GAMBLING ACT 2005 - GAMBLING POLICY STATEMENT - REPORT BY THE DEPUTE CLERK TO THE BOARD

11.

The Board had before a report on the Gambling Policy Statement by Arlene Dunbar, Paralegal.

The report advised Members that the three year Statement of Policy in terms of Section 349(1) of the Gambling Act 2005 ('the Act') requires to be reviewed and revised.

The report recommended that the Board:

LICENSING BOARD

25 May 2021

Carry out a 12-week consultation on the terms of the updated policy and instruct the Clerk to the Board to report the findings back to the Board for its consideration.

The Board resolved: -

To approve the recommendation.

Dear Sir/Madam,

**LICENSING (SCOTLAND) ACT 2005
APPLICATION FOR THE VARIATION OF A PREMISES LICENCE
THE DUTCH MILL HOTEL, 7 QUEENS ROAD, ABERDEEN, AB15 4NR**

I refer to the above application for the variation of a premises licence under terms of Section 29(5) of the Licensing (Scotland) Act 2005.

The applicant currently holds a premises licence allowing the sale of alcohol in all outdoor drinking facilities between 1000 and 2200 hours daily.

The variation requested consists of the applicant seeking the removal of the local condition relating to the 2200 terminal hour currently applied to their outdoor drinking facilities thus extending the terminal hour in those areas to 0000 hours.

The hours sought are outwith with Aberdeen City Licencing Board's Statement of Licensing Policy guideline hours for external drinking areas.

In support of the Preventing Public Nuisance licensing objective, Police Scotland consistently recommends a terminal hour of 2200 be applied to an outdoor licensed area during the consultation process. I therefore recommend that the 2200 terminal hour remains in place.

This representation is submitted for your attention when considering this application.

Yours faithfully

George Macdonald
Chief Superintendent

OFFICIAL

For enquiries please contact the Licensing Department on 01224 301085

Licensing (Scotland) Act 2005

Application for Variation of Premises Licence

Address: The Dutch Mill, 7 Queens Road, Aberdeen AB15 4NR

In terms of Section 22 (1) (b) (ii) I make the following representation to the Licensing Board.

The applicant has applied for the condition regarding the 22.00 terminal hour for the external area to be deleted.

I would like to recommend that the condition is retained, as per the Aberdeen Licensing Board's supplementary licensing policy, as below, this is on the basis of consistency with the policy and the licensing objective - Prevention of public nuisance

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

Dear Sir/Madam

I am writing to object to the new closing time of the outdoor area at Dutch Mill Hotel, 7 Queens Road, Aberdeen.

As their neighbour, I have already been very tolerant for over a year now of them using the back car park for an extra seating area given the pandemic. This area is basically right beside my back garden, and I can constantly hear noise and have lost the tranquillity and privacy of my garden with patrons peering over my wall. The area is about 90 to 100ft from my house and I very much doubt it is currently within the limits of noise pollution. I have put up with this constant feeling of having an unwanted party in my garden given the circumstances, it being temporary and knowing the noise stops at 10pm. So, pushing the opening hours beyond 10pm is a step too far.

Finally I feel the owners are not being considerate to residents in the area, they have a huge outside canopy area at the front, seating at the bar, seating in the conservatory, so there is no need to keep the back car park area for patrons as well, let alone open even later.

As I said I have never objected to the noise or the eye sore of a structure in my back garden, but this is too much and not required given the pandemic is coming to an end. I hope you understand, these new arrangements already have caused me undue stress and changed the way I use my outdoor space so for me this is completely unacceptable.

Yours Faithfully

Dear Sir/Madam,

**LICENSING (SCOTLAND) ACT 2005
APPLICATION FOR THE VARIATION OF A PREMISES LICENCE
THE HOWFF, 365 UNION STREET, ABERDEEN, AB11 6BT
PB DEVELOPMENT COMPANY LIMITED**

I refer to the above application for the variation of a premises licence under terms of Section 29(5) of the Licensing (Scotland) Act 2005.

The variation requested consists of the following, namely:

1. Amend Q.1 to include both 'on sales' and 'off sales' within the Operating Plan;
2. Amend Q.2 in respect of core 'on sales' hours from 1100 - 0000 on Monday to Thursday and 1100 - 0100 on Friday and Saturday to 1000 - 0000 on Monday to Thursday and 1000 - 0100 on Friday and Saturday;
3. Amend Q.3 in respect of core 'off sales' operating hours to show 1200 to 2200 hours Monday to Saturday and 1230 to 2200 hours Sunday;
4. Amend Q.5(d) to include outdoor drinking facilities to the rear of the premises as indicated in the layout plan;
5. Amend Q.6 with the wording provided in respect of the terms, ages, times and parts of premises for which children and young persons have access;
6. Amend Q.7 to show an increased capacity from 121 to 621 to accommodate the proposed permanent outdoor drinking facilities.

In terms of Section 29(5) this request can be considered a variation.

In terms of points 1, 2, 3, 5 and 6 above I have no adverse comment to make regarding the variation proposed.

OFFICIAL

In respect of point 4, in terms of Section 22(1)(b)(ii) and (iii) of the Licensing (Scotland) Act 2005, I make the following representation.

The area sought is currently licensed under consecutive Occasional Licences as a temporary premises, access to which is on Langstane Place. There is access to the proposed area from the main premises via a stairwell. It is understood that initially, access to and from the area will be remain on Langstane Place.

I therefore recommend the following conditions in respect of the outdoor drinking area sought:

1. The area to be delineated by a physical barrier or similar;
2. The area is subject to a terminal hour of 2200 hours daily;
3. Signage to be displayed indicating that no alcohol is to be removed beyond the delineated area;
4. No amplified music to be played within;
5. Due to the proposed area being somewhat removed from the main premises, a staff member to be on duty within the proposed area, during licensed hours.

This response is subject to government guidance or measures in place at the time of the event, in respect of COVID-19.

This letter is submitted for your attention when considering this application.

Yours faithfully

George Macdonald
Chief Superintendent

For enquiries please contact the Licensing Department on 01224 301085

Licensing (Scotland) Act 2005

Application for Variation of premises licence

Address: The Howff, 365 Union Street, Aberdeen, AB11 6BT

In terms of Section 22 (1) (b) (ii) I make the following representation to the Licensing Board.

The applicant has applied for an external area to be added to the premises, changes to the children and young persons access, addition of Off sales and change of core hours.

The applicant has not agreed to the standard external area condition relating to “No amplified music or entertainment to take place in the outdoor area”

The applicant has agreed to the outdoor area being clearly demarcated onsite and the terminal hour of 22.00

I have no comment concerning the changes to the children and young persons access, addition of Off sales or core hours.

However I would recommend the retention of the condition relating to no amplified music or entertainment to take place in the outdoor area on the grounds of consistency with the Aberdeen Licensing Board’s policy, section 9 regarding external areas, where the standard conditions are as below.

This recommendation is on the grounds of consistency with the policy and also potential inconsistency with the licensing objective – Prevention of public nuisance

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

This representation is submitted for your attention when considering this application

Change to the premises name and description.

OBJECTIONS/REPRESENTATIONS

Police Scotland

LSO

Member of Public x 1

The applicant has agreed to the Outdoor area conditions and delivery driver conditions.

POLICY

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Outdoor Drinking Areas It is a condition of the licence that; (a) any outdoor area is clearly demarcated onsite; (b) that use of the area is to cease at 2200 hours and (c) that no amplified music or entertainment is to take place in the outdoor area.

Licensed Hours

On-Sale Premises The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map. The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters. The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement. The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

Outwith City Centre	Earliest Opening Hour	Terminal Hour
Sunday to Thursday	10:00	00:00
Friday and Saturday	10:00	01:00
City Centre	Earliest Opening Hours	Terminal Hour
Sunday to Thursday	10:00	02:00
Friday and Saturday	10:00	03:00

Vulnerability policy OGV TAPROOM AND EVENTS

A vulnerable person may be a person, who for any of a variety of reasons is unable to look after themselves from or exploitation and that risk of coming to harm, either physically or emotionally is increased as a result of:

- Intoxication**
- Substance Misuse**
- Illness or medical condition**
- Mental Health Issues**
- Disability**
- Age**
- Gender – risk of sexual exploitation**

Duty of Care & Reducing Risk Factors

Prevention

- All staff are aware that they have a Duty of Care to patrons and to others they may observe on site**
- All staff have been made aware of their responsibility when dealing with a person who is / may be vulnerable.**
- All staff are instructed to be vigilant and observe customers for any signs of vulnerability.**
- All staff understand what could make a person vulnerable.**
- All staff to be aware of potential predatory behaviour.**

Actions To Be Taken If Risk of Vulnerability

- **All staff are aware of when to refer to a manager/ and security.**
- **All staff are aware they should try to identify if the person is with anybody.**
- **Try to identify the cause of the symptoms, i.e. drink or drugs.**
- **Assess Age of patron if applicable.**
- **Be patient, listen & believe a complainant of harassment.**
- **Phone police / or ambulance if required for assistance**

- **Record details of person in Incident Log.**

The venue safe haven for vulnerable customers:

- **beside the BAR counters [phones located there]**

Aberdeen
AB10 1AB

Dear Sir/Madam,

**LICENSING (SCOTLAND) ACT 2005
APPLICATION FOR THE VARIATION OF A PREMISES LICENCE
THE GARAGE (TO BE KNOWN AS OGV TAPROOM AND OGV EVENTS),
17 WINDMILL BRAE, ABERDEEN, AB11 6HU**

I refer to the above application for the variation of a premises licence under terms of Section 29(5) of the Licensing (Scotland) Act 2005.

The variation consists of the following requests, namely:

1. Amend Q.1 to show both on and off sales;
2. Amend Q.2 on sale hours 1700 - 0200 Sunday to Thursday, 1700 - 0300 Friday and Saturday to 1100 - 0200 Sunday to Thursday and 1100 - 0300 Friday and Saturday;
3. Amend Q.3 to include off sale hours 1000 - 2200 daily including online sales and delivery;
4. Amend Q.4 to include seasonal variations with the wording provided;
5. Amend Q.5 to include conferences, theatre, outdoor drinking, self-service beer stations, films, mobile bar within, trade events, late night entertainment, shows and events, community activities, various classes, casino nights, product launches, gaming and gaming competitions including linking with events elsewhere in the world;
6. Amend Q.6 with the wording provided in respect of the terms, ages, times and parts of premises for which children and young persons have access;
7. Amend capacity of premises to show OGV Taproom: 200 and event space: 300 (total 500).

In respect of points 1, 3, 4, 6 and 7, I have no adverse comment to make.

OFFICIAL: POLICE AND PARTNERS

In terms of Section 22(1)(b)(ii) and (iii) of the Licensing (Scotland) Act 2005, I make the following representation.

In respect of point 2, the hours sought on Friday and Saturday will give the premises 16 hours continuous trading, which is outwith the Board's current policy.

In respect of point 5, I request the following conditions be attached to the outdoor drinking area:

1. The areas to be delineated by a physical barrier or similar;
2. The area to be subject to a terminal hour of 2200 hours daily;
3. Signage to be displayed indicating that no alcohol is to be removed beyond the delineated area;
4. No amplified music to be played within.

In respect of the self-service beer station, following a visit to the premises, it is understood that the self-service facility will comprise of ten taps dispensing beers.

During the visit, more detail regarding control measures was provided verbally (such as limit on numbers of drinks within a time period and level of supervision) than was contained within an updated risk assessment document (version received 7 July 2021).

In support of the licensing objectives, I therefore recommend that the Board hear this application, or this element of the application, to be satisfied that the control measures proposed are sufficient and appropriate and if necessary, certain measures outlined in the risk assessment document, or agreed at any hearing, be imposed as a condition of the licence.

In respect of some of the new activities being added, in particular but not limited to: shows and events, community activities, casino nights and gaming competitions linking with events elsewhere in the world, no additional risk assessments accompany the application. I therefore recommend that the Board might wish to be satisfied with control measures for certain proposed activities.

This response is subject to government guidance or measures in place at the time of the event, in respect of COVID-19.

This letter has been submitted for your attention when considering this application.

Yours faithfully

George Macdonald
Chief Superintendent
For enquiries please contact the Licensing Department on 01224 301085

In terms of Section 22 (1) (b) (ii) I make the following representation to the Licensing Board. The variation includes change of hours, Off sales, additional activities, external area, delivery of alcohol and changes to the children and young persons access terms.

I would like to highlight that, if granted the core hours for Friday and Saturday will enable 16 hours continuous trading

The applicant has agreed to the standard external area conditions as per the Aberdeen licensing board's policy - section 9 Supplementary In regards to the outdoor drinking area, as per below

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The applicant has also agreed to the Delivery Driver Training conditions as the premises will be carrying out home delivery of alcohol

Within the premises, self-service machines are proposed and will be positioned, not in direct sight of the bar staff but will be monitored by staff using tablets and also visual observation, this will include managers, bar staff and door supervisors, however there will not be any staff positioned at or by the self-service machines. I have no objection but would like to highlight that the monitoring of any self-service machines would be essential.

A risk assessment was submitted with the application and this risk assessment has been amended and further information added. On this basis and as this is a new concept for licensed premises within Aberdeen, I would recommend that the Board members review the amended risk assessment and have the opportunity to hear from the applicants during the Board meeting

Licensing Standards Officer

Aberdeen City Council | Commercial Team | Operations and Protective Services | Operations |
Marischal College | 3rd Floor South | Broad Street | Aberdeen | AB10 1AB

This page is intentionally left blank

Good afternoon.

I would like to draw some attention to a Major Variation Application to premises License AC 5043.

This application does not have any mention of some major building changes to the current layout plan.

Nothing has been mentioned of the following;

- Bar areas being demolished and removed and reconstructed elsewhere.
- Fixed Booth seating being removed
- Major walls being taken down in the ground floor area
- Fire exits that have communal use by another business upstairs being completely blocked off. This leaving no secondary escape from the toilet facilities.
- Fire exit in the first floor being removed due to an office space being created.
- Nothing is mentioned in any of the planning or operating plan as to an office being created for a 3rd party business, within the premises.
- The first floor drawings in the application are misleading and not a true reflect of whats been built. Needs verified.
- NONE of the above have any planning applications in place or previously granted.
- Windows have been created which weren't in the current layout plan (retro planning application in the system now)
- They are also promoting Beer 'Self Pour' tables and areas. They have applied for children and young persons to have access to the building. I cannot see how they can monitor individual drink limits and also young persons having access to this area in busy periods.

There was a Planning Application passed last year to change from a Nightclub to a bar (Application No 200846/ DPP) This has a kitchen situated where the new plans have a new beer cellar. Again, nothing about major changes to the layout plan. It allowed an outside area to be built to be used as a beer garden. This beer garden actually restricts a fire exit from Atik nightclub next door (Atik had opposed the planning and was overturned)

I feel that this area will become a 'hotspot' for people gathering and could be a crowd problem when people are queuing for Atik and people are also in this area from OGV. There is NO are for SMOKING apart from the STREET.. Hazard.

This application is quoted at Windmill Brae. Nothing in mentioned as to the actual 'Operating Area' and access/ egress is actually Bridge Place.

Applications have been applied previously to use this door have all been refused by the board.

There is also an Occassional License for same operator, again quoted as Windmill Brae, when the address is actually Bridge Place.

It just seems that this Operator has went ahead and assumed that all the above could be put in place and I feel that they are using the fact that building inspector's/ licensed officers will not visit the premises due to the Covid pandemic.

There is another Operator in the building, Rileys, who are in a legal battle with their landlord. A large proportion of the changes will have an effect on their business, which they may not be aware of.

I Would respectfully request that this application is refused for the above to be dealt with in a professional manner and a new application submitted correctly to be considered.

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: VARIATION

PREMISES: THE RICHMOND ARMS, 327 NORTH DEESIDE ROAD

DESCRIPTION

Incorporation of additional outside area into the licensed area.

OBJECTIONS/REPRESENTATIONS

None - The applicant has accepted the imposition of the outdoor conditions for the new licensed area only.

POLICY

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Outdoor Drinking Areas It is a condition of the licence that; (a) any outdoor area is clearly demarcated onsite; (b) that use of the area is to cease at 2200 hours and (c) that no amplified music or entertainment is to take place in the outdoor area.

I object to the variation referenced: AC0350

-For the following reasons:

The tunnels premise can, and has, produced noise pollution that passes through the structure of my building

-The events held at the Tunnels Premises have been held on week days and have continued to 2am; with significant noise disruption

-third party DJs / performers using the premises have, in the past, setup external speakers to the venue and failed to control noise; the third parties or staff outside did not care about the issue when confronted

-this variation would further exacerbate these issues

I would consider my objection in place until presented with evidence that further controls have been put in place to prevent noise pollution into the adjacent structures; and demonstration that performers and third party performers, as well as management and staff of the venue, are provided with a mechanism to assure they operate the premises during late hours without disturbing local residents.

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: VARIATION
PREMISES: BUCKIE FARM, DANESTONE

DESCRIPTION

Adding off sale hours from 10 to 10 Monday to Sunday

Amending the terminal hours for on-sales on Friday and Saturdays to 01:00

Amend Q6(b) of Operating plan to read: Children and young persons will be allowed entry for meals, refreshments and collecting takeaways. Children 13 and below will require to be supervised by a person aged 18 or over.

Inclusion of Home deliveries and takeaways in the operating plan.

Addition of an outdoor drinking area.

OBJECTIONS/REPRESENTATIONS

- Police

The applicant has accepted the imposition of the Delivery Driver Conditions and the Outdoor Drinking Areas conditions and the conditions recommended by Police Scotland with the exception of the terminal hour of 22:00 hrs in respect of the outdoor drinking area and the condition relating to children's and Young persons' access.

POLICY

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Outdoor Drinking Areas It is a condition of the licence that; (a) any outdoor area is clearly demarcated onsite; (b) that use of the area is to cease at 2200 hours and (c) that no amplified music or entertainment is to take place in the outdoor area

Dear Sir/Madam,

**LICENSING (SCOTLAND) ACT 2005
APPLICATION FOR THE VARIATION OF A PREMISES LICENCE
BUCKIE FARM, THE PARKWAY, DANESTONE, ABERDEEN, AB22 8AL**

I refer to the above application for the variation of a premises licence under terms of Section 29(5) of the Licensing (Scotland) Act 2005.

The variation requested consists of the following, namely:

1. Amend Q.1 to include both 'on sales' and 'off sales' within the Operating Plan;
2. Amend Q.2 in respect of core 'on sales' hours from 1000 to 0000 hours to 1000 to 0100 hours on Friday and Saturday;
3. Amend Q.3 in respect of core 'off sales' operating hours to 1000 to 2200 hours daily;
4. Amend Q.5(d) to include outdoor drinking facilities as described in layout plan;
5. Amend Q.5(f) to include takeaways and home deliveries;
6. Amend Q.6 with the wording provided in respect of the terms, ages, times and parts of premises for which children and young persons have access;
7. Amend Q.7 to show an increased capacity from 675 to 689 to accommodate the proposed permanent outdoor drinking facilities.

In terms of Section 29(5) this request can be considered a variation.

In terms of points 1, 2, 3, 6 and 7 above I have no adverse comment to make regarding the variation proposed.

OFFICIAL

In terms of Section 22(1)(b)(ii) and (iii) of the Licensing (Scotland) Act 2005, I make the following representation.

In respect of point 4, I recommend that the outdoor drinking facilities are subject to the following conditions:

1. The areas are delineated by a physical barrier or similar;
2. The areas are subject to a terminal hour of 2200 hours daily;
3. Signage to be displayed indicating that no alcohol is to be removed beyond the delineated areas;
4. Children and young persons to be accompanied by a responsible person aged 18 years or over;
5. No amplified music to be played within.

In respect of point 5, the addition of home deliveries, I recommend that there is a recorded age verification system in place in respect of remote/online sales and that 'Challenge 25' is carried out at any point of collection or delivery of alcohol.

This response is subject to government guidance or measures in place at the time of the event, in respect of COVID-19.

Yours faithfully

George Macdonald
Chief Superintendent

For enquiries please contact the Licensing Department on 01224 301085

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: VARIATION

PREMISES: CARLTON BAR, 32 CASTLE STREET

DESCRIPTION

Amend the seasonal variations to read “The premises management will operate all general extensions permitted by the licensing board including without prejudice to the generality the annual festive season extensions” Amend the Operating plan to Permit conference facilities outwith core hours; Permit receptions and club or other group meetings outwith core hours; Permit music, indoor/outdoor sport and televised sport outwith core hours; Q5(c) – Permit theatre and film during core hours; Permit outdoor drinking facilities during and outwith core hours

All activities outwith core hours can commence at 0800 and continue through core hours and any extended hours but not after core or extended hours.

Teas and coffees conferences mean business meetings and films for training or light entertainment; theatre comedians and magicians and other suitable entertainment: indoor sports include using function room for keep fit, yoga etc.; or children activities

The proposed change to the layout is the creation of an external drinking area to the front.

The following procedure covers:

- Admissions Policy
- Age restrictions
- Attire
- Controlling access to areas of the Battle Bar intended to be out of use
- Preventing unauthorised access
- Safety Information and Signs
- Waivers

Admissions policy

The admission policy is on display in key areas at reception and at the entrance to the Battle Bar, as well as on the website for online bookings.

Persons who appear to be intoxicated by **alcohol or drugs** must be refused admission. Anybody under the age of 18 will be refused access to the Battle Bar.

Food and drink must not be brought onto or consumed in the Battle Bar.

Age restrictions

- No under 18's will be allowed in the Battle Bar area

Attire

Participants will be made aware of any potential hazards before beginning Axe Throwing. For example Jewellery, open toe footwear and loose clothing.

Controlling access to Axe Throwing intended to be out of use

Precautions must be taken to prevent unauthorised access to the Battle Bar intended to be out of use (e.g. prior to opening, at closing time, scheduled or unplanned closure of the bar area or the whole bar during the day). During these times barriers with signage should be in place to prevent unauthorised access.

Preventing unauthorised access to staff only areas

If anyone needs to access behind the activity areas for maintenance or cleaning, then the following MUST be followed:

- The area/activity being accessed must be closed off by the installation of a physical solid barrier
- Signage MUST be displayed on the barrier to state that there are people working in the area and NO access is allowed to the activity area
- One member of staff MUST be at the access point to the activity area and have a clear view of all the area which is closed off. This staff member will have a radio and be constant communication with those working behind the activity area

- Once the task has been completed the staff members **MUST** ensure that all staff/ contractors are accounted for prior to anyone being allowed back onto this area of the park.

Safety Information and Signs

The following signage must be in place in the reception area:

- Admission signage detailing the admission policy including age
- Signage detailing the contra indications to taking part including medical conditions and behaviour policy
- Signage detailing the main risks associated with taking part in activities
- Signage identifying if flashing lights are used within the location
- Suitable CCTV signage including the reason for recording the images and who to contact to obtain images.

The following signage must be displayed at the entrance to the Battle Bar prior to customers accessing the equipment and activities:

- A sign stating that the customer must not take part in any activity unless they have completed a waiver, undertaken and understood the briefing
- A sign stating that the participant must only undertake activities that are within their ability and skill level.

At each activity there must be Specific Activity Rules and clear signage displayed at the entrance to the activity. This must identify how to best use the area and any rules in relation to activity that must not be tried in the area.

Waivers

Every participant within the Battle Bar must complete a waiver. The waiver must be signed and dated.. The waiver will contain information on the risk associated with the activities within the Battle Bar and emergency contact details.

Action Required:

- ✓ Admissions Policy to be displayed at reception and at the entrance to the Bar.
- ✓ Ensure that members of staff are trained in this procedure as part of the health and safety induction training for all staff members and a refresher training programme is in place, the training must be recorded on the members of staff's ***Individual Training Record***.

Associated Forms:

- Individual Training record

Associated Risk Assessments:

- Arcade
- Crazy Pool
- Seating Area
- Shuffle Board
- Electronic Darts
- Beer Pong
- Axe Throwing

Associated Guidance and Legislation:

- None

Training on this procedure is required for the following staff:

- All Staff
- All Managers
- Receptionists and Multi Skilled Staff

Updates of procedure:

Revision	Issue	Description of Amendments	Date	Action By
2	1	None - First Issue	May 2021	Train designated staff and incorporate the procedure into QMS.

Date of Next Update:

This procedure is reviewed every two years or updated as and when necessary, the next review is January 2023.

This page is intentionally left blank

The following procedure covers:

- Medical Contra-indications
- Groups of people with disabilities

Medical contra-indications

All customers prior to taking part must complete a waiver form.

All Staff should be familiar with the operator's list of contra-indications to safe participation on medical grounds which should include, but may not be limited to:

- forces and actions that could aggravate physical conditions
- excessive participant weight (which would increase the forces on the participant's body, would could lead to an increased risk of bone and joint damage and would be an indicator of general lack of fitness and appropriateness of the activity for the participant)
- circulatory conditions
- heart or lung conditions
- recent surgery
- back or neck conditions (including Rodded back and Brittle bones)
- high blood pressure
- spine, musculoskeletal or head injury
- Down's Syndrome
- Neck Instability
- Achondroplasia (disproportionate Dwarfism)
- Pregnancy

Customers who have **health problems or disability** may appear to pose a risk. Many persons will have been referred by a doctor for exercise and are often able to jump safely. If in any doubt in their ability to safely participate in Park activities customers should seek advice from their GP prior to taking part in any activity.

Customers with Down's Syndrome prior to taking part in such activities, will be asked to obtain evidence that a GP or Pediatrician has screened them using the screening test developed by the British Gymnastics Association for Atlanto-Axial Instability. Approval for participation that is signed by the GP or Pediatrician must be provided before taking part in any trampolining or inflatable activities.

Customers with Achondroplasia (disproportionate Dwarfism) should not participate/perform gymnastics skills which involve repeated jumping or rebounding.

Flashing lights might be used in the Battle Bar that might affect some people with epilepsy. Signage is displayed to warn customers.

Where a customer has **epilepsy, which is totally controlled by medication** and has been completely free from seizures for at least one year, no special precautions are necessary. However, the customer must be warned that flashing lights are used. This information should be provided in the safety briefing, by warning signage, and on the website.

Customers with **uncontrolled epilepsy** shall seek their GP's approval for trampolining and other forms of sports participation taking into account the following:

- The type, severity and frequency of seizures
- The presence or absence of warning signs
- Known trigger factors, (e.g. cold Park, stress, excitements, noise or dazzling lights on the Park surface)

Activities should **not** take place if:

- A person with uncontrolled epilepsy feels unwell
- During peak conditions

Groups of people with disabilities

Where **groups of people with disabilities** are using the Battle Bar, extra supervision may be required. As part of the risk assessment the following aspects must be considered:

- The group leaders should be consulted and consider persons with disabilities on an individual basis
- The number of trained staff required
- The number of helpers in the Park to provide support
- The number of other helpers available to provide additional assistance, especially in the event of an emergency requiring evacuation
- The training and competency of helpers
- The provision, type and location of safety signs and signals (both visual and audible)
- The maximum number of disabled persons that can safely be admitted into, and evacuated from a session with due regard to the above

Written evacuation procedures (PEEPs and GEEPs) should be completed for each individual and session being operated.

Action Required:

- ✓ Ensure that PEEPs and GEEPs are developed for individuals or groups with additional needs or disabilities.
- ✓ Ensure that members of staff are trained in this procedure as part of the health and safety induction training for all staff members and a refresher training programme is in place, the training must be recorded on the members of staff's **Individual Training Record**.

Associated Forms:

- Individual Training record

Associated Risk Assessments:

- Disabled Users and Groups Risk Assessment
- PEEPS and GEEPS
- Arcade

- Crazy Pool
- Seating Area
- Shuffle Board
- Electronic Darts
- Beer Pong
- Axe Throwing

Associated Guidance and Legislation:

- British Gymnastics, Health and Safety, Safe participation
- Downs Syndrome UK
- BSI PAS 5000:2017
- Control of Admissions Procedure
- Emergency Action Plan

Training on this procedure is required for the following staff:

- All Staff
- All Managers
- Receptionists and Multi Skilled Staff

Updates of procedure:

Revision	Issue	Description of Amendments	Date	Action By
2	1	None - First Issue	May 2021	Train designated staff and incorporate the procedure into QMS.

Date of Next Update:

This procedure is reviewed every two years or updated as and when necessary, the next review is January 2023.

This page is intentionally left blank

The following procedure covers:

- Dealing with the public
- Communicating with customers
- Dealing with complaints

Dealing with the public

The Battle Bar will be safer if users are aware of potential hazards, and act responsibly. As far as is reasonably practicable, the hazards should be brought to User's attention as soon as possible.

This is achieved in a variety of ways:

- Mandatory admission policy and activity supervision policy notices displayed at Reception and appropriate locations.
- Battle Bar Rules, information notices and safety briefings
- Signage displaying specific safety notices for each activity area, including pictorial notices
- Safety aspects incorporated into publicity material available to new customers on arrival, including adults supervising children, and to be distributed to those in charge of organised groups
- References in contracts with club organisers, schools, etc., hiring out the Battle Bar
- Use of visual and audible alarms, and whistles used by Staff
- Verbal reminders and explanation where necessary, by Staff. This message should be communicated before the session's starts in the safety briefing room, highlighting specific rules for each activity area and the rules of high risk areas.

Communicating with customers

To supervise a Bar properly requires being able to communicate with users, other Team Members and the management team.

Staff on shifts' posture, appearance, facial expressions and gestures communicate all kinds of messages. A friendly, firm and professional manner will get the most positive response.

In dealing with customers, especially where there is a potential discipline problem, the following should be considered:

- Smile and appear approachable
- Establish eye contact
- Be courteous but firm
- Give reasons for any warning or instruction
- Avoid anger or inappropriate language
- Never try to intimidate Park users
- Above all, always remain calm and in control

Hand signals usually need to be followed by an explanation.

The Battle Bar should have an effective system to alert all available staff to respond to an emergency situation. This is defined in the Emergency Action Plan procedure.

Dealing with complaints

Staff must provide good customer care without compromising supervision of the Battle Bar. If a customer has an extended enquiry, comment or complaint, staff should take the following action:

- Position themselves to ensure the customer does not inhibit vision of his/her supervision zone
- Explain that he/she is listening but is also responsible for supervising the Battle Bar.
- Contact the Duty Manager or another member of staff to cover his/her supervision position or deal with the enquiry.
- Where no additional staff are available, ask the customer to enquire at Reception.

Action Required:

- ✓ Ensure that all courts monitors have whistles and radios
- ✓ Ensure that members of staff are trained in this procedure as part of the health and safety induction training for all staff members and a refresher training programme is in place, the training must be recorded on the members of staff's ***Individual Training Record***.

Associated Forms:

- Individual Training record

Associated Risk Assessments:

- Disorderly Behaviour Risk Assessment
- Arcade
- Crazy Pool
- Seating Area
- Shuffle Board
- Electronic Darts
- Beer Pong
- Axe Throwing

Associated Guidance and Legislation:

- None

Training on this procedure is required for the following staff:

- All Staff
- All Managers
- Receptionists and Multi Skilled Staff

The following procedure covers:

Plan

- Responsibilities

Do

- Terminology
- Reporting
- Recording
- Investigation

Check

- Key performance indicators

Act

- Trend analysis and accident mapping

Plan

Director Responsibilities

To ensure that the organisation complies with the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013 (RIDDOR) and relevant code of practices.

General Manager Responsibilities

To ensure that all accidents, incidents, dangerous occurrences and near misses are recorded and where necessary reported (within the required timescales), including any work-related deaths, and work-related injuries, cases of disease, and near misses to the Health and Safety Executive (HSE).

To put in place processes to investigate or review all accidents, incidents, dangerous occurrences and near misses.

To provide all staff with training in the reporting, recording and investigation of accidents, incidents, dangerous occurrences and near misses.

Manager on Duty Responsibilities

To ensure that all accidents, incidents, dangerous occurrences and near misses are dealt with appropriately, reported to the emergency services if necessary, recorded with report forms completed in full.

Staff Responsibilities

To inform the manager on duty of all adverse events which occur whether it be an accident, incident, dangerous occurrence or near miss.

Do

Terminology

To help clarify how the organisation defines, records and reports accidents, incidents, dangerous occurrences and near misses, the below sets out what this organisation means by each term:

An **accident** is an undesired event that caused injury, death or ill health to an individual.

An **incident** is an undesired event that has taken place and resulted in damage or loss, for example, a robbery, theft from a locker, a small fire or gas leak, damage to property.

A **dangerous occurrence** is an undesired event with a high potential to cause death or serious injury, but which happens relatively infrequently (for example a fire that causes the building to be closed for more than 24 hours, failure in load bearing parts of lifting equipment, chlorine gas release that had the potential to cause significant harm).

A **near miss** is an undesired event that could have caused damage, injury, death or ill health, but didn't, for example, a slip on the stairs being caught before any fall.

Recording

All undesired events should be recorded on either the facility's accident report form or incident report form. The organisation records incidents, dangerous occurrences and near misses on an incident report form. The person completing the form should ensure all sections are completed and inform the Manager on Duty of the undesired event.

Documents should be retained for a minimum of three years after the undesired event (or three years past their 18th birthday if the accident took place whilst they were a minor). Documents should be retained in a secure manner to avoid customer information being inappropriately accessed. This is achieved by shredding all forms once they have been scanned onto STITCH.

Reporting

Reportable injuries and illnesses (defined in the **RD-Doc – RIDDOR what is reportable**) will need to be reported to the Incident Contact Centre (ICC) at the Health and Safety Executive (HSE) or your enforcing authority.

The contact details for the ICC are as follows:

Internet Reports	http://www.hse.gov.uk/riddor/report.htm
Website	www.hse.gov.uk
Office Hours	0345 300 9923 (fatal and specified injuries only)
Out of Hours	0151 922 9235 (only if a work related death, serious incident with multiple casualties or incident causing major disruption)

Accidents, Incidents, Dangerous Occurrences and Near Misses

Issue 1

Right Directions are contactable 24/7 for additional advice and guidance if needed. Please see procedure 3.1.3 Health and Safety Support and Contact for more details.

The work instruction **Accident/Incident Reporting Flowchart** sets out the organisation's reporting process.

Investigation

All undesired events should be investigated by the management so that underlying causes can be identified, and appropriate action can be taken to prevent a recurrence. For minor accidents, casualty and facility follow-up action is required only. The section of the accident or incident report form denoted 'action taken to prevent recurrence' must be completed. Please refer to **RD-Doc Completing an Investigation** to ascertain the level of investigation required. Management shall use the Investigation Summary form as part of the investigation.

Check

Key Performance Indicators

All accidents/incidents are monitored monthly as part of the STITCH accident analysis process. KPIs have been set as part of the facility performance review process. These include:

- Number of accidents as a percentage of the number of customers visiting the facility
- Number of accidents as a percentage of the number of staff members employed.

As part of the monthly monitoring, the General Manager shall check that Accident and Incident Report Forms are being fully completed and contain sufficient detail, and where necessary that investigation documentation has also been provided, with follow up action taken.

Act

Trend Analysis and Accident Mapping

Accident and Incident Report Forms will be reviewed by the Facility Competent Person and data will be added to the STITCH Accident Analysis Platform which will highlight any accident trends and incident trends.

Associated Forms:

- Accident, Incident, Dangerous Occurrence and Near Miss - Accident Report Form
- Accident, Incident, Dangerous Occurrence and Near Miss - Incident Report Form
- Accident, Incident, Dangerous Occurrence and Near Miss - Personal Notes
- Accident, Incident, Dangerous Occurrence and Near Miss - Witness Notes
- Accident, Incident, Dangerous Occurrence and Near Miss - Accident and Incident Investigation Summary

Act

Plan

Responsibilities

Director Responsibilities

To ensure that the organisation complies with the Health and Safety (First Aid) Regulations 1981 and relevant code of practices by providing:

- Adequate and appropriate equipment
- Facilities and staff to enable first aid to be given to staff if they are injured or become ill at work
- A duty of care through the provision of first aid to members of the public if they are injured or become ill.

General Manager Responsibilities

To provide resources to enable the training and qualification of sufficient staff to ensure provision of first aid for members of staff, contractors, visitors and customers during all hours of operation.

To provide adequate and appropriate first aid equipment and facilities, including back up supplies for the AED and replenishment of stocks, in line with the first aid risk assessment and BS 8599-1:2019.

To provide and maintain suitable and sufficient signage promoting the location of first aid support and assistance.

Competent Person Responsibilities

To complete and review a first aid needs risk assessment to help determine the levels of supervision required, the qualifications and training needed, equipment needed, lone working needs, response in the event of staff shortages.

To monitor the expiry dates of first aid qualifications and organise refresher training through an appropriate body using the HSE syllabus in order to maintain qualifications.

To complete weekly checks on first aid kits to ensure they are suitably stocked and available.

To ensure that recorded checks are made on the AED, its pads/part and spare set, in accordance with the manufacturer's instructions.

Do

First Aid Risk Assessment

What is adequate and appropriate equipment and staff members will depend on the circumstances in the workplace and should therefore be determined by a risk assessment. The first aid risk assessment should consider:

- Risks to staff
- Risks to customers, visitors, contractors (including children)
- Risks and controls associated with lone working
- Any need for an automated external defibrillator (AED), spinal boards, haemostatic dressings, tourniquets.

First Aid Personnel

First aider is a person who holds a current First Aid at Work, Emergency First Aid at Work or Paediatric First Aid certificate.

The following staff members are required to hold the First Aid at Work qualification:

- General Managers
- Assistant General Managers
- Any staff member responsible for opening or closing the facility buildings.

Staff must notify the Duty First Aider of all accidents. An accident form must be completed following any administration of first aid and signed by the first aider or person who dealt with the incident.

Following any accident / incident the General Manager should consider if it requires reporting under the requirements of RIDDOR (Reporting Injuries, Disease, Dangerous Occurrences).

First Aid Point

The facility must have a designated location for administering first aid, with signage displayed identifying the area as the first aid point. The location of the first aid point/room must ensure the following can be provided:

Essential:

- A point/room that is easily accessible to the use of a stretcher
- Washable surfaces
- Details of who the first aiders are and how to contact them
- Access to a telephone
- Access for wheelchairs or carrying chairs
- Sufficient accident report forms

- Sufficient quantity of first aid supplies, including protective garments
- Access to a sink with hot and cold running water
- Access to drinking water, which is clearly labelled
- Sealed refuse containers with disposable clinical yellow waste bags.

If a first aid room cannot be provided exclusively, then a designated area for the treatment of first aid must be made available. The following criteria are essential:

- Activities usually carried out in the designated area can be stopped immediately in the event of an emergency
- Furnishings and equipment can be moved easily to a position that will not interfere with giving first aid.

First Aid Equipment

The location and minimum contents of each first aid box should be identified as part of the first aid risk assessment and checked as part of the Weekly Health & Safety Checksheet.

The decision on what to provide will be influenced by the findings of the first-aid needs assessment. The General Manager will ensure that first aid kits purchased conform to BS 8599-1:2019.

Tourniquets and Haemostatic Dressings

Only first aiders trained in the correct use and application of a tourniquet and/or haemostatic dressing may do so.

Automated External Defibrillator (AED)

If the risk assessment determines that an AED must be available, it must be located so that it is easily accessible and have with it clear instructions on how to use it, ideally as provided by the manufacturer.

Although AEDs are designed to be used by anyone, familiarisation in the AED, including its location and preparation for use, should be included in staff inductions.

First Aid Information

Notices will be displayed to provide staff members and customers with information on where to find a first aider and the location of the first aid box/es.

Contractors are provided with first aid information as part of the Contractors Health and Safety Information Sheet.

In remote or external areas of the facility it may be appropriate to provide an emergency contact number.

The designated first aid point is clearly marked with a white cross on a green background.

Do Not Resuscitate (DNR)

For information and guidance on DNR, see **RD-Doc First Aid - Do Not Resuscitate Guidance**.

Importantly, if a customer stops breathing, we will administer first aid to attempt to save life. Only a medical professional will adhere to a DNR.

Emergency Medication Administration

First aid at work does not include giving tablets or medication and such items should not be kept in the first aid box.

Some workers or customers carry their own medication such as inhalers for asthma or 'Epipens' or 'Anapens' (auto injecting syringes with a pre-measured dose) which contain adrenaline for the treatment of severe allergic (anaphylactic) reactions.

If an individual needs to take their own prescribed medication, 'Epipens' or 'Anapens' (auto injecting syringes with a pre-measured dose) which contain adrenaline for the treatment of severe allergic (anaphylactic) reactions, the first aider's role is:

- Limited to helping them to do so
- Contacting the emergency services as appropriate.

First aid trained staff members may administer an auto injecting syringe if:

- The casualty has been prescribed and is in possession of an auto injection syringe **and**
- They are dealing with a life-threatening emergency **and**
- The first aider has been trained to use an auto injection syringe.

Under most circumstances the facility will not take responsibility for the safe keeping of regular or emergency medication. Medication should be carried (or stored if the syringe presents an accidental stabbing risk when taking part in the activity) by the person to whom it belongs.

For further information please refer to the Managing Medical Conditions and Medication procedure.

Head Injuries

In cases of head injury, the first aider must always issue a Head Injury Information Sheet and either call 999 for an ambulance or arrange for alternative transport to hospital (e.g. with parent or guardian).

Infection Control

Blood borne viruses are viruses that some people carry in their blood and which may cause severe disease in certain people and few or no symptoms in others. The virus can spread to another person, whether the carrier of the virus is ill or not. The main blood borne viruses of concern are:

- Hepatitis B, Hepatitis C and Hepatitis D
- Human immunodeficiency virus (HIV).

For information on the control measures to adopt to help avoid cross contamination when performing first aid, see the **RD-Doc First Aid - Cross Contamination Control Measures**.

Check

Accidents Forms

The General Manager is responsible for checking that details of first aid given have been completed by the first aider, and in full. The section of the accident report form denoted 'action taken to prevent recurrence' must be completed.

Act

By implementing this procedure Innoflate should ensure that injuries/conditions requiring first aid are dealt with efficiently and effectively in line with current HSE guidance.

Associated Forms:

- Accident, Incident, Dangerous Occurrence and Near Miss - Accident Report Form
- First Aid Management - Head Injury Information Sheet

Act

Plan

Responsibilities

Director Responsibilities

To ensure that the organisation complies with the Health and Safety (First Aid) Regulations 1981 and relevant code of practices by providing:

- Adequate and appropriate equipment
- Facilities and staff to enable first aid to be given to staff if they are injured or become ill at work
- A duty of care through the provision of first aid to members of the public if they are injured or become ill.

General Manager Responsibilities

To provide resources to enable the training and qualification of sufficient staff to ensure provision of first aid for members of staff, contractors, visitors and customers during all hours of operation.

To provide adequate and appropriate first aid equipment and facilities, including back up supplies for the AED and replenishment of stocks, in line with the first aid risk assessment and BS 8599-1:2019.

To provide and maintain suitable and sufficient signage promoting the location of first aid support and assistance.

Competent Person Responsibilities

To complete and review a first aid needs risk assessment to help determine the levels of supervision required, the qualifications and training needed, equipment needed, lone working needs, response in the event of staff shortages.

To monitor the expiry dates of first aid qualifications and organise refresher training through an appropriate body using the HSE syllabus in order to maintain qualifications.

To complete weekly checks on first aid kits to ensure they are suitably stocked and available.

To ensure that recorded checks are made on the AED, its pads/part and spare set, in accordance with the manufacturer's instructions.

Do

First Aid Risk Assessment

What is adequate and appropriate equipment and staff members will depend on the circumstances in the workplace and should therefore be determined by a risk assessment. The first aid risk assessment should consider:

- Risks to staff
- Risks to customers, visitors, contractors (including children)
- Risks and controls associated with lone working
- Any need for an automated external defibrillator (AED), spinal boards, haemostatic dressings, tourniquets.

First Aid Personnel

First aider is a person who holds a current First Aid at Work, Emergency First Aid at Work or Paediatric First Aid certificate.

The following staff members are required to hold the First Aid at Work qualification:

- General Managers
- Assistant General Managers
- Any staff member responsible for opening or closing the facility buildings.

Staff must notify the Duty First Aider of all accidents. An accident form must be completed following any administration of first aid and signed by the first aider or person who dealt with the incident.

Following any accident / incident the General Manager should consider if it requires reporting under the requirements of RIDDOR (Reporting Injuries, Disease, Dangerous Occurrences).

First Aid Point

The facility must have a designated location for administering first aid, with signage displayed identifying the area as the first aid point. The location of the first aid point/room must ensure the following can be provided:

Essential:

- A point/room that is easily accessible to the use of a stretcher
- Washable surfaces
- Details of who the first aiders are and how to contact them
- Access to a telephone
- Access for wheelchairs or carrying chairs
- Sufficient accident report forms

- Sufficient quantity of first aid supplies, including protective garments
- Access to a sink with hot and cold running water
- Access to drinking water, which is clearly labelled
- Sealed refuse containers with disposable clinical yellow waste bags.

If a first aid room cannot be provided exclusively, then a designated area for the treatment of first aid must be made available. The following criteria are essential:

- Activities usually carried out in the designated area can be stopped immediately in the event of an emergency
- Furnishings and equipment can be moved easily to a position that will not interfere with giving first aid.

First Aid Equipment

The location and minimum contents of each first aid box should be identified as part of the first aid risk assessment and checked as part of the Weekly Health & Safety Checksheet.

The decision on what to provide will be influenced by the findings of the first-aid needs assessment. The General Manager will ensure that first aid kits purchased conform to BS 8599-1:2019.

Tourniquets and Haemostatic Dressings

Only first aiders trained in the correct use and application of a tourniquet and/or haemostatic dressing may do so.

Automated External Defibrillator (AED)

If the risk assessment determines that an AED must be available, it must be located so that it is easily accessible and have with it clear instructions on how to use it, ideally as provided by the manufacturer.

Although AEDs are designed to be used by anyone, familiarisation in the AED, including its location and preparation for use, should be included in staff inductions.

First Aid Information

Notices will be displayed to provide staff members and customers with information on where to find a first aider and the location of the first aid box/es.

Contractors are provided with first aid information as part of the Contractors Health and Safety Information Sheet.

In remote or external areas of the facility it may be appropriate to provide an emergency contact number.

The designated first aid point is clearly marked with a white cross on a green background.

Do Not Resuscitate (DNR)

For information and guidance on DNR, see **RD-Doc First Aid - Do Not Resuscitate Guidance**.

Importantly, if a customer stops breathing, we will administer first aid to attempt to save life. Only a medical professional will adhere to a DNR.

Emergency Medication Administration

First aid at work does not include giving tablets or medication and such items should not be kept in the first aid box.

Some workers or customers carry their own medication such as inhalers for asthma or 'Epipens' or 'Anapens' (auto injecting syringes with a pre-measured dose) which contain adrenaline for the treatment of severe allergic (anaphylactic) reactions.

If an individual needs to take their own prescribed medication, 'Epipens' or 'Anapens' (auto injecting syringes with a pre-measured dose) which contain adrenaline for the treatment of severe allergic (anaphylactic) reactions, the first aider's role is:

- Limited to helping them to do so
- Contacting the emergency services as appropriate.

First aid trained staff members may administer an auto injecting syringe if:

- The casualty has been prescribed and is in possession of an auto injection syringe **and**
- They are dealing with a life-threatening emergency **and**
- The first aider has been trained to use an auto injection syringe.

Under most circumstances the facility will not take responsibility for the safe keeping of regular or emergency medication. Medication should be carried (or stored if the syringe presents an accidental stabbing risk when taking part in the activity) by the person to whom it belongs.

For further information please refer to the Managing Medical Conditions and Medication procedure.

Head Injuries

In cases of head injury, the first aider must always issue a Head Injury Information Sheet and either call 999 for an ambulance or arrange for alternative transport to hospital (e.g. with parent or guardian).

Infection Control

Blood borne viruses are viruses that some people carry in their blood and which may cause severe disease in certain people and few or no symptoms in others. The virus can spread to another person, whether the carrier of the virus is ill or not. The main blood borne viruses of concern are:

- Hepatitis B, Hepatitis C and Hepatitis D
- Human immunodeficiency virus (HIV).

Potential Risk Rating

LOW

Potential Harm/Consequence		Likelihood That Harm Will Occur		The risk rating indicates the level of response required to be taken when adding actions to the improvement plan (RRP). Ratings between 15 and 25 require an urgent review of existing control measures.	Risk Rating	Suggested Guidance
1	Insignificant	1	Very Unlikely		Very Low Risk 1 - 2	No action required
2	Minor	2	Unlikely		Low Risk 3 - 6	Monitor
3	Moderate	3	Possible		Medium Risk 8 - 12	Action required, if reasonably practicable
4	Major	4	Likely		High Risk 15 - 16	Urgent Action
5	Catastrophic	5	Very Likely		Critical Risk 20 - 25	Work Must Stop and take immediate action
If the Risk Rating is 15 or more and no further control measures are practicable, add the risk to the H&S Risk Register.

AXE SAFETY

BATTLE BAR

2021

Axe Safety Coaching Certification

Definitions

- Section 1 - Throwing
- Section 2 - Equipment and field
- Section 3 - Participants
- Section 4 – Coaching
- Section 5 – First Aid

Definitions Participant

Any person on the premises not actively holding an axe.

Thrower: Any person currently holding an axe, with or without the intent to throw

Coach: Any person that has completed the axe throwing certification process, usually a staff member.

Lane: The throwing field where axes are thrown. Includes floor, ceiling, side walls, and target

Trick Shot: Any throwing technique listed in Section 5 that does not meet the requirements of throwing techniques listed in Section 1. All trick shots must be accompanied by a coach.

Section 1A- Throwing (Separated Lane Facility)

- No axes are to be thrown until a coach has given full instruction and demonstration to all participants
- Axes may be thrown no closer than 12ft and no further than 16ft from the target
- A thrower must have forward foot inside of throwing range while throwing
- Axes may only be thrown by holding the handle and never by holding the blade.
- Radius Rule - No participants may be within 4 feet of another participant while throwing an axe
- A coach may stand near participants while training but must stand a minimum of 2 ft away and may not stand directly behind or in front of participant.
- Axes may only be thrown in a vertical orientation, raising the axe above the head and releasing forward. "Side arm" style throwing is prohibited.
- Thrower must always face target while throwing. Backwards throwing is prohibited
- Thrown axe should only complete approximately one rotation when thrown.
- A thrower may only throw one axe at any time

- No participant shall be beyond the marked safety line while a thrower is active in the lane.
- Axes are not to be handed off between throwers. Always place an axe in a designated place and allow the next thrower to pick it up.
- When removing an axe from a target, a thrower should place two hands on the handle to prevent injuries
- If at anytime, a participant or thrower feels that conditions have become unsafe, it must be reported to a coach immediately.

Section 1B - Throwing

- No axes are to be thrown until a coach has given full instruction and demonstration to all participants
- Axes may be thrown no closer than 12ft and no further than 16ft from the target
- A thrower must have forward foot inside of throwing range while throwing
- Axes may only be thrown by holding the handle and never by holding the blade
- Radius Rule - No participants may be within 3 feet of another participant while throwing an axe
- A coach may stand near participants while training but must stand a minimum of 2 ft away and may not stand directly behind or in front of participant.
- Technique - Axes may only be thrown in a vertical orientation, raising the axe above the head and releasing forward. "Side arm" style throwing is prohibited.
- Thrower must always face target while throwing. Backwards throwing is prohibited
- Thrown axe should only complete approximately one rotation when thrown.
- A thrower may only throw one axe at any time
- Only two active throwers may be beyond the 20 ft safety at any time
- Axes are not to be handed off between throwers. Always place an axe in a designated place and allow the next thrower to pick it up.
- When removing an axe from a target, a thrower should place two hands on the handle to prevent injuries
- A thrower may not proceed to the target until both throwers have completed their throw and all axes have come to a complete stop
- If at anytime, a participant or thrower feels that conditions have become unsafe, it must be reported to a coach immediately

Section 2 - Equipment and Field

- All equipment and field conditions must be inspected before every session
- Axes- Axe conditions must be solid and unbroken without observable imperfections or weaknesses.
- Wooden Handles - No splinters or cracks. Handle is securely seated in axe head and does not wiggle or move. Smooth to the touch or taped. Steel Handles. No burrs or sharp edges. All steel handles must be wrapped or encased in a soft material such as rubber or tape
- Axes with fiberglass handles are not suitable for throwing, therefore are not permitted
- Blade must not have any noticeable burrs or damage capable of injuring a participant while throwing or handling the axe

- Axe must weigh no less than 1.5lbs and no more than 3.5lbs
- Axe length must be no less than 14 inches and no more than 20 inches
- Lane must be clear of all obstacles that could pose a danger to other participants during play
- Walls between lanes must be substantial enough to protect participants in adjacent fields during play from the direct impact of a thrown axe.
- Separator walls must protrude no less than 8 feet from target
- Construction -Each field of play must be a minimum of 20 feet in length, 10 feet in height, and 4 feet in width
- Side Walls - Side walls shall be a minimum of 10 feet high
- Side walls must be top tied into either the facility or each other with a spacing of no more than 8' between each brace.
- Target Walls 1. Target walls should be a minimum of 1-3/4" thick wood (typ. 1-3/4" backer board) covering the target wall to 9' above floor. A minimum of 3/4" thick wood should cover any area above 9' for the remainder of the target wall.

Section 3 - Participants

- Age -All participants must be over the age of 18
- All participants must complete a waiver
- Strength -All participants must be able bodied enough to, without physical assistance, throw an axe from the minimum 12ft mark and strike the target wall without the axe touching the floor first.
- Consent- All participants must have read, understood, and physically or digitally agreed that they have a full understanding of the dangers of axe throwing, including dangers that are created both by the participants and not, such as misuse of equipment or equipment failure.
- Any consent and waiver presented to a participant must have been previously approved by a local legal expert.
- Apparel - Close toed shoes are required to throw axes
- Any excessively loose clothing that could obstruct a thrower's movement or vision while throwing an axe is not permitted.

Section 4 - Coaching

- Any person that will be instructing participants in axe throwing must have completed the axe throwing safety certification process prior to instructing.
- A staff member of an axe throwing facility that has not completed the certification process is still considered a participant and is not eligible to instruct other participants
- A staff member in training may instruct throwers, but a coach must be present at all times.
- Coaches must inspect the throwing lane and all equipment before allowing participants to throw. See section 2 for inspection details
- Coaches may stand no closer than 2ft from a thrower and always stand behind and to the side while coaching. Never directly behind or in front.
- Coaches may hand axes to participants within the lane but never by holding the blade. Always pass an axe by holding higher on the handle so the participant can grab the handle.
- A thrower should never be active where a coach cannot actively see the thrower
- Coaches must communicate the "Main Safety Rules" to all participants during instruction:
 1. No throwing until approved by a Coach

2. ONE Axe ONE Lane - unless accompanied by a Coach
3. Do not hand an axe off. Always lay down and pick up.
4. All non throwers MUST stay behind the marked safety line
5. Never touch the blade - Use only the handle of the axe
6. Axes MUST be thrown by holding the handle in a vertical orientation
7. Single rotations, forward facing throws only
8. Forward foot must be inside marked throwing range (12ft -16ft)
9. Report any unsafe conditions or activities to a coach or staff member IMMEDIATELY
 - Coaches must remain with the coaching area to ensure throwers are maintaining proper safety technique at all times.
 - A coaching area must be clearly marked at the end of each lane

Section 5 - First Aid

- In the event of an injury during participation, is the responsibility of the coach to assess the situation and act accordingly.
- If the participant is awake and talking, explain who you are and ask them if it is ok for you to help.
 1. Always wear body substance isolation equipment (e.g. latex gloves) when dealing with any body fluids such as blood.
 2. If the injury appears minor to the participant, provide access to first aid kit on premises.
 3. If the participant perceives the need for basic or advanced care beyond the capabilities of the first aid kit, call emergency services (999).
- If the participant is not conscious appears to have an altered level of consciousness, call emergency services (999).
- Every facility must have at least one easily accessible and clearly marked first aid kit
- Every first aid kit must be inspected and resupplied no later than the first day of each month and after each use.
- If there is ever any doubt about a first aid situation, call emergency services (999)

Risk Assessment Form

Issue 3

Facility:	Battle Bar	Date:	July 21	Completed By:	Right Directions
Risk Assessment:	Axe Throwing			Reference No:	

List significant hazards and how people may be harmed	List groups of people who are at risk from the significant hazards identified	List existing control measures or note where the information may be found	Further action required to control risk Y / N (list actions at end)
General - struck by flying axe	Staff Staff – (Instructor) Customers - (participants) Customers - (spectators)	<ul style="list-style-type: none"> All participants are made aware of the rules and contraindications within the waiver and briefing session. Staff and instructors are trained on the operational procedures for axe throwing. Rules for using the axe throwing area are clearly displayed. Barrier around axe throwing area to prevent customers walking into the axe throwing area. Barrier of suitable height and distance from target and throwing area as to contain all axes; bounce off and miss throws. All participants must be physically able to throw an axe at the target safely. All participants will be over the age of 18. All participants and guardians must not be under the influence of alcohol or drugs. Participants not following the staff instructions or misbehaving will be asked to sit out. Participants will be invited into the range by the staff instructor. 	<p>First Aid Training Given to All staff</p> <p>Staff to complete coaching</p>

Axe Throwing Rules

Waiver & Clothing Information

All players/participants must read and sign the waiver before taking part in axe throwing. All Players/participants must have a wristband before being allowed to throw. Closed-toed shoes are also required.

Axe Throwing & Axe Catching

At no point should an axe try to be caught. If an axe bounces back from a target, quickly step backwards and to the side in your lane. Do not point or gesture with the axe. If any mishandling of an Axe or horseplay will not be tolerated and will result in removal of the participant from the activity.

Players Stay Safe in all Areas of Axe Throwing

The must be only one person in a lane at any one time. Participants must not enter the lane until it is completely cleared. When entering a lane, step directly into your lane. Players/participants must not wander into another players station. If you are not throwing, you must remain behind the fenced/marked off area at all times.

Just one Axe at a time

In each lane only one axe is thrown at a time. Whether the axe sticks or not, retrieve the axe that is thrown before starting another turn. Staff monitoring the lanes must ensure lanes aren't entered mid throw.

Axes out the fence/lane

The axe SHOULD NOT be removed from the throwing area. All axes remain in the fenced area at all times.

Keep Off the Fence

Players/Participants must not touch or grab the fence, either in the spectator area, or especially when picking/retrieving the axe off the ground.

Axe Handling

Players/Participants must be made aware that handing off an axe might take your hand off!! Do not hand another player/participant an axe especially on another lane. When done throwing, replace your axe in the wood block and exit the area safely following signs. The axe should be placed in the wooden block provide and exit the area accordingly. The next player can then select their own axe when entering. The next player/participant should not be allowed in the area until current player has left the area completely.

No Food or Drink

The Battle Bar will have designated areas for food and drinks. Please use them accordingly before beginning the axe throwing. No food/drinks, especially alcohol should be consumed or brought into the lanes.

See It, Say It

Players/Participants must let us know if they need the board replaced. Also, advise staff onsite if there is any damage to the axe, board or lane. At the Battle Bar we want our customers to have the best experience possible, and want to provide the equipment and environment to do so.

Axe Throwing Waiver

AXE THROWING SAFETY INFORMATION -Axe throwing is an activity that involves physical exertion.

The activity you are about to participate in has major high risks.

Following the safety rules the instructor informs you of will reduce that risk. Failing to follow these rules and advice could result in serious injury to yourself and members of the public around you.

In consideration of participating in the activity of Axe Throwing , I represent that I understand the nature of this activity and that I am qualified, in good health, and in proper physical condition to participate in the activity of Axe Throwing.

I acknowledge that if I believe the activity of Axe Throwing at the Battle Bar conditions are unsafe, I will immediately discontinue participation in the activity. I fully understand that this activity involves high risk of bodily injury which may be caused by my own actions, or inactions, those of others participating in the activity, the conditions in which the activity takes place and that there may be other risks either not known to me or not readily foreseeable at this time: and I fully accept and assume all such risks and all responsibility for losses, costs, and damages I incur as a result of my own participation.

The Battle Bar does not accept any liability unless due to our negligence.

To minimise risk please:

- All Jewellery and piercings that may be seen as a hazard must be removed
- All long hair must be tide back before entering the lane and remain tide back at all times
- Bring any medication needed to the activity for your own safety. This must be declared below.
- Closed toe footwear must be worn at all times when participating in Axe Throwing
- Suitable clothing must be warn at all times
- Please give details of any heath conditions and medication, if unsure please consult your doctor for approval to participate.

I confirm that the participant has read and will abide by all the information provided on this waiver and that the medical information provided regarding him/her is true to the best of my knowledge.

Potential Risk Rating

LOW

Potential Harm/Consequence		Likelihood That Harm Will Occur		The risk rating indicates the level of response required to be taken when adding actions to the improvement plan (RRP). Ratings between 15 and 25 require an urgent review of existing control measures.	Risk Rating		Suggested Guidance
1	Insignificant	1	Very Unlikely		Very Low Risk 1 - 2	No action required	
2	Minor	2	Unlikely		Low Risk 3 - 6	Monitor	
3	Moderate	3	Possible		Medium Risk 8 - 12	Action required, if reasonably practicable	
4	Major	4	Likely		High Risk 15 - 16	Urgent Action	
5	Catastrophic	5	Very Likely		Critical Risk 20 - 25	Work Must Stop and take immediate action	
If the Risk Rating is 15 or more and no further control measures are practicable, add the risk to the H&S Risk Register.							

Hazard	Who May be Harmed	Current Control Measure in Place	Risk Rating With Current Control Measures In Place	Sample of any Reviewed Control Measures	Additional Control Measures Required	Potential Risk Rating After Additional Control Measures Implemented
Category	Bomb threat		4 x 2 8			4 x 1 4

- Action Plan for dealing with violent incidents
- Banning Customers
- Guidance on the legal position for Managers
- Note

Measure

- Incident Reporting

Review

- Incident Analysis

Impact

- Results

Plan

General Manager Responsibilities

To ensure that staff have the knowledge and confidence to deal with aggressive customers.

Health and Safety Competent Person Responsibilities

To complete a risk assessment on dealing with difficult customers and implement suitable control measures.

Staff Responsibilities

To follow the information, instruction and training given in this procedure, try to avoid confrontation in the first instance, and to be able to deal with a difficult situation should it escalate.

Do

General Information

Staff may be at risk from a non-staff member in a number of ways, e.g. verbal abuse, physical assault or a robbery.

It is the objective of <Insert Organisation Name Here> to ensure that staff members react to situations involving potential violence in a manner which minimises the risk of injury. In particular staff members

should adopt a “no hero” approach in the event of instances such as robberies or fights between customers.

Following a risk assessment, a work instruction for staff members should be devised with appropriate training including:

- Recognition of potential incidents and how to avoid violence and aggression
- Managing and calming volatile situations
- Tips to minimise the severity of incidents.

Following any incident of violence against staff members, <Insert Job Role here> will discuss post support with the Human Resources Department. This may include temporary relief from duty and in some instances counselling.

Tips on diffusing volatile situations

Please refer to **RD-Doc – Tips on diffusing volatile situations**.

Action Plan for dealing with violent incidents

Refer to the Emergency Action Plan procedure for detail.

Violence to staff members is reportable under RIDDOR, refer to the Accidents, Incidents, Dangerous Occurrences and Near Misses procedure.

Banning Customers

<Insert job role here> are enabled to ask a customer to leave the facility, if the customer will not leave the facility, the <Insert job role here> will call the police and inform them of threatening behaviour from a customer.

If a member of staff feels that a customer should be excluded from the facility, they must refer the request to the <Insert job role here> to deal with.

Guidance on the legal position for Managers

The <Insert job role here> is the lawful occupier of the company’s facilities. A <Insert Job Role here> acting on behalf of <Insert Organisation Name Here> is also regarded as the lawful occupier.

This gives the <Insert job role here>, the right to exclude from the premises anyone you do not wish to admit. Needless to say any exclusion should be dealt with in the most tactful and reasonable way possible.

Once admitted you have the right to ask people to leave if this is considered appropriate. You should obviously do this in the most tactful and reasonable way possible but you are not obliged to give any reason.

When asking people to leave you should avoid any physical handling of the person.

In accordance with <Insert Organisation Name Here> “no hero” policy any physical handling should only be used as a very last resort and to prevent an already dangerous situation becoming worse.

If someone refuses your reasonable request to leave the premises you should contact the Police. By contacting them you are preventing a potential breach of the peace and the Police should respond to your request.

Note

Managers may pass onto other local managers of facilities managed by <Insert Organisation Name Here> details of an individual they do not wish to accept as a customer.

An exemption from General Data Protection Regulations (GDPR) should not routinely be relied upon or applied in a blanket fashion. You must consider each exemption on a case-by-case basis. In line with the accountability principle, you should justify and document your reasons for an exemption so you can demonstrate your compliance.

Measure

Incident Reporting

Staff who experience a difficult or aggressive customer must report it to their Line Manager or <Insert job role here> and it must be recorded on an incident report form. If there were witnesses, they must complete a witness notes form. Staff must complete their Personal Notes relating to the incident.

Review

Incident Analysis

Management will review the incident report forms **quarterly** and complete an analysis. Any trends will be discussed at Management staff meetings and any risk assessments reviewed, training delivered or control measures put in place.

Impact

A well trained team will reduce the severity of difficult situations or diffuse them completely.

Associated Forms:

- Accident, Incident, Dangerous Occurrences and Near Misses - Incident Report Form
- Accident, Incident, Dangerous Occurrences and Near Misses - Witness Notes
- Accident, Incident, Dangerous Occurrences and Near Misses – Personal Notes

The following procedure covers:

- Safety Briefing Introduction
- Preparing for the briefing
- Safety Briefing Understanding

Safety Briefing Introduction

The Battle Bar recognises that the Safety Briefing is a key aspect in ensuring users are aware of potential hazards, and to act responsibly at all times when in the facility.

All users must view a safety briefing prior to being let onto the activity.

Preparing for the briefing

The briefing may be repeated more than once for each session.

Safety Briefing Understanding

After the Safety Briefing the Staff are responsible for delivering the briefing will ask questions to ensure that they have understood each aspect of the safety briefing and also to allow any questions to be asked of them prior to entering the activity.

Customers must be asked if they understood the information. Anyone unsure must be offered another safety briefing.

Action Required:

- ✓ Ensure that Scripts area available from the briefing
- ✓ Ensure that members of staff are trained in this procedure as part of the health and safety induction training for all staff members and a refresher training programme is in place, the training must be recorded on the members of staff's ***Individual Training Record***.

Associated Forms:

- Individual Training record
- Copies of the Safety Briefing script

Associated Risk Assessments:

- Arcade
- Crazy Pool
- Seating Area
- Shuffle Board
- Electronic Darts
- Beer Pong
- Axe Throwing

Training on this procedure is required for the following staff:

- All Staff

Dear Sir/Madam,

**LICENSING (SCOTLAND) ACT 2005
APPLICATION FOR THE VARIATION OF A PREMISES LICENCE
INNOFLATE/BOARDWALK AMUSEMENT CENTRE, 1A ESPLANADE, SEA
BEACH, ABERDEEN, AB24 5NS**

I refer to the above application for the variation of a premises licence under terms of Section 29(5) of the Licensing (Scotland) Act 2005.

The variation requested consists of the following requests, namely:

1. Amend Q.1 to show both on and off sales;
2. Amend Q.2 on sale hours to 1000-0200 Sunday to Thursday and 1000-0300 Friday and Saturday;
3. Amend Q.3 to include off sale hours 1000-2200 daily;
4. Amend Q.5 to include conference, restaurant, theatre, films and indoor/outdoor sports both during and outwith core hours and for the existing activities: receptions, club meetings, live music, dance, gaming and outdoor drinking activities to be included outwith core hours. Any other activities to include inflatable obstacle course, fitness classes, disco sessions, nerf war sessions, children's group play events and support classes, axe-throwing, shuffleboard, American pool, crazy pool, electronic darts, ping pong, various private, corporate, networking and training events, product launches and demonstrations;
5. Amend Q.6 with the wording provided in respect of the terms, ages, times and parts of the premises for which children and young persons have access.

In terms of Section 29(5) of the Act this request can be considered a variation.

On 28 July 2021, the applicant's agent advised that the application was being amended to: the downstairs area no longer featuring in the application and remaining unlicensed; amending the core 'on sales' terminal hour to 0000 hours on

OFFICIAL: POLICE AND PARTNERS

Sunday to Thursday and 0100 hours on Friday and Saturday and Children and Young Person's access amended to no entry to the licensed premises for persons aged under 18s.

This response is made on the basis of the above amendments to the application.

In terms of Section 22(1)(b)(ii) and (iii) of the Licensing (Scotland) Act 2005, I make the following representation.

In respect of point 4, during a visit to the premises on 20 July 2021, detail regarding control measures was provided verbally by the applicant. The Local Authority Environmental Health Officer present at the meeting requested revised, detailed risk assessments be submitted in respect of several of the activities sought.

On 30 July 2021, updated risk assessments were received. Whilst detailed, with specific regard to the axe throwing activity, no policy appears to be in place which indicates how sobriety of participants is to be assessed. Some other documents made reference to children, but it is understood no person under 18 will access the premises.

In respect of the activity of 'beer pong', the Board may wish to satisfy itself that it would not be considered an irresponsible drinks promotion.

In respect of the activity of axe-throwing, I request the following conditions be considered by Board:

1. Each axe throwing lane to be secured when in use;
2. The above areas to be subject to a terminal hour of 2300 hours daily or earlier if deemed appropriate by the Board;
3. A system to be in place which records assessment of each participant in terms of sobriety/intoxication and no person under the influence of alcohol or any other suspected substance to be permitted to participate in the activity;
4. Signage to be clearly displayed indicating that no alcohol is to be consumed prior to entering the designated activity area or participating in said activity;
5. The equipment to be used and stored in accordance with the relevant risk assessment document;
6. The area to be covered by CCTV.

In support of the licensing objectives, I therefore recommend that the Board hear this application to be satisfied that the control measures proposed are sufficient and appropriate and if necessary, certain measures outlined in the risk assessment documents, or agreed at any hearing, be imposed as a condition of the licence.

OFFICIAL: POLICE AND PARTNERS

In respect of some of the new activities being added, in particular but not limited to: shows, events and community activities, no additional risk assessments accompany the application. I therefore recommend that the Board might wish to be satisfied with control measures for certain proposed activities.

This response is subject to government guidance or measures in place at the time of the event, in respect of COVID-19.

This letter has been submitted for your attention when considering this application.

Yours faithfully

George Macdonald
Chief Superintendent

In terms of Section 22 (1) (b) (ii) I make the following representation to the Licensing Board. The variation application has been amended, as per email communication with Stephen McGowan 28 July 2021. This information resolved certain queries from the LSO in regard to hours, capacity and children and young person's access terms.

The LSO has a couple of outstanding points which are awaiting clarification:

1 Activities out with core hours, specifically live entertainment and the use of the outdoor area. Further information as to the times and type of live entertainment proposed.
Confirmation when the outdoor area would be used and for what purpose out with core hours

2 Dispersal policy and controls given the location of the premises and patrons leaving in a location with little or no public transport and directly opposite the sea beach. The first floor of the premises has not been utilised for a considerable period and with the proposed activities being new and potentially group based, to be consistent with securing public safety it would be essential to be assured of robust safety controls

ABERDEEN CITY COUNCIL

LICENSING BOARD

DATE: 3 August 2021

CLERK TO THE LICENSING BOARD Jenni Lawson

TITLE OF REPORT: Aberdeen Licensing Board Annual Functions Report 2020/21

REPORT AUTHOR: Sandy Munro, Solicitor

1. PURPOSE OF REPORT

To invite the Licensing Board (“The Board”) to approve this Annual Functions Report.

2. RECOMMENDATIONS

That the Board:

- (1) approve this Annual Functions Report and;
- (2) authorise the Clerk to the Board to proceed with the publication of this Annual Functions Report.

3. BACKGROUND

- (1) Licensing Boards must produce and publish annual functions reports and annual financial reports. The Boards annual functions report must normally be prepared and published not later than 3 months after the end of each financial year. Amendments made by the Coronavirus (Scotland) Act 2020 extended the 3-month time limit to 9 months. The August Board is the first available Board meeting following preparation of the report.
- (2) This report should contain a statement explaining how the Board has had regard to the licensing objectives, their licensing policy statement, and any supplementary licensing policy statement in the exercise of their functions during the financial year.

4. HOW THE BOARD EXERCISES ITS FUNCTIONS

- (1) The Licensing (Scotland) Act 2005 as amended (“the Act”) sets out regulations for the sale of alcohol and regulations for licensed premises and other premises on which alcohol is sold.
- (2) The Act has five licensing objectives which the Board must have regard to when exercising its functions. These objectives are: -

- (i) Preventing crime and disorder
 - (ii) Securing public safety
 - (iii) Preventing public nuisance
 - (iv) Protecting and improving public health
 - (v) Protecting children and young persons from harm
- (3) The Board deals with all applications in accordance with the legislation, and in particular the five above objections, together with its Statement of Licensing Policy 2013 – 2016 which is based on the objectives.
- (4) The Board has determined all applications in line with the Statement of Licensing Policy. The Board has routinely applied additional conditions on the operation of outdoor drinking areas to ensure minimum disruption to the surrounding area and a condition that restaurants offering a delivery service can only supply alcohol alongside a food delivery. It has also determined all applications for licensed hours in line with the Statement of Licensing Policy.
- (5) In accordance with Scottish Government guidance in light of the unique trading climate in which hospitality premises have found themselves the Board have temporarily disapplied the part of the Statement of Licensing Policy which prohibits a series of Occasional Licence applications in respect of the same premises. This was to facilitate temporary premises or temporary additional areas to existing premises to be operated in order to help mitigate the challenges faced by the on-sales sector of the trade. Such temporary areas or premises were still required to operate in accordance with the remainder of the Statement of Licensing Policy.
- (6) The Board has also worked closely with partner agencies including Police Scotland, NHS Grampian, the local licensing forum and Licensing Standards Officers to ensure the satisfactory operation of licensed premises. As a result, problems can be identified and addressed at an early stage and reduces the need for Premises Licence Reviews after the fact.
- (7) As a result of the trading climate the number of applications for Premises Licences and Major Variations was smaller than would normally have been expected. The number of Occasional Licence applications was considerably higher than normal however, in part due to the relaxation of policy detailed in paragraph 5 above.

5. SUMMARY OF DECISIONS OVER THE LAST FINANCIAL YEAR

- (1) A Summary of all decision made by the Licensing Board can be found on the Licensing Board's Website at <https://committees.aberdeencity.gov.uk/ieListMeetings.aspx?CommitteeId=151>

6. THE NUMBER OF LICENCES IN THE BOARDS AREA

- (1) See Appendix 1 – Premises Licences
- (2) See Appendix 2 - Personal Licences
- (3) See Appendix 3 – Occasional Licences

ABERDEEN CITY LICENSING BOARD

LICENSING BOARD DATE: 17 August 2021

CLERK TO THE LICENSING BOARD Jenni Wilson

TITLE OF REPORT: Aberdeen Licensing Board Financial Report 2020/21

1. PURPOSE OF REPORT

To invite the Board to approve the Annual Financial Report set out in Appendix One to this Report.

2. RECOMMENDATION(S)

That the Board

- (a) approve the annual financial report set out in Appendix One and;
- (b) authorise the Clerk to the Board to proceed with the publication of the annual financial report.

3. BACKGROUND

1. Licensing Boards must produce and publish annual functions reports and annual financial reports. The Boards annual financial report must normally be prepared and published not later than 3 months after the end of each financial year. Amendments made by the Coronavirus (Scotland) Act 2020 extended the 3-month time limit to 9 months. The August Board is the first available Board meeting following preparation of the accounts.

2. The financial report must include-

- (a) a statement of-
 - i. the amount of relevant income received by the Licensing Board during the financial year, and
 - ii. the amount of relevant expenditure incurred in respect of the Board's area during the year, and
- (b) an explanation of how the amounts in the statement were calculated.

3. In this context, “relevant income” means income received by the Board in connection with the exercise of the Board’s functions under or by virtue of the 2005 Act. This involves totaling all the fee income generated by 2005 Act licence applications received during the financial year.

4. “Relevant expenditure” means any expenditure-

(a) which is attributable to the exercise of the Board’s functions under or by virtue of the 2005 Act, and;

(b) which is incurred by the Board, the Council or the Licensing Standards Officers for the Board’s area.

5. Calculation of relevant expenditure is more complicated to determine and requires the figures to be calculated upon estimates of the direct time spent by Legal Service staff as well as all costs in connection with the Licensing function to include central support costs and outlays. It is also worth noting that the Licensing Board income is not guaranteed to remain the same in any financial year and can vary significantly depending on the number and type of applications received. Also, in the event of any appeal against a Board decision, the cost of any appeal would require to be met from the Licensing Board income.

6. This year’s accounts show a significant decrease in income. This can be largely attributed to fewer applications being made as a result of the trading climate over that period and also to the Board’s decision to reduce the annual fees payable by on-sales premises who were most affected by the trading restrictions.

7. Expenditure also decreased overall albeit to a lesser degree. The result is a moderate surplus which would allow the Board to give consideration to retaining the reduced figures for the annual fees for on-sales premises which fall due on 1 October 2021.

4. APPENDICES

1. Appendix One: Licensing Board Annual Accounts 2020/21
