### **UPDATE:**

- 1.1 In January 2024, Members of the Net Zero, Environment and Transport Committee received a [report](#) on costs and timescales for updating the Strategic Car Parking Review (SCPR), originally published in 2019.
- 1.2 The Committee resolved: (i) to note that officers would report back to Committee once the outcome of the application for funding to NESTRANS was known; (ii) to note the likely costs and timescales for undertaking an update to the SCPR; and (iii) to instruct the Chief Officer – Strategic Place Planning to proceed with updating the SCPR as soon as possible, as funding permits, and report the outcomes back to this Committee by the end of 2024.
- 1.3 At their meeting in April 2024, the Nestrans Board agreed an allocation of £70,000 for the SCPR, which is considered sufficient to cover the cost of the review. Work is therefore scheduled to commence in late spring / early summer 2024.
