21 October 2011

Dear Dr Bochel

**P111370 – 41-45 Leaside - Demolition & change of use to form 11 flats.**

The Society has considered the above application and wishes to comment as follows:-

*The use of a timber finish is not appropriate in this Conservation Area of traditional Aberdeen tenement buildings.*

We would be grateful if our representation could be given consideration.

Yours sincerely

Alastair Struthers
