REPORT TITLE	RIPSA - Quarterly Report – Quarter 1 2021
REPORT NUMBER	COM/21/098
DIRECTOR	Chief Executive
CHIEF OFFICER	Fraser Bell – Chief Officer Governance
REPORT AUTHOR	Jessica Anderson - Team Leader
TERMS OF REFERENCE	5.2

1. PURPOSE OF REPORT

1.1 To ensure that Elected Members review the Council's use of covert surveillance on a quarterly basis in order to provide assurance that it is used consistently in accordance with the Corporate Protocol and Procedure on Covert Surveillance.

2. RECOMMENDATION(S)

That the Committee:-

2.1 Notes the update within the report in respect of the Council's covert surveillance activity during Quarter 1 of the current year.

3. BACKGROUND

- 3.1 There are a range of situations in which Council's employees, in the course of their duties, require to carry out investigations and activities which by their very nature are covert, i.e. they are concealed, secret or clandestine. In accordance with the Human Rights Act 1998, it is essential that covert investigations are compatible with Article 8 of the European Convention on Human Rights (ECHR) which states that: "Everyone has the right to respect for his private and private life, his home and his correspondence".
- 3.2 The Regulation of Investigatory Powers (Scotland) Act 2000 (RIPSA), provides a legal framework for covert surveillance by public authorities and an independent inspection regime to monitor these activities. RIPSA sets out a process for the authorisation of covert surveillance by designated officers, for the duration of that authorisation and for the review, renewal or termination of authorisations. It gives the Council powers to conduct two types of covert surveillance:
 - 1. Directed Surveillance (is covert surveillance in places other than residential premises or private vehicles); and
 - 2. the use of a Covert Human Intelligence Source (the use of an undercover officer).

3.3 The Council has a Corporate Protocol and Procedure in place which governs the use and management of covert surveillance. Further, all members of staff wishing to use RIPSA, are required to undertake training prior to being able to make an application to undertake covert surveillance.

QUARTER 1-2021

- 3.4 In the period from 1 January until 31 March 2021, there was one authorisation for Directed Surveillance.
- 3.5 The application during Quarter 1 was from the Trading Standards team and related to the alleged selling of counterfeit goods offences under section 92 of the Trade Marks Act 1994.
- 3.6 Authorisations are executed in accordance with the Council's policy and procedure on Covert Surveillance and are thereafter audited by Legal Services Regulatory and Compliance Team as is normal practice. The Regulatory and Compliance Team raise any matters of good practice, policy or procedure with the Authorising Officer and the Applicant after every audit. Officers within Legal services do not interfere with the Authorisation process as that responsibility lies with the Authorising Officer. This approach has been agreed and is supported by the Investigatory Powers Commissioner.
- 3.7 Although authorised, the surveillance did not go ahead for operational reasons and the application was then cancelled by the Authorising Officer.
- 3.8 There have been no further applications for covert surveillance made or approved within this quarter.
- 3.9 There have been no changes to the Protocol and it still remains fit for purpose.

TRAINING

3.10 As noted on 24 February 2021, the aim is to deliver full training during Q2. Refresher training will be completed by the end of Q3.

4. FINANCIAL IMPLICATIONS

4.1 There are no financial implications arising from this report.

5. LEGAL IMPLICATIONS

- 5.1 The Scottish Government Code of Practice on Covert Surveillance sets an expectation that elected members review and monitor the use of RIPSA on a quarterly basis. This is also a matter which is taken into account by the Investigatory Powers Commissioner when they carry out their inspections.
- 5.2 A review of the Council's RIPSA activity by elected members provides assurance that the Council's use of RIPSA is being used consistently and that

the standards set by its policy remain fit for purpose.

5.3 The management, knowledge and awareness of those involved with RIPSA activity was something which was commended by the Commissioner in his inspection in 2020. The reporting of RIPSA activity to Committee provides another level of scrutiny and assurance on the use of RIPSA.
