Subject: Re: Notice of Review for P141661 - 19 Newburgh Circle, Bridge Of Don

Hi Anna

Ref Statement

The finance policy and resources committee via the property sub committee on the 22nd April 2014 agreed to sell me the amenity ground at 19 Newburgh circle bridge of don , Elected members on that committee were made aware of the objections by planning and others , but still decided to proceed with the sale . The planning department said in the report to the committee in the 22nd April that they would be willing to sell me one metre strip of the amenity land so the objection to selling of the amenity land is not a fair or true argument . I would be more than willing to work with planning to obtain the land but accept a restriction on use such as putting a hedge up that may restrict any views .

The land I wish to purchase is adjacent to my property and is often used by young persons for anti social Behaviour , and since I have taken over tendering of the area this nuisance has reduced significantly.

I would ask the committee to come out and visit the site and see for yourselves that there is no real problems in selling me the land
