Additional targets for completed cases during reporting period - reporting output is based on adding 5/10/20 days to the 5 and 10 day targets built into workflow cases for processing administration tasks:

 Priority remains processing death and retirements whilst majority of staff continue to work from home, performance will continue to improve when more staff can safely return to the office.

Uncompleted cases during reporting period - cases identified that were due to be completed and do not have a Reply Due date set in advance of the end of the reporting period:

This allows the Fund to provide accurate and up to date information to members, meet the requirements of The Pension Regulator and improved the accuracy of the financial information held for the valuation of the Fund.
