

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

ABERDEEN, 29 August 2013. Minute of Meeting of the PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS). Present:- Councillor Milne, Convener; and Councillors Boulton, Finlayson, Grant, Jaffrey, Lawrence, MacGregor, McCaig and Jean Morrison MBE.

The agenda and reports associated with this minute can be found at:-
<http://committees.aberdeencity.gov.uk/ieListDocuments.aspx?CId=152&MId=2972&Ver=4>

HOPETOUN GRANGE, LAND TO NORTH OF BUCKSBURN - P130029

1. With reference to article 5 of the minute of meeting of the Development Management Sub Committee of 22 August, 2013, wherein the Sub Committee agreed to visit the site, the Sub Committee had before it a report by the Head of Planning and Sustainable Development **which recommended**:-

a willingness to approve, subject to conditions (as detailed below) but to withhold the issue of the consent document until the applicant has entered into a legal agreement with the Council to secure the identified developer contributions towards primary education, community facilities, recreation, core path networks and the Strategic Transport Fund for a proposed development of 65 residential houses, including infrastructure and landscaping at Hopetoun Grange (land to the north of), Bucksburn, Aberdeen, subject to the following conditions:-

(1) That the Dollar flatted properties proposed as part of the residential units of the development hereby approved shall not be occupied unless acoustically attenuated ventilators have been installed within the lounge accommodation of these aforementioned properties. (2) That no development pursuant to this planning permission shall take place unless there has been submitted to and approved in writing for the purpose by the planning authority, report on three days of noise measurements, to be undertaken at a representative location in the vicinity of the development. These measurements should be weekday LAeq 1 hour or 15 minute readings and calculated to obtain 18 hour LAeq (23:00 - 07:00). Whilst these measurements may be unmanned, short term measurements when helicopters are in flight overhead should also be taken. If the noise measurement assessment report demonstrates the need for noise attenuation to be incorporated into the fabric of the residential units of the development hereby approved, then such attenuation measures as may be recommended by the planning authority shall be implemented in full prior to occupation of any residential unit. (3) That the SUDS basin is constructed as per the detail included in the Drainage Assessment Issue 1 by Fairhurst dated 4 July 2013, and is capable of retaining flows up to and including the 1 in 200 year store event plus climate change. (4) That the discharge rate, as outlined in the Drainage Assessment Issue 1 by Fairhurst dated 4 July 2013, does not exceed the greenfield flows as per the design calculations. (5) That no development shall take place unless there has been submitted to and agreed in writing by the planning authority detailed plans showing the visibility splays for all new road junctions, including for the 3 no. driveways accessing onto Hopetoun Grange,

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

and thereafter the junctions shall be constructed in full accordance with the approved plans. (6) That the development hereby granted planning permission shall not be occupied unless the lane to the west of the site between the A96 and the point that it interacts with what will become the spine road to the future development to the west is upgraded to an adoptable standard for pedestrians and cyclists. Notwithstanding that the phasing of construction on site may impact on when safe access and use of the path by pedestrians may be available, details of the proposed upgrading work to the path must nevertheless be submitted to and approved by the planning authority, and the upgrading work must be completed prior to any residential unit being occupied. (7) That the development hereby granted planning permission shall be completed in full accordance with Drawing No DL002 Rev H which demonstrates the provision of a service strip between the street and residential dwellings along the proposed shared surface road, and that no future development takes place within the aforementioned service strip. (8) That no part of the development hereby approved shall be occupied unless a schedule of work relating to upgrading of bus shelters, seating, lighting, timetable information and boarding kerbs for bus stops on the A96 and on Scattie Park identified in the Transport Statement (Issue 2 Rev 3 by Fairhurst) has been submitted to and approved by the planning authority, and subsequently the upgrading work has been implemented prior to the occupancy of any residential unit implemented. (9) That no development pursuant to this planning permission shall take place unless formal approval has been secured for access under the trunk road (A96) and under a section of 3rd party land lying immediately to the east of the site to provide connection to the proposed surface water drainage and public sewer. (10) That no development pursuant to this planning permission shall take place, nor shall any part of the development hereby approved be occupied, unless there has been submitted to and approved in writing by the planning authority, a detailed scheme of site and plot boundary enclosures for the entire development hereby granted planning permission, which scheme shall include no boundary enclosure above a maximum height of 1 metre being permitted to the front of any residential unit within the development hereby approved. None of the buildings hereby granted planning permission shall be occupied unless the said scheme has been implemented in its entirety. (11) That no development pursuant to the planning permission hereby approved shall be carried out unless there has been submitted to and approved in writing for the purpose by the planning authority a further detailed scheme of landscaping for the site, which scheme shall include both soft and water landscaping, indications of all existing trees and landscaped areas on the land and details of any to be retained, together with measures for their protection in the course of development, and shall also clearly identify the locations where root barrier protection shall be implemented. The scheme shall include the proposed areas of trees/shrub planting including details of numbers, densities, locations, species, sizes and stage of maturity at planting, with all replacement planting on site undertaken on the basis of 2 for 1 for every tree removed. Such landscaping scheme shall include a high percentage of native species both in terms of the proposed trees (eg Sessile oak, Scots pine, Field maple and aspen) and the hedgerows, whilst also taking into account that the

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

choice of species should discourage bird activity (feeding/roosting) which may present a bird strike threat to aircraft operating at Aberdeen International Airport. (12) That all planting, seeding and turfing comprised in the approved scheme of landscaping shall be carried out in the first planting season following the completion of the development and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of a size and species similar to those originally required to be planted, or in accordance with such other scheme as may be submitted to and approved in writing for the purpose by the planning authority. (13) That no development shall take place unless a plan showing those trees to be removed and those to be retained and a scheme for the protection of all trees to be retained on the site during construction works has been submitted to, and approved in writing by, the planning authority and any such scheme as may have been approved has been implemented. (14) That any tree work which appears to become necessary during the implementation of the development shall not be undertaken without the prior written consent of the planning authority; any damage caused to trees growing on the site shall be remedied in accordance with British Standard 3998: 2010 "Recommendations for Tree Work" before the building hereby approved is first occupied. (15) That no materials, supplies, plant, machinery, spoil, changes in ground levels or construction activities shall be permitted within the protected areas specified in the aforementioned scheme of tree protection without the written consent of the planning authority and no fire shall be lit in a position where the flames could extend to within 5 metres of foliage, branches or trunks. (16) That no development shall take place within the application site until the applicant has secured the implementation of a programme of archaeological work which shall include post-excavation and publication work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the planning authority. (17) That no construction work pursuant to the planning permission hereby approved shall be undertaken by crane or scaffolding of a height greater than 8.2 metres above ground level without prior consultation and approval of Aberdeen International Airport. (18) That no development pursuant to the planning permission hereby approved shall take place until a bird hazard management plan has been submitted to and approved in writing by the planning authority. The submitted plan shall include details of the developer's commitment to managing the risk of attracting birds to the site during excavation activities, and the measures in place for the safe dispersal of birds and thereafter the agreed measures shall be implemented in full. (19) That no development shall take place unless details of all measures for deterring birds from the proposed Sustainable Urban Drainage System scheme have been submitted to and approved in writing by the planning authority. Such details shall outline the measures being put in place to avoid endangering the safe operation of aircraft through the attraction of birds and thereafter such measures should be implemented in complete accordance with the approved details. (20) That there shall be no means of direct vehicular access from the application site to the trunk road (A96). Pedestrian access to the trunk road shall be restricted to the

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

footpath immediately to the west of the site. (21) That the applicant shall liaise with Transport Scotland and its Operating Company in regard to the timing, traffic management and standard of construction required for the pipeline crossing under the trunk road (A96). (22) That no development pursuant to the planning permission hereby approved shall take place unless detailed plans showing lighting schemes required during construction and for the completed development are submitted and approved in writing by the planning authority. Such lighting schemes shall incorporate flat glass, full cut off design with horizontal mountings, and shall ensure that no light spill occurs above the horizontal. (23) That no development shall take place unless a scheme detailing compliance with the Council's 'Low and Zero Carbon Buildings' supplementary guidance has been submitted to and approved in writing by the planning authority, and any recommended measures specified within that scheme for the reduction of carbon emissions have been implemented in full. Thereafter no building shall be occupied unless the recommended measures specified within that scheme for the reduction of carbon emissions have been implemented in full. (24) That no development pursuant to this development shall take place unless further detailed specification has been submitted to and approved in writing by the planning authority clearly demonstrating that the load-bearing capacity of the proposed combined cycleway/footpath is capable for use by emergency service vehicles. (25) That no development pursuant to the planning permission hereby approved shall be carried out unless a method statement for the use of no-dig road and path construction within the root protection areas of retained trees has been submitted to and approved in writing for the purpose by the planning authority. (26) That no development pursuant to the planning permission hereby approved shall be carried out unless drawings showing specific finished ground levels, finished road levels, and finished ground floor levels of dwellings across the site have been submitted and approved in writing for the purpose by the planning authority.

The Sub Committee members were addressed by the planning officers as well as the roads officer and environmental health officer, following which the members asked detailed questions relating to the application to the officers in attendance. The officers in attendance also provided clarity on a number of issues relating to the boundary wall and the trees in the application (including examining the detailed plans for the application).

The Sub Committee resolved:-

That the application be deferred pending discussion with the applicant as to the re-design of the site layout to retain the boundary wall and as many trees as possible utilising a single access point which meets safety requirements based on the conditions contained in the report.

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

DECLARATION OF INTEREST

Prior to considering the following item of business, Councillor Boulton declared an interest in the subject matter due to her knowing the applicant. Councillor Boulton did not take part in the deliberation or debate relating to the application in question.

LAND ADJACENT TO NORTH DEESIDE ROAD, PITTENGULLIES BRAE - P130230

2. With reference to article 6 of the minute of the meeting of the Development Management Sub Committee of 22 August, 2013, wherein the Sub Committee agreed to visit the site, the Sub Committee had before it a report by the Head of Planning and Sustainable Development **which recommended:-**

a willingness to approve, subject to conditions (as detailed below) but to withhold the issue of the consent document until the applicant has entered into a legal agreement with the Council to secure the identified developer contributions towards affordable housing units, provision of community facilities and recreation, library, core path improvements, healthcare and Strategic Transport Fund for the erection of a 32 No unit residential development with ancillary site works and landscaping at land adjacent to North Deeside Road, Pittengullies Brae, Peterculter, Aberdeen, subject to the following conditions:-

(1) That this planning permission in principle shall lapse on the expiration of 2 years from the approval of matters specified in conditions being obtained (or, in the case of approval of different matters on different dates, from the requisite approval for the last such matter being obtained) unless the development to which the permission relates is begun before that expiration. (2) That this planning permission in principle shall lapse unless a further application for approval of the matters specified in condition(s) attached to this grant of planning permission in principle has been made before whichever is the latest of the following; (i) the expiration of 3 years from the date of this grant of planning permission in principle; (ii) the expiration of 6 months from the date on which an earlier application for the requisite approval of matters specified in conditions was refused; and (iii) the expiration of 6 months from the date on which an appeal against such refusal was dismissed. (3) That no development pursuant to the planning permission in principle hereby approved shall be carried out until such time as a further application has been made to the planning authority for approval of the matters specified in this condition and such approval has been granted; these matters being details of the (i) means of access, (iii) layout of development, (iii) design and external appearance of the building(s) and (iv) the landscaping of the site. (4) That no development shall take place unless details of the siting, layout and materials of the dwellings have been submitted to, and approved in writing by, the planning authority. Thereafter the dwellinghouses shall not be occupied unless built in full accordance with details so approved. (5) That notwithstanding the drainage plan submitted, that no development shall take place within the application site until the applicant has carried out and submitted to, and been approved in writing by, the planning authority (i) a

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

condition survey, preferably through CCTV, of the culverted watercourse adjacent to the development and in the immediate downstream, and (ii) an assessment of flood routing; and, if required, an updated drainage impact assessment, Sustainable Urban Drainage System and outline any flood routing mitigation measures required. Thereafter the development shall not be occupied unless built in full accordance with the details approved. (6) That at least two months prior to the commencement of the development, a full site specific Construction Environmental Management Plan (CEMD) shall be submitted to and approved in writing by the planning authority in consultation with SEPA and thereafter all works associated with the development shall be carried out in accordance with the approved CEMD. (7) That no development shall take place within the application site until the applicant has secured the implementation of a programme of archaeological work which shall include post-excavation and publication work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the planning authority. (8) That no development pursuant to the planning permission hereby approved shall be carried out unless there has been submitted to and approved in writing for the purpose by the planning authority a further detailed scheme of landscaping for the site, which scheme shall include indications of all existing trees and landscaped areas on the land, and details of any to be retained, together with measures for their protection in the course of development, and the proposed areas of tree/ shrub planting including details of numbers, densities, locations, species, sizes and stage of maturity at planting. (9) That all planting, seeding and turfing comprised in the approved scheme of landscaping shall be carried out in the first planting season following the completion of the development and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of a size and species similar to those originally required to be planted, or in accordance with such other scheme as may be submitted to and approved in writing for the purpose by the planning authority. (10) That no development shall take place unless a plan showing those trees to be removed and those to be retained and a scheme for the protection of all trees to be retained on the site during construction works has been submitted to, and approved in writing by, the planning authority and any such scheme as may have been approved has been implemented. (11) That any tree work which appears to become necessary during the implementation of the development shall not be undertaken without the prior written consent of the planning authority; any damage caused to trees growing on the site shall be remedied in accordance with British Standard 3998: 2010 "Recommendations for Tree Work" before the building hereby approved is first occupied. (12) That no materials, supplies, plant, machinery, spoil, changes in ground levels or construction activities shall be permitted within the protected areas specified in the aforementioned scheme of tree protection without the written consent of the planning authority and no fire shall be lit in a position where the flames could extend to within 5 metres of foliage, branches or trunks. (13) That no development shall be undertaken unless provision has been made within the application site for the segregation, storage, collection and disposal of residential

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

refuse in accordance with a scheme which has been submitted to and approved in writing by the planning authority. (14) That no development pursuant to this grant of planning permission shall be undertaken unless a scheme detailing compliance with the Council's 'Low and Zero Carbon Buildings' supplementary guidance has been submitted to and approved in writing by the planning authority, and any recommended measures specified within that scheme for the reduction of carbon emissions have been implemented in full. (15) That no development pursuant to the planning permission shall take place, nor shall any part of the development hereby approved be occupied, unless there has been submitted to and approved in writing by the planning authority, a detailed scheme of site and plot boundary enclosures for the entire development hereby granted planning permission. None of the buildings hereby granted planning permission shall be occupied unless the said scheme has been implemented in its entirety. (16) That no dwellings hereby granted planning permission shall be occupied unless the area/areas of public open space including the play area as identified on Drawing No. OPL-01C of the plans hereby approved (or such other drawing as may be subsequently approved) have been laid out in accordance with a scheme which shall be submitted to and approved in writing by the planning authority. No development pursuant to this planning permission shall take place unless such a scheme detailing the manner in which the open space is to be managed and maintained has been submitted to and approved in writing by the planning authority. Such scheme shall include provision for a play area comprising at least five items of play equipment and a safety surface. The said area shall not thereafter be used for any purpose other than as a Play Area. (17) That no development shall take place unless there has been submitted to and agreed in writing by the planning authority a scheme for the provision of public footpaths along the road frontages of the site and the provision of a footpath on the south side of the site to the east of Pittengullies Brae linking to the South Deeside Line. Thereafter the public footpaths shall be constructed in full with the scheme submitted and by the occupation of the first unit. (18) That no part of the development shall be occupied unless a schedule of work relating to the upgrading of bus shelters, which may include seating, lighting, shelter, raised kerbs and timetable provision for the bus stops on the westbound and eastbound bus stop has been submitted to, and approved in writing by the planning authority, and subsequently the upgrading work has been implemented prior to the occupancy of any residential unit implemented. (19) That no development shall take place unless there has been a submitted to and agreed in writing by the planning authority detailed plans showing visibility splays for all new road junctions, including driveways on to Pittengullies Brae, and thereafter the junctions shall be constructed in full accordance with the approved plans. Further to this the layout of internal roads and the front garden spaces of the properties be developed without obstruction safety. (20) That no development shall take place unless there has been a submitted to and agreed in writing by the planning authority detailed plans showing measure to reduce speeds in the internal road layout.

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

The Convener moved, seconded by Councillor Jean Morrison, MBE:-
that the application be approved as per the recommendations contained in the report.

Councillor Finlayson moved as an amendment, seconded by Councillor Jaffrey:-
that the application be deferred pending discussion with the applicant regarding the site being re-designed to allow a single access from Pittengullies Brae.

On a division, there voted:- for the motion (4) – The Convener; and Councillors Grant, Lawrence and Jean Morrison, MBE; for the amendment (3) – Councillors Finlayson, Jaffrey and MacGregor. Absent from division (1) – Councillor Boulton.

The Sub Committee resolved:-
to adopt the motion.

DECLARATION OF INTEREST

Prior to considering the following item of business, Councillor Boulton declared an interest in the subject matter due to her knowing the applicant. Councillor Boulton did not take part in the deliberation or debate relating to the application in question.

LAND ADJACENT TO NORTH DEESIDE ROAD, PITTENGULLIES BRAE - P130229

3. With reference to article 7 of the minute of meeting of the Development Management Sub Committee of 22 August, 2013, wherein the Sub Committee agreed to visit the site, the Sub Committee had before it a report by the Head of Planning and Sustainable Development **which recommended:-**

a willingness to approve, subject to conditions (as detailed below) but to withhold the issue of the consent document until the applicant has entered into a legal agreement with the Council to secure the identified developer contributions towards affordable housing units, provision of community facilities and recreation, library, core path improvements, healthcare and Strategic Transport Fund in relation to the erection of an 8 numbered unit residential development with ancillary siteworks and landscaping at land adjacent to North Deeside Road, Pittengullies Brae, Peterculter, Aberdeen, subject to the following conditions:-

(1) That notwithstanding the drainage plan submitted, that no development shall take place within the application site until the applicant has carried out and submitted to, and been approved in writing by, the planning authority (i) a condition survey, preferably through CCTV, of the culverted watercourse adjacent to the development and in the immediate downstream; and (ii) an assessment of flood routing; and, if required, an updated drainage impact assessment, Sustainable Urban Drainage System and outline any flood routing mitigation measures required. Thereafter the development shall not be occupied unless built in full accordance with the details approved. (2) That no

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

development shall take place unless a scheme detailing all external finishing materials to the roof and walls of the development hereby approved has been submitted to, and approved in writing by, the planning authority and thereafter the development shall be carried out in accordance with the details so agreed.

(3) That no development shall take place within the application site until the applicant has secured the implementation of a programme of archaeological work which shall include post-excavation and publication work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the planning authority.

(4) That no development pursuant to the planning permission hereby approved shall be carried out unless there has been submitted to and approved in writing for the purpose by the planning authority a further detailed scheme of landscaping for the site, which scheme shall include indications of all existing trees and landscaped areas on the land, and details of any to be retained, together with measures for their protection in the course of development, and the proposed areas of tree/ shrub planting including details of numbers, densities, locations, species, sizes and stage of maturity at planting. Further to this within plot 8 four heavy standard trees are to be planted in the southern corners of the site.

(5) That all planting, seeding and turfing comprised in the approved scheme of landscaping shall be carried out in the first planting season following the completion of the development and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of a size and species similar to those originally required to be planted, or in accordance with such other scheme as may be submitted to and approved in writing for the purpose by the planning authority.

(6) That no development shall take place unless a plan showing those trees to be removed and those to be retained and a scheme for the protection of all trees to be retained on the site during construction works has been submitted to, and approved in writing by, the planning authority and any such scheme as may have been approved has been implemented.

(7) That any tree work which appears to become necessary during the implementation of the development shall not be undertaken without the prior written consent of the planning authority; any damage caused to trees growing on the site shall be remedied in accordance with British Standard 3998: 2010 "Recommendations for Tree Work" before the building hereby approved is first occupied.

(8) That no materials, supplies, plant, machinery, spoil, changes in ground levels or construction activities shall be permitted within the protected areas specified in the aforementioned scheme of tree protection without the written consent of the planning authority and no fire shall be lit in a position where the flames could extend to within 5 metres of foliage, branches or trunks.

(9) That on each house plot there shall be planted two trees of species to be agreed in writing with the planning authority. These trees are to be planted at half-standard size or larger. Planting shall take place in the first planting season after completion of each house and any trees which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species unless the planning authority gives written consent to any variation.

(10) That

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

the use hereby granted planning permission shall not take place unless provision has been made within the application site for refuse storage and disposal in accordance with a scheme which has been submitted to and approved in writing by the planning authority. (11) That the building hereby approved shall not be occupied unless a scheme detailing compliance with the Council's 'Low and Zero Carbon Buildings' supplementary guidance has been submitted to and approved in writing by the planning authority, and any recommended measures specified within that scheme for the reduction of carbon emissions have been implemented in full. (12) That no dwellings hereby granted planning permission shall be occupied unless the area/areas of public open space including the play area as identified on Drawing No. DPL-01B of the plans hereby approved (or such other drawing as may be subsequently approved) have been laid out in accordance with a scheme which shall be submitted to and approved in writing by the planning authority. No development pursuant to this planning permission shall take place unless such a scheme detailing the manner in which the open space is to be managed and maintained has been submitted to and approved in writing by the planning authority. Such scheme shall include provision for a play area comprising at least five items of play equipment and a safety surface. The said area shall not thereafter be used for any purpose other than as a Play Area. (13) That no part of the development shall be occupied unless a schedule of work relating to the upgrading of bus shelters, seating, lighting, shelter, raised kerbs and timetable provision for the bus stops on the westbound and eastbound bus stop has been submitted to, and approved in writing by the planning authority, and subsequently the upgrading work has been implemented prior to the occupancy of any residential unit implemented.

The Sub Committee resolved:-

to approve the recommendation contained in the report with an extra condition as follows:- that the ridge height of the houses facing onto North Deeside Road (plots 1-4 as shown on drawing no dpl-03 REV D) shall be no higher than that of the adjacent properties to the immediate east and west of the application site (Robin's Cottage – 1 Pittengullies Brae, Peterculter and Fuaran – 423 North Deeside Road, Milltimber).

EDGEHILL HOUSE, NORTH DEESIDE ROAD, MILLTIMBER - P130211

4. With reference to article 10 of the minute of meeting of the Development Management Sub Committee of 22 August, 2013, wherein the Sub Committee agreed to visit the site, the Sub Committee had before it a report by the Head of Planning and Sustainable Development **which recommended:-**

a willingness to approve, subject to conditions (as detailed below) with consent being withheld pending satisfactory conclusion of a planning agreement relating to the payment of monies in connection with developer contributions and affordable housing provision for the replacement of a house and the construction of 5 additional dwellings with associated infrastructure, improved accesses and tree protection works at Edgehill House, North Deeside Road, Milltimber, Aberdeen, subject to the following conditions:-

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

(1) That no development shall be undertaken until such time as the existing bus stop on North Deeside Road has been relocated in accordance with drawing 96035/1001, or any other such drawing as submitted to and approved in writing by the planning authority for this purpose. (2) That no development shall take place unless a scheme of all drainage works designed to meet the requirements of Sustainable Urban Drainage Systems has been submitted to and approved in writing by the planning authority and thereafter no part of the development shall be occupied unless the drainage has been installed in complete accordance with the said scheme. (3) That no development pursuant to this planning permission shall take place, nor shall any part of the development hereby approved be occupied, unless there has been submitted to and approved in writing by the planning authority, a detailed scheme of site and plot boundary enclosures for the entire development hereby granted planning permission. None of the buildings hereby granted planning permission shall be occupied unless the said scheme has been implemented in its entirety. (4) That no development shall take place unless a scheme detailing all external finishing materials to the roof and walls of the development hereby approved has been submitted to, and approved in writing by, the planning authority and thereafter the development shall be carried out in accordance with the details so agreed. (5) That no development pursuant to the planning permission hereby approved shall be carried out unless there has been submitted to and approved in writing for the purpose by the planning authority a further detailed scheme of landscaping for the site, which scheme shall include indications of all existing trees and landscaped areas on the land, and details of any to be retained, together with measures for their protection in the course of development, and the proposed areas of tree/shrub planting including details of numbers, densities, locations, species, sizes and stage of maturity at planting. (6) That all planting, seeding and turfing comprised in the approved scheme of landscaping shall be carried out in the first planting season following the completion of the development and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of a size and species similar to those originally required to be planted, or in accordance with such other scheme as may be submitted to and approved in writing for the purpose by the planning authority. (7) That no development shall take place unless a plan showing those trees to be removed and those to be retained and a scheme for the protection of all trees to be retained on the site during construction works has been submitted to, and approved in writing by, the planning authority and any such scheme as may have been approved has been implemented. (8) That any tree work which appears to become necessary during the implementation of the development shall not be undertaken without the prior written consent of the planning authority; any damage caused to trees growing on the site shall be remedied in accordance with British Standard 3998: 2010 "Recommendations for Tree Work" before the building hereby approved is first occupied. (9) That no materials, supplies, plant, machinery, spoil, changes in ground levels or construction activities shall be permitted within the protected areas specified in the aforementioned scheme of tree protection without the written consent of the

PLANNING DEVELOPMENT MANAGEMENT COMMITTEE (VISITS)

29 August 2013

planning authority and no fire shall be lit in a position where the flames could extend to within 5 metres of foliage, branches or trunks. (10) That the dwellinghouse hereby approved shall not be occupied unless provision has been made within the site for the off-street parking of motor vehicles in complete accordance with Plan No. 1796-EHD-P03 or such other scheme as may be subsequently approved in writing by the planning authority. (11) That the dwellings hereby granted planning permission shall be occupied unless provision has been made within the application site for refuse storage and disposal in accordance with a scheme which has been submitted to and approved in writing by the planning authority. (12) That the dwellings hereby approved shall not be occupied unless a scheme detailing compliance with the Council's 'Low and Zero Carbon Buildings' supplementary guidance has been submitted to and approved in writing by the planning authority, and any recommended measures specified within that scheme for the reduction of carbon emissions have been implemented in full.

The Sub Committee then asked the officers in attendance various detailed questions regarding the application, specifically the access on to the North Deeside Road.

The Sub Committee resolved:-

that the application be deferred pending discussion with the applicant as regards the feasibility of changes to access arrangements to give a single point of vehicular access from Culter House Road and that any amended application be submitted to a future meeting for consideration.

- RAMSAY MILNE, CONVENER.
