- whether [Children's Rights](#) have been impacted;

Brief description of proposal (including intended outcomes and purposes) *	The aim of this proposal is to remove non-statutory school transport, so that the authority is only providing transport that is legally required. This would provide a budget saving for school transport, which is currently expecting a significant overspend. To implement such a measure would also require the de-zoning of Roman Catholic Education provision in Aberdeen.
State who is, or may be affected by this proposal and how*	Primary aged school children from across the City of Aberdeen attending roman Catholic education at Holy Family RC School, St Joseph's RC School and St Peter's RC School, who would lose the provision of transport to/from school, which is currently provided.

How does this proposal contribute to the [Public Sector Equality Duty](#) to eliminate discrimination, harassment and victimisation, advance equality of opportunity and foster good relations?
