Dear David

Request for licencing of hydrogen Hyundai ix35

As part of the Aberdeen City Region Hydrogen Strategy various hydrogen fuelled vehicles owned by Aberdeen City Council are being leased to organisations to trial the technology.

As part of this we wish to potentially lease a hydrogen Hyundai ix35 to a taxi firm in Aberdeen as a private hire car.

We are aware the vehicle in question does not meet the committee policy on vehicle type (SUV) and branding (Wish to display h2 logo or 'fuel cell' on the side). We are seeking approval for the vehicle to be permitted to be licensed in exception to these policies .

Yours sincerely,

Wendy Devall
Aberdeen City Council
