<b>a- What are the aims and intended effects of this proposal?</b>	The main aim of the proposal is to approve the recommendation of providing funding to successful applicants.
<b>b- What equality data is available in relation to this proposal?</b>  (Please see guidance notes)	<p>Local sports groups and organisations adopt a variety of methods to attract funding, however some groups would be unable to host an event or develop further without the financial assistance available from the City Council. The grant criteria is aligned to the key objectives of “Fit for the Future” the Sport and Physical Activity Strategy for Aberdeen (2009-2015). Each application is assessed against the criteria, with recommendations developed and put forward to the relevant Committee for a decision.

All applicants are provided with support from officers before and after applications have been considered. This includes the offer of individual support sessions, resulting in detailed feedback on how to improve the quality of their application.

In relation to this particular report the following applicants are successful and actions create opportunities of positive actions relating to equality outcomes:

**Transition Extreme**

The proposed grant funding for purchasing six roctogon units and 4 true blue auto belay systems enables Transition Extreme to create wider opportunities for increasing participation through accessibility for more people who are unable to participate with the existing equipment. This opens up opportunities for disabled and younger people or those with specific needs to be engaged with introductory climbing and fills the current gap at the base of the pathway by lowering the age range and helping people to learn skills safely.

The roctogon modular units are mobile and can also be extended therefore there will be opportunities to use this equipment for outreach work in the community.

The groups who will use this equipment will be members of the community, disability groups, schools disengaged and disadvantaged people. The experience seeks to improve learning, socially include participants, offer health

improvements and help to create employability prospects.

**Granite City Flames Basketball Club**

This is a new club established in Torry. Members wish to provide opportunities for people in the community to benefit from high quality experiences in participating in basketball skills in a club environment. The club seeks to provide year round activities targeting children between 6-14 year olds. Their aim is to empower members by using basketball and the benefits of being part of a club to improve health and well being and develop life skills and values. There is a strong focus on encouraging local children to enjoy participating in basketball and socially including families within the club environment.

**Scottish Swimming National Age Group Championships**

By supporting this event in the city more local people will benefit from having the opportunity to attend. This is particularly relevant for those who may not be able to travel if the event was hosted in the central belt of Scotland. The event raises the profile and awareness of engaging in aquatic activities for health and well being benefits, and showcases what is currently available within the city and how people can

become involved. This also highlights the Council's commitment to supporting programmes for everyone to reach their potential through participating in sport locally.

### **Coach and Volunteer Workforce Development Grant**

#### **Beacon Volleyball Club**

The grant funding for this club will support local club members in attending training courses which will have a positive impact on the development of the volunteer workforce. This will support members of the community engaging in a high quality experience and promote opportunities within the city through establishing local coaching sessions matches with qualified officials and coaches to offer high quality experiences for all levels of abilities.

#### **UKCC courses**

Grant funding has been recommended to support two local volunteer coaches who wish to support local schools and clubs by providing opportunities for people to participate in trampolining and netball. This financial support offers help to provide long term sustainability for participation in targeted areas.

### **Feedback and additional support**

Council Officers from a variety of backgrounds and knowledge work together to assess the wider value to the sports sector of each application.

Where time permits, Aberdeen City Council staff will contact organisations on receipt of their applications to seek clarification or further information. This is not always possible when applications are received very close to the deadline for Committee reports. Organisations are offered a telephone call or a face to face meeting to help improve their applications.

Where applications are recommended for deferral or rejection, organisations are contacted and offered verbal or written feedback to support a resubmission.

In addition, Officers provide advice and support to sports organisations with application to Awards for All, and other small sports grants funding streams.

<p><b>d- Financial Assessment</b></p> <p>If applicable, state any relevant cost implications or savings expected from the proposal.</p>	<p><b>Costs (£)</b></p> <p>Implementation cost    £38,311.92</p> <p>Projected Savings        £0</p>
<p><b>e- How does this proposal contribute to the public sector equality duty: to eliminate discrimination, harassment and victimisation; advance equality of opportunity; and foster good relations?</b></p>	
<p>The sports grants provide additional opportunities to support and help individuals/clubs in further development. Clubs often apply for funding to help with specific underprivileged groups. Therefore, this contributes to the public sector equality duty to advance equality of opportunities.</p>	

**f- How does this proposal link to the Council's Equality Outcomes?**

The proposal links to outcomes by ensuring all citizens are encouraged and supported appropriately to make their full contribution. The grants scheme is a proactive approach for individuals and clubs to target underprivileged groups and contribute towards proposal reducing isolation of minority communities. This links to Equality Outcome 14, that people with protected characteristics make better use of sporting and cultural facilities.

It should also be completed to evidence why a full impact assessment was not required, example, there is no potential negative impact on people.</p>
<b>Assessment Rating:</b>	<p>After completing this document, rate the overall assessment as follows:</p> <p><b>Red:</b> As a result of performing this assessment, it is evident that we will discriminate (direct, indirect, unintentional or otherwise) against one or more of the nine groups of people who share <i>Protected Characteristics</i>. It is essential that the use of the proposal be suspended until further work or assessment is performed and the discrimination is removed.</p> <p><b>Red Amber:</b> As a result of performing this assessment, it is evident that a risk of negative impact exists to one or more of the nine groups of people who share <i>Protected Characteristics</i>. However, a genuine determining reason may exist that could legitimise or justify the use of this proposal and further professional advice should be taken.</p> <p><b>Amber:</b> As a result of performing this assessment, it is evident that a risk of negative impact exists and this risk may be removed or reduced by implementing the actions detailed within the <i>Action Planning</i> section of this document.</p> <p><b>Green:</b> As a result of performing this proposal does not appear to have any adverse</p>

	impacts on people who share <i>Protected Characteristics</i> and no further actions are recommended at this stage.
<b>Equality Data:</b>	<p>Equality data is internal or external information that may indicate how the proposal being analysed can affect different groups of people who share the nine <i>Protected Characteristics</i> – referred to hereafter as ‘<i>Equality Groups</i>’.</p> <p>Examples of <i>Equality Data</i> include: (this list is not definitive)</p> <ol style="list-style-type: none"> <li>1: Application success rates by <i>Equality Groups</i></li> <li>2: Complaints by <i>Equality Groups</i></li> <li>3: Service usage and withdrawal of services by <i>Equality Groups</i></li> <li>4: Grievances or decisions upheld and dismissed by <i>Equality Groups</i></li> </ol>

<b>Human Rights</b>	The rights set out in the European Convention on Human Rights, as incorporated into the UK Law by the Human Rights Act 1998.
