- 3.1 All Pension Fund costs are paid for by the Fund.

4. OTHER IMPLICATIONS

- 4.1 None.

5. REPORT

5.1 2015/16 BUDGET OR FORECAST AND PROJECTED SPEND (APPENDIX I)

5.1.1 Administrative Expenses – all staff costs of the pension administration team are charged direct to the fund quarterly. Associated management, accommodation and other overheads are apportioned to this activity and charged annually as expenses to the Fund.

5.1.2 Oversight and Governance Expenses – all staff costs associated with governance and oversight are charged direct to the fund quarterly. Associated management costs are apportioned to this activity and charged annually as expenses to the Fund.

5.1.3 The projected spend for 2015-16 includes an accrual for the annual pay award of 1.5%. The delayed implementation of the proposed staff restructure has impacted upon the Pension Fund Staffing Costs (Administrative and Investments), e.g. increase costs for higher graded duties.

5.1.4 Investment Management Expenses – Fees of the external investment managers and custodian are agreed in the respective mandates governing their appointments. Broadly, these are based on the market value of the investments under their management and therefore increase or decrease as the market value of these investments change. Fund Managers charge their fees quarterly in arrears. In addition, the fund has negotiated performance related fees with a number of its investment managers and the forecast is based upon last year's actuals. If applicable, performance fees are charged annually at the year end. The unpredictability of market forces for these elements makes forecasting extremely difficult with any degree of accuracy.

The fees are significantly higher than previous due to the change in accounting code of practice that moved the limited partnerships fee from being included within the Net Asset Value of the assets to being included within the Investment Management Expenses heading. Transaction costs and direct property expenditure are now included within the Investment Management Expenses heading.

5.2 GOVERNANCE

5.2.1 The Pension Fund projected costs for salaries and direct costs are included in monthly monitoring reports to the Service and Corporate Management Teams. The Head of Finance reports to the Pensions Committee on a quarterly basis.

6. **IMPACT**

- 6.1 The Pension Fund Budget or Forecast promotes accountability and gives reassurance to the stakeholders in the Pension Fund. This report ensures transparency in costs from the administrator of the fund.
