**Subject:** Re: Deputation to Council 24th October 2016 (EfW project)

Hi Martyn

The four Community Councils requests that the City Council acts prudently with regard to this project and defers with immediate effect further consideration of this project until

- 1 the full and independent assessments on all of future health implications have been examined publicly
- 2 the full capital and revenue implications of this project have been examined publicly

Thanks and regards

David

Subject: Deputation to Council 24th October 2016

Good afternoon Martyn

This note is to present a request on behalf of the community councils of cove and altens, kincorth and leggart, nigg and torry for a delegation to be heard in respect of the main report on the EfW plant (aka incinerator)

Please could you acknowledge this request and the time we are required to be in attendance

Thanks and regards
