### 1. PURPOSE OF REPORT

To provide Members with the 6 month progress report 2015-16 for the Fairer Aberdeen Fund programme, and the allocation of funding for 2016-17.

### 2. RECOMMENDATION(S)

The Council is asked to:

- a) Consider and advise the Fairer Aberdeen Board of the Council's comments on the 6 month progress report for 2015-16, at Appendix 1.
- b) Note the information at Appendix 2 listing the initiatives being funded in 2016-17.
- c) Note that the Fairer Aberdeen Board has agreed to allocate up to £20,000 to undertake a Participatory Budgeting (PB) exercise during 2016-17, with the anticipation that Scottish Government match funding will be available. The Board has established a PB steering group which is receiving support from PB Partners, and is likely to hold a PB event in October/November.

### 3. FINANCIAL IMPLICATIONS

The Fairer Aberdeen Fund is allocated by Aberdeen City Council, and is aimed at tackling poverty and deprivation; supporting partners to work together to tackle area-based and individual poverty; and to help more people access and sustain employment opportunities. Funding supports initiatives and services for the most disadvantaged communities and vulnerable people across the City.

In 2015-16 the Council agreed a sum of £1.625m to be managed by the Fairer Aberdeen Board on behalf of Community Planning Aberdeen. The same sum was agreed for 2016-17.

An application process is in place to ensure funding is allocated to appropriate programmes and projects. Organisations funded by the Fairer Aberdeen Board are required to meet specific terms and conditions and comply with State Aid regulations, where required, and to comply with "Following the Public Pound" financial guidance.

#### 4. OTHER IMPLICATIONS

##### Personnel

The Fairer Aberdeen Fund provides funding for a Support Team currently comprising 1 FTE Programme Coordinator and 1 FTE Development Officer. This small team is responsible for fund allocation, reporting, evaluation of Fairer Aberdeen Fund programmes, projects and initiatives, partnership building, advising applicants, supporting the Regeneration Matters community representatives group, administering and managing the Fairer Aberdeen Fund on behalf of the Fairer Aberdeen Board.

Through the programme approximately 30 FTE staff posts are funded in 50 projects. In 2014-15 over 1000 volunteers contributed 110,000 volunteer hours with a value of just under £1.5m\*, almost doubling the value of the Fund.

\*Volunteering time is generally valued as the average hourly pay rate in the area, in Aberdeen this was £13.60. (Office of National Statistics, the Annual Survey of Hours and Earnings (ASHE))

#### 5. BACKGROUND/MAIN ISSUES

- 5.1 The Finance and Resources Committee of the 12<sup>th</sup> November 2009 agreed that half yearly updates should be provided for the Corporate Performance and Policy Committee on the outcomes achieved through the investment in Fairer Aberdeen Fund. Following agreement in 2013 that the Council would oversee the community planning process, these updates now come to this meeting for approval. This report includes the 6 Month Report for 2015-16 at Appendix 1 and the list of initiatives being funded in 2016-17 at Appendix 2.
- 5.2 The 6 Month Progress Report details how the Fund was used and the impact it had during the first 6 months of 2015. £1,429,152 was awarded to 49 projects, supporting work in regeneration areas and across the City with vulnerable groups and individuals. Grants ranged from £2,200 to £155,000 in value. Some of the achievements are summarised here:

A total of 22,030 people were involved in, or benefited from, funded initiatives, 1,486 of them were under 16 years old. 507 volunteers contributed 51,484 hours of volunteering time.

1,353 people received money advice or income maximisation advice, with a total financial gain of £1,467,077, an average of £1,084 per person.

19,600 food parcels were given out to 9,146 beneficiaries, this compares with a total of 12,272 food parcels distributed during the whole of the previous year.

141 people moved into work. 14 access centres in areas of high unemployment offered weekly employment support drop in sessions. 83 young people were involved in activities designed to increase their opportunities to move into positive destinations, and 48 young people moved onto employment, education or training.

79 Community Food Outlets operated in local communities, 15 of them in Sheltered Housing complexes, and 160 tonnes of free food was distributed to 129 organisations through FareShare.

326 people accessed 2,378 sessions of counselling provision, 118 of them were under 16 years old, and counselling was provided in 7 regeneration neighbourhoods.

2,401 people participated in activities and services provided in Community Projects and Flats. Cummings Park, Seaton and Tillydrone Community Flats are wholly funded by Fairer Aberdeen, and a number of organisations use these venues to deliver services within the areas. The number of attendances to use their facilities including phone, computers, making enquiries and getting information totalled 7,380.

388 people participated in Adult Learning activities and 125 people were involved in producing community media.

- 5.3 The Fairer Aberdeen Board has agreed to allocate up to £20,000 to undertake a participatory budgeting exercise. Participatory budgeting (PB) is recognised internationally as a way for local people to have a direct say in how, and where, public funds can be used to address local needs. PB originated in Porto Alegre, Brazil in the late 1980s and has since spread to over 1,500 localities around the world. It was born from a desire to reallocate public money locally and democratically to where it was needed most. When PB is adopted its use can be very important in helping individuals feel connected to each other and to their communities and can instil a sense of ownership, trust and connectivity.

The Scottish Government supports PB as a tool for community engagement which sits alongside the objectives of the Community Empowerment (Scotland) Act 2015. Consultancy is available to support the process as the

Aberdeen Community Planning Partnership was successful in obtaining a support package through a Scottish Government initiative. In 2015-16 the Scottish Government made match funding available and it is anticipated that this will be available again in 2016-17.

The Fairer Aberdeen Board has established a PB steering group to plan the process, and is receiving support from PB Partners and The Democratic Society to explore digital technology and support packages. To allow time to properly plan the initiative the PB event will likely take place in October/November.

## 6. IMPACT

### **Improving Customer Experience –**

The Fairer Aberdeen Fund plays an important part in providing services that tackle poverty and contribute to improving wellbeing for the city's most disadvantaged communities and vulnerable individuals. The programme responds to locally identified issues and addresses unemployment, providing financial inclusion services, improving health and literacies and enabling more sustainable and safer communities.

### **Improving our use of Resources –**

The initiatives and programmes being funded support frontline services that are provided by the Council, Community, Voluntary and other public sector partners with 90% of the fund allocated to voluntary and community organisations. The Fairer Aberdeen Board takes a participatory approach to allocating funding, with the majority of the Board being made up of community representatives, with knowledge of the regeneration areas.

During the first 6 months of 2015-16 the Fairer Aberdeen Board undertook a review of Maximising Income Advice and Information projects, a review group was set up including community representatives from the FA Board and members of the Welfare Reform Board, to ensure best value from projects, particularly in the context of welfare reform. The Board regularly monitors the programme to ensure there is no duplication of provision and will continue to review projects as necessary and appropriate.

### **Corporate -**

During 2014-15 the Board reviewed priorities and outcomes in line with the Single Outcome Agreement and local needs.

The main purpose for the fund is targeting disadvantaged communities and vulnerable groups and individuals. The Fairer Aberdeen Board has agreed the following outcomes:

- Maximising income
- Getting people into work
- Improving mental health and well being
- Building stronger safer communities

- Increasing skills and creativity

The Fairer Aberdeen Fund also contributes to a wide range of objectives contained within the Councils policy statement, 'Aberdeen –the Smarter City' in relation to "challenging inequalities wherever they exist and bringing our communities closer together."

Fairer Aberdeen Fund initiatives also contribute to the delivery of the Council's Anti-Poverty Strategy and have an important role in responding to Welfare Reform changes.

The Fairer Aberdeen Board, which represents a partnership, participatory approach, comprises of the Chair of Community Planning Aberdeen, Cllr Jenny Laing, three Aberdeen City Councillors (Councillors Yvonne Allan, Gordon Graham and Jim Noble), one representative from Aberdeen Council for Voluntary Organisations, one representative from NHS Grampian, one representative from Police Scotland, seven representatives from priority regeneration areas (appointed through the Regeneration Matters Group), and three representatives from the Aberdeen Civic Forum.

During the year the Board reviewed its membership roles and responsibilities. As a result a set of 'operating guidance' is being prepared, detailing these.

## 7. MANAGEMENT OF RISK

Failure to continue to address the needs of Aberdeen's most disadvantaged communities would have a detrimental effect for the individuals and communities involved and potentially increased costs in the long term for public services. Supporting people into employment, maximizing people's income, providing early intervention in relation to education and health is not only a better outcome for individuals but reduces the costs involved in responding to the effects of poverty in the long run.

## 8. BACKGROUND PAPERS

The information contained at Appendix 1 is based on the monitoring reports for 2015-16 that funded projects are required to produce as part of the terms and conditions for Fairer Aberdeen Fund grant.

The information at Appendix 2 details the organisations that had funding agreed for 2016-17 by the Fairer Aberdeen Board at its meeting of 19<sup>th</sup> March 2016.
