### 3. Summary of Key Information

3.1. The Public Bodies (Joint Working) (Scotland) Act 2014 provides a framework for the effective integration of adult health and social care services. Its policy ambition is to:

“...improve the quality and consistency of services for patients, carers, service users and their families; to provide seamless, joined up quality health and social care services in order to care for people in their own homes or a homely setting where it is safe to do so; and to ensure resources are used effectively and efficiently to deliver services that meet the increasing number of people with longer term and often complex needs, many of whom are older.”

3.2. Integration authorities are required by the legislation to produce a Strategic Plan for the delegated functions and budgets that they have a responsibility for. The strategic plan

- (a) sets out the arrangements for the carrying out of the integration functions for the area of the local authority over the period of the plan,
- (b) sets out how those arrangements are intended to achieve, or contribute to achieving, the national health and wellbeing outcomes, and
- (c) includes such other material as the integration authority thinks fit.

The strategic plan is required to be reviewed and, if required, replaced every three years

3.3. In addition:

- the integration authority must take into account the integration principles and the national outcomes when preparing a plan

## INTEGRATION JOINT BOARD

- Integration authorities to have at least 2 localities whose views must be taken into account and the arrangements for each locality must be set out separately

The identified risks in the partnership's Strategic Risk Register are explicitly linked to the ambitions and priorities outlined in the Strategic Plan and the arrangements that are put in place to meet these and fulfil the desired national outcomes.

### 6.2. Link to risks on strategic or operational risk register:

- There is a risk of significant market failure in Aberdeen City:
  - a. Adult Social Care High
  - b. General Practice Services
- There is a risk of financial failure, that demand outstrips budget and IJB cannot deliver on priorities, statutory work, and projects an overspend.
- There is a risk that the outcomes expected from hosted services are not delivered and that the IJB does not identify non-performance in through its systems. This risk relates to services that Aberdeen IJB hosts on behalf of Moray and Aberdeenshire, and those hosted by those IJBs and delivered on behalf of Aberdeen City.

## INTEGRATION JOINT BOARD

- There is a risk that relationship arrangements between the IJB and its partner organisations (Aberdeen City Council & NHS Grampian) are not managed to maximise the full potentials of integrated & collaborative working. This risk covers the arrangements between partner organisations in areas such as governance; corporate service; and performance.
- There is a risk that the IJB, and the services that it directs and has operational oversight of, fail to meet both performance standards/outcomes as set by regulatory bodies and those locally-determined performance standards as set by the board itself. This may result in harm or risk of harm to people.
- There is a risk of reputational damage to the IJB and its partner organisations resulting from complexity of function, delegation and delivery of services across health and social care Medium 7 Failure to deliver transformation at a pace or scale required by the demographic and financial pressures in the system
- There is a risk that the IJB does not maximise the opportunities offered by locality working
- There is a risk of failure to recruit and that workforce planning across the Partnership is not sophisticated enough to maintain future service deliver

### 6.3. How might the content of this report impact or mitigate these risks:

This draft Strategic Plan proposes high level strategic objectives in order to address known challenges in the health and wellbeing of the local population and the capacity and capability of the partner agencies to deliver the desired integrated services.
