LICENSING BOARD

ABERDEEN, 7 July 2023. Minute of meeting of the LICENSING BOARD.
Present: Councillor Copland, Convener; and Councillors Al-Samarai, Boulton, Hazel Cameron, Fairfull, Grant, Greig and McLeod.

MINUTES OF MEETING OF 30 MAY 2023

1.

The Board had before it for its consideration the minutes of meeting of 30 May 2023.

The Board resolved:

To approve the minute.

APPLICATION FOR PROVISIONAL PREMISES LICENCE - 495 - 499 GREAT WESTERN ROAD, ABERDEEN

2.

The Board heard from Sandy Munro, Depute Clerk to the Board that an objection was received from a member of the public but that the objector was not in attendance. Sandy Munro further advised the Board that due to an error, the objection was not included with the papers. Sandy Munro also advised the Board that photos in support of the application were received from the applicant's solicitor, Anthony Dawson after the agenda had been published and that the photos would require the Board's permission to be circulated. The Board unanimously agreed for the photos to be circulated.

The Board thereafter heard from Anthony Dawson, Solicitor for the applicant, in support of the application.

The Board also heard from the applicant, George Tester.

The Board unanimously resolved:

To grant the application.

APPLICATION FOR VARIATION OF PREMISES LICENCE - NO 10 WINE BAR, 10 QUEENS TERRACE, ABERDEEN

3.

The Board heard from Sany Munro, Depute Clerk to the Board that the application was deferred from the Board meeting held on 30 May 2023 and that a late objection had been received from a member of the public, but that the objector was not in attendance. Sandy Munro further advised the Board that their permission would be required for the objection to be circulated. The Board unanimously agreed to allow the objection to be circulated.

The Board thereafter heard from Anthony Dawson, Solicitor for the applicant, in support of the application.

LICENSING BOARD

7 July 2023

The Board unanimously resolved:

To grant the application.

APPLICATION FOR VARIATION OF PREMISES LICENCE - CO-OP, 15 FOUNTAINHALL ROAD, ABERDEEN

4.

The Board heard from Sandy Munro, Depute Clerk to the Board that there had been no objections or representations received and everything was within policy.

The Board thereafter heard from Audrey Junner, Solicitor for the applicant, in support of the application.

The Board unanimously resolved:

To grant the application.

APPLICATION FOR VARIATION OF PREMISES LICENCE - CO-OP, LEWIS ROAD, SHEDDOCKSLEY, ABERDEEN

5.

The Board heard from Sandy Munro, Depute Clerk to the Board that the variation sought was the same as item 4 on the agenda and that there had been no objections or representations received and everything was within policy.

The Board unanimously resolved:

To grant the application.

APPLICATION FOR VARIATION OF PREMISES LICENCE - THE COUNTRY CLUB, GLASHIEBURN, BRIDGE OF DON, ABERDEEN

6.

The Board heard from Sandy Munro, Depute Clerk to the Board that the applicant has withdrawn the "variation to on sales terminal hour from 01:00 to 02:00 on Friday and Saturday" for the application to be within policy.

The Board thereafter heard from the applicant, Derek Jamieson, in support of the application.

The Board unanimously resolved:

To grant the application.

LICENSING BOARD

7 July 2023

APPLICATION FOR VARIATION OF PREMISES LICENCE - THE GRANITE CITY, ABERDEEN AIRPORT, DYCE, ABERDEEN

7.

Councillor Al-Samarai left the meeting for transparency reasons.

The Board heard from Sandy Munro, Depute Clerk to the Board, that there had been no objections or representations received, however the hours requested were outwith policy.

The Board thereafter heard from Audrey Junner, Solicitor for the applicant, in support of the application.

The Board unanimously resolved:

To refuse the application on grounds of protecting and improving public health and preventing crime and disorder.

APPLICATION FOR PERSONAL LICENCE

8.

The Board heard from Sandy Munro, Depute Clerk to the Board, that the applicant had withdrawn the application.

Councillor Ross Grant left the meeting.

STATEMENT OF LICENSING POLICY FOR REVIEW

DOCUMENTS FOR CONSIDERATION

9.1.

The Board heard from Sandy Munro, Depute Clerk to the Board. The Board had before them responses from Police Scotland and Local Licensing Forum regarding the statement of licensing policy review.

Sergeant Neil Grant, thereafter briefly summarised and provided clarification in respect of the police response.

Elaine Mottram, Chair, Local Licensing Forum briefly discussed the key points outlined in Local Licensing Forum response.

The Board resolved to take the responses into consideration when reviewing the Statement of Licensing Policy.

LICENSING BOARD

7 July 2023

ANNUAL FINANCIAL REPORT**10.**

The Board had before them documentation detailing the annual financial report for 2022 – 2023. The Board heard from Sandy Munro, Depute Clerk to the Board, that there had been a decrease in licensing applications and expenditure.

The Board unanimously approved the financial report for publication and resolved to maintain the current reduced annual fee to be applicable for all premises.

11. LOCAL LICENSING FORUM UPDATE

The Board had before them an update from Elaine Mottram, Chair, Local Licensing Forum regarding the activity of the Local Licensing Forum after their meeting held on 30 May 2023.

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: APPLICATION FOR PREMISES LICENCE

PREMISES: ABERDEEN ART GALLERY, SCHOOLHILL ABERDEEN. AB10 1FQ

DESCRIPTION

- New art gallery premises with on sales of Alcohol between 10:00 - 23:00 Monday - Saturday and 11:00- 23:00 on Sunday.
- Premises will offer conference and restaurant facilities, receptions, clubs and other group meetings with recorded music, dance and theatre facilities with outdoor drinking facilities.

OBJECTIONS/REPRESENTATIONS

The applicant has accepted the Local Conditions of Duty of Care and Drugs Policy

POLICY

Supplementary Policy – Licensed Hours

Whilst all applications will be dealt with on their own merits the Board considers it necessary for the promotion of the licensing objectives to set parameters with respect to licensed hours. Any application seeking hours outwith those detailed below will be expected to satisfy the Board that there are legitimate grounds for departing from policy and demonstrate that the granting of such hours would not be contrary to the licensing objectives.

On-Sale Premises

The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map.

The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters.

The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement.

The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

Outwith City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0000
Friday & Saturday	1000	0100

City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours, and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour	
All off-sales premises	1000	2200

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.
- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Improve communication between the trade, partners and local communities.

- Impose additional licence conditions where appropriate to prevent public nuisance.
- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.
- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances

- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written procedures for managing incidents.
- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.

- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.
- Policies on crowd management and dispersal, both in the ordinary course of operation and in an emergency.
- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.

- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up-to-date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.

- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to

reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.

- Policies on crowd management and dispersal, both in the ordinary course of operation

and in an emergency.

- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: APPLICATION FOR A PROVISIONAL PREMISES LICENCE

PREMISES: SUGARBIRD IN THE GARDENS, BURNS PAVILLION, UNION TERRACE GARDENS. UNION TERRACE. AB10 1NJ

DESCRIPTION

- Premises offering on and off sale of Alcohol between 10:00 - 00:00 Monday to Wednesday and Sunday, 10:00 - 01:00 Thursday- Saturday.
- Premises will be offering conference facilities, bar meals, receptions, club and other group meetings with recorded music and Live performances, indoor and outdoor sports and outdoor drinking facilities

OBJECTIONS/REPRESENTATIONS

- Community Council
- The applicant has accepted the External Areas Conditions and Local Conditions – Duty of Care, Drugs Policy & Radio Link.

POLICY

Supplementary Policy – Licensed Hours

Whilst all applications will be dealt with on their own merits the Board considers it necessary for the promotion of the licensing objectives to set parameters with respect to licensed hours. Any application seeking hours outwith those detailed below will be expected to satisfy the Board that there are legitimate grounds for departing from policy and demonstrate that the granting of such hours would not be contrary to the licensing objectives.

On-Sale Premises

The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map.

The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters.

The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement.

The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

Outwith City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0000
Friday & Saturday	1000	0100
City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour
-----------------------	----------------------

All off-sales premises	1000	2200
------------------------	------	------

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.
- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Improve communication between the trade, partners and local communities.
- Impose additional licence conditions where appropriate to prevent public nuisance.
- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.
- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances
- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written

procedures for managing incidents.

- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.
- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.

- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.

- Policies on crowd management and dispersal, both in the ordinary course of operation

and in an emergency.

- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written procedures for managing incidents.
- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.

- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.
- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.

- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.
- Policies on crowd management and dispersal, both in the ordinary course of operation and in an emergency.

- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons’ access.

- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances
- Violent behaviour
- Anti-social behaviour

- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written procedures for managing incidents.
- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.
- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.

- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.

- Apply additional licence conditions where appropriate for the purposes of this licensing

objective.

- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.
- Policies on crowd management and dispersal, both in the ordinary course of operation and in an emergency.
- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related

training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: VARIATION OF PREMISES LICENCE

PREMISES: MARKS AND SPENCER, 2 ST NICHOLAS STREET ABERDEEN
AB10 1BU

DESCRIPTION

Major variation to allow:

- The consumption of alcohol on the premises within the existing customer café from 10:00 to 22:00 daily. The proposed variation will amend the wording at Q5, to state, "5(a) Café selling a range of soft drinks, hot drinks, hot and cold snacks will operate within and outwith core hours.
- Alcohol sold for consumption in the cafe will be limited to the permitted hours."
- Amending Q6 regarding children's access to the Premises, by permitting 0-17 years access to all public areas of the premises, whilst it is trading.
- Amending Q7 by adding the capacity for On Sales capacity to be 152 covers.
- To extend the demise of the licence area to include the customers café, located on the second floor, as detailed in plan 2587/ABE064

OBJECTIONS/REPRESENTATIONS

None

POLICY

Supplementary Policy – Licensed Hours

Whilst all applications will be dealt with on their own merits the Board considers it necessary for the promotion of the licensing objectives to set parameters with respect to licensed hours. Any application seeking hours outwith those detailed below will be expected to satisfy the Board that there are legitimate grounds for departing from policy and demonstrate that the granting of such hours would not be contrary to the licensing objectives.

On-Sale Premises

The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map.

The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters.

The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement.

The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

Outwith City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0000
Friday & Saturday	1000	0100
City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour	
All off-sales premises	1000	2200

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.
- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Improve communication between the trade, partners and local communities.
- Impose additional licence conditions where appropriate to prevent public nuisance.
- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.
- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances
- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written

procedures for managing incidents.

- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.
- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.

- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.

- Policies on crowd management and dispersal, both in the ordinary course of operation

and in an emergency.

- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: VARIATION OF A PREMISES LICENCE

PREMISES: NOX, 2 JUSTICE MILL LANE ABERDEEN AB11 6EP

DESCRIPTION

Major Variation to amend:

- Q2 - To amend the commencement hour Sun to Thurs to 11.00 from 12:00 (Monday to Thursday, Sunday 12:30) and Fri & Sat to 12.00 from 13:00
- Q5 - To add the following activities outwith core hours; bar meals, receptions, club meetings, recorded music, outdoor drinking facilities and televised sports.
- Q5 - To add indoor/outdoor sports as an activity within and outwith core hours.
- Q5 - To add wording as follows, "The premises may open prior to core hours for the provision of soft drinks, teas, coffees and light snacks etc. Receptions, club meetings and indoor/outdoor sports may also take place at these times.
- Recorded music and televised sports may be played outwith core hours for the benefit of staff and customers. The outdoor area may be used. No alcohol will be sold without the benefit of an extended hours application.
- Q5(f) - To add wording as follows, "DJ's. live music, table tennis, pool, juke box, charity nights, quiz nights, community events, music, magicians, auctions, themed events, wine/beer tastings, samplings, promotional evenings, cabaret, live entertainment, comedy, darts playing, including electronic darts and other variations of the game of darts.
- Click and collect of alcohol and food. Licensed point of dispatch."

OBJECTIONS/REPRESENTATIONS

- Public Objection x 8
- The applicant has not accepted the External Areas Conditions

POLICY

Supplementary Policy – Licensed Hours

Whilst all applications will be dealt with on their own merits the Board considers it necessary for the promotion of the licensing objectives to set parameters with respect to licensed hours. Any application seeking hours outwith those detailed below will be expected to satisfy the Board that there are legitimate grounds for departing from policy and demonstrate that the granting of such hours would not be contrary to the licensing objectives.

On-Sale Premises

The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map.

The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters.

The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement.

The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

Outwith City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0000
Friday & Saturday	1000	0100
City Centre	Earliest Opening Hour	Latest Terminal Hour

Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour	
All off-sales premises	1000	2200

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.

- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.
- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Improve communication between the trade, partners and local communities.
- Impose additional licence conditions where appropriate to prevent public nuisance.
- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.

- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances
- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.

- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written procedures for managing incidents.
- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.
- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.

- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.
- Policies on crowd management and dispersal, both in the ordinary course of operation and in an emergency.
- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of

factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

Any person may, by notice to the Licensing Board—

(a) Object to the application on any ground relevant to one of the grounds for refusal or

(b) Make representations to the Board concerning the application.

If you are OBJECTING, please complete Part A of this form.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A – OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

--

(c) Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	Extending the scope of activities and opening hours will increase and exacerbate what is already an issue within the Strawberry Bank Development. On a regular basis the barriers to the car park are vandalised and damaged.

	Securing public safety	Extending the hours will increase the risk of drunkenness and anti-social behaviour, resulting in a higher chance of abuse and assaults.	
--	------------------------	--	--

	Preventing public nuisance	Extending the opening hours will increase/encourage groups of people to be rowdy and abusive.	
	Protecting and improving public health	Drunken individuals will consume even more alcohol which will result in even more vomiting and urinating in the streets. An increase in food and litter will be discarded which will also encourage seagulls, rats, and vermin.	
	Protecting children and young persons from harm	Increased noise levels can disturb young children's sleep which may expose them to noisy, anti-social behaviour.	

..

¹ Please indicate which of the factors apply, with a concise explanation why. Please delete any that do not apply.

PART B - REPRESENTATION	
I wish to make these representations to the Board concerning the application: —	
In support of the application.	
As to modifications which should be made to the Operating Plan	
As to conditions which should be imposed.	

Other representations	
-----------------------	--

Please add here any additional comments you wish to make. If you are submitting any background written materials in support of your Objection/Representation it would be helpful if you could list them here:-

(c) Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	As noted below, there have been instances of disorder from people leaving this venue, with fights and arguments breaking out, littering and general disorder.
Securing public safety	As above.

Preventing public nuisance	Inebriated people leaving this venue create nuisance by all the things that you would expect - entering people's gardens to urinate, leaving litter and bottles all over the place, shouting, fighting and creating disturbance. Even without being disorderly, inebriated people can be very loud and disturb sleep.
Protecting and improving public health	Two of the bedrooms in my house face directly on to Nox nightclub, less than 20 yards away, and when the venue is open, are unable to be used because of excessive noise generated by large queues, well in excess of 100 people, from around 2200-2430 and again when exiting the premises. BSS 8233:2014 recommends that ambient noise levels for bedrooms does not exceed 30dB from 2300 to 0700. I have made measurements myself with a dB meter in excess of 60dB during these hours, at double the acceptable level. It is totally unacceptable that they are seeking to extend this from the current 2-3 to 7 days a week. Expansion of the night time economy should not come at the expense of affecting people's health and well-being. There are other adjacent venues all looking to extend licensing that are totally incompatible with residential areas, making life intolerable in our residential area.
Protecting children and young persons from harm	
<p>(d) The premises are unsuitable for use for the sale of alcohol, having regard to¹—</p> <ul style="list-style-type: none"> (i) the nature of the activities proposed to be carried on in the subject premises, (ii) the location, character and condition of the premises, and (iii) the persons likely to frequent the premises. <p>Please explain why</p> <p style="text-align: center;">..</p>	

¹ Please indicate which of the factors apply, with a concise explanation why. Please delete any that do not apply.

- (e) Granting the application would result in overprovision of licensed premises, having regard to the number and capacity of—
- (i) licensed premises, or
 - (ii) licensed premises of the same or similar description as the subject premises,

Please explain why:

There are too many licensed premises in very close proximity. Wetherspoons, adjacent to Nox, and directly across from my house, has applied for planning permission for an open rooftop terrace, which will add an unacceptable increase in noise from people drinking outside. Between Nox and Wetherspoons, the BUD Bar is looking to reopen after being in a derelict state and The Spiritualist is also in close proximity. There are far too many similar establishments in close proximity to residential housing.

PART B - REPRESENTATION

I wish to make these representations to the Board concerning the application: —

In support of the application.

As to modifications which should be made to the Operating Plan

As to conditions which should be imposed.

Other representations

Notice of Objection or Representation

Please provide your name and postal address

Name	[REDACTED]
Address	[REDACTED]
Tel. No	
E-mail	[REDACTED]

Name and address of premises to which the objection or representation refers

NOX bar, Spiritualist and Bud Bar in Justice Mill Lane

Please give details of the objection or representation below (please continue on a separate sheet if necessary)

I live at Strawberry Bank Parade and i would like to object to the applications made by NOX bar, Spiritualist and Bud Bar for extended scope of activities and extended hours

Currently at the weekends the people who go to these premises shout and make noise through our development to go to these premises or come back from these premises and we cannot sleep or we are woken up. On several occasions they urinate and vomit in our development and also damage cars. This will become worse if their applications are granted

We do not want anti-social behaviour or potential violent/aggressive behaviour if they are confronted nor should the police be called regularly when all this could be prevented

This will also devalue our properties

I do wish to give my full details because i do not know what you will do with my personal data e.g you may present it as part of a petition which is made public. However, I am contactable by email

GUIDANCE NOTE ON MAKING AN OBJECTION OR REPRESENTATION TO A PREMISES LICENCE APPLICATION OR AN APPLICATION TO VARY AN EXISTING PREMISES LICENCE

In terms of the Licensing (Scotland) Act 2005 any person may object or make representation to an application for a premises licence or a variation of an existing premises licence.

Objections must be in writing and must be received by the date specified in the licence advert and on the notice which the applicant is required to display.

If you make an objection or representation you will be invited to attend the meeting of the Licensing Board where the application will be determined and will be given an opportunity to speak to the terms of your objection or representation should you so wish.

Objecting to an application

Where objecting to an application, the objection must be on any grounds relevant to the grounds for refusal.

The grounds for refusal are –

- that the subject premises are excluded premises,
- that the application must be refused under section 25(2), [no repeat application within 1 year of refusal], 64(2), [24 hour trading] or 65(3) [outwith off-sale statutory hours 10.00-22.00]
- that the Licensing Board considers that the granting of the application would be inconsistent with one or more of the licensing objectives, which are
 - (a) preventing crime and disorder
 - (b) securing public safety
 - (c) preventing public nuisance
 - (d) protecting and improving public health
 - (e) protecting children from harm
- that, having regard to—
 - (i) the nature of the activities proposed to be carried on in the subject premises,
 - (ii) the location, character and condition of the premises, and
 - (iii) the persons likely to frequent the premises,the Board considers that the premises are unsuitable for use for the sale of alcohol,
- that, having regard to the number and capacity of—
 - (i) licensed premises, or
 - (ii) licensed premises of the same or similar description as the subject premises,in the locality in which the subject premises are situated, the Board considers that, if the application were to be granted, there would, as a result, be overprovision of licensed premises, or licensed premises of that description, in the locality.

When objecting to an application please make clear on which ground(s) you are objecting and provide a clear and concise explanation why.

Making a representation

you may make representations to the Board concerning the application, including, in particular, representations—

- (i) in support of the application,
- (ii) as to modifications which the person considers should be made to the operating plan accompanying the application, or
- (iii) as to conditions which the person considers should be imposed.

If making a representation you should be clear and concise as to the nature of your representation.

If you are OBJECTING, please complete Part A of this form.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A – OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	<p>I have witnessed many incidents <u>directly related to this venue</u> just in the period between April 2022 to May 2023. Most of these incidents involve 2 (two) or more Police vehicles and more than 4 (four) Police Officers deployed to stop flights, arrest people and/or deal with highly intoxicated individuals.</p> <p>The current proposal to also make the venue a Licensed Point of Dispatch introduces a hazardous dimension, as it would invariably attract individuals navigating the premises and engaging with pick-up agents. Also, additional activities such as outdoor recorded music and televised sports beyond the established core hours, will serve as an impending catalyst for further chaos and distress leading to more incidents.</p> <p>Granting this Premise License Variation will only extend the scope and frequency of crime and disorder that directly relates to this venue.</p> <p>We have made a Freedom of Information Request (FIR) to obtain the number of Police incidents directly related to this venue and the severity of them. This FIR has not been answered by Police Scotland yet but I encourage the Board to seek this data. Ensure you look at the period from April 2022 to May 2023.</p>
Securing public safety	<p>The Variation of Premises License application submitted by this venue poses a significant risk to public safety and well-being.</p> <p>This venue is at a busy City Centre intersection. The concern lies in the risk imposed on the general public. The burgeoning foot traffic on busy nights at this highly congested five-street junction will require pedestrians to venture into the streets in order to manoeuvre around Picking-up agents associated with click-and-collect, law enforcement vehicles present at the venue when addressing frequent incidents, etc. This action will expose them to the imminent threat of vehicular accidents, considering the volume of traffic that prevails. Moreover, the notion that individuals are compelled to traverse an area marred by violent and unruly behaviour significantly compounds the risks to their personal safety</p> <p>I firmly assert that granting this application would be gravely detrimental to the safety of the residents and pedestrians in the vicinity.</p>

Preventing public nuisance

The prevailing noise disturbances that afflict my household are already intolerable, especially during the hours between 11pm to 3am Thursday to Sunday, when patrons queue outside this specific nightclub for extended durations. During such instances, the decibel levels in my bedroom soar to an astounding levels It is imperative to underscore that this cacophonous disruption is occurring under the aegis of the current License (see proof below).

The proposed inclusion of 'outdoor drinking facilities' in the License variation inherently implies an escalation in the outdoor activity, leading to heightened noise levels as a direct consequence. Additionally, the notion of establishing an 'outdoor area' for recorded music and televised sports will undoubtedly amplify the already burdensome noise emissions.

This Licensing Board holds a responsibility to prevent public nuisance, particularly given a residential area is right in front of this specific premise.

The proposed license extension, if sanctioned, would only serve to consolidate and perpetuate these disturbances to the profound detriment of the sleep and mental health that every resident is entitled to enjoy.

The contemplated Premises License Variation, permitting additional activities, extended hours and a licensed point of dispatch, are inexcusably imprudent. Granting such a license, under the circumstances mentioned above, is tantamount to endorsing a deterioration of the prevailing City Centre public safety and wellbeing. I urge the Licensing Board to rigorously assess the implications of this application and prioritize the paramount duty to secure public safety and prevention of crime and disorder. Your

The Application is for:	Provisional Premises Licence	<input type="checkbox"/>
	Premises Licence	<input type="checkbox"/>
	Variation of Premises Licence	<input checked="" type="checkbox"/>
	Occasional Licence	<input type="checkbox"/>

Any person may, by notice to the Licensing Board—

(a) Object to the application on any ground relevant to one of the grounds for refusal or

(b) Make representations to the Board concerning the application.

If you are OBJECTING, please complete Part A of this form.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A – OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

(a) The premises are excluded premises.

(b) The application must be refused because:

- the Licensing Board has refused a premises licence application in respect the premises less than a year before this application,
- Granting the application would have the effect of allowing alcohol to be sold on the premises during a continuous period of 24 hours or more or
- Granting the application would have the effect of allowing alcohol to be sold for consumption off the premises before 10:00, after 22:00 or both.

(c) Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	<p>The residents emphatically assert that the number of licensed establishments is significantly linked to the occurrences of criminal activities and disruptive conduct. Amidst the COVID-19 restrictions, the residents were able to directly connect the extent of gardens intrusions, rowdy behaviour, and acts of intimidation to the closure of NOX. As soon as NOX reopened, we witnessed an immediate resurgence of these problems.</p> <p>Granting a License Variation to this establishment would only contribute to the increase in unlawful activities and promote chaos. Conversely, by nullifying the License, the residents would be able to experience tranquillity during the nights, allowing the Police to fully carry out their responsibilities towards the law-abiding households in this city centre location.</p>
Securing public safety	<p>NOX is situated on the primary late night thoroughfare at the junction of five roads. In the early hours of the morning, specifically at 3 am, a substantial number of customers overflow onto the street. These patrons are largely composed of young individuals who are under the influence of alcohol and/or drugs, rendering them particularly susceptible. Despite numerous appeals from BARA, there has been a failure to implement any form of crowd management or dispersal, whether in routine operations or during emergency scenarios.</p> <p>There have been innumerable instances when motor vehicles narrowly avoided accidents, signalling the imminent occurrence of a major incident involving pedestrians and vehicles. Additionally, the nearby opening of Motif in the late hours has contributed to further congestion in the vicinity.</p>

<p>Preventing public nuisance</p>	<p>A flourishing night time economy has a significant impact on urban areas, contributing to both economic growth and a vibrant cultural atmosphere. However, the region encompassing Bon Accord, Justice Mill Lane, and Langstane Place presents a bustling night time economy intertwined with numerous public disturbances. These disturbances consist of incessant noise emanating from patrons queuing up, which can persist for up to two hours, as well as noise generated during closing time. Residents in the area often witness patrons from this venue engaging in unsanitary behaviours, and behaving generally inappropriately. These undesirable behaviours often take place in grounds of family homes with children, as well as a noise-sensitive establishment where the resident has been diagnosed with Functional Neurological Disorder (FND) and is particularly sensitive to light and noise disturbances. Not only do these disturbances disrupt the amenity of this residential area, but they also have adverse effects on the overall well-being of individuals of all ages, affecting both their physical and mental health.</p>
<p>Protecting and improving public health</p>	<p>The vibrant and intense atmosphere in the late-night venues in this area, results in the bar staff being unable to actively monitor the alcohol consumption of individuals. As a consequence, there is an escalating number of heavily intoxicated individuals roaming our streets. Residents have also expressed concerns about the recent upsurge in what appears to be drug-trafficking activity on the street. Residents have observed money for drug transactions between traffickers and venue patrons who then enter the venue. It is likely then that drugs are being consumed and perhaps sold in the venue. As a result, the Justice Mill and Langstane Place area has undergone significant changes, making it increasingly difficult to ensure a guaranteed safe passage home. It's time to re-introduce the overprovision for the area.</p>
<p>Protecting children and young persons from harm</p>	<p>The Bon Accord / Langstane Place / Justice Mill Lane area is currently experiencing an excessive number of licensed establishments specifically catering to individuals under the age of 25. Consequently, this abundance of venues exposes vulnerable young people to an environment centered around the consumption of alcohol, negatively impacting their overall well-being. The conversion of 2 hotels in this very area into student accommodation will further exacerbate the problem. The licensing board has an obligation to recognize the alterations occurring among residents. The board should recognize their obligation and moral duty to protect the welfare of these young individuals. Re-introduce the overprovision for the area would be a favourable progression toward achieving a positive outcome.</p>
<p>(d) The premises are unsuitable for use for the sale of alcohol, having regard to¹—</p> <ul style="list-style-type: none"> (i) the nature of the activities proposed to be carried on in the subject premises, (ii) the location, character and condition of the premises, and (iii) the persons likely to frequent the premises. <p>Please explain why</p> <p style="text-align: center;">..</p>	

¹ Please indicate which of the factors apply, with a concise explanation why. Please delete any that do not apply.

- (e) Granting the application would result in overprovision of licensed premises, having regard to the number and capacity of—
- (i) licensed premises, or
 - (ii) licensed premises of the same or similar description as the subject premises,

Please explain why:

PART B - REPRESENTATION

I wish to make these representations to the Board concerning the application: —

In support of the application.

As to modifications which should be made to the Operating Plan

As to conditions which should be imposed.

Other representations

Please add here any additional comments you wish to make. If you are submitting any background written materials in support of your Objection/Representation it would be helpful if you could list them here:-

- (b) Make representations to the Board concerning the application.**

If you are OBJECTING, please complete Part A of this form.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A - OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	<p>We were out for dinner as a family at Harmony on the 18th of June 2022 when just in front of the window we were seated at an altercation took place between the bouncers of NOX and some drunk patrons, my children were transfixed. A lot of police officers and several police vehicles came and arrests were made. It was like an episode of 'The 'Bill', but unfortunately not fiction just a regular Saturday night occurrence where we live.</p> <p>Mixing live sporting events and extending drinking hours will inevitably lead to even more crime and disorder. Imagine the shouts and roars when goals/tries are scored combine this with the early afternoon pre-match drinking and the post-match celebrations/drowning of sorrows.</p> <p>Granting this Premise License Variation will only extend the scope and frequency of crime and disorder that directly relates to this venue.</p>
Securing public safety	<p>When NOx is open and people are queuing to get in, coming out to smoke, coming out to move to another venue or particularly when coming out at the end of the night and not dispersing for extended periods, there are very drunk and thus very vulnerable people ambling around in the middle of the street in front of NOx which happens to be a 5-street junction. This is unsafe for the inebriated people and for drivers who must try and get around them.</p> <p>I firmly assert that granting this application would be gravely detrimental to the safety of the residents and pedestrians in the vicinity.</p>

Preventing public nuisance	<p>To put it simply we can already hear and feel the vibrations from the indoor music emanating from NOx when it is open for business. If NOx is given permission to have an outdoor drinking area where they can play live sports and recorded music then there would be no building fabric to attenuate the noise. Thus, the public nuisance caused by noise would be so much more intrusive and disruptive to the sleep of my family including my two school age children than is already the case.</p> <p>When NOx is open there is a lot of noise when people are queuing to get in but the worst point which is almost guaranteed to wake us all up for an extended period (at 2 or 3am depending on the night) is when the venue shuts and the NOx patrons hang around shouting, singing, having heated arguments etc The student events were the worst and these revellers also took the longest to disperse and I felt even more resentful of having our sleep disturbed as we would have to get up for school and work the following day as these events were held on school nights. There are many serious health implications in terms of both physical and mental health to ongoing sleep disruption particularly for growing children.</p> <p>I was very concerned about the wording of the variation. Reading the text, I had the impression that NOx was applying for a variation that would allow them to open whenever they wanted irrespective of what their licenced hours are? NOx requested to add a list of activities including outdoor drinking facilities and televised sport outside of their core hours. They also requested to add indoor and outdoor sports as an activity within or out with their core hours. The variation states that recorded music and televised sport may be played out with core hours. Finally, there was a mention of a further application for alcohol be sold during these extended hours. They can already open 14/15 hours/day, the thought of extended hours that are not even regulated and may ultimately include alcohol sales is unacceptable. It will make the area uninhabitable. The health and welfare of residents must be protected from the possibility of such intrusive and disruptive activity.</p>
----------------------------	---

The contemplated Premises License Variation, permitting additional activities, extended hours and a licensed point of dispatch, are inexcusably imprudent. Granting such a license, under the circumstances mentioned above, is tantamount to endorsing a deterioration of the prevailing City Centre public safety and wellbeing.

I urge the Licensing Board to rigorously assess the implications of this application and prioritize the paramount duty to secure public safety and prevention of crime and disorder.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A - OBJECTION	
I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-	
(a) The premises are excluded premises.	
<p>(b) The application must be refused because:</p> <ul style="list-style-type: none"> • the Licensing Board has refused a premises licence application in respect the premises less than a year before this application, • Granting the application would have the effect of allowing alcohol to be sold on the premises during a continuous period of 24 hours or more or • Granting the application would have the effect of allowing alcohol to be sold for consumption off the premises before 10:00, after 22:00 or both. 	
(c) Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.	
Objective	Objection
Preventing crime and disorder	<p>The venue already FOCUSES people at night approaching in at and leaving the venue, The venue is approx. 20m from the first house with garden in bon accord conservation area. the application allows people to drink outside the venue at night, and may increase the effective CAPACITY of the venue.</p> <p>The bon accord justice mill intersection region is a hot spot for antisocial behaviour at night. The licensing board should confirm this with Police Scotland - If police Scotland concur this is a material consideration, If police do not concur, residents would ask the board to engage with them per Scottish Gov guidance in 2023 re evidenced views as Residents are strongly of the view that it is a hot spot. And a night visit would be encouraged.</p>

	<p>Securing public safety</p>	<p>Allowing the application will place more drinkers in the hot spot referred to above. Entry into properties at night arises from people intoxicated. placing more drinkers in the vicinity of the hot spot increases the risk of public safety from intoxicated people entering gardens and consequent actions.</p> <p>bon accord justice mill intersection region is a hot spot for antisocial behaviour at night. The licensing board should confirm this with Police Scotland - If police Scotland concur this is a material consideration, If police do not concur, residents would ask the board to engage with them per Scottish Gov guidance in 2023 re evidenced views as Residents are strongly of the view that it is a hot spot. And a night visit would be encouraged</p> <p>The wide range of uses and activities proposed seems to be a plan to permit/ support more alcohol sales to people in and outside the venue more often.</p>	
--	-------------------------------	---	--

<p><u>Preventing public nuisance</u></p>	<p>See comments on public safety as relevant to public nuisance. In addition placing drinkers OUT IN THE OPEN NOT 20M FROM THE FIRST HOUSE in the Bon Accord Conservation Area INCREASES THE NUISANCE NOISE LEVEL IN THE REGION. Noise has been measured by residents previously and the decibel levels can be measured going forward.</p> <p>bon accord justice mill intersection region is a hot spot for antisocial behaviour at night. The licensing board should confirm this with Police Scotland - If police Scotland concur this is a material consideration, If police do not concur, residents would ask the board to engage with them per Scottish Gov guidance in 2023 re evidenced views as Residents are strongly of the view that it is a hot spot. And a night visit would be encouraged</p>
<p><u>Protecting and improving public health</u></p>	
<p><u>Protecting children and young persons from harm</u></p>	

- (d) The premises are unsuitable for use for the sale of alcohol, having regard to¹—
- (i) the nature of the activities proposed to be carried on in the subject premises,
 - (ii) the location, character and condition of the premises, and
 - (iii) the persons likely to frequent the premises.

Please explain why The proposal would place drinkers on the street late at night within 20m of the houses and gardens of BARA conservation region. Thus the proposals are unsuitable under (I,ii,iii)

¹ Please indicate which of the factors apply, with a concise explanation why. Please delete any that do not apply.

- (e) Granting the application would result in overprovision of licensed premises, having regard to the number and capacity of—
- (i) licensed premises, or
 - (ii) licensed premises of the same or similar description as the subject premises,

Please explain why:the expansion of more people at this venue, with more drinning outside increases the capacity and the noise impact. This worsens an already unwelcome situation for residents near the HOT STOP of antisocial behaviour discussed in earlier paragraphs.

PART B - REPRESENTATION

I wish to make these representations to the Board concerning the application: —

In support of the application.

As to modifications which should be made to the Operating Plan

As to conditions which should be imposed.

Other representations

Please add here any additional comments you wish to make. If you are submitting any background written materials in support of your Objection/Representation it would be helpful if you could list them here:-

LICENSING BOARD INFORMATION SHEET

TYPE OF APPLICATION: VARIATION OF PREMISES LICENCE

PREMISES: PORTALS BAR, 17 CASTLE STREET ABERDEEN. AB11 5BQ

DESCRIPTION

Major variation

- To allow premises outdoor drinking facilities and change capacity from 70 to 86 in total to include outside drinking area.
- To add outdoor drinking area to layout plan

OBJECTIONS/REPRESENTATIONS

The applicant has accepted the External Areas Conditions

POLICY

Supplementary Policy – Licensed Hours

Whilst all applications will be dealt with on their own merits the Board considers it necessary for the promotion of the licensing objectives to set parameters with respect to licensed hours. Any application seeking hours outwith those detailed below will be expected to satisfy the Board that there are legitimate grounds for departing from policy and demonstrate that the granting of such hours would not be contrary to the licensing objectives.

On-Sale Premises

The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map.

The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all

premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters.

The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement.

The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

Outwith City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0000
Friday & Saturday	1000	0100

City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour	
All off-sales premises	1000	2200

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity

of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.
- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Improve communication between the trade, partners and local communities.

- Impose additional licence conditions where appropriate to prevent public nuisance.
- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.
- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances

- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written procedures for managing incidents.
- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.

- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.
- Policies on crowd management and dispersal, both in the ordinary course of operation and in an emergency.
- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.

- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.

- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to

reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

Friday & Saturday	1000	0100

City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour	
All off-sales premises	1000	2200

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.
- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.

- Improve communication between the trade, partners and local communities.
- Impose additional licence conditions where appropriate to prevent public nuisance.
- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.
- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness

- Illegal substances
- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written procedures for managing incidents.
- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.

- Adherence to the Board's Drugs Policy.
- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed activities to be carried out.
- Policies on crowd management and dispersal, both in the ordinary course of operation and in an emergency.
- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.

- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.

- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to

reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

TYPE OF APPLICATION: VARIATION OF PREMISES LICENCE

PREMISES: SALTOUN ARMS, 69 FREDRICK STREET, ABERDEEN. AB24 5HY

DESCRIPTION

Major variation to allow premises offer both on and off sale of Alcohol from 10:00 - 22:00 Monday - Sunday

OBJECTIONS/REPRESENTATIONS

- None

POLICY

Supplementary Policy – Licensed Hours

Whilst all applications will be dealt with on their own merits the Board considers it necessary for the promotion of the licensing objectives to set parameters with respect to licensed hours. Any application seeking hours outwith those detailed below will be expected to satisfy the Board that there are legitimate grounds for departing from policy and demonstrate that the granting of such hours would not be contrary to the licensing objectives.

On-Sale Premises

The Board considers it appropriate to distinguish hours within the city centre from outlying areas. The city centre area is that shown delineated on the undernoted map.

The hours stated below are the earliest acceptable opening hour and latest acceptable terminal hour, and not the maximum permissible hours. The terminal hours stated below are the latest permissible and will not be appropriate for all premises. It will be the responsibility of the licence holder or applicant to demonstrate that the premises is suitable for the hours sought. Additional conditions will normally be added to all premises seeking licensed hours after 1am including but not limited to CCTV, door stewards and radiolink. A link to

examples of the standard local conditions can be found in the Supplementary Policy on General Licensing Matters.

The Board considers 15 hours continuous trading to be reasonable within any 24-hour period and so the opening or terminal hour should be adjusted accordingly to comply with this requirement.

The opening hours for casinos remains in line with the statutory hours in terms of the Gambling Act 2005, namely 1200 – 0600 daily.

Outwith City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0000
Friday & Saturday	1000	0100

City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour	
All off-sales premises	1000	2200

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.
- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Improve communication between the trade, partners and local communities.
- Impose additional licence conditions where appropriate to prevent public nuisance.

- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.
- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances

City Centre	Earliest Opening Hour	Latest Terminal Hour
Sunday to Thursday	1000	0200
Friday & Saturday	1000	0300

Off-Sale Premises

Maximum trading hours for off-sale premises are set by statute. The Board have no power to grant off-sales hours prior to 1000 or after 2200 hours. It should be noted that these are the maximum permitted hours and the Board may restrict these hours if it can be shown to be necessary for the promotion of the licensing objectives.

Earliest Opening Hour	Latest Terminal Hour	
All off-sales premises	1000	2200

Preventing Public Nuisance

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Location of premises. In particular the proximity to residential or noise sensitive premises such as medical facilities, sheltered housing, schools, places of worship, nurseries and suchlike.
- Hours of operation. Closely related to the location of the premises, the hours of operation should reflect what is appropriate for the surrounding neighbourhood. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Nature of activities. Any activities carried on in the licensed premises should not be detrimental to the ambience of the locality.
- Outdoor areas. The Board will include a Supplementary Policy on this issue, but applicants will require to ensure that the inclusion of an outdoor licensed area in any premises is appropriate and will not contravene the licensing objective of preventing public nuisance.
- Smoking areas. These should be designed to minimise public nuisance and regularly monitored to cut down on noise and litter.

- Noise from patrons entering and exiting the premises.

What the Board Will Do:

- Consider the proximity of proposed licensed premises to noise sensitive premises when considering applications.
- Ensure that licensed hours and activities are appropriate for the type of premises and locality. The terminal hours indicated in the Supplementary Policy on Licensed Hours are the maximum available and will not be suitable for all premises.
- Improve communication between the trade, partners and local communities.
- Impose additional licence conditions where appropriate to prevent public nuisance.
- Highlight best practice where available and increase awareness and education on potential areas of risk.

What the Board Will Expect of Licence Holders/Applicants:

- Take a proactive approach to public nuisance with a risk-based approach.
- Be mindful of the location of the premises, hours of operation and activities.
- Comply with all conditions of the premises licence.
- Ensure appropriate control measures are in place and staff training is up to date and relevant.
- Consider public nuisance when establishing the design and layout of the premises.
- Adequate supervision of any outdoor area, smoking area and patrons entering/exiting the premises.
- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

PREVENTING CRIME & DISORDER

The Board is committed to improving the quality of life for the people of the city by adopting and enforcing policies designed to increase community safety and reduce the threats of crime and disorder.

In terms of this licensing objective the Board considers there to be a number of factors including, but not limited to:

- Underage drinking
- Drunkenness
- Illegal substances
- Violent behaviour
- Anti-social behaviour
- Vulnerability

In order to combat the risks inherent with the sale of alcohol the Board will seek to operate a partnership approach with licence holders, applicants and partner agencies.

What the Board Will Do:

- Apply appropriate conditions to licences to mitigate the risk of potential crime or disorder, including but not limited to a local condition on duty of care on all on-sales premises.
- Ensure all policies are up to date and fit for purpose.
- Work closely with all stakeholders to ensure all relevant information is kept up to date and accessible.
- Endorse initiatives designed to prevent crime and disorder.
- Consider the review of licences where a breach of the licensing objective cannot be rectified by other means.

What the Board Will Expect of Licence Holders

- Effective and responsible management of premises including evidence of written procedures for managing incidents.
- Up to date training and supervision of staff.
- Provision of effective CCTV in and around premises.
- Provision of external lighting and security measures.
- Employment of SIA registered door supervisors when appropriate.
- Use of radiolink or other such scheme.
- Adherence to the Board's Drugs Policy.
- Enforcement of Challenge 25.
- Adoption of best practice guidance where available.
- Evidence of a relevant dispersal policy where appropriate.
- Co-operation with police and Licensing Standards Officers.

What the Board Will Expect of Partner Agencies

- Provision of all relevant up to date information as the Board requires.
- Involvement in mediation/intervention procedures to rectify any problem areas.
- Involvement in Premises Licence Review as a last resort

SECURING PUBLIC SAFETY

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.

- Fire safety.
- Suitability of glassware or alternatives to glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

What the Board Will Do:

- Promote education and awareness of potential risks.
- Apply additional licence conditions where appropriate for the purposes of this licensing objective.
- Facilitate effective communication between all relevant parties.
- Disseminate relevant information from partner agencies as widely as possible.
- Review licences as a last resort.

What the Board Will Expect of Licence Holders/Applicants:

- High standards of maintenance of premises.
- Membership of schemes to secure public safety such as radiolink and pubwatch.
- Glassware or alternatives to glassware including toughened or safety glass frequently cleared
- Accurate disability access statements. Although these are only required for new applications the Board would encourage all existing premises to consider the preparation of an appropriate statement for publication.
- Clear and accurate signage in and around premises.
- Fully completed risk assessments where appropriate, for both premises and proposed

activities to be carried out.

- Policies on crowd management and dispersal, both in the ordinary course of operation

and in an emergency.

- Regular maintenance and testing of security and operating systems.
- Designation of a “safe space” within the premises in which vulnerable persons can be provided with assistance.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

What the Board Will Expect of Partner Agencies:

- Co-operative approach.
- Effective communication and the sharing of up to date relevant information.
- Involvement in a licence review as a last resort.

Protecting Children and Young Persons from Harm

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.

- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.

Supplementary Policy – External Drinking Areas

The Board recognises that the incorporation of outdoor areas within the licensed footprint of premises can enhance the operation of such premises but considers that it also attracts additional responsibilities on the part of the licence holder to uphold the licensing objectives.

Before an application to licence an outdoor area will be considered the area in question must benefit from the necessary planning permission and, if required, a pavement permit from the Roads Department of Aberdeen City Council.

All outdoor areas must be delineated on the layout plan forming part of the premises licence and outdoor drinking should be included as an activity within the body of the licence.

The Board will expect premises who currently utilise unlicensed outdoor areas to incorporate such areas within the premises licence by way of variation.

Applicants and licence holders must demonstrate that the areas will not contravene the licensing objectives, in particular with regard to noise, litter and antisocial behaviour. The areas must be regularly monitored, and glassware removed.

The Board will routinely attach additional conditions where an outdoor area is licensed including but not restricted to:

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.

- No amplified music or entertainment to take place in the outdoor area.

The terminal hour may be further restricted, and drinks may be required to be decanted into alternatives to glassware if appropriate.

6 CONDITIONS ATTACHING TO LICENCES

6.5 The Board has devised a number of local conditions which may be attached to premises licences.

Duty of Care - It is a condition that the licence holder must have in place a duty of care policy to ensure a standard approach is taken when any patron appears to be displaying signs of excessive intoxication. The purpose of this policy is to reduce vulnerability through intoxication, however attained. All staff must have training in identifying signs of excessive intoxication and an enhanced awareness of vulnerability through intoxication. This should include use of material such as the 'Who are You' video (whoareyou.nz) or similar. All related training should be recorded and such records available for inspection by Police and Licensing Standards Officers.

Drugs Policy - It is a condition that the licence holder has in place and enforces the drugs policy formulated by Police and attached hereto and displays a notice to the effect that such a drugs policy is in operation at the premises.

Radio Link - It is a condition that the licence holder is a member of the local Radio link Scheme

Any person may, by notice to the Licensing Board—

(a) Object to the application on any ground relevant to one of the grounds for refusal or

(b) Make representations to the Board concerning the application.

If you are OBJECTING, please complete Part A of this form.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A – OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

--

(c) Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	Extending the scope of activities and opening hours will increase and exacerbate what is already an issue within the Strawberry Bank Development. On a regular basis the barriers to the car park are vandalised and damaged.

	Securing public safety	Extending the hours will increase the risk of drunkenness and anti-social behaviour, resulting in a higher chance of abuse and assaults.	
--	------------------------	--	--

	Preventing public nuisance	Extending the opening hours will increase/encourage groups of people to be rowdy and abusive.	
	Protecting and improving public health	Drunken individuals will consume even more alcohol which will result in even more vomiting and urinating in the streets. An increase in food and litter will be discarded which will also encourage seagulls, rats, and vermin.	
	Protecting children and young persons from harm	Increased noise levels can disturb young children's sleep which may expose them to noisy, anti-social behaviour.	

..

¹ Please indicate which of the factors apply, with a concise explanation why. Please delete any that do not apply.

PART B - REPRESENTATION	
I wish to make these representations to the Board concerning the application: —	
In support of the application.	
As to modifications which should be made to the Operating Plan	
As to conditions which should be imposed.	

Other representations	
-----------------------	--

Please add here any additional comments you wish to make. If you are submitting any background written materials in support of your Objection/Representation it would be helpful if you could list them here:-

Objective	Objection
Preventing crime and disorder	
Securing public safety	

<p>Preventing public nuisance</p>	<p>The license variation refers to outdoor drinking and the usage of outdoor facilities for a significantly greater scope of activities. The Spiritualist is 10-13 metres away from bedrooms with minors of school age and from other residential flats. As such, the requested increase in scope will generate additional noise which will adversely affecting their sleep pattern which in turn has implications on their physical and mental health.</p> <p>The spiritualist music can be heard by residents in their gardens as the doors to the premises open and close. Outdoor events will mean this noise with be a more constant issue.</p> <p>In the past year police have asked residents in the area for CCTV footage/ information due to incidents of antisocial behaviour in the area. There is concern that outdoor drinking facilities and activities out with core hours, will only had to the frequency of antisocial behaviour in the residential area (within 10m of the premises).</p>
<p>Protecting and improving public health</p>

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A - OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Securing public safety	<p>The Variation of Premises License application submitted by this venue increases the threat to public safety and well-being.</p> <p>This venue is at a busy City Centre intersection. The proposal to make the venue a Licensed Point of Dispatch introduces a hazardous dimension, as it would invariably attract individuals navigating the premises and engaging in pick-up activities and with picking-up agents. The concern lies in the following risk which would be imposed on the general public: The heavy footfall at this highly congested five-street junction will require pedestrians to venture into the street in order to avoid or manoeuvring around picking-up agents related to the Licensed Point of Dispatch. Moreover, the notion that individuals are compelled to traverse an area marred by violent and unruly behaviour significantly compounds the risks to their personal safety.</p> <p>I firmly assert that granting this application would be detrimental to the safety of the residents and pedestrians in the vicinity.</p>
Preventing public nuisance	<p>The prevailing noise disturbances that affect my household are already intolerable. It is imperative to stress that this disruption is occurring under the aegis of the current License and it comes directly from music (and music base) that is played at this specific premise. The building is NOT adequate to contain high volume music and music base. Currently, the music base is felt as a vibration in bedrooms of nearby properties. In addition, on hot and/or busy nights given the building does not have air conditioning, the premise opens the windows which let music pollution out until late hours.</p> <p>In addition, the proposed inclusion of 'outdoor drinking facilities' in the License variation inherently implies an escalation in the outdoor activity, leading to heightened noise levels as a direct consequence. The notion of establishing 'outdoor sports' as an activity within core hours will undoubtedly amplify the already burdensome noise emissions.</p> <p>This Licensing Board holds a responsibility to prevent public nuisance, particularly given a residential area is right in front of this specific premise. The proposed license extension, if sanctioned, would only serve to consolidate and perpetuate noise disturbance which is detrimental to residents sleep and mental health.</p>

The contemplated Premises License Variation, permitting additional activities, extended hours and a licensed point of dispatch, are inexcusably imprudent. Granting such a license, under the circumstances mentioned above, is tantamount to endorsing a deterioration of the prevailing City Centre public safety and wellbeing right in front of a residential area. I urge the Licensing Board to rigorously assess the implications of this application and prioritize the paramount duty to secure public safety and prevention of crime and disorder.

(a) Object to the application on any ground relevant to one of the grounds for refusal or

(b) Make representations to the Board concerning the application.

If you are OBJECTING, please complete Part A of this form.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A - OBJECTION	
I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-	
(a) The premises are excluded premises.	
<p>(b) The application must be refused because:</p> <ul style="list-style-type: none"> • the Licensing Board has refused a premises licence application in respect the premises less than a year before this application, • Granting the application would have the effect of allowing alcohol to be sold on the premises during a continuous period of 24 hours or more or • Granting the application would have the effect of allowing alcohol to be sold for consumption off the premises before 10:00, after 22:00 or both. 	
(c) Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.	
Objective	Objection
Preventing crime and disorder	<p>The venue already FOCUSES people at night approaching in at and leaving the venue, The venue is approx. 20m from the first house with garden in bon accord conservation area. the application allows people to drink outside the venue at night, and may increase the effective CAPACITY of the venue.</p> <p>The bon accord justice mill intersection region is a hot spot for antisocial behaviour at night. The licensing board should confirm this with Police Scotland - If police Scotland concur this is a material consideration, If police do not concur, residents would ask the board to engage with them per Scottish Gov guidance in 2023 re evidenced views as Residents are strongly of the view that it is a hot spot. And a night visit would be encouraged.</p>

	<p>Securing public safety</p>	<p>Allowing the application will place more drinkers in the hot spot referred to above. Entry into properties at night arises from people intoxicated. placing more drinkers in the vicinity of the hot spot increases the risk of public safety from intoxicated people entering gardens and consequent actions.</p> <p>bon accord justice mill intersection region is a hot spot for antisocial behaviour at night. The licensing board should confirm this with Police Scotland - If police Scotland concur this is a material consideration, If police do not concur, residents would ask the board to engage with them per Scottish Gov guidance in 2023 re evidenced views as Residents are strongly of the view that it is a hot spot. And a night visit would be encouraged</p> <p>The wide range of uses and activities proposed seems to be a plan to permit/ support more alcohol sales to people in and outside the venue more often.</p>	
--	-------------------------------	---	--

<p><u>Preventing public nuisance</u></p>	<p>See comments on public safety as relevant to public nuisance. In addition placing drinkers OUT IN THE OPEN 20M FROM THE FIRST HOUSE in the Bon Accord Conservation Area INCREASES THE NUISANCE NOISE LEVEL IN THE REGION. Noise has been measured by residents previously and the decibel levels can be measured going forward.</p> <p>bon accord justice mill intersection region is a hot spot for antisocial behaviour at night. The licensing board should confirm this with Police Scotland - If police Scotland concur this is a material consideration, If police do not concur, residents would ask the board to engage with them per Scottish Gov guidance in 2023 re evidenced views as Residents are strongly of the view that it is a hot spot. And a night visit would be encouraged</p>
<p><u>Protecting and improving public health</u></p>	
<p><u>Protecting children and young persons from harm</u></p>	

- (d) The premises are unsuitable for use for the sale of alcohol, having regard to¹—
- (i) the nature of the activities proposed to be carried on in the subject premises,
 - (ii) the location, character and condition of the premises, and
 - (iii) the persons likely to frequent the premises.

Please explain why The proposal would place drinkers on the street late at night within 20m of the houses and gardens of BARA conservation region. Thus the proposals are unsuitable under (I,ii,iii)

¹ Please indicate which of the factors apply, with a concise explanation why. Please delete any that do not apply.

- (e) Granting the application would result in overprovision of licensed premises, having regard to the number and capacity of—
- (i) licensed premises, or
 - (ii) licensed premises of the same or similar description as the subject premises,

Please explain why:the expansion of more people at this venue, with more drinKing outside increases the capacity and the noise impact. This worsens an already unwelcome situation for residents near the HOT STOP of antisocial behaviour discussed in earlier paragraphs.

PART B - REPRESENTATION

I wish to make these representations to the Board concerning the application: —

In support of the application.

As to modifications which should be made to the Operating Plan

As to conditions which should be imposed.

Other representations

PART A – OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

(a) The premises are excluded premises.

(b) The application must be refused because:

- the Licensing Board has refused a premises licence application in respect the premises less than a year before this application,
- Granting the application would have the effect of allowing alcohol to be sold on the premises during a continuous period of 24 hours or more or
- Granting the application would have the effect of allowing alcohol to be sold for consumption off the premises before 10:00, after 22:00 or both.

(c) Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	The Spiritualist establishment is located at a vibrant and busy intersection, surrounded by several bustling venues. As a result, there is a significant presence of people on the streets and frequent traffic movement. Introducing a Licensed Point of Dispatch at this venue would introduce additional food delivery staff who carry heavy bags of food and work on strict delivery schedules. This would further worsen the potential for conflicts and confrontations. It is expected that these circumstances will eventually give rise to disagreements, altercations, and an overall feeling of disorder.
Securing public safety	There have been innumerable instances when motor vehicles narrowly avoided accidents, signalling the imminent occurrence of a major incident involving pedestrians and vehicles. Additionally, the nearby opening of Motif in the late hours has contributed to further congestion in the vicinity. The suggested inclusion of a Licensed Point of Dispatch would further contribute to the congestion in the area, thereby introducing elevated risks of accidents involving food delivery riders. In addition, due to the scarcity of legal parking spaces, delivery drivers will resort to parking illegally. This not only creates significant disturbances for the residents living near the location but also increases the likelihood of a serious incident occurring, especially considering the high pedestrian traffic in the area.

<p>Preventing public nuisance</p>	<p>The Spiritualist is a late-night establishment that serves food and cocktails. It is housed in a historical building that is surrounded by residential properties, all within a short distance of less than 10 meters. While some may argue that the venue is suitable for its original purpose as a restaurant or bar, it is not appropriate to be a late-night establishment due to the lack of adequate sound barriers required for amplified music and high levels of bass sound. The minor changes made to the venue have proven ineffective in reducing the noise that escapes from within, disturbing the peace of the nearby residents. Furthermore, the insufficient air conditioning system forces the venue to open windows for ventilation, which further worsens the noise issue. Additionally, the outdoor seating area located at the front of the venue that accommodates 25-30 patrons, is used both day and night.</p> <p>Unfortunately, this area lacks any sound partitions to minimize the disruptive noise.</p> <p>In addition to the aforementioned problems with noise, the primary dancing section showcases a reflective sphere that emits dynamic lights from within the establishment, directly towards the street in front of a dwelling. This home happens to be occupied by an individual diagnosed with Functional Neurological Disorder (FND), making them exceptionally sensitive to both auditory and visual disruptions caused by noise and light.</p>
<p>Protecting children and young persons from harm</p>	<p>Over time, like many other venues in the area, Spiritualist has evolved its business approach toward the +/- 25 age group.</p> <p>With an abundance of young vulnerable adolescents, courtesy of the 3 student accommodation sites in the immediate vicinity, Spiritualist is yet another exposing vulnerable young people to an environment catering around the consumption of alcohol, negatively impacting their overall well-being.</p> <p>The licensing board has an obligation to recognize the alterations occurring among residents. The board should recognize their obligation and moral duty to protect the welfare of these young individuals. Re-introduce the overprovision for the area would be a favourable progression toward achieving a positive outcome.</p>
<p>(d) The premises are unsuitable for use for the sale of alcohol, having regard to¹—</p> <ul style="list-style-type: none"> (i) the nature of the activities proposed to be carried on in the subject premises, (ii) the location, character and condition of the premises, and (iii) the persons likely to frequent the premises. <p>Please explain why</p> <p style="text-align: center;">..</p>

The Application is for:	Provisional Premises Licence	<input type="checkbox"/>
	Premises Licence	<input type="checkbox"/>
	Variation of Premises Licence	XX
	Occasional Licence	<input type="checkbox"/>

Any person may, by notice to the Licensing Board—

- (a) Object to the application on any ground relevant to one of the grounds for refusal or**
- (b) Make representations to the Board concerning the application.**

If you are OBJECTING, please complete Part A of this form.

If you are MAKING REPRESENTATIONS, please complete Part B of this form.

PART A - OBJECTION

I object to a premises licence being granted to the above premises, on the following grounds (delete any that do not apply):-

Granting the application would be inconsistent with one or more of the licensing objectives. Please indicate which of the licensing objectives the application would be inconsistent with, along with a concise explanation why. Please delete any of the objectives that do not apply.

Objective	Objection
Preventing crime and disorder	Live screening of sporting events both inside and outside means more alcohol consumed with an earlier starting time and therefore more very drunk and badly behaved people spilling out onto the street at closing time leading inevitably to more crime and disorder.
Securing public safety	The junction to the front of The Spiritualist is very busy with often very drunk pedestrians, the street to the side of The Spiritualist is frequently reduced to a single narrow lane between two lots of illegally parked cars on either side of that part of Bon Accord Terrace meaning cars that meet coming from opposite directions often have to reverse to allow the other car to pass, with all the pedestrians this poses a risk to public safety.

	Preventing public nuisance	<p>I can already hear and feel the music coming from this venue inside my house. I can also hear the people in the outside sitting area. In early summer when it was warm the noise from inside the building was particularly intrusive, I suspect they may have been obliged to open some windows.</p> <p>My biggest concern about this variation is the addition of indoor/outdoor sports as an activity within and out with core hours. Live screening of sporting events particularly outside would mean lots of roaring and shouting. Live screening of sporting events both inside and outside means more alcohol consumed with an earlier starting time and therefore more very drunk and badly behaved people spilling out onto the street by closing time.</p> <p>The second thing that I am worried about is the click and collect of alcohol and food, licensed point of dispatch addition, where are these customers going to park? The yellow lines to the side of our side and across the street to the side of The Spiritualist are always already full with illegally parked cars from late evening onwards. With a row of illegally parked cars on either side of our end of Bon Accord Terrace, the road is reduced to one lane, which means reversing around corners when you meet oncoming traffic. People also often park across our entrance meaning that we cannot get in or out.</p> <p>I was very concerned about the wording of the variation. Reading the text, I had the impression that The Spiritualist was applying for a variation that would allow them to open whenever they wanted irrespective of what their licenced hours are? The Spiritualist requests to add among other activities receptions, recorded music and outdoor drinking facilities, as an activity within and out with core hours. They also request to add indoor/outdoor sports as an activity within and out with core hours. That the premises may open prior to core hours and that the external area may be used out with core hours. The venue can already open 14 hours/day, the thought of extended hours that are not even regulated is unacceptable. The health and welfare of residents must be protected.</p>	
--	----------------------------	---	--

The contemplated Premises License Variation, permitting additional activities, extended hours and a licensed point of dispatch, are inexcusably imprudent. Granting such a license, under the circumstances mentioned above, is tantamount to endorsing a deterioration of the prevailing City Centre public safety and wellbeing.

I urge the Licensing Board to rigorously assess the implications of this application and prioritize the paramount duty to secure public safety and prevention of crime and disorder.

Alcohol harm in Aberdeen City

There are **630** places you can buy alcohol in Aberdeen City.

438 on-sales premises (pubs and restaurants).

192 off-sales premises (supermarkets and shops).

Source: Scottish Government, Scottish Liquor Licensing Statistics 2020-21

In Aberdeen City around **1 in 3 men (31%)** and **1 in 5 women (20%)** drink at levels harmful or hazardous to their health.

In Scotland as a whole, **1 in 4 people** drink above the low-risk guidelines.

Source: Scottish Health Survey 2019

In 2020, **36** people died in Aberdeen City because of alcohol.

There were **1,190** alcohol-specific deaths across the whole of Scotland in 2020.

Source: National Records for Scotland, 2021.

There were **1245** alcohol-related hospital admissions in Aberdeen City in 2020/21.

Rates of hospital admissions in Aberdeen City were **lower** than the Scottish average.

Source: Public Health Scotland, 2021.

33% of 13 year olds and **67%** of 15 year olds have ever had an alcoholic drink in Aberdeen City.

Source: SALSUS, 2018

Parental drinking was a concern identified for **24%** of children on the child protection register in Scotland.

Source: Scottish Government, Children's Social Work Statistics 2020-2021

Alcohol harms cost Aberdeen City **£120.90m** annually. This is **£557** per person.

HEALTH SERVICE:	£10.11m
SOCIAL CARE:	£12.19m
CRIME:	£53.66m
PRODUCTIVE CAPACITY:	£44.96m
TOTAL COST:	£120.92m

The above total cost does not include wider social costs that estimate the value of non-paid work and intangible social costs associated with people who experience premature mortality from alcohol-related diseases. As these costs are hard to estimate accurately they have been excluded from the overall total, but are believed to be somewhere in the range of £35.23m-£65.01m for Aberdeen City.

Introduction

This paper provides an update to the Licensing Board following the meeting of the Forum on Tuesday 22nd August 2023.

1. Aim of the Local Licensing Forum.

Forum members have discussed and agreed a draft statement of the aim of the Local Licensing Forum. This complements what the Licensing Act 2005 defines as the purpose of Forums. Our Forum discussion was a useful way of teasing out our views about our purpose and how we might achieve it. Views from the Licensing Board would be appreciated. (See Appendix 1)

2. Programme of reports for the coming year.

The Forum agreed at its meeting in June to have a programme of reports from Forum members with the aim of identifying areas to be brought to the attention of the Licensing Board and/or in order to make recommendations to the Board. The programme began with a presentation from John Mooney, Grampian Health Board representative on alcohol related admissions to ARI and attendances at A&E. John made reference to Alcohol Focus Scotland data and a summary sheet of this attached.

- **Alcohol related admissions to ARI and to A&E - summary.**

Alcohol related hospital admissions and 'stays' for Aberdeen have been on a downward trend since around 2012 / 13 - but this should be seen against the drive to reduce 'stays' for all causes. As has recently been highlighted only this week, alcohol related deaths in Scotland as a whole have returned to a historical high and are at their highest level for 14 years [Alcohol deaths rise to highest level in 14 years - BBC News](#)

We know for Scotland as a whole and for Aberdeen, there is a very pronounced social gradient in alcohol related mortality, the chances of dying from alcohol related causes being around 6 times higher for those in the most disadvantaged areas - a gradient that is also clearly in evidence for Aberdeen and has become increasingly polarised as more affluent groups have seen a slight reduction. As economic conditions continue to bite, we know from recent history that these trends are likely to be exacerbated.

While men still account for the majority of alcohol related deaths, deaths are rising in women, in whom the average age of death from alcohol related causes is younger.

There will be a similar presentation from Police Scotland at the November meeting of the Forum. This will be followed by a presentation from Social Work Services relating to both adults and children at the January meeting of the Forum.

3. Annual Functions Report

In October 2021 it was agreed that the Forum would make recommendations on how the Annual Functions Report could be developed to make it more informative and more engaging for all stakeholders. This work has now been completed and a paper has been forwarded to Sandy Munro for consideration by the Board. (See Appendix 2)

Elaine Mottram

Convenor, Aberdeen City Local Licensing Forum

ABERDEEN CITY LOCAL LICENSING FORUM

Draft statement of aims

Local Licensing Forums are established in all local authority areas in Scotland in accordance with The Licensing Scotland Act 2005 [Licensing \(Scotland\) Act 2005 \(legislation.gov.uk\)](https://www.legislation.gov.uk/ukpga/2005/10). The Licensing Board is responsible for all decisions regarding licenses for the sale of alcohol in each local authority area. However, while the Forum has no role in relation to the granting of licenses, it is a key component in managing the impact of alcohol use in Aberdeen City. In line with the 2005 Act, the Forum will provide feedback and recommendations to the Board in relation to the safe use of alcohol and the upholding of the licensing objectives, which are

- Preventing Crime and Disorder**
- Securing Public Safety**
- Preventing Public Nuisance**
- Protecting and Improving Public Health**
- Protecting Children from Harm**

In order to carry out its role the Forum explores the use of alcohol in the City within the context of the 5 Licensing Objectives. The Forum provides feedback and recommendations to the Licensing Board with the aim of creating a safe and healthy environment for all.

The Forum aims to influence Licensing Board decisions around both off sales and on sales premises. These may relate to decisions regarding local licensing hours, location and number of establishments and/or help steer trading best-practice. In order to achieve this, our recommendations and feedback to the Board will be based on data from health, the police, social work services, the licensing team and others.

Our aim is to provide reliable feedback based on measurable impacts of alcohol use, for example, police data on crime, assaults etc; health data on the long-term impact of alcohol use, alcohol related attendances at A&E; relevant social work services data; community data gathering and other measurable sources we identify over time.

We will be proactive in identifying key metrics that will illustrate the problems we wish to be addressed. We will make recommendations and monitor impact.

Discussed and agreed Local Licensing Forum meeting – 22 August 2023

ABERDEEN CITY LOCAL LICENSING FORUM

Review of Annual Functions Report and recommendations

Introduction

Licensing Boards have been required to publish an Annual Functions Report (AFR) within 3 months of the end of each financial year since 2018. The first reports were required to be published by licensing boards for the 2017-18 financial year.

The 2005 Licensing (Scotland) Act states that AFR **“should contain a statement explaining how the Board has had regard to the licensing objectives, their statement of licensing policy, and any supplementary statement of licensing policy in the exercise of their functions under the 2005 Act during the financial year”**.

In October 2021 at the annual Joint Meeting of the Aberdeen Licensing Board and the Local Licensing Forum it was agreed that the Forum would **“explore ways of developing the Annual Functions Report in order that (a) it is more informative and engaging for all Local Licensing Forum members, the community and Community Councils; and (b) better equips the Local Licensing Forum to carry out its statutory purpose of keeping under review the liquor licensing system and the functioning of the licensing board” (extract from minute of Joint Meeting October 2021)**.

The Forum has used AFRs published by other Licensing Boards, the review undertaken by Alcohol Focus Scotland in 2019 of published Annual Functions Reports around Scotland and the recent Scottish Government Guidance for Licensing Boards to develop this report.

The review is outlined under the following headings:-

1. **Meeting statutory requirements**
2. **Overview of the changes in the “licensing landscape” year on year.**
3. **Supporting local communities to understand how the Licensing Board operates and promotes the licensing objectives**
4. **How the Board reflects on its effectiveness and what data (police, health etc) it uses to inform their reflection**
5. **Board Forum interface**

1. Meeting statutory requirements

The Aberdeen City Licensing Board has published an AFR within 3 months of the end of the financial year in each of the years from 2018 to 2022.

The recent Scottish Government Guidance for Licensing Boards [licensing-scotland-act-2005-section-142-guidance-licensing-boards \(1\).pdf](#) states that **“Licensing Boards must keep the effectiveness and rationale of the statement of licensing policy under review and make revisions as and when appropriate”**.

The Forum considers that the Annual Functions Reports which have been published so far summarise clearly the decisions which the Board has taken both to approve and to reject applications but are less clear in explaining how the Board has had regard to its statement of Licensing Policy and to the 5 Licensing Objectives.

2. Overview of the changes in the “licensing landscape” year on year.

The Forum proposes that the Annual Functions Report should include information which illustrates the changes in what we have described as the “licensing landscape” in Aberdeen City so that comparisons can be made from one year to the next. Examples are

- a) how opening hours have changed – numbers of premises open until 12midnight, until 2am, 3am.
- b) numbers of premises with opening hours outwith policy
- c) geographical overview of where both off-sales and on-sales premises are located
- d) total numbers of on-sales licenses and total number of off-sales licenses trading
- e) total numbers of premises which have closed during the year and the number which continue to hold a license but are not trading.

It is recognised that licensed premises generate income which is important for the City. Where this is quantifiable this should be included in the Annual Functions Report.

An overview of the reasons for the refusal of applications for a license should also be included.

3. Supporting local communities to understand how the Licensing Board operates and promotes the licensing objectives

Reports should be meaningful and useful to their audience and contain an appropriate breadth and depth of information. To achieve this the Board must be in possession of feedback from Community Councils, the community in general and other local stakeholders to understand what would make reports more informative and engaging for them.

An indicator of how well the community engage with the licensing process is how often representations are made regarding an application and the effectiveness of those representations.

4. How the Board reflects on its effectiveness and what data (police, health etc) it uses to inform their reflection

The mechanisms the Board uses to reflect on and monitor the implementation of its local Licensing Policy, to assess their progress in upholding and promoting the 5 Licensing Objectives are important elements of a transparent licensing process. The Annual Functions Report provides an opportunity to provide stakeholders with an overview of how the Board continuously reflects on its effectiveness.

5. Board Forum interface

The Local Licensing Forum is required by statute to keep under review the operation of the licensing process. The mechanisms by which the Board and Forum jointly ensure that this role is carried out are an important part of the licensing process. While important progress has been made recently there should be a continuous process of review and reflection and the Annual Functions Report should include an update on what has happened during the year in this regard.

Recommendations for the Board and Annual Functions Report

The Annual Functions Report should

- a) include an outline of how the Board has had regard to its statement of Licensing Policy and to the 5 Licensing Objectives in its decision making.
- b) outline how the “licensing landscape” has changed year on year.
- c) outline how the Board has sought and taken into account feedback from stakeholders to ensure that the Report is meaningful and engaging.
- d) consider creative mechanisms to ensure that the Report reaches the relevant audiences in a way which is engaging.
- e) outline the number of occasions there have been representations regarding an application and which licensing objectives have been referenced.
- f) include the mechanisms the Board uses to reflect on and monitor the implementation of its Licensing Policy and to assess their progress in upholding and promoting the 5 Licensing Objectives. It should also include any actions they have identified as a result of their reflection. Examples of actions could be seeking information to understand the impact of alcohol use on local communities and/or requesting additional data to support the Board’s assessment of their impact.
- g) outline how the Board and Forum work together to achieve both their objectives.

**Elaine Mottram, Convenor, and William Rae, Vice Convenor
Aberdeen City Local Licensing Forum
August 2023**

ABERDEEN CITY LICENSING BOARD

LICENSING BOARD DATE: 26 September 2023

CLERK TO THE LICENSING BOARD: Jenni Lawson

TITLE OF REPORT: Aberdeen Licensing Board Annual Functions Report 2022/23

REPORT AUTHOR: Sandy Munro, Solicitor

1. PURPOSE OF REPORT

To invite the Licensing Board (“The Board”) to approve this Annual Functions Report.

2. RECOMMENDATIONS

That the Board:

- (1) approve this Annual Functions Report and;
- (2) authorise the Clerk to the Board to proceed with the publication of this Annual Functions Report.

3. BACKGROUND

- 3.1 Licensing Boards must produce and publish annual functions reports and annual financial reports.
- 3.2 This report should contain a statement explaining how the Board has had regard to the licensing objectives, their licensing policy statement, and any supplementary licensing policy statement in the exercise of their functions during the financial year.

4. HOW THE BOARD EXERCISES ITS FUNCTIONS

- 4.1 The Licensing (Scotland) Act 2005 as amended (“the Act”) sets out regulations for the sale of alcohol and regulations for licensed premises and other premises on which alcohol is sold.
- 4.2 The Act has five licensing objectives which the Board must have regard to when exercising its functions. These objectives are: -
 - (i) Preventing crime and disorder
 - (ii) Securing public safety
 - (iii) Preventing public nuisance

- (iv) Protecting and improving public health
- (v) Protecting children and young persons from harm

- 4.3 The Board deals with all applications in accordance with the legislation, and in particular the five above objectives, together with its Statement of Licensing Policy which is based on the objectives.
- 4.4 The Board has determined all applications in line with the Statement of Licensing Policy. The Board has routinely applied additional conditions on the operation of outdoor drinking areas to ensure minimum disruption to the surrounding area and a condition that restaurants offering a delivery service can only supply alcohol alongside a food delivery. It has also determined all applications for licensed hours in line with the Statement of Licensing Policy.
- 4.5 The Board has also worked closely with partner agencies including Police Scotland, NHS Grampian, the local licensing forum and Licensing Standards Officers to ensure the satisfactory operation of licensed premises. As a result, problems can be identified and addressed at an early stage and this reduces the need for Premises Licence Reviews after the fact.
- 4.6 A summary of the Board's position in terms of the statistics which the Board has to provide the Scottish Government is enclosed as Appendix 4.
- 4.7 The increase in the terminal hour for on-sales premises has allowed operators a flexibility that has rendered the need for General Extensions less important. Accordingly, in line with recent years, the Board restricted the issue of General Extensions to the festive period.

5. SUMMARY OF DECISIONS OVER THE LAST FINANCIAL YEAR

- 5.1 A Summary of all decision made by the Licensing Board can be found on the Licensing Board's Website at <https://committees.aberdeencity.gov.uk/ieListMeetings.aspx?CommitteeId=151>

6. THE NUMBER OF LICENCES IN THE BOARDS AREA

- 6.1 See Appendix 1 – Premises Licences
- 6.2 See Appendix 2 - Personal Licences
- 6.3 See Appendix 3 – Occasional Licences

1a - Premises Licences In Force

Revocations of personal licences during 2022-2023 under section 87(3) (failure to provide evidence of having undertaken refresher training)	373

ABERDEEN CITY Licensing Report 2022-2023

**POLICE
SCOTLAND**
Keeping people safe

OFFICIAL
NOT PROTECTIVELY MARKED

Foreword

It gives me great pleasure to provide the Annual Licensing Report for 2022/23, in accordance with Section 12(A) Licensing (Scotland) Act 2005.

Police Scotland has continued to achieve success by focussing on prevention, early intervention and enforcement. This has been made far more effective with the continued support of the many active partnerships that exist within the 32 Local Authorities across Scotland.

This collaborative working is vital to ensuring a fair and consistent approach to licensing while focussing on preventing alcohol fuelled violence, disorder and antisocial behaviour.

In the year ahead our approach will remain focused on prevention and collaboration to ensure efficient and effective service delivery. I will continue to encourage officers and staff to utilise the range of options available to improve licensing standards, reduce violence and to positively influence behaviour and attitudes across Scotland.

I would like to take this opportunity to thank our local partnerships and acknowledge their contribution in continuing to drive improvements with the Licensed Trade, and for the communities we all serve.

Sir Iain Livingstone QPM

Chief Constable

Police Service of Scotland

Police Scotland Licensing Overview –

LICENSING BOARD AREA

The Aberdeen City Licensing Board area is policed by North East Division

Chief Superintendent Graeme Mackie is the Local Police Commander who has the responsibility for all day-to-day policing functions.

Local Policing Priorities

Following our public consultation process, the policing priorities for North East Division, as set out in our Local Policing Plan are as follows;

- Antisocial Behaviour, Violence and Disorder
- Acquisitive Crime
- Protecting Vulnerable People
- Road Safety and Road Crime
- Serious Organised Crime
- Counter Terrorism and Domestic Extremism

OPERATION OF THE LICENSING (SCOTLAND) ACT 2005

The North East Division Licensing Team is located across the division in Aberdeen, Inverurie, Elgin and Stonehaven. All staff have a division wide remit and a working knowledge of all the areas covered.

The North East Division Licensing Team, supported by Community Policing Officers, has promoted the Police Service of Scotland's force priorities alongside the five licensing objectives, the overarching principles and aims of the Licensing (Scotland) Act 2005.

The national economic downturn is having a notable impact upon the Licensing Trade, which is evident in the reduction of customers and the number of licensing related incidents dealt with by Police Scotland.

In the reporting period, as statutory consultees, the team responded to the Board regarding applications for 490 occasional licences or extended hours, 19 premises or provisional premises applications, 296 personal licence applications and 97 premises variations or premises licence transfer applications.

Where any query arises from any such application, a member of the team will seek to discuss the application with the applicant, or the applicant's agent, to ensure that responses to the Board by means of representation or objection are considered, reasonable and proportionate.

OFFICIAL
NOT PROTECTIVELY MARKED

The team enjoys a strong working relationship with the Local Authority Licensing Standards Officers. Both teams meet on a regular basis to share information and regularly conduct joint visits to licensed premises, on both a pro-active and reactive basis.

North East Division Licensing Team is represented on the Local Licensing Forum and it works alongside the following groups and organisations to jointly improve local licensing issues:

- Community Safety Partnership;
- Local Pubwatch initiatives;
- Local Security Industry companies.

Reviewing incidents on, or connected to, licensed premises is a key part of our day-to-day business.

Community based Police Officers are encouraged and expected to routinely visit licensed premises within their area. Aberdeen City benefits from a dedicated Weekend Policing Plan to support the night time economy.

Within the reporting period, there were 3053 inspections (visits) to licensed premises within Aberdeen City recorded on the InnKeeper system. This is an increase of 671 inspections from the previous reporting year.

Any Police Officer who attends an incident at a licensed premises is expected to submit a concise report via the InnKeeper system, particularly when the incident involves violence, disorder, anti-social behaviour, drunkenness, drug misuse, underage drinking, breaches of licensing legislation or any other matter that might impact on public safety.

Within the reporting period, there were 227 incidents connected to licensed premises within Aberdeen City recorded on the InnKeeper system. This is a decrease of 88 incidents from the previous reporting year.

The information obtained may show a causal link between the operation of the premises and the incident. An incremental intervention process allows for issues to be addressed quickly and effectively at an early stage. This includes a low level 'interaction' which may involve a discussion between the Police and the premises management and/or licence holder. The level of engagement from within the Aberdeen City licensed trade is very good and in many instances, this approach reduces recurrence or escalation.

Premises may become 'monitored' with closer attention being paid to any incidents occurring there. This is often undertaken in conjunction with tasked, supportive visits to the premises by uniformed Police Officers.

However, where necessary, the staged process allows for more formal intervention to support premises where the need for support has been identified. A premises

OFFICIAL
NOT PROTECTIVELY MARKED

licence holder and the premises management may be asked to meet with the Police, when concerns will be discussed. This will often involve an agreed action plan being put in place, with a reasonable time scale for completion.

The most common example of an agreed 'action' is refresher training of staff covering their responsibilities including the sale of alcohol to underage or intoxicated persons, 'Challenge 25' and the general terms and conditions of the licence held.

Should the intervention stage not bring about the necessary changes, or be otherwise unsuccessful, the next stage is the submission of a premises licence review application for the consideration of the Licensing Board.

Over the reporting period there were four premises in Aberdeen City that were subject to a period of monitoring or intervention.

Partnership working between the Police, the Licensing Standards Officers and the premises licence holders and premises' management teams allows us to resolve any issues and often prevents the necessity to bring matters to the attention of the Licensing Board by premises licence review application.

In the reporting period there were no premises licence review applications or Closure Order applications submitted to the Board.

The North East Division Licensing Team also has a system in place which monitors certain conduct of Personal Licence holders. Should such a licence holder be charged with any offence, this is brought to the attention of the team. Should the circumstances appear to be inconsistent with any of the five licensing objectives, consideration will be given to bringing this to the attention of the Board by way of a personal licence review. In addition, should an individual be convicted of a relevant offence, this will undergo the same scrutiny.

PREVENTING THE SALE OR SUPPLY OF ALCOHOL TO CHILDREN OR YOUNG PEOPLE

Aberdeen City attracts a lower number of reports of underage drinking or youth congregation involving alcohol in comparison to other towns and cities across Scotland.

Where a person under 18 years of age is found to be either under the influence of alcohol, drinking alcohol in a public place or in possession of alcohol, the Police Officer involved will take all appropriate steps to ascertain the source of the alcohol.

Where information that cannot be fully evidenced is received regarding the sale of alcohol to children and young persons, in accordance with the national guidance contained within the 'Alcohol Toolkit', letters will be sent to licensed premises in the area reminding them of their responsibilities and requesting extra vigilance.

If such concerns were to continue in respect of specific premises, then other operational strategies would be considered.

OFFICIAL
NOT PROTECTIVELY MARKED

There were no reported cases of alcohol being purchased by a person under the age of 18 within Aberdeen City during the reporting period.

In support to the Protection of Children from Harm licensing objective, applications for premises licences and variations to premises licences come under close scrutiny often resulting in the submission of letters of objection, or more commonly, of representation, in which the imposition of conditions in respect of on sales, with regard to the times and terms in which children can be on such premises, will be recommended by the Chief Constable.

TACKLING SERIOUS AND ORGANISED CRIME

Many of the processes and procedures involved in licensing applications are carried out to guard against Serious Organised Crime Groups (SOCG) infiltrating the licensed trade in any way. There are a number of these groups operating within Aberdeen City, of whom Police Scotland continually monitor, disrupt and take enforcement action against. This scrutiny is further enhanced with the nation-wide InnKeeper system. This database contains details of all liquor and civic licences for every Division in Scotland, and enhances our information sharing in respect of premises and people in the licensed trade as they move about the country and work in multiple venues.

If such an SOCG were able to gain a foothold in licensed premises this would afford the criminal group a seemingly legitimate income stream, which could be no more than a veneer for other criminal activities such as money laundering, tax evasion, drug and people trafficking and other dishonest activities.

Many of the procedures currently carried out by the North East Divisional Licensing Team, particularly in relation to new premises licences and the transfer of premises licences are done to ensure complete financial transparency and to ensure there are no business related irregularities which may be indicative of SOCG involvement.

Frequent and directed Police attendance and contact with licensed premises also increases the opportunity for irregularities to be identified or reported.

As part of this, the North East Division Licensing Team regularly liaise with Police Interventions staff who are aware of SOCG activity within the Division to ensure that applicants are not affiliated in any way to such groups, before responding to the Licensing Board.

The consistent high profile approach and interaction with licensed premises in direct correlation with the aforementioned close scrutiny in the application process should reinforce the work carried out to maintain this position.

OFFICIAL
NOT PROTECTIVELY MARKED

PROPOSED ACTIVITY FOR THE YEAR AHEAD

Over the forthcoming year, North East Division Licensing Team, in conjunction with Community Policing Teams, will work alongside licensed premises, to ensure that these premises are adhering to the spirit of the legislation and operate in a manner that supports the five licensing objectives. We aspire to increasing our number of supportive visits to licensed premises and hope to see a continued reduction in the number of incidents taking place on licensed premises.

We will continue to work closely with the Aberdeen City Council Licensing Team, for example; sharing information and joint premises inspections. We are also seeking to strengthen our existing relationships with the Security Industry Agency and our colleagues in the NHS.

We will ensure our people have the skills and knowledge to enable them to target and reduce violent crime, disorder and anti-social behaviour and will work with our partners to develop and deliver a collaborative approach to prevent these issues.

The Divisional Licensing Team will continue to work closely with our National Licensing Policy Unit to ensure the local delivery of policing services by ensuring a consistent approach is taken in tackling alcohol related violence, disorder and anti-social behaviour linked to licensed premises.

It is intended that our involvement and participation in public safety campaigns will continue. The team will be actively engaged in promoting the national 'It'll cost you' campaign aimed at deterring proxy sales of alcohol for supply to children and young persons.

We aim to work closely with the licensed trade, seeking to improve licensing standards in premises by continuing the proactive approach adopted by the Divisional Licensing Team and maintaining a robust inspection policy throughout the Division to identify any potential shortcomings with appropriate reporting to the Licensing Board as required.

By working with established partnerships but particularly with the licensed trade, we hope to continue to see a reduction in alcohol-related crime, particularly violence, whether perpetrated within licensed premises, public places or private spaces. To conclude we would like to thank you for your continued support and we look forward to a successful 2023/2024.
