Dear Sir/Madam,

I am applying for a collection permit for your area as I am setting out to achieve a nationwide Fundraiser/Awareness for our son, Ethan's rare medical condition called (Lymphangiomas).

We are going to be achieving a 1500 mile Fundraiser/Publicity & Awareness from 24/07/11 to 04/09/11 and will be covering as much ground as possible within England/Scotland/Isle-Of-Man & Ireland.

I have been in close contact with the Charity's Commission & the Institute of Fundraising so that I make sure that I have ticked all the right boxes for this event to take place and they have advised me that I don't have to be a formed charity to fundraise on a personal level, as long as I have a Street Collection Permit from each local authority I am planning on stopping in (briefly).

This is going to be the most challenging time in our lives, and we as parents feel that tackling this as a family is very important as this is very personal to us all.

I have applied at this early stage so that I can get allocated the times I require as I have given myself strict timings for this event so there is no margin for any delays, once you read up on this it will become more understandable, our visit within your area will be brief and we will only be within your area for 2 hours, which the folder I have enclosed has a spreadsheet which will explain my timings in detail.

If possible could you please take a moment of your time and have a look at our website which explains in detail what we are setting out to achieve as well,

Ref: your letter dated 17<sup>th</sup> June 2010

Dear Jacqui Wallace,

On Sunday 14<sup>th</sup> June 2011 I shall be arriving in your city as we are doing a nationwide fundraiser regarding our sons rare medical condition called "Lymphangiomas".

I do appreciate you passing my request on to your Licensing Committee so that they can make a decision, I feel that I also need to apologise for the delay in responding to your letter, I am not one for making excuses but in organising an event of this magnitude myself and my wife are the sole organisers to make sure that this event is planned and the success of next year is of the highest priority, we are doing our very best in communicating with each local authority's with reference our collection permits.

Reference my answer in question 4 "how will the money collected be used", the money raised will be used for medical treatment/Medication for our son as he will have to be seen by the specialist with the most knowledge about this condition in America, so as a result of this, this is going to be very costly, so this is one of the main reasons in setting up our own organisation to try and make a difference and extend our son Ethan's life, because at present he has an uncertain future, as you can appreciate as parents sit back idly and watch Ethan deteriorate without trying absolutely everything.

I do hope that your committee can allow me to stop briefly within your city on the required day as I will be static for only two hours the rest of my time will be passing through to my next area which is Dundee, as I have given myself such a demanding time schedule I am going to be covering as much ground as possible as the awareness/publicity is just as important as the fundraising.

If you have anything further you wish to discuss please do not hesitate in contacting me again by any of the above means.

Yours Sincerely

Nicholas Moss

Dear Sir

**CIVIC GOVERNMENT (SCOTLAND) ACT 1982  
APPLICATION FOR PERMISSION TO HOLD A PUBLIC CHARITABLE COLLECTION**

I hereby acknowledge receipt of your request to hold a collection in Aberdeen on 14 August 2011. As this date falls on a Sunday and the council has a guideline in place which generally prohibits collections on Sundays, your request will be put to a meeting of the Licensing Committee for it to make a decision on the request.

I note that in answer to question 4, "how will the money collected be used?" you have stated that it would be used for your son and to raise awareness of the condition. Please can you be more specific as the Committee may ask the question.

Finally, I have enclosed a guidance note that we issue to applicants and will be in touch again at a later date to advise you of the date of the Licensing Committee meeting.

Yours faithfully
