

Licensing (Scotland) Act 2005

Application for Variation of premises licence

Address: The Howff, 365 Union Street, Aberdeen, AB11 6BT

In terms of Section 22 (1) (b) (ii) I make the following representation to the Licensing Board.

The applicant has applied for an external area to be added to the premises, changes to the children and young persons access, addition of Off sales and change of core hours.

The applicant has not agreed to the standard external area condition relating to “No amplified music or entertainment to take place in the outdoor area”

The applicant has agreed to the outdoor area being clearly demarcated onsite and the terminal hour of 22.00

I have no comment concerning the changes to the children and young persons access, addition of Off sales or core hours.

However I would recommend the retention of the condition relating to no amplified music or entertainment to take place in the outdoor area on the grounds of consistency with the Aberdeen Licensing Board’s policy, section 9 regarding external areas, where the standard conditions are as below.

This recommendation is on the grounds of consistency with the policy and also potential inconsistency with the licensing objective – Prevention of public nuisance

- Outdoor area to be clearly demarcated onsite.
- Use of the area to cease at 2200 hours.
- No amplified music or entertainment to take place in the outdoor area.

This representation is submitted for your attention when considering this application
