Dear Sir,  
i would like to request an opportunity to present a deputation to full council on Wednesday 30th June.

My position is this: To keep Union Terrace Gardens within Council control, therefore not transferring into a Special Purpose Vehicle or anything similar to a SPV.

To reject Sir Ian Woods offer of up to £50 million pounds.

To Channel any monies raised through any schemes like TIF or otherwise back into the communities of Aberdeen.

I look forward to your response.

kind Regards

Steve bothwell
