

Dear Sir or Madam,  
I must object strongly at the proposals of Filthy M<sup>c</sup>Partys. The plans to have karaoke evenings on Friday and Saturday at 10 PM - 2 AM is just not on. The proximity of the backs of our property is just over 4 meters (13 ft) see enclosed photo so there will be noise nuisance.

This establishment is predomintely a football/sports bar having about a dozen television screens. On a Saturday when there is a football game on especially Aberdeen you can certainly hear the roar. You can imagine what it will be like at night with less background noise. This I think

will affect the price of our property.

I would like to draw the council's attention to the Malt Mill on Holburn Street they were forced to close down on a noise/nuisance issue.

The same must apply here if a precedent was set.

In conclusion I urge the council to consider owners and residents in the immediate vicinity when reaching their decision.

Yours sincerely
