Revenue Assumptions

In preparing the information for the draft Housing Revenue Account budget for the financial year 2014/15, a number of assumptions have been made and these are given below.

Should you require an electronic version of the budget contained within this documentation, please contact Helen Sherrit, Finance Partner (Housing & Environment) on (34)6353 or e-mail hsherrit@aberdeencity.gov.uk. The budget information is available as a set of Excel spreadsheets.

Inflation

In preparing the budget no general <u>inflationary</u> uplift has been added which is in line with the base assumptions used in preparing the General Fund Budget for 2014/15, (there are some exceptions to this rule such as utility costs and contractual uplifts etc. and these are stated in the variance notes). Inflation is currently running at approximately 3.2% (RPIX at September 2013). (Source: Office of National Statistics)

Housing Stock

The number of Council houses owned by the Council, as at 31 October 2013, is 22,547. It has been assumed that there will be a further 64 sales during the financial year 2013/14, bringing total sales for the year to 140. The average selling price for the period 1 April 2013 to 31 October 2013 is approximately £49,500.

Set Aside Rules

For the financial year 2013/14 the Council budgeted for 100% of all Council house sales to be utilised to repay debt. The Council is free to decide on how the proceeds from the disposal of Council houses are used. The Head of Finance recommends that all capital receipts continue to be used to repay debt for the financial year 2014/15 and future years.

Council House Sales

It has been assumed that the level of house sales will be 140 in 2013/14. The average selling price for 2013/14 is currently estimated at £49,500. The average number of houses for the financial year 2014/15 is therefore estimated to be 22,413 properties.

Rental Income

The income available in 2013/14 to fund the proposed budgeted level of expenditure has been calculated by taking the projected income under the revised rent structure plus 4.2% (RPIX at September 2013 + 1% which is the Council's current rent strategy/policy).

Heat with Rent

A detailed analysis has been carried out on the utility bills for Heat with Rent to ensure that the charging policy introduced in the 2006/07 budget setting process can be continued into 2014/15. No increase of income has been built into the proposed budget.

Working Balances

In developing a rent setting strategy it is important to ensure that there are adequate working balances. The Head of Finance must be confident that the level of working balances is adequate to meet any unforeseen contingencies particularly as regards the uncertainty surrounding welfare reform and the impact this could have on viability of the business plan of the Housing Revenue Account. Given this inherent uncertainty it is **proposed that the working balances continues to be increased to 10% over a 3 year period.**

Priority Based Budgeting Process

This is the fourth year of the Priority Based Budgeting Process (PBB) which previously had focussed on the Council's General Fund rather than the HRA as this had been subject to the scrutiny of the 30 year business plan. However this year it was agreed to include the HRA as there are many benefits to strengthening the links to the PBB process to the HRA business planning. These benefits include greater transparency of decision making, strengthening the links to the Smarter City objectives, maximising the effective use of the HRA funding to benefit Council tenants and provide the best possible property management services.

Following discussions with Housing & Environment, a number of potential service options were put forward which included reviewing the emergency cover provided by Building Services and the Grounds Maintenance contract, strengthening the links between Social Care & Wellbeing and the aids and adaptation budgets, reducing the level of voids & arrears.

In developing the budget figures growth items were identified which included voids, arrears and the cleaning of sheltered housing. For all of these growth items a potential option has been developed.

The process and potential options (options which the tenants could see an immediate impact) were taken to the meeting of the Tenants Budget group in September 2013. Overall the tenants on this group were in favour of progressing with these options.

Work is now ongoing to develop the options into potential work streams a number of which are already established. An example is work on voids and arrears.

Business Plan

In conjunction with the PBB process during 2013 the 30 year business plan model, which sets out the current and future financial position of the Council's HRA, it's ability to meet and maintain the Scottish Housing Quality Standard (SHQS) and manage, repair and invest in tenant's homes has been updated with the financial information from the financial year 2012/13. This continues to show a business plan which is sustainable in the long term. However if there were to be increases in, for example, interest rates this would impact on the long term viability of the plan. Only the increase in the budget for bad debts has been factored into the business plan as no other measurable impacts of welfare reform are, at this stage, known but could dramatically change the cash flow of the plan.

A sustainable rent policy must be adhered to in order to secure the long term financial position of this 30 year business plan. The current Council policy for maintaining sustainable rents is for a rental increase of RPIX plus 1%. This rent policy will require review once SHQS has been achieved and the next steps have been announced by the Scottish Government.

Housing Capital Expenditure Programme

Housing Investment Programme

2014/15 will see continued major investment in tenants' homes to make sure that they meet their needs and expectations as well as the requirements of the Scottish Housing Quality Standard (SHQS). Aberdeen City continues to make steady progress towards SHQS compliance with 90.1% of our stock now meeting the standard (as at 1 November 2013) and therefore progressing well to meet the target of 90.9% compliance by March 2014.

As at 31 March 2013 Aberdeen City Council compared favourably with other cities for SHQS completion –Aberdeen 88.9%, Glasgow 87.3%, Edinburgh 82.2%, and Dundee 74.5%.

It is unclear as to any future obligations beyond the SHQS completion date of 2015 it is anticipated this may relate to energy efficiency.

The Council will continue to provide funding for the provision of combined heat and power in our multi storey stock. These actions will improve the energy performance of the council housing stock and prevent potentially hundreds of tenants from falling into or remaining in fuel poverty.

The Council has started work on a major over-cladding scheme for High Rise buildings with blocks in Seaton and Balnagask being completed by 2013/14 with work commencing on further blocks in Seaton, Stewart Park Court & Hilton Court.

To ensure that the Council can meet its priorities in terms of its housing stock the capital programme for the next five years (inclusive of slippage) is proposed as follows:

2014/15 - £46.923 Million 2015/16 - £37.074 Million 2016/17 - £32.933 Million 2017/18 - £31.182 Million 2018/19 - £29.914 Million

The capital investment programme falls in 2015/16 as a result of the reduced work required on the SHQS however not as significantly as anticipated due to the significant investment in over-cladding being undertaken.

HOUSING REVENUE ACCOUNT 2013/14 BUDGET

Variance Notes Comparing Draft Budget 2014/15 to Estimated Out-turn 2013/14

Expenditure Movements

1. Rent

This budget is for the rent of Police Houses, Accommodation for Community Groups and Housing Offices.

2. Repairs and Maintenance

An analysis is contained at page 13.

3. Maintenance of Grounds

Maintenance of Grounds budget has two elements: Ground Maintenance (including £152K for ad hoc grass cutting requests from Housing Managers) and cleansing/weed control. The budget for 2014/15 has been calculated by uplifting the 2013/14 budget by 1% (the budgeted salary uplift).

4. Gas

The Council moved on to the Scottish Government National Procurement for Gas Supply on 1 April 2010 with the contract price reviewed on an annual basis. The budget has been calculated using the actual consumption from 2012/13 and an anticipated rates increase in the contract price as advised by the Council's energy unit.

5. Electricity

This is the fourth year of a four year electricity contract. The budget has been calculated by using the actual consumption from 2012/13.

6. Cleaning Service

This budget is for communal cleaning. The cleaning contract commenced on 5 July 2010 and runs for three years. To date the contract has not been agreed for July 2014 onwards therefore the budget has been based on actual expenditure for 2012/13.

7. Security Service

This budget is for the Security Service which started in 2012/13 and runs for three years. The cost of the security included in the budget for 2014/15 is £376,000, and includes the control room team.

8. Refuse Collection

This budget for 2013/14 has been uplifted by 1% for the potential wage increase.

9. Cleaning – Sheltered Housing

This is the budget for the cleaning of Sheltered Housing and has been calculated by using the anticipated out-turn for 2013/14 uplifted by 1%.

10. Premises Insurance

The budget for 2014/15 has been maintained at the 2013/14 level.

11. Other Property Costs – Council Tax on void properties

This budget is for the cost of Council Tax due on void properties. The actual expenditure for 2012/13 has been used and is based on the assumption that there will be no increase in Council Tax for 2014/15 based on the terms and conditions of the award of the General Revenue Grant.

12. Downsizing Grants/Direct Debit Incentives

There are currently two schemes within this budget line which are Downsizing grants (£50,000) and Direct Debit Incentives (£2,000). Budgets have been maintained at the 2013/14 level.

The Downsizing scheme provides assistance and a financial incentive to Council tenants occupying 3+ bedroom family properties in high demand areas to move to smaller more suitable housing in order to increase the supply of large family housing. This budget is being maintained at the current level as there could be a potential rise in.

The Direct Debit Incentive scheme was introduced on 5 April 2010. Each month there is a draw for all new and existing direct debit payers for a chance to win a week free rent period, to encourage more people to switch to paying by direct debit.

13. Former Tenants Arrears

The budget has been increased to £2M to reflect the increasing rent arrears being experienced (Current arrears have increased from £3.4M at the end of April 2013 to £3.8M at the end of October 2013). The budget for former tenant arrears is for the write off of uncollectable arrears and any increase in the debt provision.

14. Management & Administration

The staffing budget is based on the current structure of the Housing Revenue Account. A pay award of 1% has been allowed for which is in line with the assumptions contained within the Council's General Fund.

15. General Consultancy, Training for Front Line Staff, Benefits staff, Citizens Advice Bureau, Disabled persons Housing Service

All of the above budgets have assumed no uplifts.

General Consultancy allows the Housing Revenue Account to fund one off projects. An example of this type of expenditure would include work on the Housing Business Plan. In addition £30,000 is required every 3 years for a tenant satisfaction survey requested by the Scottish Housing Regulator.

Training for Front line Staff allows, for example, Housing Assistants to participate in professional staff development programmes with the opportunity of gaining membership of the Chartered Institute of Housing.

The costs of the Benefits staff are recharged from the Benefits team for the time spent with Council House Tenants on maximising income and tackling financial exclusion, it is anticipated that the recharge will increase. The increase reflects the business case at 5 December 2013 Finance, Policy & Resources for additional staff for money advice.

The contribution to the Citizens Advice Bureau (CAB) provides funding to the service at ARI/Woodend Hospitals.

Disabled Persons Housing Service (Aberdeen) (DPHS) is a charitable organisation that provides specialist information, advice and advocacy on housing matters to disabled people, their families and carers and professionals working in housing, social work, health and the voluntary sector.

The funding covers the code funding the Development Officer's post, plus an allowance for running costs. This will enable the DPHS to continue to develop and expand the range of services that it offers to people of Aberdeen in line with the objectives set out within the Disability Action Group (DAG), DAG Homes Sub-Group Action Plan, the Local Housing Strategy and the Community Care Housing Strategy.

16. Tenants Participation

This is the budget allocated for the provision of Tenants Participation and includes the employment costs of two Tenant Participation Officers, Newsbite and training for tenant representatives.

17. Provision of Meals

The actual expenditure for 2012/13 plus 1% is the basis for the 2014/15 budget. This budget is for the provision of meals at Denmore and Kingswood extra care housing. The income for this service is contained in line 48 of the budget statement above which is shown as "Housing Other Service Charge". No increase to this charge is being recommended (this is contained in miscellaneous rents page 19) as this is an outstanding action of the Housing for varying needs review. A pay as you go system is being considered as part of this review.

18. Integrated Housing System

This budget is based on the IT requirements for 2014/15 which includes all the support and maintenance costs.

19. Mediation Service

For 2014/15 budget has been maintained at 2013/14 levels.

20. Energy Advice

The Energy Advice budget is currently a payment to SCARF (Save Cash and Reduce Fuel). SCARF encourage the sustainable use of energy, achieving affordable warmth, eradicating fuel poverty and extending the life of natural energy resources across the North East of Scotland.

21. Aberdeen Families Project

This budget is used to fund the Aberdeen Families Project. The Families project is based in the Torry area and provides intensive support and supervision to families (mainly council tenants) who are involved in serious antisocial behaviour which could result in their eviction and subsequent homelessness. The service aims to reintegrate tenants or former tenants who are homeless and have a history of not sustaining a satisfactory tenancy, back into a tenancy without requiring intensive housing management. The budget is based on the 2013/14 budget uplifted by 1%.

22. Loss of Rent Council Houses

The budget has been calculated using void targets and known movement of tenants between sheltered and main stream tenancies.

23. Supporting People Contribution

This budget is a contribution to cover the costs of providing the former Wardens salaries for people who were not in receipt of Housing Benefit as at 31 March 2003. The contribution in 2014/15 is based on the actual expenditure for 2012/13.

This does not reflect the costs associated with the former warden's salaries as this forms part of the General Fund.

The contribution is being considered as part of the review for Housing for Varying Needs and therefore will be subject to change.

24. Capital Financing Costs

The budget for Capital Financing Costs is based on the likely level of capital spend in 2013/14 as at the end of September 2013 and a possible future programme for 2014/15 of £41.7 million as well as the level of historic debt that has to be financed. It also assumes that the consolidated loans pool rate (the rate used to calculate debt charges) is 4.3%.

Income

25. Government Grant – General

This budget was previously for the grant income from the Scottish Government for the Hostel. This income and expenditure will no longer be shown in the Housing Revenue Account and instead will be included within the General Fund Homeless.

26. Dwelling Houses Rent Income

The budgeted income from Dwelling House Rent has increased by the potential rent increase of 4.2% (RPIX at September 2013 +1%) which is in line with current Council policy on rent setting. No assumption has been on the Midddlefield area.

27. Housing – Heat with Rent Income

A review was undertaken of the income and expenditure of Heat with Rent.

Gas

The projected energy consumption and contract rates were provided by the Council's Energy Management Unit for each sheltered complex. As from 1 April 2011 the Gas Supply is through Scottish Government National Procurement and is reviewed on an annual basis. The energy used in the common rooms and guest rooms has been removed from the calculation as these costs are funded by rent pooling. The revised consumption has been multiplied by the agreed rate to be paid on the gas contract.

Electricity

The projected energy consumption and rates were provided by the Council's Energy Management Unit for each sheltered complex. The four year electricity contract started on 1 April 2011, reductions in the consumption were made for the common rooms and guest rooms as these costs are funded by rent pooling. The consumption has been multiplied by the agreed rate on the electricity contract.

Combined Heat & Power (CHP)
 Aberdeen Heat and Power are to advise the Council of the rate increase in November, indications are that the maximum increase will be 5%.

Page 20 of this document shows the recovery of these costs

28. Housing – Garages Rent Income, Housing Parking Spaces Rent, Housing – Other Service Charges

This line will move depending on the level that miscellaneous rents are set at, as covered on page 13. The current budget therefore assumes that there will be no increase at present.

29. Interest on Revenue Balances

This is akin to bank interest received on the HRA's cash flow during the year. Budget is based on the income received in 2012/13 and current economic conditions.

REPAIRS AND MAINTENANCE BUDGET 2014/15

General

The projected spend figures have been taken from invoicing up to the end of September 2013 and a projection to year end.

Projections are based on the average monthly spend, updates from Surveyors and in the case of the general trades historical information has been taken from previous spend patterns.

Projected spend in 2013/14 is currently anticipated to be approximately on budget however this can be subject to change as this budget is demand led.

Specific Items

Planned and Cyclical Maintenance

Item 1 External Joinerwork repairs including external paintwork Item 31 Masonwork and Water Penetration repairs

Expenditure is above budget due to the good weather experienced in the summer which has allowed higher than anticipated level of work to be carried out.

Item 17 Environmental Improvements

This line includes crime prevention measures, bird proofing including the removal of nests, area fencing, security doors, sound insulation, security lighting and other estate management improvements identified by Housing Officers.

Item 18 Void Properties (Relets)

It is anticipated that there will be little increase in the voids budget as although there is to be a higher specification of cleaning being carried out this will be negated by the retaining a number of fixture and fittings from the out going tenant.

Day to Day Response Maintenance

The items listed under Day to Day response are more susceptible to weather /climate/fluctuations in costs from year to year. The projected and budget costs are in part based on historical data taken from previous years.

Fees

The fees include the recharge for the call centre who receive the repairs calls. Also uplifted by 1% for wage inflation.

MANAGEMENT AND ADMINISTRATION BUDGET

Variances and Notes

The 2014/15 budget for management and administration is based on the current structure of Housing.

1. Staff Costs

There is a reduction in staff costs due to the removal of the hostel as it is no longer deficit funded therefore any costs pressure of running the hostel will be placed on the general fund. The existing staff costs have been increased to reflect annual salary increments and the pay award.

2. Premises Costs, Fees & Charges, Administration Costs, Transport Costs, Supplies and Services

All the above budgets have been reviewed with certain costs being adjusted based on current service provision. The removal of the hostels as noted in 1 will also result in a number of budgets not being required.

3. Corporate/Directorate Charges

This budget is based on the current services being provided to Housing and may be subject to change. It covers services such as Legal, Finance, Office Accommodation, IT, Corporate Director and Heads of Service etc.

Miscellaneous Rents

| Heat with Rent - 48 week basis | | |
|--------------------------------|----------|----------|
| | Previous | Proposed |
| Gas Heated Properties | £ | £ |
| Bedsits | 9.05 | 10.55 |
| 1 bed roomed flats | 9.85 | 11.85 |
| 2 bed roomed flats | 10.65 | 13.15 |
| 3 bed roomed flats | 11.45 | 14.45 |
| Electrically Heated Properties | | |
| Bedsits | 10.05 | 11.55 |
| 1 bed roomed flats | 10.85 | 12.85 |
| 2 bed roomed flats | 11.65 | 14.15 |
| 3 bed roomed flats | 12.45 | 15.45 |
| CHP Properties | | |
| All 1 Bed roomed Properties | 9.60 | 11.60 |
| All 2 Bed roomed Properties | 10.40 | 12.90 |
| | | |

ABERDEEN CITY COUNCIL HOUSING REVENUE ACCOUNT Proposed Increase to be included in the HRA budget - Miscellaneous Rents 2014/15 Current Proposed Increase Percentage Rental Rental Per Week Increase £ £ Note Miscellaneous Increases 0.40 Garages 10.00 10.40 4.0 4.55 4.70 0.15 3.3 Denburn and West North Street Spaces Deburn and West North Street Spaces -35.00 35.00 0.00 0.0 Non Resident 3.85 4.00 0.15 3.9 **Garages Sites** Car Ports 4.25 4.40 0.15 3.5 3.40 0.20 5.9 Car Parking Spaces - Local Residents 3.60 Parking Spaces Non Local Residents 35.00 0 35.00 0 Window Cleaning 0.85 0.85 0 0 Meals at Denmore & Kingswood 35.00 35.00 0 0 62.00 64.50 4.0 Mortgage Reference Fees 2.50 10.00 &15.00 **Guest Rooms** 10.00 &15.00 0 0 60.00 62.00 2.00 3.3 Factoring Charge

The above proposed prices for 2014/15 have been increased broadly in line with the proposed rental increase subject to:

Note 1 These charges have been referred to the Housing & Environment Committee on 14 January 2014 by the Enterprise, Strategic & Infrastructure Committee on 12 November 2013.

Note 2 These charges are being considered as part of the overall review of Housing for Varying Needs.

Note 3 These charges were agreed at H& E Committee on 28 August 2012 therefore will be subject to review during 2014/15..

Note 4 This is an annual charge per owner as a result of the Property Factors Act which was introduced on 1st October 2012.

Heat with Rent calculations for 2014/15

It was agreed in the 2013/14 budget process to apply an increase of 80p per week for bedsits, 90p per week for 1 bed roomed dwellings, £1.00 per week for 2 bed roomed dwelling and £1.10 per week for 3 bed roomed dwellings across all the Council's Heat with Rent properties.

A review of consumption and costs is required each year and especially as only the electric contract was fixed for four years. There is also potential revised costs for CHP and Gas each year.

In addition as the charge is the same every week, tenants on Heat with Rent are not faced with the problem of having to pay large gas or electric bills during the colder winter months which extended into the spring months in 2013.

It is proposed to apply an increase of £1.50 per week for bedsits, £2.00 per week for 1 bed roomed dwellings, £2.50 per week for 2 bed roomed dwelling and £3.00 per week for 3 bed roomed dwellings across all the Council's Heat with Rent properties in 2014/15.

For 2014/15 revised rates will result in **increases of between 15% and 26%.** These increases are higher than previous years due to the increased consumption figures in 2012/13 & the continued increase in gas costs (these are predicted to increase by 10% in 2014/15).

This would generate sufficient income to ensure the Housing Revenue Account would break even between the costs to the Council of providing electricity and gas through Combined Heat with Power charges for the heating in these dwellings over a four year period.

| | Estimated 4 year cost to Council | Estimated 4 year income to cover costs |
|-------|----------------------------------|--|
| | £'000 | £'000 |
| Total | 6,500 | 6,500 |

This would equate to the following weekly Heat with Rent charges for 2014/15:

for electrically and oil heated properties:

| for electrically and on fleated properties. | | | | | | |
|---|--|-----------------|--|--|--|--|
| Bedsits | 11.55 | Increase of 15% | | | | |
| 1 bed roomed dwellings | 12.85 | Increase of 18% | | | | |
| 2 bed roomed dwellings | 14.15 | Increase of 21% | | | | |
| 3 bed roomed dwellings | 15.45 | Increase of 24% | | | | |
| for gas heated properties: | | | | | | |
| Bedsits | 10.55 | Increase of 17% | | | | |
| 1 bed roomed dwellings | 11.85 | Increase of 20% | | | | |
| 2 bed roomed dwellings | 13.15 | Increase of 23% | | | | |
| 3 bed roomed dwellings | 14.45 | Increase of 26% | | | | |
| for CHP heated properties: | | | | | | |
| 1 bed roomed dwellings | 1 bed roomed dwellings 11.60 Increase of 21% | | | | | |
| | | | | | | |

12.90

Increase of 24%

2 bed roomed dwellings

ABERDEEN CITY COUNCIL Tenants Consultation

Aberdeen City Council is committed to ensuring that tenants' views are both sought and listened to. As part of the review on the future of the Council housing stock, a tenant referendum was held to determine what the views of tenants were.

The tenants voted overwhelmingly to retain the Council as their landlord in 2002, provided that continued improvements were made to the housing stock. In 2004, the Council adopted a Housing Business Plan approach. This has allowed us to plan for the future.

Furthermore, a questionnaire was sent out to tenants in September 2013 to ascertain views on the possible rent increase of inflation plus 1%. The table below shows the results of the questionnaire. In 2012 only 356 responded to the questionnaire therefore an increase of 1,115 in 2013.

ANNUAL RENT CONSULTATION - Feedback

Do you agree that the rent policy, inflation + 1%, should be continued to maintain investment in our housing stock and improve services?

HOUSING REVENUE ACCOUNT FIVE YEAR BUDGET ASSUMPTIONS

1. Repairs and Maintenance

The analysis of the five year budget is to follow. The budget has been uplifted by 2.5% in 2014/15 to 2018/19. The fee element has been uplifted by 1% to reflect the salary uplift.

2. Maintenance of Grounds, Security Service, Refuse Collection, Cleaning – Sheltered Housing, Charges – Services Admin & Management, Benefits staff, Charges – Tenants participation, Charges for Environmental Health, Mediation Service, Energy Advice, Citizens Advice Bureau, Disabled Persons Housing Service, Aberdeen Families Project

As these budgets are principally for staffing within the Council an uplift of 1% has been applied to reflect the anticipated public sector pay awards.

3. Cleaning Service, Window Cleaning, Premises Insurance, Office Telephone, Integrated Housing

These budgets have been uplifted by the inflationary increase in the HRA Business Plan.

4. Gas & Electricity

Gas has been uplifted 10% each year, Electricity 30% in 2015/16 when the contract is renegotiated & Combined Heat & Power 5% each year.

5. Dwelling Houses Rent Income and Transfer Payments

The budgeted income from Dwelling House Rent is calculated by using the anticipated income from the new rent structure uplifted by the potential rent increase of 4.2% for 2014/15 and then uplifting each year by 3.5% (RPIX of 2.5% used in the business plan, this is the standard inflationary increase plus 1%) less a projected reduction in stock of 140 each year.
