Address: 18 Lochinch Gardens, Aberdeen AB12 3RG

Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to this, due to the fact that our house backs on to the roadway which the quarry uses. The noise that is already omitted along with the vibrations on blast days is unacceptable. I have young kids who's sleep is already disturbed by the traffic and the noise of this road is beyond acceptable. Trying to get out of Lochinch Gardens in the mornings around 7:30/8:00 is crazy, the amount of traffic on the local roads due to the bypass & people using this route to access altens & nigg community/work areas is unacceptable. Something needs to be done before a child is hurt crossing the road or something worse. If the hours are extended I think that it would have a disastrous affect on our family life. I can not understand why houses like ours that will be directly affected by this have not been consulted either by Leigh's or the council in regards to this application, I feel this is an underhanded application and can not express my anger and objections enough
