# 1 Executive Summary

## 1.1 Introduction and background

Internal Audit's primary role is to provide independent and objective assurance on the Council's risk management, control, and governance processes. This requires a continuous rolling review and appraisal of the internal controls of the Board involving the examination and evaluation of the adequacy of systems of risk management, control, and governance, making recommendations for improvement where appropriate. Reports are produced relating to each audit assignment and these are provided to the Risk, Audit and Performance (RAP) Committee. Along with other evidence, these reports are used in forming an annual opinion on the adequacy of risk management, control, and governance processes.

This report advises the RAP Committee of Internal Audit's work since the last update. Details are provided of the progress against the approved 2023/24 Internal Audit plan, audit recommendations follow up, and other relevant matters for the Committee to be aware of.

<b>Minor</b>	Although the element of internal control is satisfactory there is scope for improvement. Addressing this issue is considered desirable and should result in enhanced control or better value for money. Action should be taken within a 12 month period.
<b>Moderate</b>	An element of control is missing or only partial in nature. The existence of the weakness identified has an impact on the audited area's adequacy and effectiveness. Action should be taken within a six month period.
<b>Major</b>	The absence of, or failure to comply with, an appropriate internal control, such as those described in the Board's Scheme of Governance. This could result in, for example, a material financial loss, a breach of legislative requirements or reputational damage to the Board. Action should be taken within three months.
<b>Severe</b>	This is an issue / risk that is likely to significantly affect the achievement of one or many of the Board's objectives or could impact the effectiveness or efficiency of the Board's activities or processes.
