TERMS OF REFERENCE 3.1.1	REPORT AUTHOR	Melanie Mackenzie		
	TERMS OF REFERENCE	3.1.1		

1. PURPOSE OF REPORT

1.1 The purpose of this report is to present procurement workplans where expenditure is included for the Commissioning, Customer, Resources and Operations Functions to Committee for review and to seek approval of the total estimated expenditure for the proposed contracts as contained in the Procurement Business Cases appended to the report.

2. **RECOMMENDATIONS**

It is recommended that the Committee: -

- 2.1 reviews the workplans as detailed in the Appendices;
- 2.2 approves the estimated annual expenditure for framework agreements within financial year 20-21 as detailed within the appendices;
- 2.3 approves the procurement business cases, including the total estimated expenditure for the proposed contracts;

- 2.4 approves the direct awards of contract where there are special circumstances outlined in the respective procurement business cases which justify not issuing a tender or calling off from a framework agreement; and
- 2.5 notes the content of Appendix 3 Summary of 4.1.3 Forms (Technical Exemption).

3. BACKGROUND

- 3.1 The ACC Procurement Regulations 2021 require that authority to incur expenditure must be sought prior to any invitation to tender or contract entered into. The method of authorising depends upon the contract value, with contracts above £50,000 (supplies/services) or £250,000 (works) to be listed on a workplan with an associated Procurement Business Case and submitted by the relevant Chief Officer to the Strategic Commissioning Committee (Revenue budget only), and/or to City Growth and Resources Committee (Capital and Capital with Revenue implications). The approval of the applicable Committee is required prior to the procurement being undertaken.
- 3.2 The ACC Procurement Regulations 2021 also require that if aggregated expenditure via framework agreements will exceed £50,000 (supplies/services) or £250,000 (works), then the authority of the Strategic Commissioning Committee to incur the expenditure must be obtained in advance of the applicable thresholds being exceeded. Aggregate expenditure via framework agreements will be reported annually by the Commercial & Procurement Shared Service where expenditure is recurring, though expenditure will be cross council in many cases.
- 3.3 Committee is asked to review the Commissioning, Customer, Resources and Operations Function work plans and to approve the expenditure detailed in the Procurement Business Cases appended to the report.

4. FINANCIAL IMPLICATIONS

4.1 The indicative value of the proposed contracts is shown within the workplan in the Appendices. The ability to have an overview of contract expenditure is aligned to Core Outcomes of the LOIP and the whole systems commissioning cycle approach. The refreshed approach to governance ensures that all contracts are aligned to the approved budget provision for each financial year with controls in place for flexibility if required. This also assists the Council in meetings its statutory duty to keep a Contracts Register.

5. LEGAL IMPLICATIONS

5.1 The contracts shall be procured in accordance with procurement legislation and the Commercial Legal Team within C&PS shall provide legal advice where necessary.
