Comment : As a householder I object to this application which would deprive existing occupants directly across Riverview Drive of visual privacy from several dozen windows.

Seven-storey buildings are much too tall and prominent for the riverbank, Dyce's main green space. As a member of Dyce in Bloom which strives to promote green over grey locally, I object to the loss of trees which I know to harbour greater spotted woodpeckers.

My third objection is that this application represents massive over-development of what is a small site, with attendant traffic filtering onto what is already a busy corner.
