing Plans are as follows:

- Anti-social Behaviour, Violence and Disorder;
- Acquisitive Crime;
- Road Safety and Road Crime;
- Protecting People at Risk of Harm;
- Serious Organised Crime;
- Counter Terrorism and Domestic Extremism.

### **OPERATION OF THE LICENSING (SCOTLAND) ACT 2005**

The North East Division Licensing Team is located across the division in Aberdeen, Inverurie, Elgin and Stonehaven. All staff have a division wide remit and a working knowledge of all the areas covered.

The North East Division Licensing Team, supported by Community Policing Officers, has promoted the Police Service of Scotland's force priorities alongside the five licensing objectives, the overarching principles and aims of the Licensing (Scotland) Act 2005.

In the reporting period, as statutory consultees, the team responded to the Board regarding 351 applications for occasional licences or extended hours, 7 premises or provisional premises applications, 391 personal licence applications and 128 premises variations or premises licence transfer applications.

Where any query arises from any such application, a member of the team will seek to discuss the application with the applicant, or the applicant's agent, to ensure that responses to the Board by means of representation or objection are considered, reasonable and proportionate.

The team enjoys a strong working relationship with the Local Authority Licensing Standards Officers. Both teams meet on a regular basis to share information and regularly conduct joint visits to licensed premises, on both a pro-active and reactive basis.

The North East Division Licensing Team is represented on the Local Licensing Forum and Aberdeen Alcohol and Drugs Partnership and works alongside the following groups and organisations to jointly improve local licensing issues:

- Unight;

## NOT PROTECTIVELY MARKED

- Weekend Partnership;
- Community Safety Partnership;
- Local Pubwatch initiatives;
- Local Security Industry companies;
- Best Bar None;
- Street Pastors;
- Alcohol and Drugs Partnership.

Reviewing incidents on, or connected to, licensed premises is a key part of our day-to-day business.

Community based Police Officers are encouraged and expected to routinely visit licensed premises within their area. Aberdeen city centre benefits from a dedicated Weekend Policing Plan to support the night time economy.

Within the reporting period, there were 3077 inspections (visits) to licensed premises within Aberdeen recorded on the InnKeeper system.

Any Police Officer who attends an incident at a licensed premises is expected to submit a concise report via the InnKeeper system, particularly when the incident involves violence, disorder, anti-social behaviour, drunkenness, drug misuse, underage drinking, breaches of licensing legislation or any other matter that might impact on public safety.

Within the reporting period, there were 775 incidents connected to licensed premises within Aberdeen recorded on the InnKeeper system. This is a significant reduction from 1058 the previous reporting year and we view this positively.

The information obtained may show a causal link between the operation of the premises and the incident. An incremental intervention process allows for issues to be addressed quickly and effectively at an early stage. This includes a low level 'interaction' which may involve a discussion between the Police and the premises management and/or licence holder. The level of engagement from within the Aberdeen licensed trade is very good and in many instances, this approach reduces recurrence or escalation.

Premises may become 'monitored' with closer attention being paid to any incidents occurring there. This is often undertaken in conjunction with tasked, supportive visits to the premises by uniformed Police Officers.

However, where necessary, the staged process allows for more formal intervention to support premises where the need for support has been identified. A premises licence holder and the premises management may be asked to meet with the Police, when concerns will be discussed. This will often involve an agreed action plan being put in place, with a reasonable time scale for completion.

The most common example of an agreed 'action' is refresher training of staff covering their responsibilities including the sale of alcohol to underage or intoxicated persons, 'Challenge 25' and the general terms and conditions of the licence held.

## **NOT PROTECTIVELY MARKED**

Should the intervention stage not bring about the necessary changes, or be otherwise unsuccessful, the next stage is the submission of a premises licence review application for the consideration of the Licensing Board.

Over the reporting period there have been three licensed premises in Aberdeen subject to a period of monitoring or intervention, a reduction from eight the previous year. Of these, all were late opening venues. The issues that were addressed related either to significantly high incidences of violence on the premises or perceived management shortcomings following serious incidents.

Partnership working between the Police, the Licensing Standards Officers and the premises licence holders and premises' management teams continues to hopefully fully resolve the issues and prevent bringing the matters to the Licensing Board by premises licence review application.

In the reporting period there were no premises licence review applications submitted to the Board and one Closure Order application was submitted.

The North East Division Licensing Team also has a system in place which monitors certain conduct of Personal Licence holders. Should such a licence holder be charged with any offence, this is brought to the attention of the team. Should the circumstances appear to be inconsistent with any of the five licensing objectives, consideration will be given to bringing this to the attention of the Board by way of a personal licence review. In addition, should an individual be convicted of a relevant offence, this will undergo the same scrutiny.

During the reporting period the North East Division Licensing Team was actively engaged in the consultation process for the Boards' new Statement of Licensing Policy.

We are very pleased to see the inclusion into the new Statement of Licensing Policy of a condition relating to vulnerability through intoxication training and a duty of care policy, following a request for this measure by the North East Division Licensing Team. The team will continue to work alongside the LSOs to assist premises complying with this new condition.

The team will be happy to report back to Board at any stage in the future any impact on policing which may relate to any change in the Board's policy.

### **PREVENTING THE SALE OR SUPPLY OF ALCOHOL TO CHILDREN OR YOUNG PEOPLE**

Aberdeen City attracts a relatively low number of reports of underage drinking or youth congregation involving alcohol when considering other towns and cities across Scotland.

Where a person under 18 years of age is found to be either under the influence of alcohol, drinking alcohol in a public place or in possession of alcohol, the Police Officer involved will take all appropriate steps to ascertain the source of the alcohol.

## **NOT PROTECTIVELY MARKED**

Where information that cannot be fully evidenced is received regarding the sale of alcohol to children and young persons, in accordance with the national guidance contained within the 'Alcohol Toolkit', letters will be sent to licensed premises in the area reminding them of their responsibilities and requesting extra vigilance.

If such concerns were to continue in respect of specific premises, then other operational strategies would be considered.

One way in which North East Division delivers our commitment to the community is through our School Liaison Officers and School Based Officers. These Officers attend schools and other educational establishments seeking to equip our young people with the appropriate information and understanding that will allow them to make better informed decisions in key areas of their lives, both now and in the future. To this end they deliver lessons, linked to the Curriculum for Excellence, on a range of subjects including alcohol, controlled drugs and anti-social behaviour – particularly alcohol fuelled anti-social behaviour and the potential for related safety issues and consequences.

During the reporting period, the team was actively engaged in promoting the national 'You're Asking for It' campaign aimed at deterring proxy sales of alcohol for supply to children and young persons.

In support to the Protection of Children from Harm licensing objective, applications for premises licences and variations to premises licences come under close scrutiny often resulting in the submission of letters of objection, or more commonly, of representation, in which the imposition of conditions in respect of on sales, with regard to the times and terms in which children can be on such premises, will be recommended by the Chief Constable.

### **TACKLING SERIOUS AND ORGANISED CRIME**

Many of the processes and procedures involved in licensing applications are carried out to guard against Serious Organised Crime Groups (SOCG) infiltrating the licensed trade in any way. This scrutiny is further enhanced with the nation-wide InnKeeper system. This database contains details of all liquor and civic licences for every Division in Scotland, and enhances our information sharing in respect of premises and people in the licensed trade as they move about the country and work in multiple venues.

If such an SOCG were able to gain a foothold in licensed premises this would afford the criminal group a seemingly legitimate income stream, which could be no more than a veneer for other criminal activities such as money laundering, tax evasion, drug and people trafficking and other dishonest activities.

Many of the procedures currently carried out by the North East Divisional Licensing Team, particularly in relation to new premises licences and the transfer of premises

## **NOT PROTECTIVELY MARKED**

licences are done to ensure complete financial transparency and to ensure there are no business related irregularities which may be indicative of SOCG involvement.

Frequent and directed Police attendance and contact with licensed premises also increases the opportunity for irregularities to be identified or reported.

As part of this, the North East Division Licensing Team regularly liaise with Police Interventions staff who are aware of SOCG activity within the Division to ensure that applicants are not affiliated in any way to such groups, before responding to the Licensing Board.

The consistent high profile approach and interaction with licensed premises in direct correlation with the aforementioned close scrutiny in the application process should reinforce the work carried out to maintain this position.

### **PROPOSED ACTIVITY FOR THE YEAR AHEAD**

Over the forthcoming year, North East Division Licensing Team, in conjunction with Community Policing Teams, will work alongside licensed premises, to ensure that these premises are adhering to the spirit of the legislation and operate in a manner that supports the five licensing objectives. We aspire to maintain our number of supportive visits to licensed premises and hope to see a continued reduction in the number of incidents taking place on licensed premises.

It is intended that our involvement and participation in public safety campaigns will continue, such as the 'Ask for Angela' personal safety campaign and the 'One Punch' campaign which highlights consequences for both victims and perpetrators of spontaneous acts of violence.

Working with established partnerships but particularly with the licensed trade, we hope to continue to see a reduction in alcohol-related crime, particularly violence, whether perpetrated within licensed premises, public places or private spaces.

To conclude we would like to thank you for your continued support and stress the importance of this collaborative problem solving approach. This ensures that police, licence holders and licensed premises staff have a better understanding of their responsibilities. We look forward to furthering this partnership over the coming year.
