

Equality and Human Rights Impact Assessment - the Form

There are separate guidance notes to accompany this form – "Equality and Human Rights Impact Assessment – the Guide." Please use these guidance notes as you complete this form. Throughout the form, **proposal** should be understood broadly to include the full range of our activities and could refer to a decision, policy, strategy, plan, procedure, report or business case, embracing a range of different actions such as setting budgets, developing high level strategies and organisational practices such as internal restructuring. Essentially everything we do!

This must include any practical actions you intend to take or have taken to reduce, justify or remove any adverse negative impacts. STEP 2: Outline the aims of the proposal
11. What are the main aims of the proposal?
To ensure the on-going provision of primary stage denominational education provision in the City of Aberdeen.
12. Who will benefit most from the proposal?
Families who wish their children to attend a denominational school.
13. You should assess the impact of your proposal on equality groups and tell us how implementing this proposal will impact on the needs of the public sector equality duty to: eliminate discrimination, harassment and victimisation; advance equality of opportunity; and foster good relations.
Parents have a right to send their children to a denominational school if they wish. Equalities legislation in Scotland contains exemptions that give Catholic children

preference in respect of placing requests to Catholic (denominational) schools. This report will serve to secure ongoing provision that supports this parental right.

STEP 3: Gather and consider evidence

15. What **evidence** is there to identify any potential positive or negative impacts in terms of involvement, consultation, research, officer knowledge and experience, equality monitoring data, user feedback and other? You must consider relevant evidence, including evidence from equality groups.

The legislation referred to above supports the provision of this type. There is no evidence of negative impact or representation against the on-going provision of these schools.

STEP 4: Assess likely impacts on people with Protected Characteristics

16. Which, if any, people with protected characteristics and others could be affected positively or negatively by this proposal? Place the symbol in the relevant box. Be aware of cross-cutting issues, such as older women with a disability experiencing poverty and isolation.

(Positive +, neutral 0, - negative)

Protected Characteristics					
Age - Younger Older	0	Disability		Gender Reassignment*	0

- *** Sex (gender) i.e. men, women
- **** Sexual orientation includes LGB: Lesbian, Gay and Bisexual
- 17. Please detail the potential positive and/or negative impacts on those with protected characteristics you have highlighted above.

In making the assessment you must consider relevant evidence, including evidence received from individuals and equality groups. Having considered all of these elements, you must take account of the results of such assessments. This requires you to consider taking action to address any issues identified, such as removing or mitigating any negative impacts, where possible, and exploiting any potential for positive impact. If any adverse impact amounts to **unlawful discrimination**, the policy must be amended to avert this. Detail the impacts and describe those affected.
