### **UPDATE:**

Members will recall that an application for Change of Use to of an office building at Wellheads Place given a willingness to approve at the Planning Development Management Committee of 17 June 2021 required to be notified to the Scottish Ministers because of an objection from the Health and Safety Executive.

This service update is to inform members that the Scottish Government subsequently responded indicating that it had no intention to intervene in this application by either issuing a direction restricting the granting of planning permission or by calling in the application for determination. The decision has, therefore, been issued and the application approved. The correspondence from the Scottish Government and all other documents associated with this application can be found at the link below:
