19<sup>th</sup> October 2017

Dear Sirs,

Ref: Wok on the Road, Howemoss Drive, Dyce. [REDACTED]

With regards to your communication of 13<sup>th</sup> October 2017 regarding proposals to vary the standard conditions for street trader licenses, I find that I must object strongly to the proposed amendment to Condition 9, namely 'The stance from which a street trader hawks, sells or offers or exposes for sale their goods requires to be moved daily at the end of trading'. This is entirely impractical for me for the following reasons:-

- 1) It would require a suitable towing vehicle to be available, which I don't have
- 2) The trailer would require an overnight storage area, which I don't have
- 3) It would take considerable time to move and set up at the start of the day and then disassemble at the end of the day
- 4) My pitch would be unlikely to be left available in the mornings due to parked cars and even if available, would require a considerable length of clear kerb space to be able to tow the trailer into position (i.e. towing vehicle + trailer + clearance).
- 5) I work on my own but would need assistance to move and set up the trailer

Furthermore, the congestion caused by all of Aberdeen's street traders moving their vans/trailers each morning and evening, during rush hours, would severely affect the flow of traffic on Aberdeen's roads.

If this condition were to be enforced I would find my position untenable and my livelihood severely threatened.

I sincerely hope that you can find your way to revoke this condition

Yours Faithfully
