### 1. PURPOSE OF REPORT

### 2. RECOMMENDATION

- 2.1 That the Committee note the report and provide comments and observations on the performance information contained in the report Appendix.

### 3. BACKGROUND

- 3.1 This report is to provide members with key performance measures in relation to the Commercial and Procurement cluster as expressed within the 2020/21 Council Delivery Plan.
- 3.2 Introduced in 2019/20, Performance Management Framework Reporting against in-house delivery directly contributing to the City's Local Outcome Agreement Plan and Council Delivery Plan, has helped to inform development of successive iterations of the Council Delivery Plan, including the 2021/22 Plan that was noted by Council on the 10th of March 2021.
- 3.3 The 'Performance Management' section of the Plan explains how the commitments and deliverables will be supported and scrutinised through the Council's Performance Management Framework, which establishes robust performance management of service delivery. This section outlines the systematic approach that will be taken during 2020/21 to identify, plan and deliver improvement.
- 3.4 The Plan reflects on the revised governance arrangements for Committee reporting, agreed on 2nd March 2020, and the roll-out of Performance Management Framework reporting against those Enabling Services which contribute outcomes and services that do not directly deliver against the LOIP, alongside the introduction of Service Standards against each Function that builds on the original Framework.

3.5 The Framework provides for an amended approach within which performance will be reported to Committees. This presents performance data and analysis within four core perspectives as shown below which provides for uniformity of performance reporting across to Committee.

3.6 This report, as far as possible, reports performance up to the end of December 2020 or Quarter 3 2020/21, as appropriate.

3.7 Appendix A provides an overview of current performance across the Commercial and Procurement cluster, with reference to recent trends and performance against target.
