Comment : Although this is partially a reversed application as the Murtle Den West bound bus stop has already been moved to the new proposed position we, in principle, support this application to remove the Westbound bus stop at Bingham Road on the grounds that removal of this particular Westbound bus stop at Bingham Road will stop stationary traffic blocking the North Deeside Road/Bingham Road junction when waiting for a stationary bus to move off from this particular bus stop. The walking distance from this bus stop in an Easterly direction to the pedestrian controlled traffic lights at the foot of Bingham Road is approximately the same as the walking distance in a Westerly direction from the re-located Murtle Den bus stop to this crossing. The relocated Murtle Den bus stop is close to the pedestrian controlled crossing at the new Cala development thus serving this development and easier and quicker access for both visitors and Staff would be achieved to the Tor Na Dee care home, once construction traffic ceases by using the old stable road and the top entrance to Bingham Grove and the care home car park.
