## 1. INTRODUCTION

- 1.1 I am pleased to present the second annual effectiveness report for the Capital Programme Committee. As members will be aware, as part of their interim assessment of the Council's governance arrangements in 2016, CIPFA recommended that committees review the extent to which they have operated within their Terms of Reference, through an annual report. This has been an aspiration for some time, representing good practice in governance terms and evidencing the Council's progress towards achieving CIPFA accreditation and I'm glad to see the second report for the Capital Programme Committee presented.
- 1.2 This second annual report is a good mechanism for the Committee to support the Council's improvement journey by demonstrating the ways that the Committee supports the principles of the Target Operating Model; contributes to the Local Outcome Improvement Plan, whilst also providing the opportunity to reflect on the business of the Committee over the past year and to look to the Committee's focus for the year ahead.
- 1.3 The Capital Plan is key to the delivery of the strategic development and vision of the City. The Capital Programme demonstrates Aberdeen's desire to create a City that provides quality social housing fit for 21st Century living, road improvements to move traffic more effectively through the City and an Educational provision to inspire our future generations of learners. A belief and ambition for our City by ACC sees a continued investment in the Capital Plan in order not only to deliver the Plan but to attract essential Private Sector investment. The Capital Committee needs to ensure an ongoing overview of the Capital Programme particularly given the uncertainty of the impact Covid -19 will have on costs and timelines.

- 7.3 Committee Members will then be able to decide if further training should be arranged.

## 9. CIVIC ENGAGEMENT

- 9.1 During the course of the year there has been civic engagement in the form of meetings held with community councils/community groups and specific key bodies such as the Aberdeen Disability Equity Partnership.
- 9.2 These meetings are invariably project driven and are used to consult, gather and share information. The meetings also inform the local communities of key stages in the planned delivery of individual projects, which may impact on a project’s local environment.
- 9.3 Looking forward to financial year 2020/2021 it is the intention to continue with this level of commitment to ensure transparency of the various stages of project delivery throughout the committee year.
- 9.4 From a capital project perspective, key civic engagements will be reported throughout the committee cycle to keep Members informed.

## 11. EXECUTIVE LEAD'S COMMENTS

- 11.1** One of the Council's transformation projects is to deliver the CIPFA Mark of Excellence in Good Governance. As part of this project, CIPFA recommended that each committee should annually review its effectiveness, including its information reporting needs. This would help ensure that each committee is following its terms of reference, is operating effectively and to identify any training needs or improvements to the Council's decision-making structures.

- 11.2** The committee would appear to be working effectively noting that:

- Throughout the year there has been more than a doubling of the number of reports submitted to the committee, compared to the previous year;
- No decisions required to be delayed; There were no exempt reports presented to the Committee, however there were elements of specific which had to be exempt This was due to the commercial nature of the referenced capital projects, where the disclosure of some commercial information could impact on the Council's duty to secure best value; All sections of the terms of reference were engaged apart from Term of Reference 1.3; and
- All business was approved/noted unanimously.

- 11.3** Looking forward to the next financial year (2020/2021) it is intended to continue with the current reporting protocol. This entails submitting regular key project reports on a regular basis, throughout a project's full project life cycle process. This will ensure greater

transparency across the remit of the Committee. It also increased understanding of any interdependencies across the wider capital project portfolio.

- 11.4 In addition, project reports presented to the Capital Programme Committee have provided greater clarity and transparency to the challenges faced in meeting key milestones with earlier warning of any financial pressures on any given project. This is especially significant leading on from the impact of the Covid-19 pandemic across the delivery of the full Capital Programme
- 11.5 Within the locality of specific projects, opportunities are being taken when they allow the development and stimulate the interest of local school children. Similar steps are being taken with local community groups in the form of developing career and skills opportunities.
- 11.6 It is important that project post-evaluation reports are prepared to review whether desired outcomes have been achieved but also to inform lessons learned for any similar future projects.

## 12. NEXT YEAR'S FOCUS

- 12.1 Council on 2 March 2020 approved new Terms of Reference and a further review will be reported to Council in March 2021. Throughout the next reporting year, we will review the Terms of Reference in line with the business submitted to the Committee and reflect on whether any areas require refinement moving forward to ensure the efficient operation of the Committee.
- 12.2 From a governance perspective the Capital Programme Committee will focus on monitoring the progress and delivery of key projects which are aligned to the Local Outcome Improvement Plan (LOIP) and the Local Development Plan (LDP) and any new strategies/plans.
- 12.3 Throughout next year the Council faces difficult budget decisions and it will be critical to the successful delivery of desired outcomes that project delivery is scrutinised and challenged. The progress of projects through their project life cycle will be reported on a regular basis to ensure milestones are being achieved as expected, and project expenditure is within approved budgets.
- 12.4 In recognition of the above a regular review will be carried out across the Capital Programme to ensure project development and project delivery is aligned to both policy and political priorities.
