Good morning

It is understood that this application includes a proposal to extend the terminal hours for operation until 2am Mon- Fri and 3am Saturday and Sunday. There is no indication that the type or scope of amplified entertainment is to change. As there is no significant history of noise nuisance from these premises I have no substantive evidence to challenge the grant of this application. However I would seek reassurance that a management plan will be provided that effectively addresses the potential impact to neighbouring residents, specifically from amplified music at these later hours and of control of patrons entering/ exiting the premises.

Thank you.
