Comment : Large numbers of school children get off at the current stop where there are convenient pedestrian lights and it is safer to cross the busy Deeside road. This new stop is inbetween two sets of closely grouped traffic lights and buses stopping at the earlier one will lead to children crossing unsafely over double lanes. Furthermore my second objection is out of consideration for the elderly residents of the large retirement home at Tor-na-dee. Removal of the current bus stop will make passengers getting off the bus earlier have a considerably more extended and onerous walk home.
