

Health Inequality Impact Assessment

Stage 3

Analysis of findings and recommendations

Report Title

Please detail a summary of the purpose of the proposal being developed or reviewed including the aims, objectives and intended outcomes

In line with the Carer (Scotland) Act 2016 the Aberdeen City Health and Social Care Partnership (ACHSCP) has a responsibility to plan support for all Carers in Aberdeen City via a Local Carer Strategy. The ACHSCP's existing Strategy was extended from 2021 to 2022 due to the varying impacts of the COVID-19 Pandemic.

The Carers (Scotland) Act 2016 and subsequent regulations outline the nine specific areas which are to be included within a Local Carer Strategy. These are listed below;

- Plans for identifying relevant carers and obtaining information about the care they provide (or intend to provide) to cared-for persons in the local authority's area
- An assessment of the demand for support to relevant carers
- Support available to relevant carers in the authority's area from -
 - the authority,
 - the relevant health board,
 - any other organisations that the authority and health board consider appropriate

- An assessment of the extent to which demand for support to relevant carers is currently not being met
- Plans for supporting relevant carers
- Plans for helping relevant carers put arrangements in place for the provision of care to cared-for persons in emergencies,
- An assessment of the extent to which plans for supporting relevant carers may reduce any impact of caring on relevant carers' health and wellbeing,
- The intended timescales for preparing adult carer support plans and young carer statements.
- Information relating to the particular needs and circumstances of young carers.

The Draft Strategy identifies four main priorities (and a fifth priority focussed on performance management). These are;

- Identifying as a Carer and the first steps to support
- Accessing Advice and Support
- Supporting future planning, decision making and wider Carer involvement
- Community support and services for Carers

The associated Action Plan determines how we aim to deliver on these priorities. The Strategy is focussed on supporting 'All Carers' and as such consideration of inequalities and human rights is embedded within our approach as outlined below.

An 'All Carers' approach fosters good relations by ensuring all Carers are recognised whilst also ensuring that individual circumstances, including intersectionality across a range of protected Characteristics, are considered.

Equality Act 2010 – Relevant Protected Characteristics as identified in Stage 1 (remove those that do not apply)

Age	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct	x	<p>This Strategy aims at improving outcomes for all Carers. Specific impacts related to Age are;</p> <ul style="list-style-type: none"> Continued provision of specific support services for Young carers to ensure they are able to continue to live life as a child, have access to opportunities for all children and improve quality of life. The Young Carers service has a role in educating the wider system on Young carer issues which will foster good relations. The Strategy includes specific actions to ensure Carers individual support needs are assessed and further referral to support is available. For Older carers this may include support to meet their own health needs, condition specific advice, e.g. Dementia Support. 	<p>Specific Actions are included in the Action Plan which will monitor support for Young carers.</p> <p>Older people – Specific Actions within the action plan focus on provision of care which meets the specific needs of both older carers and older people who are being cared for.</p>

			<p>Ensuring accessibility will support the Strategy to advance equality of opportunity for Disabled carers and foster good relations.</p> <p>In the majority of circumstances the cared for person is living with a disability as defined in the Equality Act 2010. Carers play an essential role in supporting the Cared for. Ensuring that a range of support is available for all Carers will indirectly enhance equality of opportunity for the Cared for person and foster good relations.</p>	<p>The detailed Action Plan for the Strategy outlines a range of measures to support Carers to continue caring which will have an enhancing impact on Cared for people living with a disability. This will be monitored on an ongoing basis with Annual review built.</p>
Gender Reassignment	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct		<p>The Strategy identifies specific areas where we have knowledge gaps around the experience of some Carers. This includes Adult Carers who have undergone, or are undergoing, gender reassignment. The Strategy includes consideration of how to better understand the support needs of LGBTQ+ Carers.</p> <p>The Young Carers service includes an LGBTQ+ group which supports young people with Young Carer specific support related to their gender identity.</p>	<p>This will be taken forward in partnership with the Strategic Planning Group's Equality and Human Rights sub-group. The aim is to better understand support needs and develop services accordingly.</p> <p>The Quarriers Adult support service are also developing a specific role within their service with a focus on better understanding the diverse needs of Carers. Evaluation of the impact of this role will inform further developments.</p>

Marriage and Civil Partnership	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct	x	<p>Caring relationships often occur between married parties or those in civil partnerships. There are no actions proposed within the strategy which would adversely impact on marriage or civil partnership however supporting Carers in their caring role may have an indirect positive impact.</p>	<p>Actions within Priority 3 will be monitored.</p>

	Fostering good relations by reducing prejudice and promoting understanding	x		

			Priority 3 highlights the importance of recognising the individual needs of both parties in a caring relationship and the need for staff to be mindful of domestic abuse and coercive control therefore minimising the likelihood of victimisation and fostering good relations.	
Pregnancy and Maternity	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct		There have been no identified impacts related to pregnancy or maternity. We do however recognise the diverse group that have the role of Carers in Aberdeen City and that there may be an impact for those pregnant in a caring role.	We will monitor with all parties over the lifetime of the strategy to determine if any further actions are required.

Race	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct	x	The Strategy identifies specific areas where we have knowledge gaps around the experience of some Carers. Engagement on the strategy has involved working with Grampian Regional Equalities Council to gauge how aware our minority ethnic Carers are of their rights and support services available which will inform ongoing service development.	Actions within the strategy aim to work with communities to better understand the needs of Carers and have options for support which meet those needs. This will be carried out in partnership with the Equality and Human Rights sub-group.

Religion & Belief including non-belief	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct	x	The Strategy identifies specific areas where we have knowledge gaps around the experience of some Carers.	Actions within the strategy aim to work with communities to better understand the needs of Carers and have options for support which meet those needs. This will be carried out in partnership with the Equality and Human Rights sub-group.

Sex	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct	x	Evidence indicates that the majority of Carers across all Age groups are female. Therefore the impact of the Caring role disproportionately impacts on women. Ensuring support is available for all Carers will have an enhancing effect for women. Consideration is also made within Priority 3 with regard to ensuring the cared for and the Carer have access to support in their own right, including where required, Adult Protection and Domestic abuse advice.	Actions within Priority 3 will be monitored.

	Fostering good relations by reducing prejudice and promoting understanding	x		
Sexual Orientation	Eliminating discrimination, harassment, victimisation, or any other prohibited conduct	x	The Strategy identifies specific areas where we have knowledge gaps around the experience of some Carers. Similar to Gender reassignment we do not know enough about the experience of Lesbian, Bisexual or Gay Adult Carers in Aberdeen and whether the support currently provided is supportive of their specific needs recognising that LGBTQ+ communities are more likely to experience discrimination and that for older members of the LGBTQ+ community, who have historically lacked legal protections, they may have had negative experiences of health and social care services which may put them off seeking support.	Actions within the strategy aim to work with communities to better understand the needs of Carers and have options for support which meet those needs. Young carers have already identified a need for specific support and have established an LGBTQ+ group within the Young Carer service.

Human Rights – Reference those identified in Stage 1 (remove those that do not apply)

Article	Enhancing or Infringing	Impact and or difference will the proposal have	How will you know - Measures to evaluate
---------	-------------------------	---	--

Right to Liberty	Enhancing	Whilst not a formal restriction of liberty Carers can often feel unable to take time away from their caring role due to the dependency of the Cared for person. This strategy promotes development of more options for carer breaks and as such more ability to have freedom to pursue their life beyond the caring role.	Carers express that they have been able to experience breaks from their caring role.
Right to respect for private and family life, home and correspondence	Enhancing	Many Caring roles take place within the home or within a close family caring relationship. Ensuring suitable support is available for all Carers, including Young Carers will have an enhancing impact on this right.	Carers are well supported and family life is supported.

Fairer Scotland Duty

Identify changes to the strategic programme/proposal/decision to be made to reduce negative impacts	Consideration has been made to socio-economic deprivation within this strategy. Carers Support services are non-chargeable. Support services are available to Carers from all areas within Aberdeen.
Identify the opportunities the strategic programme/proposal/decision provides to reduce or further reduce inequalities of outcome	Any specific services developed from this strategy will be subject to further impact assessment and as such will further consider any additional inequalities of outcome at that time.

Health Inequality Impact Assessment Recommendations

What recommendations were identified during the HIIA process:

Recommendation	Recommendation owned by:	Date recommendation will be implemented by	Review Date
Identified impacts to be monitored as a specific action within the performance reporting for the Carer Strategy	Amy Richert (Senior Project Manager)	November 2022	Annual

Monitoring Impact – Internal Verification of Outcomes

How will you monitor the impact this proposals affects different groups, including people with protected characteristics?

The Carers Strategy Implementation Group will have a role in monitoring the overall impact of the strategy.

Procured, Tendered or Commissioned Services (SSPSED)

Is any part of this policy/service to be carried out wholly or partly by contactors and if so, how will equality, human rights including children’s rights and the Fairer Scotland duties be addressed?

The Adult Carer Support service and Young Carer Support service are required to provide performance reporting. This includes any information on Complaints / feedback and the gathering of equalities monitoring data.

Specific impact assessments will be carried out should these services, or any newly identified, are required to be tendered during the lifespan of the strategy.

Communication Plan (SSPSED)

Please provide a summary of the communication plan which details how the information about this policy/service to young people, those with a visual or hearing sensory impairment, difficulty with reading or numbers, learning difficulties or English as a second language will be communicated.

A period of public Consultation will take place in October / November 2022 which will be followed by annual surveys.

Accessibility of carers information is an identified action within the strategy with this reviewed within 2023.
