Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My living room faces in the direction of proposed new development in this nice neighborhood. The view from my livingroom window at present is nice houses and trees should this development be allowed our view would be a large building also the area is so quite and peaceful the noise factor being a problem .I totally agree with all the other objections is this really fair for my poor neighbors adjacent to this massive structure for the price of a game of tennis.
