

INTEGRATION JOINT BOARD

DIRECTION

ISSUED UNDER S26-28 OF THE PUBLIC BODIES (JOINT WORKING) (SCOTLAND) ACT 2014

The **NHS Grampian** is hereby directed to deliver for the Board, the services noted below in pursuance of the functions noted below and within the associated budget noted below.

Services will be provided in line with the Board's Strategic Plan and existing operational arrangements pending future directions from the Board.

Approval from IJB received on:- 6 June 2017

Description of services/functions:- Hospital at Home – development of a model of service delivery. A high level description of this project is set out in the attached Project Summary and a detailed Business Case is also attached.

Reference to the integration scheme:- This project will contribute to the evidence that the Partnership will be obliged to demonstrate how well the nine National Health and Wellbeing outcomes are being met (section 2). The project will contribute to the requirement in Annex 1, Part 1 and Part 2 in relation to the functions delegated by NHS Grampian to the Integration Joint Board (specifically but not limited to): 8. District Nursing services, 16. Services providing primary medical services to patients during the out of hours period, 17. Services provided outwith a hospital in relation to geriatric medicine 18. Palliative care services provided outwith a hospital, 19. Community learning disability services, 21. Continence services provided outwith a hospital, 22. Kidney dialysis services provided outwith a hospital, 23. Services provided by health professionals that aim to promote public health.

Link to strategic priorities (with reference to strategic plan and commissioning plan):- This direction seeks to support delivery of the following strategic priorities:

- Develop a consistent person centred approach that promotes and protects the human rights of every individual and which enable our citizens to have opportunities to maintain their wellbeing and take a full and active role in their local community.
- Support and improve the health, wellbeing and quality of life of our local population.
- Promote and support self-management and independence for individuals for as long as reasonably possible.
- Contribute to a reduction in health inequalities and the inequalities in the wider social conditions that affect our health and wellbeing.

Aberdeen City Health & Social Care Partnership

A caring partnership

- Strengthen existing community assets and resources that can help local people with their needs as they perceive them and make it easier for people to contribute to helping others in their communities.
- Support our staff to deliver high quality services that have a positive impact on personal experiences and outcomes.
