Revenue Assumptions

In preparing the information for the draft Housing Revenue Account budget for the financial year 2015/16, a number of assumptions have been made and these are given below.

Should you require an electronic version of the budget contained within this documentation, please contact Helen Sherrit, Finance Partner (Housing & Environment) on (34)6353 or e-mail hsherrit@aberdeencity.gov.uk. The budget information is available as a set of Excel spreadsheets.

Inflation

In preparing the budget no general <u>inflationary</u> uplift has been added which is in line with the base assumptions used in preparing the General Fund Budget for 2014/15, (there are some exceptions to this rule such as utility costs and contractual uplifts etc. and these are stated in the variance notes). Inflation is currently running at approximately 2.3% (RPIX at September 2014). (Source: Office of National Statistics)

Housing Stock

The number of Council houses owned by the Council, as at 31 October 2014, is 22,378. It has been assumed that there will be a further 98 sales during the financial year 2014/15, bringing total sales for the year to 200. The average selling price for the period 1 April 2014 to 31 October 2014 is approximately $\pounds 56,400$.

Set Aside Rules

For the financial year 2014/15 the Council budgeted for 100% of all Council house sales to be utilised to repay debt. The Council is free to decide on how the proceeds from the disposal of Council houses are used. <u>The Head of Finance recommends that all capital receipts continue to be used to repay debt for the financial year 2015/16 and future years.</u>

Council House Sales

It has been assumed that the level of house sales will be 140 in 2015/16. The average selling price for 2014/15 is currently estimated at £56,400. The average number of houses for the financial year 2014/15 is therefore estimated to be 22,206 properties.

Rental Income

The income available in 2014/15 to fund the proposed budgeted level of expenditure has been calculated by taking the projected income under the revised rent structure plus 3.3% (RPIX at September 2014 + 1% which is the Council's current rent strategy/policy).

Heat with Rent

A detailed analysis has been carried out on the utility bills for Heat with Rent to ensure that the charging policy introduced in the 2006/07 budget setting process can be continued into 2015/16. No increase of income has been built into the proposed budget.

Working Balances

In developing a rent setting strategy it is important to ensure that there are adequate working balances. The Head of Finance must be confident that the level of working balances is adequate to meet any unforeseen contingencies particularly as regards the uncertainty surrounding welfare reform and the impact this could have on viability of the business plan of the Housing Revenue Account. Given this inherent uncertainty it is **proposed that the working balances continues to be increased to 10% over the 3 year period.**

Housing Capital Expenditure Programme

Housing Investment Programme

2014/15 will see continued major investment in tenants' homes to make sure that they meet their needs and expectations as well as the requirements of the Scottish Housing Quality Standard (SHQS). Aberdeen City continues to make steady progress towards SHQS compliance with 97.2% of our stock now meeting the standard (as at 5 November 2014).

As at 31 March 2014 Aberdeen City Council compared favourably with other cities for SHQS completion –Aberdeen 89%, Local authority average 84% and Large Local authorities 86%.

It is unclear as to any future obligations beyond the SHQS completion date of 2015 it is anticipated this may relate to energy efficiency.

The Council will continue to provide funding for the provision of combined heat and power in our multi storey stock with the completion of the 7 Tillydrone multi's in 2015/16. These actions will improve the energy performance of the council housing stock and prevent potentially hundreds of tenants from falling into or remaining in fuel poverty.

The Council is continuing work on a major over-cladding scheme for High Rise buildings with blocks in Cornhill being completed in 2015/16 with work commencing on further blocks in Linksfield, Regent and Promenade Courts. In addition work will be undertaken on the following during 2015/16, major repair to 770 -852 Great Northern Road, structural repairs and re-rendering of Stewart Park and Hilton Courts and structural repairs at 2-138 Wales Street.

To ensure that the Council can meet its priorities in terms of its housing stock the capital programme for the next five years (inclusive of slippage) is proposed as follow:

2015/16 - £35.385 Million 2016/17 - £34.197 Million 2017/18 - £28.966 Million 2018/19 - £25.686 Million 2019/20 - £28.239 Million

The above figures make no allowance for the potential new build at Smithfield and Manor Walk or Regeneration.

HOUSING REVENUE ACCOUNT 2014/15 BUDGET

Variance Notes Comparing Draft Budget 2015/16 to Estimated Out-turn 2014/15

Expenditure Movements

1. Rent

This budget is for the rent of Accommodation for Community Groups and Housing Offices.

2. Repairs and Maintenance

An analysis is contained at page 12.

3. Maintenance of Grounds

Maintenance of Grounds budget has two elements: Ground Maintenance and cleansing/weed control. The budget for 2015/16 has been calculated by using the anticipated out-turn for 2014/15 uplifted by 1% (the budgeted salary uplift).

4. Gas

The Council moved on to the Scottish Government National Procurement for Gas Supply on 1 April 2010 with the contract price reviewed on an annual basis. The budget has been calculated using the actual consumption from 2014/15 and an anticipated rates increase in the contract price as advised by the Council's energy unit.

5. Electricity

This will be the first year of the new contract (previously a four year contract was in place). The budget has been calculated by using an assumed uplift of 29.6% as advised by the Council's energy unit and the actual consumption from 2013/14.

6. Cleaning Service

This budget is for communal cleaning. The cleaning contract commenced on 5 July 2010 and ran for three years, with an extension. To date the contract has not been agreed therefore the annual contract of £428K has been increased by 1.6% (CP July 2014).

7. Security Service

This budget is for the Security Service which started in 2012/13 and runs for three years. The cost of the security included in the budget for 2015/16 is £380,000, and includes the control room team.

8. Refuse Collection

The budget for 2015/16 has been calculated by using the actual for 2013/14 uplifted for salary increases.

9. Cleaning – Sheltered Housing

This is the budget for the cleaning of Sheltered Housing and has been calculated by using the anticipated out-turn for 2014/15 uplifted by 1%.

10. Premises Insurance

The budget for 2015/16 has been maintained at the 2014/15 level.

11. Other Property Costs – Council Tax on void properties

This budget is for the cost of Council Tax due on void properties. The budget for 2015/16 has been maintained at the 2014/15 level and is based on the assumption that there will be no increase in Council Tax for 2015/16 based on the terms and conditions of the award of the General Revenue Grant.

12. Downsizing Grants/Direct Debit Incentives

There are currently two schemes within this budget line which are Downsizing grants (\pounds 50,000) and Direct Debit Incentives (\pounds 2,000). Budgets have been maintained at the 2014/15 level.

The Downsizing scheme provides assistance and a financial incentive to Council tenants occupying 3+ bedroom family properties in high demand areas to move to smaller more suitable housing in order to increase the supply of large family housing. This budget is being maintained at the current level as there could be a potential rise in requests to downsize.

The Direct Debit Incentive scheme was introduced on 5 April 2010. Each month there is a draw for all new and existing direct debit payers for a chance to win a week free rent period, to encourage more people to switch to paying by direct debit.

13. Former Tenants Arrears

The budget has been maintained at £2M to reflect the increasing rent arrears being experienced (Current arrears have increased from £3.236M at the end of April 2014 to £3.945M at the end of October 2014). The budget for former tenant arrears is for the write off of uncollectable arrears and any increase in the debt provision.

14. Management & Administration

The staffing budget is based on the current structure of the Housing Revenue Account and includes central support recharges. A pay award of 1% has been allowed for which is in line with the assumptions contained within the Council's General Fund.

15. General Consultancy, Training for Front Line Staff, Benefits staff, Citizens Advice Bureau, Disabled persons Housing Service and Ethnic minority worker

All of the above budgets have assumed no uplifts.

General Consultancy allows the Housing Revenue Account to fund one off projects. An example of this type of expenditure would include work on the Housing Business Plan. In 2014/15 an addition £30,000 was required for a tenant

satisfaction survey requested by the Scottish Housing Regulator, this is carried out every three years therefore will not be required in 2015/16.

Training for Front line Staff allows, for example, Housing Assistants to participate in professional staff development programmes with the opportunity of gaining membership of the Chartered Institute of Housing.

The costs of the Benefits staff are recharged from the Benefits team for the time spent with Council House Tenants on maximising income and tackling financial exclusion, it is anticipated that the recharge will increase.

The contribution to the Citizens Advice Bureau (CAB) provides funding to the service at ARI/Woodend Hospitals.

Disabled Persons Housing Service (Aberdeen) (DPHS) is a charitable organisation that provides specialist information, advice and advocacy on housing matters to disabled people, their families and carers and professionals working in housing, social work, health and the voluntary sector.

The funding covers the funding of the Development Officer's post, plus an allowance for running costs. This will enable the DPHS to continue to develop and expand the range of services that it offers to people of Aberdeen in line with the objectives set out within the Disability Action Group (DAG), DAG Homes Sub-Group Action Plan, the Local Housing Strategy and the Community Care Housing Strategy.

Ethnic minority housing outreach worker funding was agreed at 14 January 2014 Housing & Environment Committee.

16. Tenants Participation

This is the budget allocated for the provision of Tenants Participation and includes the employment costs of two Tenant Participation Officers, Newsbite and training for tenant representatives.

17. Provision of Meals

The out-turn for 2014/15 plus 1% is the basis for the 2015/16 budget. This budget is for the provision of meals at Denmore and Kingswood extra care housing. The income for this service is contained in line 49 of the budget statement above which is shown as "Housing Other Service Charge". No increase to this charge is being recommended (this is contained in miscellaneous rents page 17) as this is an outstanding action of the Housing for varying needs review. A pay as you go system is being considered as part of this review.

18. Integrated Housing System

This budget is based on the IT requirements for 2015/16 which includes all the support and maintenance costs.

19. Mediation Service

For 2015/16 budget has been uplifted by 1%.

20. Energy Advice

The Energy Advice budget is currently a payment to SCARF (Save Cash and Reduce Fuel). SCARF encourage the sustainable use of energy, achieving affordable warmth, eradicating fuel poverty and extending the life of natural energy resources across the North East of Scotland.

21. Aberdeen Families Project

This budget is used to fund the Aberdeen Families Project. The Families project is based in the Torry area and provides intensive support and supervision to families (mainly council tenants) who are involved in serious antisocial behaviour which could result in their eviction and subsequent homelessness. The service aims to reintegrate tenants or former tenants who are homeless and have a history of not sustaining a satisfactory tenancy, back into a tenancy without requiring intensive housing management. The budget is based on the anticipated cost increase of the service.

22. Loss of Rent Council Houses

The budget has been calculated using void targets and known movement of tenants between sheltered and main stream tenancies.

23. Haudagain Home loss and disturbance payments

This budget is for home loss and disturbance payments for those tenants effected by the Haudagain road improvements, this was approved at Housing & Environment Committee on 26 August 2014. The payments have been allocated over three years as no further information is known at this time.

24. Supporting People Contribution

This budget is a contribution to cover the costs of providing the former Wardens salaries for people who were not in receipt of Housing Benefit as at 31 March 2003. The contribution in 2015/16 is based on the actual expenditure for 2014/15.

This does not reflect the costs associated with the former warden's salaries as this forms part of the General Fund.

The contribution is being considered as part of the review for Housing for Varying Needs and therefore will be subject to change.

25. Capital Financing Costs

The budget for Capital Financing Costs is based on the likely level of capital spend in 2014/15 as at the end of September 2014 and a possible future programme for 2015/16 of £35.3 million as well as the level of historic debt that has to be financed. It also assumes that the consolidated loans pool rate (the rate used to calculate debt charges) is 4.22%.

<u>Income</u>

26. Dwelling Houses Rent Income

The budgeted income from Dwelling House Rent has increased by the potential rent increase of 3.3% (RPIX at September 2014 +1%) which is in line with current

Council policy on rent setting. This budget also takes into consideration movements in rent capping.

27. Housing – Heat with Rent Income

A review was undertaken of the income and expenditure of Heat with Rent.

• Gas

The projected energy consumption and contract rates were provided by the Council's Energy Management Unit for each sheltered complex. As from 1 April 2011 the Gas Supply is through Scottish Government National Procurement and is reviewed on an annual basis. The revised consumption has been multiplied by the agreed rate to be paid on the gas contract.

• Electricity

The projected energy consumption and rates were provided by the Council's Energy Management Unit for each sheltered complex. The new electricity contract will start on 1 April 2015. The consumption has been multiplied by the agreed rate on the electricity contract.

• Combined Heat & Power (CHP) Aberdeen Heat and Power are to advise the Council of the rate increase in November, indications are that there will be no increase.

28. Housing – Garages Rent Income, Housing Parking Spaces Rent, Housing – Other Service Charges

This line will move depending on the level that miscellaneous rents are set at, as covered on page 17. The current budget therefore assumes that there will be no increase at present.

29. Interest on Revenue Balances

This is akin to bank interest received on the HRA's cash flow during the year. Budget is based on the income received in 2013/14 and current economic conditions.

REPAIRS AND MAINTENANCE BUDGET 2015/16

General

The projected spend figures have been taken from invoicing up to the end of July 2014 and a projection to year end.

Projections are based on the average monthly spend, updates from Surveyors and in the case of the general trades historical information has been taken from previous spend patterns.

Projected spend in 2014/15 is currently anticipated to be approximately below budget however this can be subject to change as this budget is demand led.

Specific Items

Planned and Cyclical Maintenance

Item 7 Gas Servicing , Maintenance and Repairs

An increase in the budget is anticipated in order for the Council to ensure it achieves the required gas safety record renewed by the anniversary date. As at 31 March 2014 Aberdeen City Council had achieved 67% renewal date by the anniversary date compared to 94.2% for comparable large local authorities.

Item 17 Environmental Improvements

This line includes crime prevention measures, bird proofing including the removal of nests, area fencing, security doors, sound insulation, security lighting and other estate management improvements identified by Housing Officers.

Item 18 Void Properties (Relets)

It is anticipated that there will be an increase in the voids budget due to an increase in the level of work required to be undertaken in order to bring the properties back to a standard which can be let to tenants.

Day to Day Response Maintenance

The items listed under Day to Day response are more susceptible to weather /climate/fluctuations in costs from year to year. The projected and budget costs are in part based on historical data taken from previous years.

Fees

The fees include the recharge for the call centre who receive the repairs calls. Also uplifted by 1% for wage inflation.

MANAGEMENT AND ADMINISTRATION BUDGET

Variances and Notes

The 2015/16 budget for management and administration is based on the current structure of Housing.

1. Staff Costs

The staff costs have been increased to reflect annual salary increments and the pay award.

2. Premises Costs, Fees & Charges, Administration Costs, Transport Costs, Supplies and Services

All the above budgets have been reviewed with certain costs being adjusted based on current service provision.

3. Corporate/Directorate Charges

This budget is based on the current services being provided to Housing and may be subject to change. It covers services such as Legal, Finance, Office Accommodation, IT, Corporate Director and Heads of Service etc.

| Proposed Increase to be included in the HRA budget – Miscellaneous Rents | | | | | | | | | |

| 4 | Factoring Charge | 62 | 62 | 0.00 | 0.00 | | | | |

Miscellaneous Rents

The above proposed prices for 2015/16 have been increased broadly in line with the proposed rental increase subject to:

Note 1 These charges will be subject to an overall review of car parking charges during 2015/16. Note 2 These charges are being considered as part of the overall review of Housing for Varying Needs.

Note 3 No increase is being recommended in 2015/16.

Note 4 This is an annual charge per owner as a result of the Property Factors Act which was introduced on 1st October 2012 no increase is being recommended in 2015/16.

Heat with Rent calculations for 2015/16

It was agreed in the 2014/15 budget process to apply an increase of £1.50 per week for bedsits, £2.00 per week for 1 bed roomed dwellings, £2.50 per week for 2 bed roomed dwelling and £3.00 per week for 3 bed roomed dwellings across all the Council's Heat with Rent properties.

A review of consumption and costs is required each year and especially as only the electric contract is fixed for a number of years (a new contract is to negotiated for 3 years). There is also potential revised costs for CHP and Gas each year.

In addition as the charge is the same every week, tenants on Heat with Rent are not faced with the problem of having to pay large gas or electric bills during the colder winter months which extended into the spring months in 2013.

It is proposed not to apply an increase to Heat with Rent as although it is anticipated that electric costs will increase by 29.6% and gas by 3% consumption reduced in 2014/15 negating these cost pressures.

In addition it is proposed that officers form a group to review the heat with rent charges to avoid in future large increases. This group would investigate potentially the following consumption and the potential for using an average, the price differential for property sizes, the impact of pricing on the take up of Combined Heat and Power and common areas.

| Heat with Rent – 48 week basis | | |
|--------------------------------|----------|----------|
| | Previous | Proposed |
| Gas Heated Properties | £ | £ |
| Bedsits | 10.55 | 10.55 |
| 1 bed roomed flats | 11.85 | 11.85 |

ABERDEEN CITY COUNCIL Tenants Consultation

Aberdeen City Council is committed to ensuring that tenants' views are both sought and listened to. As part of the review on the future of the Council housing stock, a tenant referendum was held to determine what the views of tenants were.

The tenants voted overwhelmingly to retain the Council as their landlord in 2002, provided that continued improvements were made to the housing stock. In 2004, the Council adopted a Housing Business Plan approach. This has allowed us to plan for the future.

Furthermore, a questionnaire was sent out to tenants in September 2014 to ascertain views on the possible rent increase of inflation plus 1%. The table below shows the results of the questionnaire

ANNUAL RENT CONSULTATION – Feedback

Do you agree that the rent policy, inflation + 1%, should be continued to maintain investment in our housing stock and improve services?

HOUSING REVENUE ACCOUNT FIVE YEAR BUDGET ASSUMPTIONS

1. Repairs and Maintenance

The analysis of the five year budget is to follow. The budget has been uplifted by 2.5% in 2016/17 to 2018/19. The fee element has been uplifted by 1% to reflect the salary uplift.

2. Maintenance of Grounds, Security Service, Refuse Collection, Cleaning – Sheltered Housing, Charges – Services Admin & Management, Benefits staff, Charges – Tenants participation, Charges for Environmental Health, Mediation Service, Energy Advice, Citizens Advice Bureau, Disabled Persons Housing Service, Aberdeen Families Project

As these budgets are principally for staffing within the Council an uplift of 2% in 2016/17 and 1% for all other years has been applied to reflect the anticipated public sector pay awards.

3. Cleaning Service, Window Cleaning, Premises Insurance, Office Telephone, Integrated Housing

These budgets have been uplifted by the inflationary increase in the HRA Business Plan.

4. Gas & Electricity

Gas has been uplifted 10% each year, Electricity 30% in 2015/16 when the contract is renegotiated and 5% thereafter& Combined Heat & Power 5% each year.

5. Dwelling Houses Rent Income and Transfer Payments

The budgeted income from Dwelling House Rent is calculated by using the anticipated income from the new rent structure uplifted by the potential rent increase of 3.3% for 2015/16 and then uplifting each year by 3.5% (RPIX of 2.5% used in the business plan, this is the standard inflationary increase plus 1%).
