Fao A. Miller

Dear Mr Miller

I am very worried about the change of use application for no 54 Salisbury Terrace.

I did not receive notification of this in the post, nor were there any posters on the street.

As a close neighbour I protest in the strongest possible terms. Parking and traffic flow is already a nightmare. The street is narrow and is easily congested by trucks & larger vehicles. The nature of this business (currently ^a ~~vehicle~~ car body shop) would cause nuisance & distress in the form of noise, fumes, dust as well as staff/ customers / hire cars cluttering up the street. Please reject this application
