ABERDEEN CITY COUNCIL
2023/24 to 2028/29

THE PRUDENTIAL CODE
For Capital Finance in Local Authorities

From 1 April 2004, Councils are required by Regulation to have regard to the Prudential Code (the Code) when carrying out their duties under Part 7 of the Local Government in Scotland Act 2003.

In setting the revenue and capital budgets, members will be aware that under the Prudential Code, the level of capital investment is determined locally. Therefore, these indicators will be reviewed on an ongoing basis to ensure that the Council does not breach the indicators it sets.

The key objectives of the Code are to ensure: -

- The Council's capital programmes are affordable, prudent and sustainable.
- Treasury management decisions are taken in accordance with good professional practice.

The Code also has the objectives of being consistent with and supporting local strategic planning, local asset management planning and proper option appraisal.

In setting the indicators, cognisance should be paid to the level of capital investment looking ahead for a five-year period, for both the housing and non-housing capital programmes that the Council wishes to embark upon. The Code also requires that the underlying requirement to finance PPP projects and finance leases be included when setting the indicators.

The Code requires the following Prudential Indicators to be set for the Council:

The Prudential Code states:

“In order to ensure that over the medium term net borrowing will only be for a capital purpose, the local authority should ensure that net external borrowing does not, except in the short term, exceed the total of the capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current and next two financial years.”

The Chief Officer - Finance reports that the Council can meet this requirement in 2023/24, and it is expected to do so for the future years, as outlined, taking into account current commitments, existing plans, and the assumptions in this report.

The latest version of the Prudential Code for Capital Finance in Local Authorities introduced a new indicator – the Ratio of Net Income from Commercial and Service Investments to Net Revenue Stream.

The Code defines Commercial Investments as investments taken or held primarily for financial return and not linked to treasury management activity and Service Investments as those directly involved in the delivery of a service, for example, loans to leisure providers, loans to trusts providing services, a shareholding in a shared service vehicle, and investments in local companies for regeneration.

As the Council has no investments that fall into these categories, there is no requirement to report this indicator.

The latest version of the CIPFA Treasury Management in the Public Services code requires the reporting of an additional treasury management indicator known as the Liability Benchmark.

The liability benchmark (shown below) is a comparison of existing borrowing levels against future capital financing requirements from both committed and planned future borrowing over the next ten years.

<p>Sports Organisations</p> <ul style="list-style-type: none"> Reduction in Property Lifecycle Reserve Funding for Aberdeen Sports Village NYOP to distribute 22/23 surplus to Sport Aberdeen to fund services in 2024/25 Additional funding for Sport Aberdeen for operating Bucksburn Swimming Pool, 50% funding for 2024/25 	<p>Any funding to improve physical activity and wellbeing will be a positive especially if distributed fairly across classes and activities that are inclusive for ages, abilities, interest, etc.</p> <p>Bucksburn pool – positive, opportunity to use the space to offer more (warm space, wellbeing hub, and other ad hoc uses).</p>	<p>Need to consider any resulting impacts on funding for services resulting from property/asset upkeep costs.</p>	<p>Provides capital for any large repairs and maintenance costs in future - we will need to maintain our asset moving forward for all user groups including people with protected characteristics.</p>
<p>Garden Waste</p> <ul style="list-style-type: none"> Continue charge for 2nd/3rd garden waste bin Scrap the garden waste charge - 1st bin 	<p>Positive for those who use the service – approx. 50% of those eligible.</p>	<p>As it is an optional service, those who choose to use this service may be able to afford it, larger gardens - older people may still live in larger homes but no income / transport for</p>	<p>Free alternative – composts at home. 		<p>disposal. Approx 28% of those participating have a second permit, with less than 1 % having a third permit. However, a second permit is not necessarily a reflection of having a bigger garden – over the years, the number of second permits has risen and some of the rise is due to neighbours sharing the costs of the permit charge.</p> <p>Significant loss of income (est £842K), with increased costs. The admin costs remain as residents will still need a permit for the first bin, even if there is no charge, otherwise it is not possible to identify those who have paid for a second or third permit. Also, likely increased uptake in first permits and requests for bins.</p> <p>Increased pressure on existing routes and by disincentivising waste minimisation and home composting, increased tonnages and additional disposal costs.</p>

Kingswells bus service and any other transport project that meets fund	<p>to consider the provision of local bus services.</p> <p>Would ensure residents in Kingswells are within 400m walk of a bus service ensuring access to employment, education and services. Providing the service would have no negative impacts on protected characteristics, these would be positive as a service is provided.</p>	<p>fund projects for walking and cycling.</p> <p>No guarantee of sufficient revenues from BLE income to meet the requirements.</p>	
Increase funding for Leased Community Centres	<p>Not to be confused with learning centres which are run by the council. Community Centres are independent and set their own policy and procedures and lease the centre from the council. The centres are already heavily subsidised and pay £1.00 rent if asked. The remaining building costs are borne by the council who also are offering grants to the community centres. The centres are already gaining benefits.</p> <p>Community Centres as part of the 20-minute neighbourhoods'</p>	<p>Depending on where the budget to fund an increase comes from the negative impacts may outweigh the positive impacts.</p> <p>Community Centres can thrive depending on how the community uses this. Where communities and not engaging or the centre is not run well, this can have negative impacts on those who could benefit from the centre's provision.</p>	<p>Ensure money is allocated fairly so that there is more support to areas that need help. Some centres perform way better than others.</p> <p>Rather than a blanket increase to every leased community centre association it may be better placed to have fund that can applied to by the association to then target those with protected characteristics.</p>

<p>£1 parking after 5 in off-street car parks - implement for 6 months then report to committee</p>	<p>Broadening access to the city centre for all groups of citizens. Increase in footfall will add to the prosperity of the city centre and contribute to securing employment.</p> <p>This will positively impact low income households providing lower cost parking after 5pm in the city centre</p>	<p>This may increase traffic movements at peak times in the city, negatively impacting air quality which has largest impact to low income households or those from areas of deprivation where car ownership is at its lowest and other modes such as walking and cycling is used.</p> <p>This may negatively impact vulnerable groups by increasing traffic flow making access to areas less safe through increased road safety risk</p>	<p>Actively promote alternative modes to reduce car trips.</p>

Injects into economy and makes it attractive for tourists / citizens.</p>		
<p>Anti Poverty measures - agree the Anti Poverty Committee will consider ways to spend £1m budget and make recommendations to Finance & Resources Committee for approval.</p>	<p>Poverty is high on agenda - will be seen as positive as long as there is communications made known to wider communities on how to access help / work together to eradicate poverty. (Resilience, empower, integrate, self sustain, dignity and respect)</p>	<p>Without knowing the specifics of how funds will be distributed, it is not possible to identify immediate negative impacts on protected characteristic or priority groups.</p>	
<p>Reduce Spectra General Revenue budget line - now funded by UK Shared Prosperity Fund (UKSPF), approved F&R Cttee 30/1/24</p>	<p>Spectra is seen as a highly attended event that is non religious and is open to all. Impacts will vary on where is the money being aligned to.</p>	<p>No obvious negative impact to either proposal.</p>
