Subject: Re: LC - 2 Market operators apps Scorpion Gb Ltd

I refer to the above applications and would raise concern with the operation of a market type establishment within both public car parks and in particular the possible conflict of pedestrians and vehicles. Before a detailed response can be given I would request further information with regard to the exact location of the market operations at both sites, the management of vehicular/pedestrian conflicts and the scale of operation that is subject to the licence application.

regards
