

Hello,

I would like to object to the gilcomston bars license variation.

My details are:

Is this anonymous?

It's the gilcomston bar on Baker Street.

The reason for me objecting is, at the moment the bar is breaching their licensing objective. They are not doing very well in preventing public nuisance.

I have just moved here in January and every weekend have been plagued with loud and disruptive music. Very loud voices and shouting coming from just outside the bar at closing but also have been frequent occasions of it being all the way through the evening at the weekends starting Friday. We can't sleep when this is ongoing. We now, if we don't have our son that night, go out and come back after 12 so we can get to sleep peacefully. I have provided some evidence and sent it to the LSO Tara who is dealing with our complaints. I can't put into words how much of a disruption this is to us, we are quite a bit away from the bar and we never thought we would hear it but it honestly sounds like it's our next door neighbour that's playing the music.

We have a young son who is now being woken up to the shouting and the drums, he wakes up crying in hysterics. It's distressing to him as he is used to peace and calm and now has to listen to this.

I feel if the hours get later we will have to go through this longer. They are not doing enough to maintain their objective at all. They have been told to close their doors so the music isn't so loud but that hasn't been heeded again.

It's making such an impact on our day to day life's, the weekends are horrible for us as our son is tired, we are tired and it's not very nice as grumpiness comes with that. Weekends are for chilling but we can't even do that in our own home. Can't even open our windows if it's warm at night as it makes the noise so much worse.

Thanks,
