FOREWORD

We are delighted to share the first North Locality Plan. The plan has been developed by exploring local data but, more importantly, has been shaped by listening to the people living and working across the locality to understand what would make the greatest difference to them. This has taken place through the establishment of the North Locality Empowerment Group and discussions with various stakeholders, including community members.

We recognise that within the North locality there are some neighbourhoods which face challenges requiring targeted support. The Northfield Priority Neighbourhood Partnership continues to follow the work of the former Northfield Locality Board (and earlier Northfield Total Place) to build on the partnership work within these areas – *Northfield, Mastrick, Cummings Park, Middlefield and Heathryfold*.

The Covid 19 pandemic has had a significant impact on all our lives. Communities have demonstrated how responsive and willing they can be in meeting the range of challenges that their members have faced.

The next steps are to continue to build on what is strong across North locality and strengthen our collective vision to ensure that North locality is a place where all can prosper. This plan should be seen as a living document and will be shaped by the community as we continue to understand the needs and opportunities in the area.

Development of Plan

The development of this plan has taken place during a global pandemic which has meant many of the traditional ways of engaging with communities and staff, including meeting face to face and canvassing opinions in neighbourhoods across North locality has not been possible. Instead most engagement has taken place on-line and through virtual mechanisms to ensure that views have been captured. In an attempt to ensure citizens and staff living and working in North locality were involved in the process the following engagement opportunities took place:

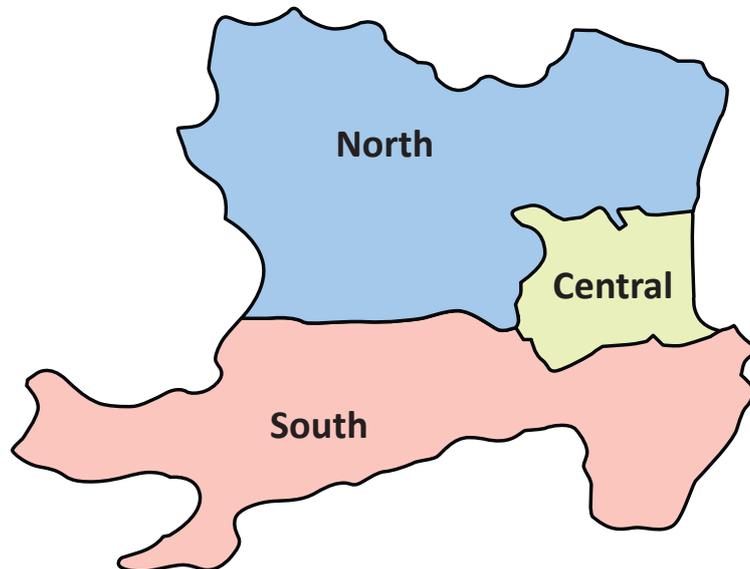

- During February four workshops were facilitated on the themes of the Local Outcome Improvement Plan (LOIP); people (adults), people (children and young people), place and economy where locality data was shared and citizens were asked what the priorities should be and potential ideas for action, the workshops were attended by 45 people from North locality.
- During March staff workshops were held for each locality where locality data was shared along with feedback from community sessions to seek feedback from frontline staff on what the priorities should be and suggested ideas for actions, the North workshop was attended by 21 members of staff.
- For staff unable to attend the workshop (it was recognised these workshops were taking place during the highest level of civil contingency in response to COVID therefore making it challenging for frontline staff to attend) a survey was developed based on the themes of the workshop, 26 members of staff shared their views.
- An additional survey was tailored to capture views of children and young people and sent to all schools for completion, 130 children and young people completed the form.
- A session was facilitated with the youth council to capture views on priorities and suggested actions.
- An online simulator was developed to enable citizens to express what was important and of value to them and their community and this was open from 1-30 March 2021. The simulator was completed by 713 people in North. Full results are available here [CP Simulator Summary results and Appendix \(2\).pdf](#) The top five priorities identified in the simulator were shared with members of the Locality Empowerment Groups (LEGs) and incorporated in discussions to identify the six overarching themes for the North locality plan. The results were also incorporated within the plans.
- The Health and Social Care Alliance Scotland (the ALLIANCE) provided support with the process by facilitating a number of workshops throughout April including; a visioning session, an evening session and workshops for each of the three localities, the purpose of these workshops were to turn the ideas into actions, the sessions were attended by 17 people in North.
- A workshop providing an overview on Community Planning Aberdeen and consultation on the locality plan template was held in April, this was attended by 14 people.
- LEG and Priority Neighbourhood Partnership Meetings took place throughout January – April to check in with the process and gain feedback to inform the development of the plans.
- On-going actions from Locality Recovery Plans have been incorporated within this plan.
- During this process the findings from the People at the Centre Engagement which took place nationally in late 2020 have also been considered and incorporated as appropriate.

LIVING IN THE NORTH

Central Locality is made up of 14 neighbourhoods including:

1. Dyce
2. Danestone
3. Oldmachar
4. Denmore
5. Balgownie & Donmouth
6. Bucksburn
7. Heathryfold
8. Middlefield
9. Kingswells
10. Northfield
11. Cummings Park
12. Sheddocksley
13. Mastrick
14. Summerhill

Based on analysis from the Scottish Index of Multiple Deprivation (SIMD), we have identified some of these neighbourhoods to be priority neighbourhoods. That means they need additional support to benefit from the same opportunities to thrive and succeed as other neighbourhoods within the North Locality. Our priority neighbourhoods include: Heathryfold, Middlefield, Northfield, Cummings Park and Mastrick.

The North area of the City covers a large area of the city from suburban areas bordering Aberdeenshire to more populated urban housing estates. Many of these neighbourhoods run alongside the River Don. Aberdeen airport lies within North locality resulting in people regularly travelling to the area for employment and recreation purposes. The oil boom in the 1980s gave way for a number of new housing developments as well as a number of oil and gas companies establishing bases within the area. Within the area, there are many green spaces, a community Hub, Aberdeen Treasure Hub, community centres, schools and places of worship providing a range of opportunities. New additions to the area include the P&J Live – a multipurpose indoor arena as well as the connecting Aberdeen Western Peripheral Route.

This is how people living in North described the community they live in:

Complicated **Safe**
Leafy **Villagey**
Growing **Huge**
Active

VISION FOR NORTH

The Vision for Aberdeen City is a 'Place where all people can prosper'.

We asked communities in the North Locality to break this down into what this means for them.

PRIORITIES
Do you agree with priorities?
 ○ Priorities do NOT apply to Bridge of Don
 → HUGE community large population
 → focus on regeneration
 → Priorities are LOPSIDED North sub-groups?
 ☆ Should apply to full North
 → Change language around poverty
 → Differs depending on demographics of specific North communities
 → Physical health important across communities
 → Danestone & Bridge of Don
 → Need for local employment
 → Affected by oil
 → Older people Funding?
 → Digital access is key

What's working well?
VOLUNTEERING OPPORTUNITIES
 Full sense - not just post covid
 Bridge of Don Community Council & Friends of Westfield Park
 Asset mapping - priorities may change
 Battalion of volunteers - how to best use?
 Park generates lots of people from all areas
 clean up & gardening
 Outreach programme in sheltered housing - older volunteers - post covid support
DIGITAL INCLUSION
 Connecting Scotland delivering technology to households
 Council looking to expand wifi for sheltered complexes
 Donestone Community centre busy - community wants
 Scotland's Service Directory - what's out there? up to date
REDUCING POVERTY
 Food & fun established holiday hunger programme
 Parents involved in cookery prep & on committees
PHYSICAL HEALTH & WELLBEING
 Silver Surfers

What needs to change?
 - Grow confidence of volunteers - post covid
 - Crossroots - meetings dominated by professional staff
 - Professionals in communities - listen & find out what has changed
 - Capitalise on appetite for volunteering
 Professional help to recruit
 Share volunteers across communities
 Share resources too
 Volunteering as a step into employment
 How to create spaces, get better at connecting & sharing
 e-consult
 Transparency, honesty & listening

PRINCIPLES/VALUES TOP 3
 1 Empowered & connected communities
 2 Focus on prevention, early intervention & reducing inequalities
 3 Build on what we already have
 Other suggestions:
 Happy & active community
 Rewarded & valued community
 Listening, transparency & honesty

VISIONING NORTH LOCALITY
 Aberdeen City Health & Social Care Partnership
 A caring partnership

During one of the workshops participants were then asked to vote on what was most important to them and this is what they said (the words in largest font were voted for the most with the words in smaller font receiving the least votes):

Using a combination of data as well as insight from community members and front-line staff, six priorities were identified to ensure that all people living in North locality, including those people living in our most disadvantaged communities, have an equal chance to prosper. These include:

Locality Priorities	Link with city wide LOIP Priority Themes
Reduce the number of people living in poverty through the creation of local employment, training and apprenticeship opportunities, and create solutions to tackle food poverty	Economy
Increase digital access and skills across the locality	
Improve the physical health and wellbeing of people	People
Support local volunteering opportunities beyond the pandemic	
Early intervention approach targeted at those who are involved in, or at risk in offending behaviour (domestic abuse, substance misuse, anti-social behaviour)	
Maximise use of disused outdoor space to increase food growing opportunities	Place

Above and throughout this document we have made the links between our priorities and the work of the wider Community Planning Aberdeen Partnership being delivered through the city wide LOIP. This is essential to ensure we are working collaboratively on common priorities, supporting each other by sharing knowledge and experience and testing out our ideas together to ensure they have the best chance of success, scalability and sustainable results.

THE NORTH ECONOMY

What we know about the North

From what the data tells us:

Earnings In 2017, median annual household income ranged from £18,596 in Middlefield to £59,162 in Kingswells. 7 of the datazones in the North locality are in the 20% most income deprived areas in Scotland, with 3 in both Mastrick and Middlefield and 1 in Northfield.

Universal Credit 30.1% of people in Aberdeen on universal credit live within the North Locality. Numbers are highest in Bucksburn (783), Heathryfold & Middlefield (766), Northfield (628) and Mastrick (538) and lowest in Danestone (129).

Covid Impact There was a 124% increase in people on universal credit and 145% increase in claimants between March and November due to Covid.

Food Poverty In 2020, when asked about food security, 3.6% of respondents from the North Locality to the City Voice reported being worried they wouldn't have enough food to eat; 5.5% reporting they were hungry but didn't eat and 1.8% going without eating for a day. As at 12 December 2020, 13% of calls to the crisis line requiring food assistance were from Cummings Park, Heathryfold, Mastrick, Middlefield, Northfield.

Digital Connectivity In 2020, 75% of respondents from the North Locality (95.5%) to the City Voice reported having basic digital skills (based on answering 'yes' to questions about foundation skills), this is lower compared to respondents from the South and Central Localities.

From what you have told us:

The link between all areas is poverty – it connects to everything. There is lots of stigma around poverty.'

'Job losses in the oil industry and impact of Covid means more people are claiming benefits and needing support than ever before but there is stigma and shame associated with taking support when needed.'

'Covid has had a significant impact on people with disabilities – accessing benefits, training and future employment opportunities.'

'There is an increase in use of food banks and more demand for emergency food provision. Food & Fun continues in the locality so food poverty remains a challenge.'

'More apprentices and opportunities for people of all ages to seek new skills regardless of their qualifications.'

'Digital connectivity is extremely important for people. Being isolated is a big issue facing many vulnerable people currently.'

Our priorities for partnership working

There is already a wide range of activity already taking place by community groups and organisations across the locality and within our priority neighbourhood partnerships to tackle the issues highlighted above.

This Locality Plan includes the areas where we can bring added value by working more collaboratively - communities, public, private and third sector organisations working together in partnership to test new ideas which we believe will improve outcomes.

The table below includes the two priorities we have identified for partnership working in the North Locality which can be linked to the Community Planning Partnership theme of Economy.

North Priorities	Link with city wide LOIP Stretch Outcomes (SO)
Reduce the number of people living in poverty through the creation of local employment, training and apprenticeship opportunities, and create solutions to tackle food poverty	SO1 - Poverty SO2 – Employability
Increase digital access and skills across the locality	SO3 – Upskill/Reskill

The following tables set out the improvement projects that we believe can help us achieve our priorities.

THE NORTH PEOPLE

What we know about the North

From what the data tells us:

Child Health Child Health The % of primary ones with no obvious tooth decay varies across the Locality, being highest in Oldmachar (89%) and lowest in Heathryfold/Middlefield (58%), compared to the city rate of 69.7%. Balgownie and Donmouth West have the highest proportion of children at P1 with a healthy weight in the Locality 92%. The lowest proportion of P1s with a healthy weight in the locality is Heathryfold/Middlefield at 72%.

Positive Destinations In 2018/19, positive destinations varied across the Locality, being highest in the North Locality at Dyce Academy at 95% and lowest in Northfield Academy at 81%.

Mental Health The rate of probable suicide (2014-2018) in the North Locality increased to 13.3 from 11.7; similar to the city rate of 13.8; 18.9% of people were prescribed drugs for anxiety, depression or psychosis (2019/20)

Life Expectancy Heathryfold/Middlefield has both the lowest life expectancy (F:76.9/M: 71.8) and highest death rates in the Locality (1,446), more than double the lowest rate in the Locality of 692 in Kingswells.

Drugs and Alcohol The rate of alcohol related deaths is lowest in the North Locality at 16.9 per 100,000 in 2014/18, compared to the city (19.9). Heathryfold & Middlefield has the highest rate (1,348) of alcohol related hospital admissions (19/20) in the Locality, nearly double the city rate (710.6) and more than 6 times the rate of the lowest neighbourhood of Balgownie and Donmouth West (281). The rate of drug related hospital admissions in the North Locality increased to 168 per 100,000 population in 2016/17-2018/19, from 156. This is lower than the city rate (182) and the Central Locality (222), but higher than in the South Locality (147).

From what you have told us:

'Concerned that the lack of social activities and social development during Covid will have a lasting impact on all children and their parents.'

'We are particularly worried about the impact of Covid on the transition from P7 to S1 in our priority neighbourhoods.'

'There's been an increase in people exercising indoors and outdoors. But a decline in those shielding and people feeling anxious to go out.'

'People are eating more but more people are also cooking from scratch.'

'Social isolation continues to be a contributing factor to mental health issues.'

'We need more facilities such as skate parks in each community, youth clubs, evening classes etc. Classes to meet and engage with likeminded people will help with mental health and feelings of loneliness.'

Health & Wellbeing In 2019, 89% of respondents from the North Locality to the Health & Social Care users Survey agreed that support helps them live as independently as possible, similar to responses from South (91%) and Central (90%) Localities. 59% said it was hard for them to get motivated to look after their own health, lower compared to the city response (68%) and South (73%) and Central (71%).

Crime In 2019, crime rate per 1,000 population in the North Locality is 22.9, lower than the city rate of 35.3, the rate for the South (23.5) and Central (57.6) Localities. Crime rates vary across the Locality with a high of 56 in Cummings Park, compared to a low of 4.8 in Denmore. The 3 highest rates are all priority neighbourhoods and all higher than the city rate of 35.3. The majority (12 of 16) of neighbourhoods in the North locality have a lower crime rate than the city.

‘Encouraging people to use the outdoors and to exercise by providing the environment to make this easier for them to do so safely will do more for public health than any health initiative telling them what to do.’

‘There is a link to the increase in alcohol use and isolation.’

‘We are concerned about harm due to drugs in the locality, both the causes and consequences.’

‘Shop lifting and petty crime is on the increase.’

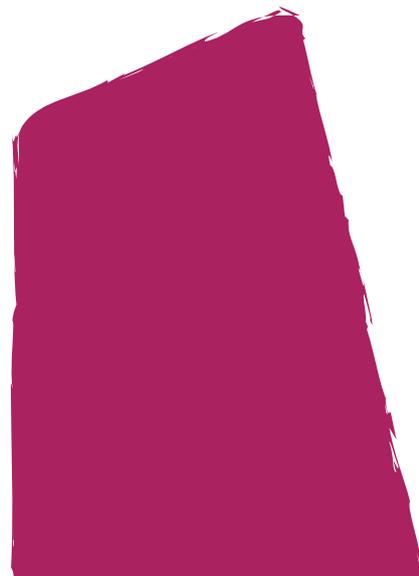

‘Increase in domestic abuse – raised through Northfield Partnership Forum from schools.’

Our priorities for partnership working

The table below includes the three priorities we have identified for partnership working in the North Locality which can be linked to the Community Planning Partnership theme of People.

THE NORTH PLACE

What we know about the North

From what the data tells us:

Priority Neighbourhoods Aberdeen has 29 datazones in the 20% most deprived areas in Scotland. 8 of these are in the North locality with 3 in both Mastrick and Middlefield, 1 in both Heathryfold and Northfield. Based on SIMD, our priority neighbourhoods in the North Locality are: Mastrick, Middlefield, Northfield, Cummings Park and Heathryfold.

Place Standard In March 2020, when asked about different aspects of their neighbourhood, respondents from the North Locality scored availability of green space (5.3) and feeling safe in your neighbourhood (5.3) as the highest. Lowest scoring areas were economy and access to jobs (2.5) and the ability to participate in decisions and help change things for the better (3.2).

Community Safety In 2018/19, the rate (per 100,000 population) of accidental dwelling fires in the North Locality ranges from a low of 0 in Kingswells, Bucksburn South, Dyce, Balgownie & Donmouth East and Denmore, to a high of 234 in Summerhill (more than double the city rate of 115.10). The rates for Heathryfold and Middlefield, Cummings Park and Mastrick have all increased substantially in 2018/19.

Active Travel In 2020, respondents from the North Locality to the City Voice reported using the following modes of transport at least once a week to travel into the city – car (59.6%), bus (41.3%), walk (23.9%) and cycle (6%).

From what you have told us:

'Locality Empowerment Groups and Priority Neighbourhood Partnerships have a vital role here.'

'More green spaces, community gardens and allotments for citizens.'

'The redevelopment of Haudagain offers greenspace.'

'Demand for food growing initiatives is increasing so requires support.'

'Lighting in parks would be an asset and make it safer to use.'

'Community facilities and Housing Office has been impacted by Covid.'

'Flood alleviation scheme in place at Heathryfold.'

'Increased trend on shopping crime.'

'Home fire safety campaigns have been disrupted by the pandemic.'

Our priorities for partnership working

The table below includes the last priority we have identified for partnership working in the North Locality which can be linked to the Community Planning Partnership theme of Place.

North Priorities	Link with city wide LOIP Stretch Outcomes (SO)
Maximise use of disused outdoor space to increase food growing opportunities	SO 13 – Climate Change SO15 - Nature

The following tables set out the improvement projects that we believe can help us achieve our priorities.

Our Improvement Plan

Maximise use of disused outdoor space to increase food growing opportunities.

Improvement Project Aim	Project Lead	Community Ideas for Improvement we might test	Where we might test them	Community Connector
Increase community food growing in schools, communities and workplaces by 12 by 2023.	Aberdeen City Council, Anti-Poverty Group	<ul style="list-style-type: none"> Promote train the trainer for food growing within communities. Share learning from other food growing projects across the locality, i.e. One Seed Forward, Dyce community Garden & Orchard run by Dyce Gardening Club. Grow vegetables at community gardens and sell at local schools. Work with young people at Northfield Academy to develop community growing space/creative area. Share how people can apply to the council for the establishment of allotments. Make growing spaces easier and more accessible for the community. Develop lifelong habits by encouraging young people to get involved in outdoor nurseries. Define and clarify process for individuals/organisations - requesting a piece of land – Aberdeen City Council to share with communities. 	<p>Heathryfold, Middlefield, Northfield, Cummings Park & Mastrick</p> <p>Locality wide</p>	<p>Farrans</p> <p>Danestone Community Centre</p> <p>Dyce Community Garden and Orchard</p>
Increase the number of community run green spaces that are organised and self-managed for both people and nature by a minimum of 8, of which at least 4 will in priority neighbourhoods, by 2023, particularly in priority neighbourhoods where the diversity, quality and satisfaction of green spaces and health and wellbeing outcomes tend to be lower.	Aberdeen City Council, Sustainable City Group	<ul style="list-style-type: none"> Share learning across Aberdeen of similar initiatives, e.g. Bonnymuir Community Garden. Identify unused pieces of land to develop food growing/ community green space. Potential connections to be made between the land at Granitehill with the community hub; Sheddocksley, Middlefield triangle and Cummings Park garden. 	<p>Heathryfold, Middlefield, Northfield, Cummings Park & Mastrick</p> <p>Locality wide</p>	<p>Danestone Community Centre.</p>

HOW COMMUNITIES CAN GET INVOLVED

What resources are currently available?

- Churches
- Community Centres
- Community hub
- Community organisations
- GP practices, pharmacists, link practitioners
- Parks
- Libraries
- Schools and nurseries
- Transport connections
- Local businesses

What do we already have?

- Bridge of Don Community Council and Friends of Westfield Park. Getting together with other groups (scouts, brownies etc) – hoping to restart following Covid
- Park generates lots of people of all areas for park clear up and gardening (**volunteering and green spaces**)
- Danestone Community Centre – busy because that’s what the community wants
- Middlefield Hub – Middlefield Community Project and Healthy Hoose
- Mastrick Community Centre
- Cummings Park Community Centre – “The Cubby”
- Northfield Community Centre
- Manor Park Learning Centre – Fit Like Hub
- Outreach programme in sheltered housing – volunteers are older – it’ll be like starting again, how will people want to get back to programmes after Covid – more work to be done
- Dyce & Stoneywood Community Association (based in Dyce Community Centre) which runs an extensive programme of groups mainly for Older People to meet the needs and wishes of the high proportion of Older People living in Dyce and including Dyce Men’s Shed within its programme.
- Sheddocksley Baptist Church – Wellbeing cafe
- **Reducing poverty** – established holiday hunger programme in place (Food & Fun)
- **Digital Inclusion** – Connecting Scotland – staff currently delivering digital support to households
- **Green Space** – successful projects well underway with community groups at the forefront
- Scotland’s Service Directory – people don’t know what is out there – grassroots people need this at their fingertips – how to get this info and how is it kept up to date
- Council looking at expanding wifi accessibility for sheltered complexes – silver surfers in partnership (**digital inclusion**)
- Battalion of **volunteers** – how to make best use of that resource
- Holiday hunger aimed at children – parents involved in cookery prep – and then parents became members of management committees (**reducing poverty**)

Get Involved

Locality Empowerment Groups

Locality Empowerment Groups (LEGs) are made up of local people interested in improving outcomes with Aberdeen City. LEGs members will use their knowledge and experiences to influence priorities and help determine solutions. There are groups for Central, North and South of Aberdeen, however they also focus on needs that may be Citywide e.g. sharing your experience as a person living with a disability.

The role of a LEG member is intended to be as flexible as possible. People can contribute in several ways including; getting involved in activities to improve your community; attending LEG sessions; through participation in surveys or on-line forums. There are no set time commitments expected and involvement can be as little or as much as suits people's circumstances.

We are currently recruiting members to ensure we have a wide representation of communities across Aberdeen. We have a range of opportunities available for people to get involved. If you would like more information please visit our website www.aberdeencityhscp.scot/our-delivery/locality-empowerment-groups or email LocalityPlanning@aberdeencity.gov.uk
