The notes below summarise the current financial position in respect of each of the group entities.

Subsidiaries **Common Good**

The Common Good is corporate property and must be applied for the benefit of the community as the Council thinks fit. It is invested in land and buildings, such as industrial estates and farms, with any surplus being placed on cash deposit with other local authorities, building societies and the Council's Loans Fund.

The Common Good is currently forecasting break even position for 2019/20 mainly as a result of recurring income and expenditure – see Appendix 2. The financial statement for the quarter is shown in Appendix 3.

Trust Funds

The Council is responsible for the administration of various trusts created by bequest or evolved through history or by public subscription which are utilised for a variety of benefits such as education and social work, charitable purposes, religious instruction, medical institutions, the upkeep of public works and also the administration of the Guildry. The money earned from the investments of the Trusts is used to provide grants, prizes and dux medals for school children and requisites for clients in Social Work homes.

Financial information for the Trust Funds will be available at year end, 31 March 2020. They are not expected to have a material impact on the Council's financial position for 2019/20.

Sport Aberdeen

Sport Aberdeen Limited is a charity and constitutes a company limited by guarantee. The principal activity of the company is the provision of recreation leisure facilities and services on behalf of Aberdeen City Council in accordance with key priorities. Although Aberdeen City Council does not own the entity it is considered that control representing power to govern exists through agreements in place and that Sport Aberdeen Limited operates as a structured entity of the Council. The results for the period ended 31st May 2019 show a surplus of £60K. Sport Aberdeen has set its budget on the basis of using £100k of reserves. They are forecasting that a contribution of £100k is still expected to be required at the year end, which is in line with budget.

Bon Accord Care and Bon Accord Support Services Bon Accord Care Limited (BAC) and Bon Accord Support Services Limited (BASS) are private companies limited by shares which are 100% held by Aberdeen City Council. Bon Accord Care provides regulated (by the Care Inspectorate) care services to Bon Accord Support Services, which in turn delivers both regulated and unregulated adult social care services to the Council.

The consolidated position of Bon Accord Care and Bon Accord Support Services shows an overall profit of £84k for the period ended 30 June 2019 compared to a budgeted surplus at this stage of the year of £46k, representing a positive variance of £38k. An overall break even position for the financial year 2019/20 is currently forecast.

Joint Ventures

Aberdeen Sports Village Limited (ASV)

ASV Ltd is a company limited by guarantee and registered as a charity. It is a joint venture company owned equally by the Council and The University of Aberdeen. ASV Ltd was incorporated in 2007 and its objectives are to provide sports and recreational facilities, including elite sports facilities for the use of both students and staff of the University of Aberdeen and the general public, and the advancement of public participation in sport.

The financial year end for ASV Ltd is not aligned to the Council's with its year end being 31 July. The latest available financial information for Aberdeen Sports Village is for the period ended 28th February 2019, which was incorporated into the Council 2018/19 group accounts. ASV has not yet provided the first quarter results and the Chief Officer – Finance is following this up with the company directly.

Aberdeen City Health and Social Care Partnership Integration Joint Board (IJB)

The IJB was established by order of Scottish Ministers on 6 February 2016, becoming fully operational from 1 April 2016. The IJB is responsible for the strategic planning, resourcing and operational delivery of all adult health and social care within the Aberdeen City area. This has been delegated by the partners; Aberdeen City Council and NHS Grampian.

The IJB is currently experiencing budget pressures from the Council side of the budget specifically in needs led commissioned services across all areas. Steps have been taken by the management team to mitigate the cost pressures identified.

The IJB is currently forecasting a break even position. The volatile nature of demand for health and social care services means there is a risk that remains for the year, the IJB currently holds a risk fund of £2.5m which provides the financial resilience needed in this environment. It is not expected that the IJB will be seeking any additional funds from the Council or the NHS.
