- 2.6 grant delegated powers to the Chief Officer - Governance to amend the population figures where appropriate on receipt of the data zone information in the Autumn 2024 and thereafter on an annual basis; and
- 2.7 note that the Scheme would come into effect just prior to the Community Council Triennial Elections due to be held in October 2024.

3. CURRENT SITUATION

Review of the Scheme for the Establishment of Community Councils

- 3.1 No further comments on the Scheme or associated Guidance documents were received during stage two consultation. The documents presented with this report are the final versions and attached at Appendices 1 and 2.

Consultation Responses

- 3.2 Public Consultation on the Scheme, boundary proposals and associated documents commenced on 18 December 2023 and ended on 29 February 2024. During the consultation four responses on the boundaries were received.

Boundary Proposals

Rosehill and Stockethill/Woodside and Hilton Community Councils (CC's)

- 3.3 Residents within the triangle encompassing Leslie Road, Clifton Road, Great Northern Road, Lilybank Place and Burnett Place (currently within Rosehill and Stockethill CC boundary) were canvassed to seek their views on the boundary proposal. The proposal from the consultation is to transfer that section into Woodside and Hilton CC boundary, as shown in Map 1 at Appendix 4. The consultation responses are included in Appendix 3.

Bucksburn and Newhills and Dyce and Stoneywood CC's

- 3.4 During stage one consultation, an alternative boundary proposal was submitted by Bucksburn and Newhills CC. The responses from stage one were held to this meeting to enable members to have the full data in one report.
- 3.5 During stage one consultation, residents within the new housing development at Craibstone were canvassed to seek their views on the boundary proposal. During both stages, views were sought by centre users at the Beacon and at Dyce Community Centre. The proposal from the consultation is to transfer the area at Craibstone including the round-a-bout into Bucksburn and Newhills CC boundary, as shown in Map 2 at Appendix 6 and Map 3 at Appendix 7. The consultation responses are included in Appendix 5.

Change of Name of two Community Councils

- 3.6 With the boundary change at Danestone CC, as advised at Council on 23 August 2023, Danestone CC will change to Danestone and Persley CC to accommodate the new section.

During the consultation for Rosehill and Stockethill boundary, residents within Ashgrove requested that consideration be given to changing the name of the CC to better reflect the area that they cover. The new name will be Ashgrove and Stockethill CC.

Data zones and CC population

- 3.7 Community Council population figures are based on the data from the 2011 Census, which identifies data zones for Aberdeen City. The data zones are matched as close as possible to the CC boundaries however in some cases the data zone is too large and covers sections of more than one CC. For these situations, the data zone is allocated to the CC that holds the majority of the population. In the boundary change for Bucksburn and Newhills the data zone is currently allocated to Kingswells based on the census data for 2011.

The census population data for lower level geographies is due to be published in May this year with the new data zone boundaries due to be published sometime in the Autumn. At this stage, the data zones will be matched to CC boundaries and the population figures updated for all CCs.

4. FINANCIAL IMPLICATIONS

- 4.1 There are no direct financial implications from the report.

5. LEGAL IMPLICATIONS

- 5.1 Section 22 of the Local Government etc. (Scotland) Act 1994 outlines the process for amending the Local Authority Scheme for the Establishment of Community Councils. This section requires that the Council consult the public on proposed changes to the Scheme.

Introduction

Community Councils were first established in Scotland following the Local Government (Scotland) Act 1973. Thereafter, the Local Government etc. (Scotland) Act, 1994, which produced the current system of unitary local authorities, made provision for the continuation of Community Councils. Under the legislation, every local community in Scotland is entitled to petition their local authority to establish a Community Council in their area.

Community Councils are voluntary bodies which exist within a statutory framework and which have been granted statutory rights of consultation.

The general purpose of a Community Council shall be to ascertain, co-ordinate and express to the local authorities for its area, and to public authorities, the views of the community which it represents, in relation to matters for which those authorities are responsible, and to take such action in the interests of that community as appears to it to be expedient and practicable.

They can complement the role of the local authority although they are not part of local government.

The Council is committed to helping, supporting and collaborating with Community Councils especially when they are struggling to achieve their aims, meet their responsibilities or maintain membership numbers. Being able to maintain membership is a democratic necessity and the Council recognises that this can be an issue for some Community Councils. When numbers go below the required minimum, the Council will not automatically dissolve the Community Council and will take a more proactive and supportive route, working with Community Council members to help them achieve the minimum numbers required.

The Scheme will come into operation prior to the commencement of the triennial elections in October 2024 when the new term for Community Councils begins in Aberdeen City. The Scheme will be subject to review periodically prior to each new term.

1. Statutory Purposes

The statutory purposes of Community Councils established under the Scheme are set out in Section 51 (2) of the Local Government (Scotland) Act 1973, as follows:-

In addition to any other purpose which a Community Council may pursue, the general purpose of a Community Council shall be to ascertain, co-ordinate and express to the local authorities for its area, and to public authorities, the views of the community which it represents, in relation to matters for which those authorities are responsible, and to take such action in the interests of that community as appears to it to be expedient and practicable.

2. Establishment of Community Councils

2.1 Areas

2.1.1 Aberdeen City Council has produced list of community council areas including a full written description. These are available in Guidance 1 – Area Descriptions. Maps which outline their boundaries can be requested by contacting the Community Council Liaison Officer at communitycouncils@aberdeencity.gov.uk

2.2 Existing Community Councils

2.2.1 Aberdeen City Council shall organise elections for all Community Councils in October every three years.

2.3 Where no Community Council exists

2.3.1 To establish a new Community Council, an application submitted by 20 residents, who are on the electoral register for that area must be submitted to the Community Council Liaison Officer. On receipt of the application form, Aberdeen City Council shall arrange an election for that area.

3. Role and Responsibilities

The general purpose of Community Councils is to act as a voice for their local area.

This will involve them articulating the views and concerns of local people in their area on a wide range of issues of public concern and make representations to the Local Authority, other public sector bodies and private agencies on matters within their sphere of interest.

Community Councils should have in place mechanisms to encourage public involvement and feedback to secure greatest possible involvement from all sectors of the community which may include consultations, questionnaires, public meetings and effective means to publicise the determinations of the community council.

3.1 Role

- 3.1.1 Community Councils have a statutory right to be consulted on planning applications and licensing applications.
- 3.1.2 Community Councils are a type of community participation body as defined under the Community Empowerment Act 2015. They have the authority to make participation requests to a public service authority to permit them to participate in an outcome improvement process.
- 3.1.3 Community Councils should develop robust and effective working relationships with the City Council and other agencies.
- 3.1.4 Community Councils may be consulted on any other matters by the Local Authority, Community Planning Partnership and other public sector and private agencies.
- 3.1.5 Community Councils may carry out other activities that are in the general interests of the communities they represent, provided those activities fall within the objectives of their Constitution and the terms of the Scheme for the Establishment of Community Council.
- 3.1.6 In the case of complex planning applications, it may be impractical for Community Councils to perform a full consultation affecting the whole community where the proposal might benefit from a formal consultation, collate the feedback and lodge a meaningful representation within the timescales allowed. In this case Community Councils may lodge representations based on material considerations affecting the interests of their community provided they have also advertised the application in their community and encouraged members of the community to make their own representations.
- 3.1.7 In carrying out their activities Community Councils must at all times comply with their statutory duties; the terms of the Scheme; Constitution; Standing Orders; and the Community Councillors' Code of Conduct.
- 3.1.8 Each Community Council is required to adopt a Constitution, Standing Orders and the Code of Conduct. The Community Council's Constitution is required to be approved by the Local Authority. The purpose of these documents is to:
- encourage and maintain consistency for all Community Councils,
 - facilitate properly structured and regulated proceedings, and
 - ensure that items of business relevant to the community are properly debated and decisions are reached in a democratic manner.

3.2 Responsibilities

Community Councils have a duty under statute to represent the views of their local community. It is vital therefore, that they reflect the broad spectrum of opinion and interests across the community.

In order to fulfil their responsibilities and in being effective and representative, Community Councils shall:

- 3.2.1 Inform the community of the work and decisions of the Community Council by posting agendas and minutes of meetings in public places, such as libraries, notice boards and online, subject to the provisions contained within the General Data Protection Regulation (GDPR) which came into force on 25 May 2018.
- 3.2.2 Provide publicly available contact information such as names, addresses, telephone numbers, email addresses and website links to enable members of the public to contact them.
- 3.2.3 Allow members of the public to attend all meetings of the Community Council and ensure they have the opportunity to address the Community Council.
- 3.2.4 Send agendas and draft minutes of Community Council meetings to Community Council members, the Community Council Liaison Officer and to relevant elected members and other interested parties.
- 3.2.5 Have in place consultative mechanisms to encourage public involvement to secure greatest possible involvement from all sectors of the community it represents. This could be in form of consultations, questionnaires, public meetings and providing information to the community.
- 3.2.6 Seek to broaden both representation and expertise by promoting the Associate Membership of the Community Council of persons for specific projects/issues.
- 3.2.7 Make particular efforts to encourage young people and other under-represented groups to attend/participate in Community Council meetings and to ensure equality of opportunity in the way the Community Council carries out its functions.
- 3.2.8 Maintain proper financial records and present financial reports at Community Council meetings.
- 3.2.9 Inform the Community Council Liaison Officer of any change in membership (resignations, associate members) and circumstances, as soon as is practicable.

4. Membership of Community Councils

- 4.1 There shall be a minimum and maximum membership number of elected Community Councillors in a Community Council, as set out in Guidance 1

- 4.4 Community Council candidates for membership must be named on the current electoral register for the Community Council area in which they reside as a local government elector.
- 4.5 There shall be provision made for non-voting Associate Membership for purposes as defined by each Community Council.

Guidance 5 - Code of Conduct for Community Councils

1. Introduction

- 1.1 Members of Aberdeen City Council are bound by the Councillors' Code of Conduct. This is a legally binding code of conduct, imposed by law and enforced by the Standards Commission for Scotland.
- 1.2 Members of Community Councils, normally referred to as Community Councillors, are not bound by the Councillors' Code of Conduct. However, Aberdeen City Council expects all Community Councils to adopt this Code of Conduct. This Code will apply to all Community Councillors representing Community Councils in Aberdeen.
- 1.3 This Code of Conduct has been developed in line with the key principles of behaviour expected from Community Councillors. It has also been developed to emphasise and protect the important work done by Community Councils.

2. Community Councils

- 2.1 Are voluntary bodies, existing within a statutory framework found in the Local Government (Scotland) Act 1973;
- 2.2 Must operate within the framework set out by the Scheme for the Establishment of Community Councils;
- 2.3 Have a key role to play in supporting a decentralised pattern of local government and service delivery;
- 2.4 Have a statutory right to be consulted on planning and certain licensing applications;
- 2.5 Can jointly agree matters between the Community Council, the Council and other public and private sector bodies;
- 2.6 Should be proactive in identifying and assessing issues of concern affecting its local community by:
 - taking into account views expressed by the public;
 - considering relevant evidence;
 - conveying findings and conclusions to the relevant authority for consideration; and
 - working, and co-operating, with the Council to ensure successful consultation and working in all areas of the Council's responsibilities.

3. Key Principles

- 3.1 The key principles which underpin this Code of Conduct are:

Duty

I have a duty to act in the interests of the Community Council as a whole and of all members of the communities served by it. I will be accessible to all the people of the area for which I have been elected or adopted to serve and will represent their interests conscientiously.

Selflessness

I will take decisions solely in terms of the public interest. I must not act in order to gain financial or other material benefit for myself, family or friends.

Integrity

I must not place myself under any financial or other obligation to any individual or organisation that might reasonably be thought to influence me in the performance of my duties, or when making decisions at Community Council meetings.

Accountability and Stewardship

I am accountable for my decisions and actions. I must consider issues on their merits, taking account of the views of others, and I must ensure that the Community Council uses its resources prudently and in accordance with the law.

Openness

I must be as open as possible about my decisions and actions, giving reasons for my decisions and restricting information only when the wider public interest clearly demands.

Honesty

I must act honestly. I must declare any private interests relating to my public duties and take steps to resolve any conflicts arising in a way that protects the public interest.

Leadership

I must promote and support these principles by leadership and example and to maintain and strengthen the public's trust and confidence in the integrity of the Community Council and its Councillors in conducting public business.

Respect

I must respect all other Community Councillors and the role they play, treating them with courtesy at all times. Similarly, I must respect members of the public when performing my duties as a Community Councillor, and when representing the Community Council on official business.

- 3.2 For the avoidance of doubt, failure to comply with one or more of the key principles is not, in itself, a breach of this Code of Conduct. However, compliance with the key principles will be examined in the event of any alleged breach of the Code of Conduct.

4. My Responsibilities as a Community Councillor

- 4.1 I acknowledge that the public has high expectations of all representatives, including Community Councillors. These expectations include, but are not limited to, the way in which Community Councillors conduct themselves when undertaking their duties.
- 4.2 I will ensure that those public expectations are met by making sure that my conduct is beyond reproach.
- 4.3 I will comply with the provisions of this Code in all situations where I am acting as a Community Councillor, have referred to myself as a Community Councillor or could reasonably be perceived to be acting as a Community Councillor.
- 4.4 I will comply with the provisions of this Code in all my dealings with the public and fellow Community Councillors, whether formal or informal.
- 4.5 I understand that it is my personal responsibility to be familiar with the provisions of this Code and that I must also comply with the law, the Scheme for the Establishment of Community Councils, standing orders and regulations. I will also ensure that I am familiar with any guidance issued by the Scottish Government or Aberdeen City Council.
- 4.6 I will not, at any time, advocate or encourage any action contrary to this Code.
- 4.7 I understand that no written information can provide for all circumstances. If I am uncertain about how the Code applies, I will seek appropriate advice.

5. General Conduct

Respect and Courtesy

- 5.1 I will treat everyone with courtesy and respect. This can include in person, in writing, when at meetings, when I am representing the Community Council and when I am online using social media.
- 5.2 I will not discriminate unlawfully on the basis of race, age, sex, sexual orientation, gender reassignment, disability, religion or belief, marriage or civil partnership or pregnancy and maternity; I will advance equality of opportunity and will seek to foster good relations between different people.
- 5.3 I accept that disrespect, bullying and harassment can be a one-off incident, part of a cumulative course of conduct or a pattern of behaviour. I understand that how, and in what context, I exhibit certain behaviours can be as important as what I communicate, given that disrespect, bullying and harassment can be physical, verbal and non-verbal conduct.
- 5.4 I accept that it is my responsibility to understand what constitutes bullying and harassment (including sexual harassment) and I will ensure my knowledge and understanding of this is up to date.

- 5.5 I will respect all Aberdeen City Councillors and Council employees and the role they play and will treat them with courtesy at all times. I expect them to show me the same consideration in return.
- 5.6 I will respect the Chairperson, my colleagues, invited guests and any other members of the public present during meetings, or in other formal proceedings, of the Community Council, whether I agree with their views or not and I will treat them with courtesy at all times.
- 5.7 I must comply with rulings from the Chairperson in the conduct of the business of the Community Council.
- 5.8 I will not, at a meeting of the Community Council, raise my voice unduly, shout, interrupt other speakers, use offensive language, assault other members of the public, disregard the authority of the Chairperson or otherwise disrupt proceedings at a meeting.
- 5.9 I will respect the principle of collective decision-making and corporate responsibility. This means that once the Community Council has made a decision, I will support that decision, even if I did not agree with it or vote for it.

Remuneration, Allowances and Expenses

- 5.10 I will comply with the rules, and the policy of the Community Council on the payment of remuneration, allowances and expenses.

Gifts and Hospitality

- 5.11 I will never ask for any gifts or hospitality which might place me, or which would reasonably be regarded by a member of the public with knowledge of the relevant facts as placing me under an improper obligation or which might influence, or might reasonably appear to influence, my judgement.
- 5.12 I will consider whether there could be a reasonable perception that any gift or hospitality received by a person or body connected to me could or would influence my judgement.
- 5.13 I will not allow the promise of money or other financial advantage to induce me to perform improperly any function while acting as a member of the Community Council. I accept that the money or advantage (including gifts or hospitality) does not have to be given to me. The offer of monies to others may amount to bribery, if the intention is to induce me to perform a function improperly.
- 5.14 I will never accept any gifts or hospitality from any individual who is seeking to do business with the Community Council.

Confidentiality

- 5.15 I understand that Community Council proceedings and printed materials are generally open to the public and this will be the basis upon which I will normally

work as a Community Councillor. I also understand that there will be times when I require to treat discussions, documents or other information relating to the Community Council in a confidential manner

- 5.16 I will not disclose confidential information or information which should reasonably be regarded as being of a confidential or private nature, without the express consent of a person authorised to give such consent, or unless required to do so by law. I note that if I cannot obtain consent, I should assume it is not given.
- 5.17 I accept that confidential information can include discussions, documents and information (electronic or otherwise) which is not yet public or never intended to be public.
- 5.18 I will only use confidential information to undertake my duties as a Community Councillor. I will not use it in any way for personal advantage or to discredit my Community Council (even if my personal view is that the information should be publicly available).

Appointment to Outside Bodies

- 5.19 If I am appointed, or nominated by my Community Council, as a member of another public body or organisation, I will abide by their rules of conduct and will act in its best interests while acting as a member of it. I will also continue to observe the rules of this Code of Conduct in carrying out the duties of that body or organisation. In the event of a conflict of interest between the two bodies or organisations, the principles set out in Section 4 above shall apply.

6. Declaration of Interests

- 6.1 I understand that the public expects community councillors to declare where they have an interest in a matter being discussed. I will declare an interest, in line with this Code of Conduct, whenever I have an interest.
- 6.2 When determining if I have an interest, I will first determine if I have a connection to the matter. A connection is any link between the matter being considered and me, or a person or body I am associated with. This could be a family relationship or a social or professional contact.
- 6.3 If I have such a connection, I will then go on to determine if that connection is a declarable interest. A connection is a declarable interest where the 'objective test' is met. This is where a member of the public with knowledge of the relevant facts would reasonably regard my connection to a particular matter as being so significant that it would be considered as being likely to prejudice the discussion or decision-making.
- 6.4 If I have a declarable interest, I will declare this at the earliest stage possible in the meeting.
- 6.5 I will not remain in the meeting or participate in any way in those parts of meetings where I have declared an interest.

6.6 If I have a connection but have determined that I do not have a declarable interest, I will consider if, for reasons of transparency, I should explain this to the meeting.

6.7 I note that public confidence in a public body is damaged by perception that decisions taken by that body are substantially influenced by factors other than the public interest. I will not accept a role or appointment if doing so means I will have to declare interests frequently at meetings in respect of my role as a Community Councillor. Similarly, if any appointment or nomination to another body would give rise to objective concern because of my existing personal involvement or affiliations, I will not accept the appointment or nomination.

7. Breaches of the Code of Conduct

7.1 I understand that the Scheme for the Establishment of Community Councils gives Community Councils powers to introduce provisions to consider allegations of Members breaching this Code of Conduct, where it has been adopted.

7.2 I understand and accept that breaches of this code shall be reported via the Complaints Process and shall comply with the findings through that process.

Guidance 6 – Unacceptable Behaviour

1. Introduction

- 1.1** All members of the public have the right to be heard, understood and respected. The same courtesy also needs to be extended to Community Councillors who are representing their community as a volunteer.
- 1.2** It is understood that emotion and distress are sometimes felt by residents when an issue has had a significant impact on their lives, but this does not excuse or justify the mistreatment of others. In circumstances where unacceptable behaviour is experienced by any member of the Community Council, the Community Council should take appropriate action to protect its members.

2. Definition of Unacceptable Actions

Unacceptable actions can fall into the following categories:

2.1 Aggressive or abusive behaviour

In person, within or outwith Community Council meetings and online. This includes language and the tone in which the message is delivered which can be verbal or in written form. This includes anything that may cause members to feel afraid, threatened or abused and may include threats, personal abuse, derogatory remarks or rudeness.

2.2 Unreasonable demands or level of contact

A demand becomes unreasonable when it starts to impact excessively on the work of members dealing with the matter, especially if this impacts on other members of the public. This could include:

- Repeatedly demanding responses within an unreasonable timescale;
- Demanding responses from several members on the same subject;
- Insisting on seeing, meeting or speaking to a particular member when that is either not possible or it is inappropriate
- Repeatedly changing the substance of an enquiry or complaint or raising unrelated concerns
- Repeatedly posing a question, when a response has already been given, because the individual may not like the answer they have received.

The level of contact is unacceptable when the amount of time spent talking to a member of the public on the telephone, or reviewing and responding to written or electronic communication, impacts the ability to deal with the relevant matter, the ability of members to deal with other items of business and statutory responsibilities and where there is a negative impact to any individual member.

3. Responding to Aggressive or Abusive Actions

- 3.1 If any individual is persistently aggressive or abusive to any member of the Community Council within a meeting the Chair will have the authority to ask the person to leave the meeting. Where they refuse to do so the Chair can stop the meeting and re-schedule the business to another day.
- 3.2 Where correspondence is received or someone posts on social media something which is of an abusive nature towards a Community Councillor or the Community Council as a whole or it contains inflammatory or malicious allegations that are unfounded, the Community Council should inform the individual that their language or content of the message is considered to be offensive, unnecessary and unhelpful. The person should be asked to amend their correspondence or social media post, otherwise it will not be responded to.
- 3.3 Under section 127 of the Communications Act 2003, it is a criminal offence to use electronic communication networks to send offensive, obscene messages or messages that the sender knows to be false. The individual to whom these messages relate would be within their rights to refer the matter to the Police.
- 3.4 If the issue arises to a Community Councillor outwith a meeting the Community Councillor will bring it to the attention of the Chair who will report the behaviour to the other Community Council Members for them to consider appropriate action.

4. Responding to unreasonable demands or levels of contact

- 4.1 Where an individual unreasonably and repeatedly phones, raises the same issue, or sends excessive written or electronic communication, the Community Council may decide to:
 - Limit contact by phone or written submission
 - Restrict contact to written correspondence only
 - Refuse to deal with further calls, written or electronic communication
- 4.2 Any decision to restrict contact should be taken by the Community Council at a meeting and minuted. This should include that the CC has discussed an unacceptable behaviour issue and the decision they had made. The name of the individual should not be minuted but the details kept on file by the secretary. The CC will need to communicate with the person in question to advise on the CC decision.

5. Response to Recurring and persistent unacceptable behaviours

- 5.1 Where there are repeated incidents of aggressive or abusive behaviour, longer term decisions to restrict an individual's contact with the Community Council may be taken. The Chair should report the circumstances to the Community Council for consideration providing detailed information about the nature and frequency of the issues. The individual should be given the opportunity to change their behaviour before a decision to restrict contact is taken.
- 5.2 If the Community Council considers that the behaviour has continued for too long or there has been no improvement, they should consider restricting contact with the individual. The Community Council should consider the type of restriction and the time period this would be in place.
- 5.3 Any decision to restrict contact needs to be a decision of the Community Council at a meeting and recorded in the minutes. This should include that the CC has discussed a recurring and persistent unacceptable behaviour issue and the decision they had made. The name of the individual should not be minuted but the details kept on file by the secretary. The Community Council should notify the individual within seven days of the decision.

Serious Breach	Refer to Stage 2

If no resolution can be found or the complaint relates to a serious breach, the complaint should be considered using the Stage 2 process.

Complaint against the whole Community Council

When a complaint relates to the whole Community Council, these should be submitted in writing to the CCLO. If a Community Council receives the complaint they should forward it to the CCLO as a matter of urgency.

Stage 2

Stage 2 deals with two types of complaints:

- those that have not been resolved at stage 1; and
- complaints relating to the whole Community Council.

Stage 2 complaints will be referred to a Panel of five Community Councillors from within the pool of members. Members will be drawn from other Community Councils, who do not have a neighbouring boundary with the Community Council.

Complaints Panel Process

The Panel must appoint a Chairperson and a note taker.

The Panel needs to consider whether the complaint has merit and whether the Panel is required to make any further decision. If the Panel determines that there is no merit, then the process ceases, and the parties must be informed.

If the complaint does have merit, then the Panel must determine if they are able to make a decision based on the information before them. If there is enough information then the panel will make its decision and notify both parties.

If the Panel are unable to make a decision and require additional information then they must:

1. Seek supporting information from both parties and any witnesses
2. Consider the complaint and any supporting information provided

Guidance 8 - Supported Status

Introduction

When a Community Council moves into supported status it will be provided with:

- Reasons for its move to supported status.
- Confirmation of the period of supported status.
- Information about what they need to achieve by the Steering Group to reinstate Community Council status.

Supported Status Guidance

What is a Steering Group?

- It is the remaining members of the Community Council (as long as it remains above the quorum of one third of the remaining membership of the Community Council or four members, whichever is the greater).
- If a steering group drops below the quorum for the Community Council, it will immediately be moved to dissolution and appropriate action will be taken by Aberdeen City Council's Assurance Manager.

What must the Steering Group do?

- Meet as a Group to rectify the issues that resulted in them being in supported status.
- Appoint the Assurance Manager or another council officer as the Chair of the Steering Group.

What can the Steering Group do?

- Continue with any live projects that were already in progress when the Community Council went into supported status with the support of the Assurance Manager (it should be noted that the insurance cover in place for Community Councils will remain operational whilst the Community Council is in supported status).
- Complete financial transactions agreed by the Community Council when it was operational.
- Take decisions on expenditure for the live projects ONLY

What must the Steering Group not do?

- Undertake any work relating to the statutory functions of a Community Council – planning, licensing and other consultations
- Agree any expenditure outwith the live projects
- Spend any funds unless they had approval prior to supported status
- Send any correspondence in the name of the Community Council
- Undertake any social media activity or update the website other than to inform the community of the status of the Steering Group, publish SG minutes or to promote the need for additional members.

Holding of Meetings

- Meetings should be held at least every six weeks
- Meetings are for members of the Steering Group only and any supporting officers but they would not be involved in any decisions
- Notes of actions and decisions will be taken and circulated to members and made available for the community to see
- Agendas will be prepared and circulated by the CCLO
- Meetings will be held in Council premises or online wherever possible to remove the need for expenses to be incurred.

Next Stage

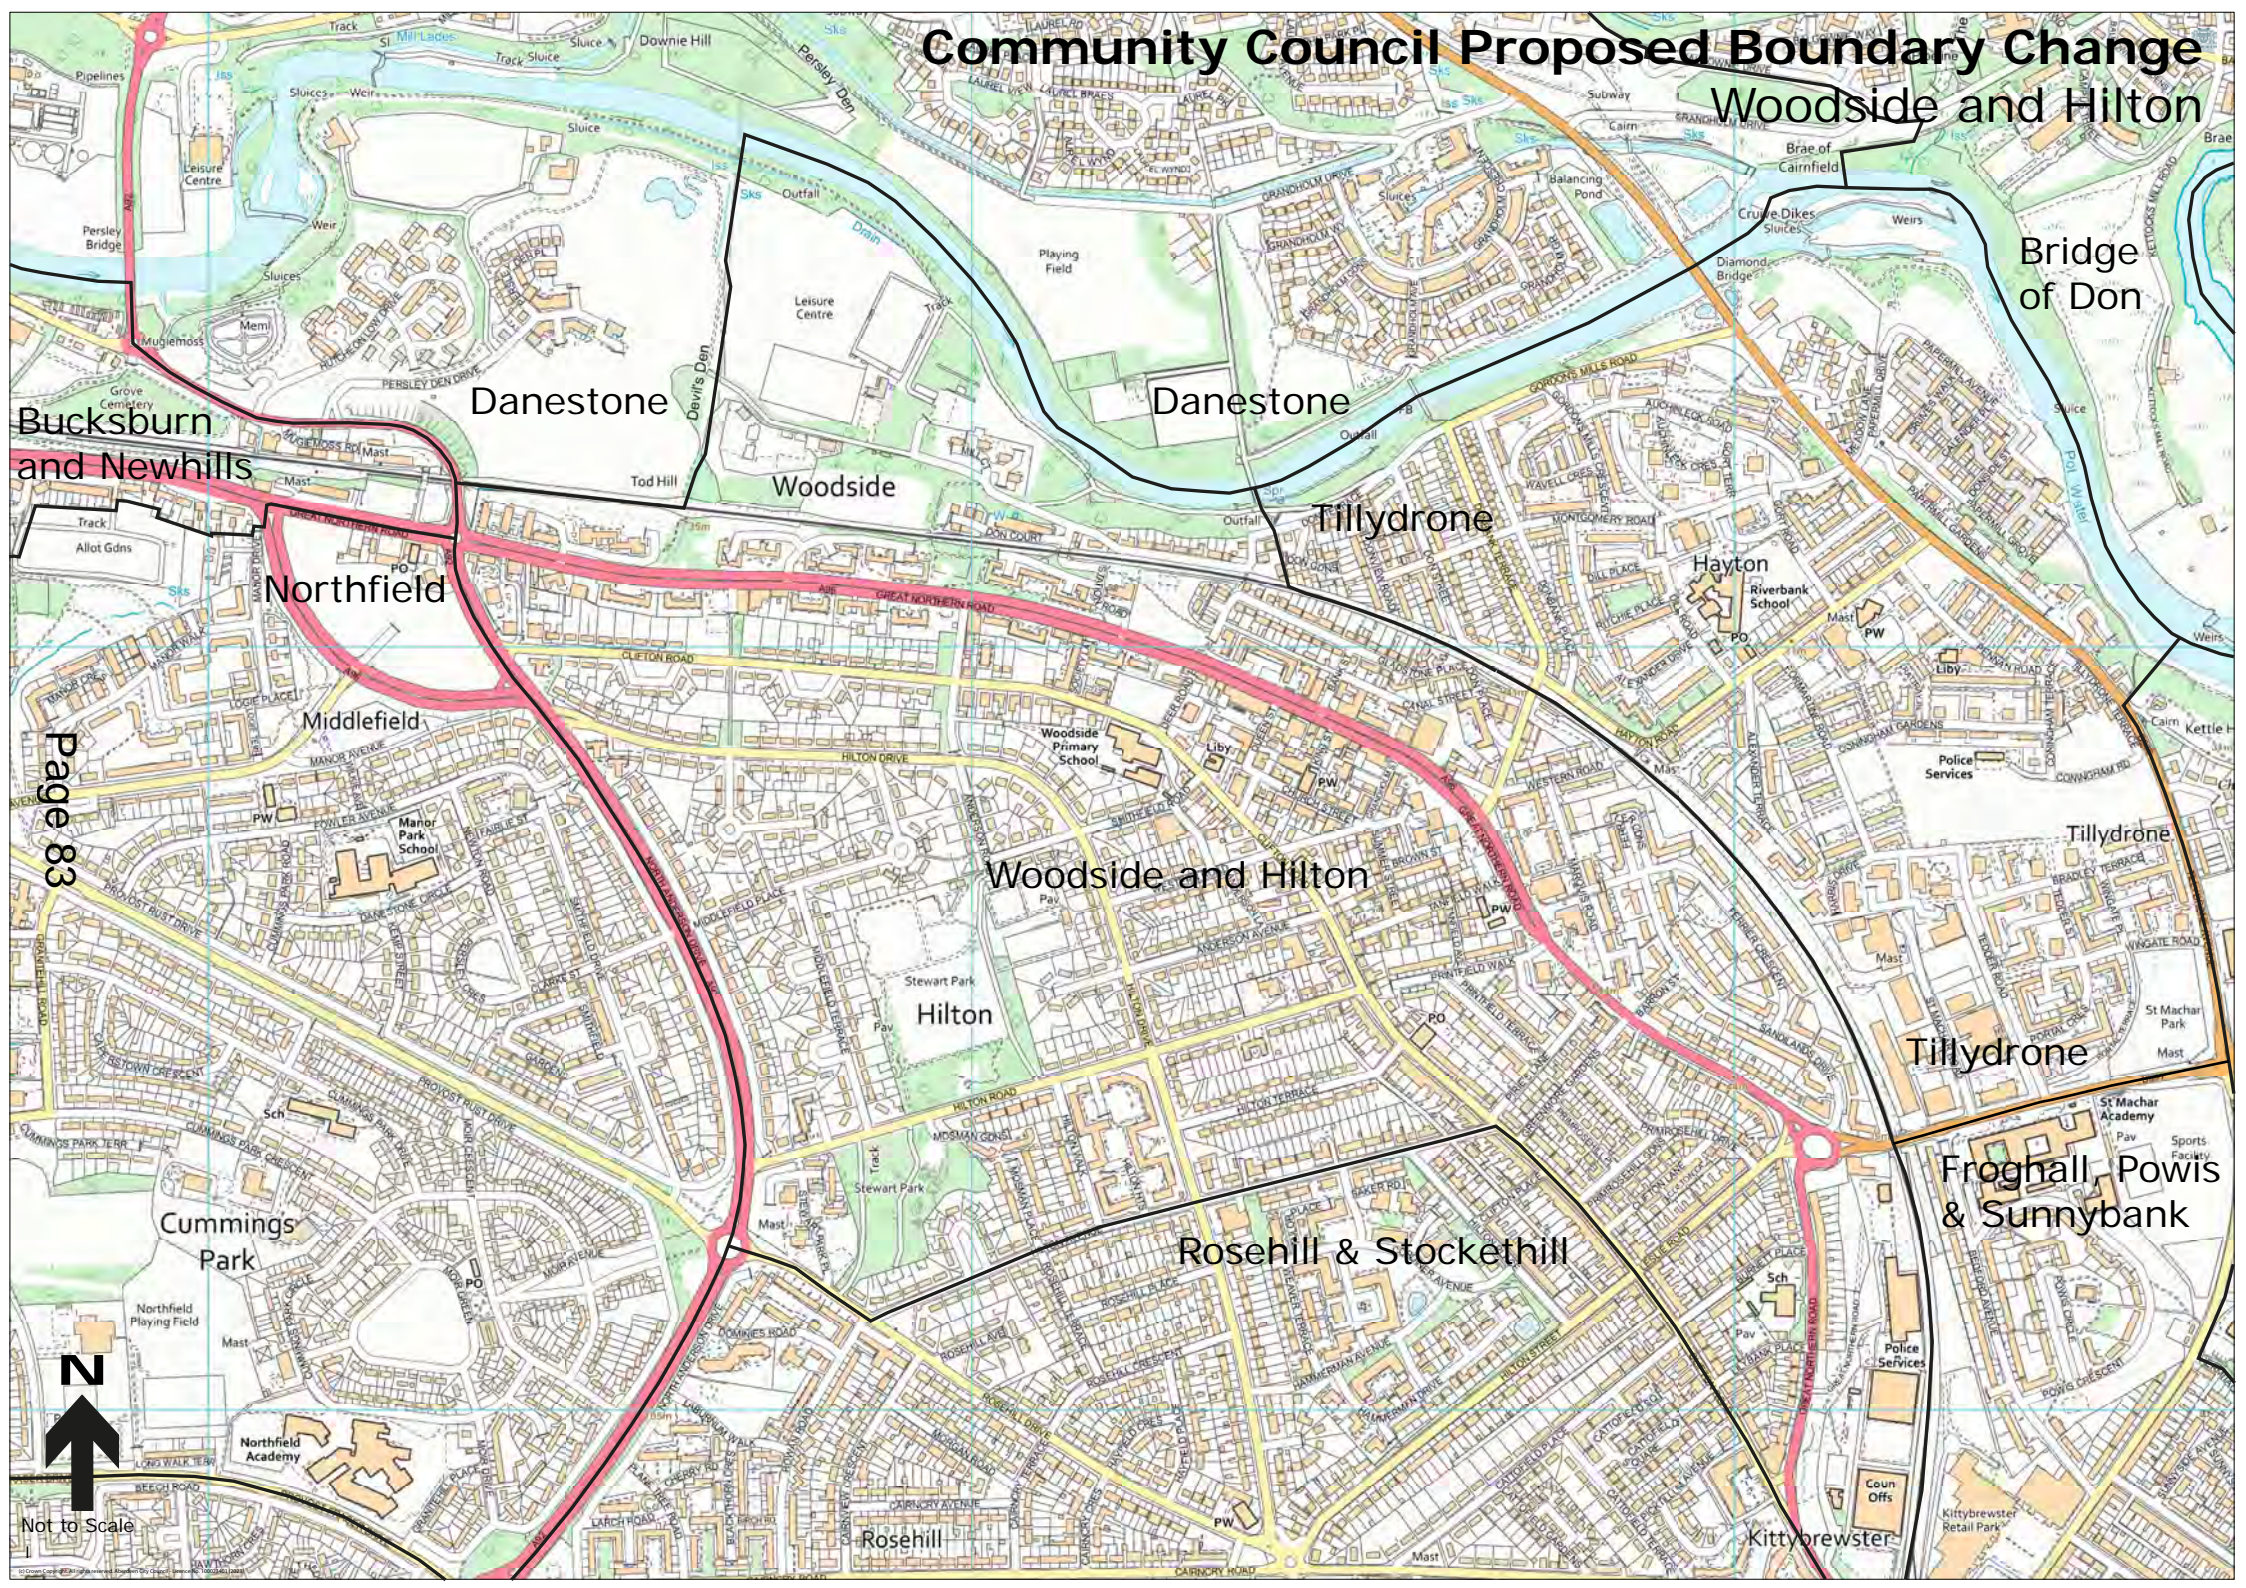

- If within the six month period the Steering Group satisfies the Assurance Manager that the Community Council will in the future be able to comply with the requirement of the Scheme and have met the expectations set out when they went into supported status, then reinstatement of Community Council status will be granted by written notice from the Assurance Manager.
- If the Steering Group has not managed to achieve the required outcomes within the six month period, the Assurance Manager will review the progress made by the Steering Group.
- If the Assurance Manager considers that significant progress has been made, they may consider an extension to the supported status period to allow the Steering Group to complete its work.
- If the Assurance Manager considers that little or no progress has been made, they may consider that it is appropriate to move to dissolution of the Community Council.

Boundary Proposals	
Rosehill and Stockethill/Woodside and Hilton	
Respondent	Comments
Rosehill and Stockethill CC	<p>The Yellow Coloured Area - Kittybrewster Triangle.</p> <p>Ambivalent - Why change from R&SCC? Whilst some feel that the area is part of Woodside, others question justification for change. The completed Berryden Corridor Project will further isolate the triangle from Woodside. A clear reason for change should be presented.</p> <p>The Planning Officer for R&SCC is concerned that the large population to the north and west of Berryden & Kittybrewster will have reduced involvement in the Berryden Corridor and Ashgrove Connects projects planned to redevelop several roads in the current R&SCC area. Those projects are planned to make significant change to Ashgrove Road, Belmont Gardens Belmont Road, Laurelwood Avenue, Backhilton Road, Ashgrove Road West, and will impact a large number of R&SCC residents to the west of Great Northern Road.</p> <p>The three proposed boundary changes would transfer responsibility for much of the Southeast corner of R&SCC to three different Community Councils. The proposed changes are of areas that are on the periphery and not integral to the current areas of responsibility for those Community Councils. We believe that R&SCC is best placed to represent those communities that will be most affected by these major projects.</p> <p>It is considered that unless there is a pressing need, or overwhelming demand to change the boundaries, any decision should be deferred until after the plans and programme for the Berryden Corridor and Ashgrove Connects projects are matured and defined to permit R&SCC consultation.</p>
Woodside and Hilton CC	<p>We believe that we would be best to represent the area. As we have stated previously, families in the area have told us they feel a closer link to Woodside than they do to Rosehill. Children within the current Woodside boundary attend Kittybrewster Primary School with their school friends living close by. It would make sense to us for the school itself to be part of our boundary. We have a strong relationship with the school already and have supported them in various activities over the years, including donating equipment for the school garden. The children from the school who require after school care, attend Woodside Community Centre.</p>

	We have discussed the Berryden Corridor several times and fed into all of the consultations that have taken place to date.		
Member of the Public	I would like to know why these boundary changes are being implemented, is this to co-inside with the mastercity plan that has yet to be approved? Is this how you will determine how far a person is able to travel to?

Looking at the boundary map and knowing your area, do you align with Rosehill and Stockethill (current CC) or Woodside and Hilton	Rosehill and Stockethill	Woodside and Hilton	No preference

Comments received	I associate this area as Woodside.		
	This area is Kittybrewster so shouldn't be added to any of them.		
	I don't have any real preference.		
	Why are you asking for my opinion on this, it doesn't affect me so not sure how to answer.		
	I assumed this area was already part of Woodside.		
Outcome:	Based on the feedback from residents, the proposal is to transfer to Woodside and Hilton Community Council.

Boundary Proposals Stage 1 Consultation - Bucksburn and Newhills and Dyce and Stoneywood			
Consultation took the form of:			
<ul style="list-style-type: none"> • Attendance at the Beacon Cuppa • Attendance at Dyce Community Centre • Door canvassing in the Craibstone development 			
Respondent	Comments		
Dyce and Stoneywood CC	We would prefer to leave the boundary as it currently stands so as to prevent a potential loss in grant funding that we receive from the Council.		
Bucksburn and Newhills CC	We would support the proposal, however we have an additional proposal which would be to extend the boundary line to encompass the Craibstone round-a-bout and follow the A96 to the boundary with Aberdeenshire Council with the area to the South of A96 and to the West of the AWPR transferring to the Bucksburn and Newhills CC area. The reason for this would be to prevent Dyce and Stoneywood having a satellite area outwith their natural boundary. It will also make the boundary clearer using the road networks as a boundary line between the two Community Councils.		
Door to door canvassing in Craibstone			
Looking at the boundary map do you align with Dyce and Stoneywood (current CC) or Bucksburn and Newhills CC.	Bucksburn and Newhills	Dyce and Stoneywood	No preference
	34	4	7
Comments received	We are closer to Bucksburn and I assumed this would be Bucksburn.		
	Our address is listed as Bucksburn so i would change the boundary to reflect this.		
	All of the services, schools and doctors align to the Bucksburn area.		
	I would say that this area should remain in the Dyce and Stoneywood CC boundary.		
If the change will not affect schools or postcodes, I see no reason to support it either way.			
Attendance at Dyce Community Centre			
Looking at the boundary map do you align with Dyce and Stoneywood (current CC) or Bucksburn and Newhills CC.	Bucksburn and Newhills	Dyce and Stoneywood	No preference
	12	4	5

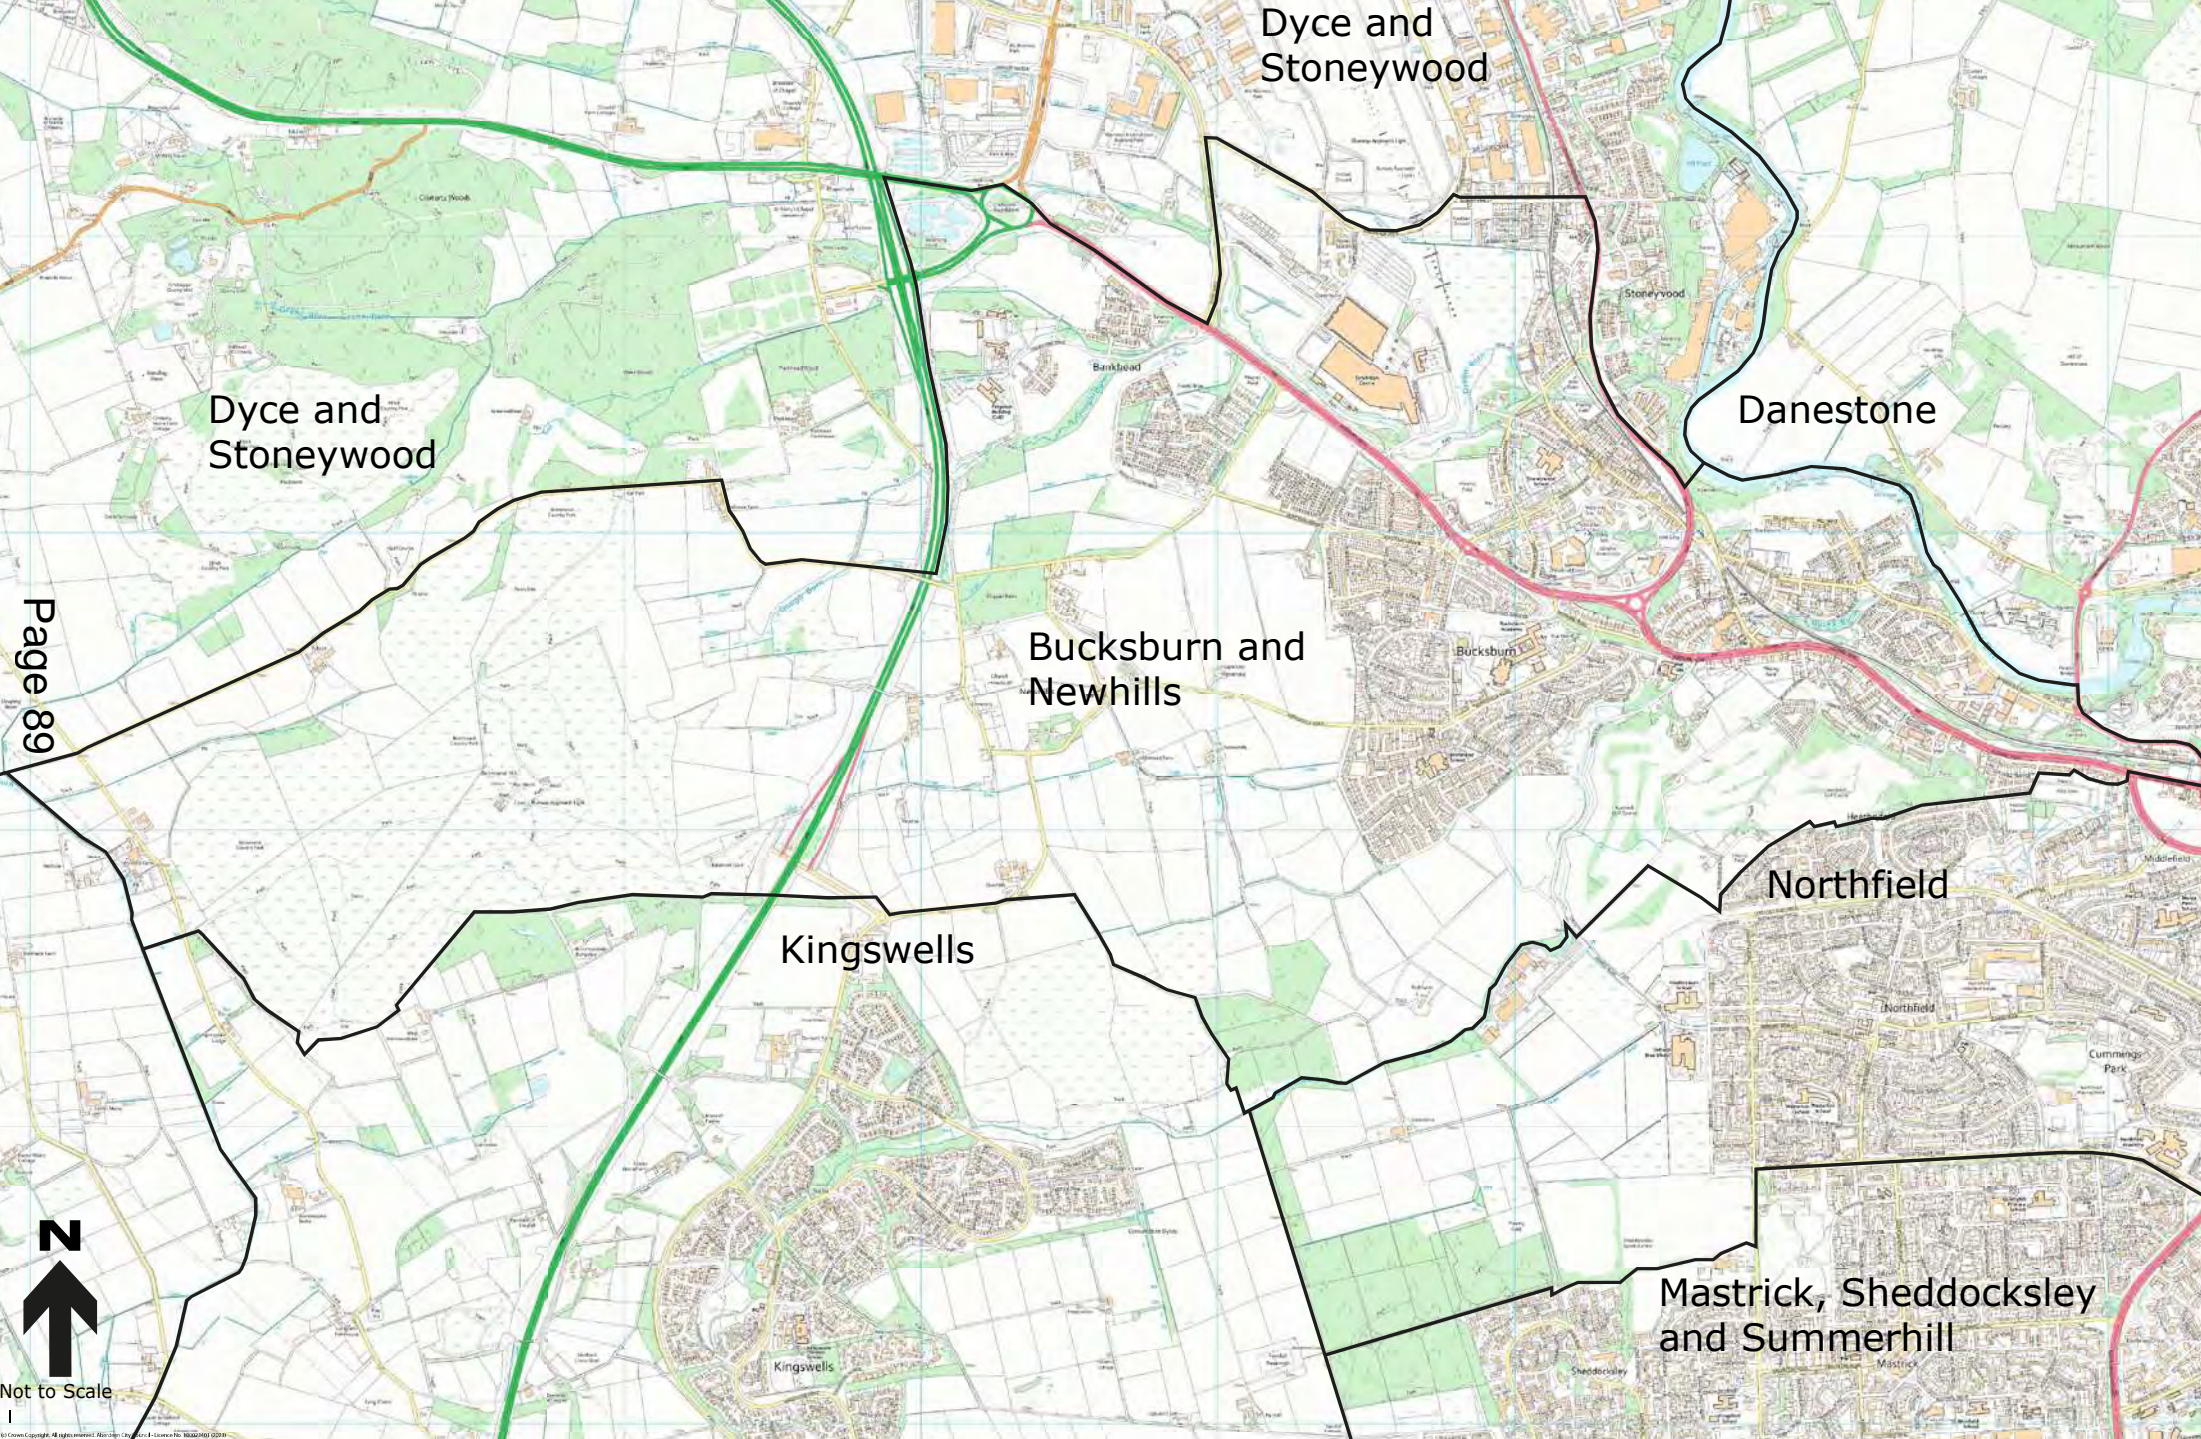

Comments received	That area I feel is best represented by Bucksburn and Newhills CC.		
	Craibstone development and Rowett South development are both an extension of Bucksburn so I would change it.		
Attendance at the Beacon, Bucksburn			
Looking at the boundary map do you align with Dyce and Stoneywood (current CC) or Bucksburn and Newhills CC.	Bucksburn and Newhills	Dyce and Stoneywood	No preference
	26	0	2
Comments received	The Rowett has always been part of Bucksburn so the new development at Rowett South and Craibstone should transfer to Bucksburn and Newhills CC.		
	We believe that area should transfer to Bucksburn and Newhills to tidy up the boundary and keep the 3 housing developments in one CC rather than split them across 2.		
	Happy to move the boundary to include this area within Bucksburn and Newhills CC.		
	Assumed that area would all come under Bucksburn and Newhills due to the continued development from Forrit Brae.		
Total votes	Bucksburn and Newhills 72	Dyce and Stoneywood 8	No Preference 14
Outcome	The revised boundary proposal will need to be consulted on during stage 2 consultation. The data from Stage 1 will be presented along with Stage 2 data.		

Boundary Proposals Stage 2 Consultation - Bucksburn and Newhills and Dyce and Stoneywood			
Consultation took the form of: <ul style="list-style-type: none"> • Attendance at the Beacon • Attendance at Dyce Community Centre 			
Respondent	Comments		
Bucksburn and Newhills CC	The proposal was suggested to make the boundary align to a road rather than a waterway or through a field. It would make it clearer to have this in place.		
Dyce and Stoneywood CC	We do not agree with this proposal. Although they have not discussed the matter with us, we understand that Bucksburn and Newhills Community Council believe that the new boundary between BNCC and DSCC should 'follow the road' (the A96), which will result in a large area being lost to DSCC. We see no convincing reason for this change, or precedent to support it. We do not agree that "this [boundary change] would be to prevent Dyce and Stoneywood having a satellite area out with their natural boundary". In fact, we have effectively served this area for many years and we have a good understanding of its needs and issues. If and when a new Scottish Government data zone is determined for this area (it is currently assigned to Kingswells), we (DSCC) could be set to lose a significant part of our annual grant if the boundary change goes ahead. This will be detrimental to all the residents of Dyce.		
Member of the Public	I would like to know why these boundary changes are being implemented, is this to co-inside with the mastercity plan that has yet to be approved? Is this how you will determine how far a person is able to travel to?		
Attendance at Dyce Community Centre			
Looking at the boundary map the new proposal includes the original proposal represented by the yellow area and the additional request is represented by the purple area. Would you support Proposal 1, 2 or neither transferring to Bucksburn and Newhills CC?	Proposal 1 (yellow) 26	Proposal 2 (purple including 1) 0	No preference 4

Comments received	The area in purple should remain with Dyce and Stoneywood. The population figures in this area are so low that they would not make any significant difference to either CC.		
	There would be no benefit in moving the area in purple		
	Why do Bucksburn and Newhills CC want this area, is there something coming they know about?		
	We don't mind the area in yellow as it would make sense for that area to transfer over and to keep the boundary aligned to the new AWPR.		
Attendance at the Beacon, Bucksburn			
Looking at the boundary map the new proposal includes the original proposal represented by the yellow area and the additional request is represented by the purple area. Would you support Proposal 1, 2 or neither transferring to Bucksburn and Newhills CC?	Proposal 1 18	Proposal 2 22	No preference 1
Comments received	No preference really, although it seems a large area to be transferring		
	Better to have this within Bucksburn and Newhills to help with transport movement through the area		
	I would agree with the yellow area but not so sure on the purple section.		
	I would accept the yellow area however would possibly amend it slightly to take in the roundabout to make the boundary clearer.		
Total votes	Proposal 1 (yellow) 44	Proposal 2 (purple to include 1) 22	No Preference 5
Outcome	Based on the data from the consultations, the original proposal to transfer the area at Craibstone was the favoured option. The comment from Dyce and Stoneywood CC relating to the Data zone has been explained in the report at section 3.7.
