REPORT TITLE	Work Plan & Business Cases – Revenue
REPORT NUMBER	COM/22/273

REPORT AUTHOR	Mel Mackenzie
TERMS OF REFERENCE	24

1. PURPOSE OF REPORT

1.1 The purpose of this report is to present a procurement work plan where expenditure is included for the Operations and Customer Functions to Council for review and to seek approval of the total estimated expenditure for the proposed contract as contained in the Procurement Business Case appended to the report.

2. RECOMMENDATIONS

That Council: -

- 2.1 reviews the workplan as detailed in the Appendices for the Operations and Customer Functions;
- 2.2 approves the procurement business case, including the total estimated expenditure for the proposed contract; and
- 2.3 notes the content of Appendix 3 3.10 Memos (Exemption Urgency).

3. CURRENT SITUATION

3.1 The ACC Procurement Regulations 2022 require that authority to incur expenditure must be sought prior to any invitation to tender or contract entered into. The method of authorising depends upon the contract value, with contracts above £50,000 (supplies/services) or £250,000 (works) to be listed on a workplan with an associated Procurement Business Case and submitted by the relevant Chief Officer to the Finance and Resources Committee (approval of contracts with a value under £1,000,000) and to Council (approval of contracts with a value over £1,000,000). The approval of the applicable body is required prior to the procurement being undertaken.

3.2 Council is asked to review the Operations and Customer Functions work plan and to approve the expenditure detailed in the Procurement Business Case appended to the report.

4. FINANCIAL IMPLICATIONS

4.1 The indicative value of the proposed contract is shown within the workplan and in the Appendices. The ability to have an overview of contract expenditure is aligned to Core Outcomes of the LOIP and the whole systems commissioning cycle approach. The robust approach to governance ensures that all contracts are aligned to the approved budget provision for each financial year with controls in place for flexibility if required. This also assists the Council in meetings its statutory duty to keep a Contracts Register.

5. LEGAL IMPLICATIONS

5.1 The contracts shall be procured in accordance with procurement legislation and the Commercial Legal Team within C&PS shall provide legal advice where necessary, legal commentary has been sought and is included within each Procurement Business Case.

6. ENVIRONMENTAL IMPLICATIONS

6.1 Consideration is included within each Procurement Business Case as to how the proposed contract will support the Council's climate commitments. If these are not to be included, officers are asked to confirm why this is the case. Standard wording is included in procurement templates to ensure this is captured at tender stage through to awarded contract.
