12. Who will benefit most from the proposal?

Council wide

13. You should assess the impact of your proposal on equality groups and tell us how implementing this proposal will impact on the needs of the public sector equality duty to: eliminate discrimination, harassment and victimisation; advance equality of opportunity; and foster good relations.

Services have been consulted in the development of this policy and will be consulted during the development of an Internal Waste Implementation Plan setting out actions to support this policy, this can also go through EHIRA assessment.

STEP 3: Gather and consider evidence

15. What **evidence** is there to identify any potential positive or negative impacts in terms of involvement, consultation, research, officer knowledge and experience, equality monitoring data, user feedback and other? You must consider relevant evidence, including evidence from equality groups.

The policy outlines legislative requirements for waste, it also sets out to reduce waste arising which will have a positive impact for staff already managing and handling waste as part of their duties. This policy does not discriminate people with protected characteristics and it can not be concluded that any particular group will benefit more than another.
