Comment Reasons:

Comment: I have no objection to the application re the proposed extension at 38 Braeside Place. However, I do have a major concern with regards the additional traffic which will occur in the cul-de-sac with regards works/contractor vehicles. The cul-de-sac is not suitable for two way traffic. Parking on the pavement is not permitted and I cannot see how works vehicles will park during construction and delivery of materials. There are a number of elderly residents in the cul-de-sac and it is imperative that emergency services would have proper access to the area at all times.
