- Member of the Public

## POLICY

### **Securing Public Safety**

The Board is committed to ensuring the safety of persons within licensed premises as well as those in the surrounding areas.

When considering this licensing objective, a number of factors should be considered including, but not limited to:

- Capacity – this will be assessed by the Council's Building Standards department to establish a maximum safe capacity figure in terms of the regulations. Please note the safe maximum operating figure may be smaller than the technical figure.
- Maintenance of premises.
- Fire safety.
- Suitability of glassware or alternatives to glass including toughened or safety glass.
- Disabled access and facilities.
- Nature of activities to be carried out on the premises.
- Vulnerability of patrons.

Again, the Board will look to operate a partnership approach with all stakeholders in order to ensure that public safety is not compromised by the operation of licensed premises.

Whilst licensing is an important tool in the protection of public health it will not be sufficient in isolation and accordingly the Board will be interested in hearing from and working alongside relevant partners and interested parties where appropriate. Factors to be considered in connection with this particular licensing objective include, but are not limited to:

- Access to alcohol by vulnerable persons
- Excessive consumption
- Irresponsible promotion of alcohol
- Education of unit strength of alcohol

#### What the Board Will Do:

- Utilise local conditions on licences where appropriate.
- Liaise with public health organisation, the local licensing forum and other relevant parties.
- Monitor the number and capacity of premises, public health data and overprovision policies.
- Contribute to raising awareness of the licensing system.

#### What the Board Will Expect of Licence Holders/Applicants

- Proactive layout of off-sales premises to discourage impulse buying.
- Adequate staff training, including refusals policy and incident recording.
- Availability of low/non-alcoholic products and soft drinks.
- Licensed hours reflective of operating hours.
- Awareness of irresponsible promotions.

#### What the Board Will Expect of Partner Agencies:

- Effective communication of relevant trends and information.
- Provision of accurate statistics to assist with Board policy and decision making.
- Participation in efforts to increase public awareness of initiatives to protect and improve public health.

## **Preventing Public Nuisance**

The Board believes that licensed premises have the potential to have a significant impact on communities. It wishes to maintain and protect the amenity of the surrounding neighbourhoods whilst recognising the valuable cultural and social aspects of such premises.

Whilst licensing powers are not the main statutory mechanism for dealing with public nuisance in general the Board will interpret public nuisance in a wider sense where it relates to the operation of licensed premises, and in particular issues such as noise and litter.

Again, a number of factors should be considered including, but not limited to:

- Sharing of best practice via trade groups.
- Participation in communication to resolve any issues that may arise.
- Co-operation with Police Scotland and Licensing Standards Officers including access to all relevant policies and procedures such as dispersal policies and incident management.

## **Protecting Children and Young Persons from Harm**

The Board recognises that the question of access to licensed premises by children and young persons is not one that can be answered with a one size fits all type of approach. The suitability of premises will depend on a number of factors including layout of the premises, activities or services available, and typical customer demographic.

Applicants and licence holders should also be aware that access for children and young persons will bring with it additional responsibilities and may result in additional conditions being attached to the licence.

### What the Board Will Do:

- Assess all applications for suitability of access for children and young persons.
- Impose additional conditions where necessary to protect children and young persons from harm.
- Limit the hours during which children and young persons have access if appropriate.
- Limit activities which may take place on the licensed premises during hours in which children and young persons have access if appropriate.

### What the Board Will Expect of Licence Holders/Applicants

- Consider the ambience of premises and what is appropriate in terms of children and young persons' access.
- Ensure facilities are appropriate to the areas of the premises to which children and young persons are to be afforded access.
- Vigilance against underage drinking and proxy purchasing.
- Strict enforcement of Challenge 25.
- Comprehensive and up to date staff training.
- Restrict access for children and young persons to appropriate hours and parts of the premises.
