	H&SCP	Hospital Pathway (End of Life)	It is proposed that additional funding is awarded to Rubislaw Park Nursing Home for the End of Life Pathway to increase end of life care capacity in the community and to allow for a full evaluation on efficacy of these beds to inform future 'person-centred' commissioning. The additional funding, if approved, would allow commissioners to have 12 months of data/information for a proper evaluation.	01/07/2022	30/11/2022	5
